

WAYFless Instructions for Athens and Shibboleth Authentication

Athens login and direct Athens authentication URLs

Users can log in to Wiley Online Library via Athens single sign-on service by going to the Institutional Login page (<http://onlinelibrary.wiley.com/login-options>) and clicking on Go to Athens. They will be directed to the Athens authentication page for Wiley, where they can enter their credentials and be returned to Wiley Online Library, with access to all of your institution's licensed content.

Alternatively, <http://onlinelibrary.wiley.com/athens> will take users directly to the Athens authentication page for Wiley.

Institution administrators can also specify any page on Wiley Online Library where they would like to send or return their users after the Athens authentication process. The **syntax for content-specific URLs** incorporating the Athens login process is:

[https://auth.athensams.net/?ath_returnl=http://onlinelibrary.wiley.com/login-proxy-athens%3FPage=\[TargetURL\]&ath_dspid=WILEY.OL](https://auth.athensams.net/?ath_returnl=http://onlinelibrary.wiley.com/login-proxy-athens%3FPage=[TargetURL]&ath_dspid=WILEY.OL)
where [TargetURL] is any page on Wiley Online Library.

Journal List of Issues example:

[https://auth.athensams.net/?ath_returnl=http://onlinelibrary.wiley.com/login-proxy-athens%3FPage=http%3A%2F%2Fonlinelibrary.wiley.com%2Fjournal%2F10.1111%2F\(ISSN\)1365-2648%2Fissues&ath_dspid=WILEY.OL](https://auth.athensams.net/?ath_returnl=http://onlinelibrary.wiley.com/login-proxy-athens%3FPage=http%3A%2F%2Fonlinelibrary.wiley.com%2Fjournal%2F10.1111%2F(ISSN)1365-2648%2Fissues&ath_dspid=WILEY.OL)

Journal Article example:

https://auth.athensams.net/?ath_returnl=http://onlinelibrary.wiley.com/login-proxy-athens%3FPage=http%3A%2F%2Fonlinelibrary.wiley.com%2Fdoi%2F10.1111%2Fj.1365-2648.2010.05379.x%2Ffull&ath_dspid=WILEY.OL

Federated Access (Shibboleth) Login and WAYFless URLs

Users can log in to Wiley Online Library via a Federated Access Management service by going to the Institutional Login page (<http://onlinelibrary.wiley.com/login-options>) and selecting the federation/institution to which they belong. They will be directed to their Identity Provider's login page, where they can enter their credentials and be returned to Wiley Online Library, with access to all of your institution's licensed content.

Institution administrators can also construct WAYFless URLs for any page on Wiley Online Library where they would like to send or return their users upon authentication. The syntax for content-specific WAYFless URLs is as follows:

[Shibboleth IDP]?target=[secure Wiley Online Library URL and Page]&shire=[Wiley Online Library SP component]&providerId=[Wiley Online Library SP ID]

Example parameter values:

[Shibboleth IDP] = <https://idp.cf.ac.uk/idp/profile/Shibboleth/SSO>

target =

<https://sp.onlinelibrary.wiley.com/secure/redirect.pl?Page=http://onlinelibrary.wiley.com/doi/10.1002/anie.199415121/full>

shire = <https://sp.onlinelibrary.wiley.com/Shibboleth.sso/SAML/POST>

providerId = <https://sp.onlinelibrary.wiley.com/shibboleth>

- [Shibboleth IDP] should be replaced by your IdP URL
- Page (in the target parameter) should be replaced by the Wiley Online Library relative URL (i.e. without the domain)
- Variables should be encoded

The sample WAYFless URL:

<https://idp.cf.ac.uk/idp/profile/Shibboleth/SSO?target=https://sp.onlinelibrary.wiley.com/secure/redirect.pl?Page=/doi/10.1002/anie.199415121/full&shire=https://sp.onlinelibrary.wiley.com/Shibboleth.sso/SAML/POST&providerId=https://sp.onlinelibrary.wiley.com/shibboleth>

Wiley Online Library is a product of:

John Wiley & Sons, Inc. | 111 River Street | Hoboken, NJ 07030
