

Acknowledgments

I'd like to thank my family for their patience while I wrote. Valerie, Nathaniel, Ian, and Hannah: you are the best family a man can have. I'd like to thank Jeff Julian and the rest of the GeeksWithBlogs.net community for all their inspiration and the honor of helping build and grow it! I'd like to thank the SharePoint Product Team for putting out a great product and for their technical assistance. Thanks to Jim Minatel and Ami Sullivan at Wrox for their tireless prodding to make sure we finished! And finally to my Mom and Dad for buying me the Commodore Vic-20 that started it all . . .

I would like to thank Michelle and Brandon for their understanding and support during the making of this book. I would also like to thank all the members of Geekswithblogs.net who have lived without updates to the site during the writing process. And finally thanks to my parents, Debbie Clouse, James C. Clouse, R. C. Julian III, and Ann Julian for all of their encouragement.
