

## **Michael Brown**

I am passionate about helping pastors become more effective leaders. This dream is why we started Insight Leadership Ministries. We plan to transform lives through effective one on one mentoring, strategic consulting, creating a national mentoring network, and developing leadership training for middle school, high school, and college students.

I have been married 5 years to my beautiful wife Meg; we have a two year old and enjoy biking, soccer, and golf April-October. In the winter months we try to spend most of our free time on the ski slopes as a family.

## **Professional Expertise/Services**

I am a pastor in the Christian Church and have served as a lead pastor, small groups pastor, and youth pastor. This experience has given me an ability to see leading in ministry from a variety of perspectives as well gives me a broader understanding of team work, problems that arise, and underlying issues.

Insight Leadership Ministries offers.

### Five Phases of Mentoring

- 1) 5 Practices of Exemplary Leadership
- 2) Defining your Philosophy and Strategy
