

Don Dutko

Professional Expertise/Services

Don has over 40 years experience in the training and organizational development profession. He held VP, director and senior management positions in the training and development profession in the US Air Force and public sector and has worked for Chrysler Financial, Bank of America, Wachovia Bank, and Lucent Technologies' spin off-Agere Systems and V-SPAN.

The consulting firm specializes in leadership and management development, customer service, public speaking training and providing OD interventions that assist organizations in leveraging their human capital. Performance Achievement Consulting utilizes an Instructional System Development (ISD) approach to the design, development, and delivery of services that form a total performance solution.

Clients that have benefited from Performance Achievement Consulting include county and city governments, technology manufacturing, pharmaceutical packaging, clinical trials, first responders, petroleum distribution and non-profit organizations.

Don has also held leadership positions in local ASTD chapters and currently is a member of a national ASTD compliance committee.
