Foreword	xv
Introduction	1
Part I Confidence: Trust and Control	7
1 Setting the Scene	9
1.1 Basic Concepts	9
1.2 Research Overview	10
1.2.1 <i>Social Sciences</i>	10
1.2.2 <i>Technology</i>	12
1.3 Terminology	13
1.3.1 <i>Alice</i>	14
1.3.2 <i>Bob</i>	15
1.3.3 <i>The Relationship</i>	16
1.4 Agents Alice and Bob	17
1.4.1 <i>Cognitive Agent Alice</i>	18
1.4.2 <i>Intentional Agent Bob</i>	18
1.5 Confidence as a Strategy	19
1.6 No Confidence	19
1.7 Pragmatics of Confidence	20
Bibliography	22
2 The Model of Confidence	27
2.1 Introduction	27
2.2 Fundamentals	28
2.2.1 <i>Confidence</i>	28
2.2.2 <i>Trust and Control</i>	28
2.2.3 <i>Transactional Horizon</i>	28
2.2.4 <i>Evidence and Enablers</i>	29
2.3 Two Trusts	29
2.4 Complexity and Confidence	30
2.4.1 <i>Examples</i>	30
2.4.2 <i>Proposition</i>	30

2.5	The Model	31
2.5.1	<i>Entities</i>	31
2.5.2	<i>The Complexity-scope Exchange</i>	32
2.5.3	<i>The Assessment of Confidence</i>	33
2.5.4	<i>Assessment as an Optimisation Process</i>	36
2.6	Formalisation	36
2.7	Evidence	39
2.7.1	<i>The Trust Path</i>	39
2.7.2	<i>The Control Path</i>	40
2.8	Recursion	42
2.9	Enablers	42
2.9.1	<i>Similarity</i>	44
2.9.2	<i>Honesty</i>	45
2.9.3	<i>Identity</i>	45
2.9.4	<i>Accessibility</i>	46
2.10	Processing	46
2.11	Characteristics of Trust and Control	46
2.11.1	<i>Activity</i>	47
2.11.2	<i>Volatility</i>	47
2.11.3	<i>Internality</i>	48
2.11.4	<i>Contextuality</i>	48
2.11.5	<i>Temporality</i>	48
2.11.6	<i>Measurability</i>	48
2.11.7	<i>Digital Technology</i>	49
	Bibliography	49
3	Measuring Confidence	53
3.1	Introduction	53
3.2	Risk and Uncertainty	54
3.2.1	<i>Relationship to the Model</i>	54
3.2.2	<i>Example</i>	55
3.3	Empirical Metrics	55
3.3.1	<i>Surveys</i>	55
3.3.2	<i>Games of trust</i>	56
3.4	Value of Confidence	58
3.4.1	<i>Expressing Risk</i>	59
3.4.2	<i>Sources of Uncertainty</i>	61
3.5	Combining Risk and Uncertainty	62
3.5.1	<i>Discounting</i>	62
3.5.2	<i>Decoration</i>	64
3.5.3	<i>Uncertain Probability</i>	66
3.6	Conclusion	68
	Bibliography	69
4	Comparative Analysis of the Model of Confidence	73
4.1	Introduction	73
4.2	Models	74
4.3	Comparative Analysis	75
4.3.1	<i>Interdisciplinary Model of Trust</i>	75
4.3.2	<i>Technology Trust Formation Model</i>	79

4.3.3	<i>MoTEC Model of Trust in e-Commerce</i>	80
4.3.4	<i>Tan's Transactional Trust Model</i>	83
4.4	Conclusion	84
	Bibliography	85
5	The Dynamics of Confidence	87
5.1	Introduction	87
5.2	Development of Confidence-Based Relationship	88
5.2.1	<i>Cognitive Trust (Control, External)</i>	89
5.2.2	<i>Knowledge-based Trust (Control, Internal)</i>	90
5.2.3	<i>Identity-based Trust (Trust, Internal)</i>	90
5.3	Relationship as a Signalling Protocol	90
5.3.1	<i>Observation (Control, External)</i>	91
5.3.2	<i>Interaction (Control, Internal)</i>	92
5.3.3	<i>Cooperation (Trust, Internal)</i>	92
5.4	Swift Trust	92
5.4.1	<i>Manifestation of Existing Relationships</i>	93
5.4.2	<i>Imposed Confident Behaviour</i>	93
5.4.3	<i>Domain-based Confidence</i>	94
5.5	Emergence of Trust	94
5.6	Breach of Trust	96
5.7	Restoration and Forgiveness	97
5.7.1	<i>Forgiveness in a Game of Trust</i>	97
5.7.2	<i>Simulation</i>	98
5.8	Dead Ends	99
5.9	Conclusion	100
	Bibliography	100
6	The Dark Side	103
6.1	Introduction	103
6.2	Related Works	104
6.3	The Starting Point	105
6.4	The Ethics of Distrust	106
6.4.1	<i>Distrust-like Behaviour</i>	106
6.4.2	<i>Distrust in Social Contexts</i>	107
6.4.3	<i>Benefits of Distrust</i>	108
6.5	Distrust and the Model of Confidence	108
6.6	The Assessment of Distrust	108
6.7	Evidence of Distrust	110
6.7.1	<i>Continuity</i>	110
6.7.2	<i>Competence</i>	111
6.7.3	<i>Motivation</i>	111
6.8	The Area Between	111
6.9	Trust, Distrust, Mix-Trust and Complexity	113
6.10	Dis-control	113
6.10.1	<i>Dis-control and Un-control</i>	114
6.10.2	<i>Example</i>	114
6.11	Conclusion	115
	Bibliography	115

Part II Confidence and Technology	119
7 Impact of Digital Technology	121
7.1 Introduction	121
7.2 Drivers	122
7.2.1 <i>Disembedding</i>	122
7.2.2 <i>Removal and Transparency</i>	122
7.2.3 <i>Intentionality</i>	123
7.3 Two Types of Confidence	123
7.3.1 <i>Two 'Trusts'</i>	123
7.3.2 <i>Unification</i>	124
7.4 Structuring the Area	125
7.4.1 <i>Human to Human (1)</i>	126
7.4.2 <i>Technology to Technology (2)</i>	126
7.4.3 <i>Human to Technology (3)</i>	127
7.4.4 <i>Technology to Human (4)</i>	127
7.4.5 <i>Other Configurations</i>	127
7.5 Digital Equivalence	128
7.5.1 <i>Similarity (Note 1)</i>	128
7.5.2 <i>Continuity (Note 2)</i>	129
7.5.3 <i>Motivation (Note 3)</i>	129
7.5.4 <i>Influence (Note 4)</i>	130
7.5.5 <i>Confidence Processing (Note 5)</i>	130
7.6 Conclusion	130
Bibliography	131
8 Digital Security	133
8.1 Introduction	133
8.2 Reductive Approach: Security through Control	134
8.2.1 <i>Ontological Security</i>	135
8.2.2 <i>Trusted Computing</i>	136
8.2.3 <i>Trusted Foundations</i>	137
8.3 Holistic Approach: Security through Trust	138
8.3.1 <i>Applicability</i>	139
8.3.2 <i>Trust-based Access Control</i>	139
8.3.3 <i>Problems with the Holistic Approach</i>	140
8.4 Trust and System Design	141
8.5 Conclusion	141
Bibliography	142
9 Confidence and Networks	145
9.1 Introduction	145
9.2 Overview of the Research	146
9.3 Quality Indicators	147
9.4 Propagation and Transitivity of Confidence	149
9.5 Taxonomy of Interactions	151
9.5.1 <i>Non-removed Interactions</i>	152
9.5.2 <i>Once-removed Interactions</i>	154
9.5.3 <i>Twice-removed Interactions</i>	156
9.5.4 <i>Level-removed Interactions</i>	159

9.6	Additional Considerations	160
9.6.1	<i>Network Architectures</i>	160
9.6.2	<i>Memory</i>	162
9.6.3	<i>Honesty and Similarity</i>	163
9.7	Conclusion	164
	Bibliography	164
10	Attacks on Confidence	169
10.1	Introduction	169
10.2	Taxonomy of Threats	170
10.2.1	<i>Alice</i>	171
10.2.2	<i>Reputation</i>	173
10.2.3	<i>Information Flow</i>	174
10.2.4	<i>Network</i>	177
10.2.5	<i>Bob</i>	178
10.3	Attacks	178
10.3.1	<i>Information Overload</i>	179
10.3.2	<i>Starvation</i>	179
10.3.3	<i>Masquerading</i>	180
10.3.4	<i>Misrepresentation</i>	180
10.3.5	<i>Reputation Takeover</i>	180
10.3.6	<i>Unfair ratings</i>	181
10.3.7	<i>Dis-reputation</i>	182
10.3.8	<i>Prejudice</i>	183
10.3.9	<i>Free Riding</i>	184
10.4	Conclusion	184
	Bibliography	185
11	Trust-Enhancing Technologies	187
11.1	Introduction	187
11.2	The Concept of TET	188
11.3	TET Principles	189
11.4	TET Requirements	191
11.4.1	<i>Identity</i>	192
11.4.2	<i>Affinity</i>	193
11.4.3	<i>Honesty</i>	195
11.4.4	<i>Decency</i>	195
11.4.5	<i>Curiosity</i>	196
11.5	Tools	196
11.5.1	<i>Mask</i>	197
11.5.2	<i>Mirror</i>	198
11.5.3	<i>Memory</i>	199
11.6	Example	200
11.6.1	<i>Identity</i>	201
11.6.2	<i>Affinity</i>	201
11.6.3	<i>Honesty</i>	201
11.6.4	<i>Decency</i>	202
11.6.5	<i>Curiosity</i>	202
11.7	Another Example	202

11.8	Conclusion	203
	Bibliography	204
Part III	Confidence in a Convergent World	207
12	Convergence and Confidence	209
12.1	Introduction	209
12.2	Convergence	210
12.2.1	<i>Persuasiveness of Technology</i>	211
12.2.2	<i>Brand Virtualisation</i>	212
12.2.3	<i>Cross-pollination of Technologies</i>	213
12.3	Convergence and Confidence	213
12.3.1	<i>Enablers – Similarity</i>	213
12.3.2	<i>Enablers – Honesty</i>	215
12.3.3	<i>Enablers – Identity</i>	216
12.3.4	<i>Enablers – Availability</i>	217
12.3.5	<i>Trust – Continuity</i>	218
12.3.6	<i>Trust – Competence</i>	219
12.3.7	<i>Trust – Motivation</i>	220
12.3.8	<i>Control – Knowledge</i>	221
12.3.9	<i>Control – Influence</i>	221
12.3.10	<i>Control – Assurance</i>	222
12.4	Conclusion	223
	Bibliography	223
13	Confidence Creation in e-Business	225
13.1	Introduction	225
13.2	eBay	226
13.3	eBay and the Model of Confidence	227
13.3.1	<i>Confidence in the World – People Are Good</i>	228
13.3.2	<i>Trust in Trading Domain – Operational Model</i>	228
13.3.3	<i>Control over the Trading Domain – API</i>	229
13.3.4	<i>Trust in Agents – PowerSeller</i>	230
13.3.5	<i>Control over Agents – Reputation</i>	231
13.3.6	<i>Trust in Transactions – Skype</i>	232
13.3.7	<i>Control over Transactions – PayPal</i>	232
13.3.8	<i>Fundamental: Confidence in eBay Technology</i>	233
13.4	Potential Development of eBay	233
13.5	Conclusion	235
	Bibliography	236
14	Privacy and Authentication	239
14.1	Introduction	239
14.2	Terminology	240
14.2.1	<i>Identity</i>	240
14.2.2	<i>Privacy</i>	242
14.2.3	<i>Authentication</i>	242
14.3	Privacy and Authentication	244
14.4	Confidence-based Privacy-preserving Authentication	245
14.4.1	<i>Privacy-preserving Authentication (PPA)</i>	245
14.4.2	<i>The PPA Protocol</i>	246

14.5	Example	247
14.6	The Role of SIM	248
14.7	Continuous Authentication	249
14.8	Identity and Confidence	250
	14.8.1 <i>Identity and Enablers</i>	250
	14.8.2 <i>Identity and the Perception of Truth</i>	250
	14.8.3 <i>Shared Identity and Confidence</i>	252
14.9	Conclusion	252
	Bibliography	253
15	Trust Management	255
15.1	Introduction	255
15.2	Trust Management	255
	15.2.1 <i>Example</i>	256
	15.2.2 <i>Alternatives</i>	257
	15.2.3 <i>Generic Trust Management</i>	257
15.3	Research Overview	259
15.4	Problems	259
	15.4.1 <i>Reinstatement</i>	260
	15.4.2 <i>Revocation</i>	260
	15.4.3 <i>Reliable Agents</i>	260
	15.4.4 <i>Secure Communication</i>	261
	15.4.5 <i>Monitoring and Reporting</i>	261
	15.4.6 <i>Expressiveness</i>	261
	15.4.7 <i>Identity</i>	262
15.5	Autonomy	262
	15.5.1 <i>Reflection</i>	263
	15.5.2 <i>Delegation</i>	263
	15.5.3 <i>Alteration</i>	265
	15.5.4 <i>Evolution</i>	266
15.6	Challenges to Trust Management	267
	15.6.1 <i>Autonomy</i>	267
	15.6.2 <i>Identity</i>	267
	15.6.3 <i>Complexity</i>	268
15.7	The Future of Trust Management	268
15.8	The Assessment of Trust	268
	15.8.1 <i>Continuity</i>	269
	15.8.2 <i>Motivation</i>	270
	15.8.3 <i>Competence</i>	270
15.9	Embedded Trustworthiness	271
15.10	Trusted Third Party	271
15.11	Conclusion	273
	Bibliography	273
16	Economy of Confidence	275
16.1	Introduction	275
16.2	Confidence and Economy	276
	16.2.1 <i>Confidence as Facilitator</i>	276
	16.2.2 <i>Confidence as Social Capital</i>	277
	16.2.3 <i>Confidence as Differentiator</i>	278
	16.2.4 <i>Confidence as Currency</i>	278

16.3	Economy of Confidence	279
16.3.1	<i>Certification</i>	280
16.3.2	<i>Representation</i>	281
16.3.3	<i>Branding</i>	282
16.4	Opportunities in Confidence	283
16.5	Fences of the Internet	284
16.6	Trust in a Bottle	286
16.7	Conclusion	287
	Bibliography	287
Index		289
