Instructions for using Return Label

1. Put the course material to be returned into a box or envelope.
2. Print this page at 100% on white or light colored paper. Make sure "Shrink oversized pages to paper size" is UNCHECKED in your print settings, and do not print on brilliant-colored paper.
3. Cut out the label on the dotted line and affix it to the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side. If tape or similar material is used, it must not cover any part of the label where postage and fee information is to be recorded.
4. Mark through any other addresses and barcodes on the outside of the package.
5. Take the package to the post office or give it to the postal carrier.
