

Trevor Hubert

Trevor Hubert is a Training and Organizational Development professional with over 14 years of experience as a training and performance consulting practitioner. He is a passionate and dynamic communicator with a long track record of delivering training, facilitation and performance solutions that inspire, motivate, and create positive and sustained changes in employee engagement and performance.

Professional Expertise/Services

Trevor's expertise lies in the areas of leadership development, team development, interpersonal skills training and creative problem solving.

The last 7 years of his career as an organizational effectiveness consultant have been strongly focused in the field of leadership development and creating and delivering programs geared towards building foundational supervisory, management and leadership skills. His leadership development program at Investors Group won a Gold Organizational Award of Excellence from the Human Resource Management Association of Manitoba and his Supervisory skill building workshops have an average participant satisfaction rating of 9.1/10.

Trevor also facilitates team building sessions for his clients. He has a wide array of adventure-based simulations and interpersonal skills building workshops that are designed to help teams fully tap into one another's strengths and avoid some of the most common teamwork pitfalls.

Trevor's highly interactive and engaging creativity and problem solving workshop that is praised by clients for its effectiveness in helping people gain new practical tools and approaches for overcoming challenges and taken full advantage of opportunities.

Trevor is certified in several psychometric assessment and measurement tools and has been providing interpersonal skills training for his clients since 1997.
