

CONTENTS

Foreword to the Third Edition xiii

Harold D. Stolovitch, Erica J. Keeps

Preface xxi

Acknowledgments xxvii

The Editor and Editorial Advisory Board xxix

Foreword to the First Edition xxxi

Thomas F. Gilbert

Foreword to the Second Edition xxxvii

Robert F. Mager

PART ONE: FOUNDATIONS OF HUMAN PERFORMANCE TECHNOLOGY 1

Monique Mueller, editor

1 Human Performance Technology Fundamentals 5

James A. Pershing

**2 The Performance Architect's Essential Guide to the Performance
Technology Landscape 35**

Roger M. Addison, Carol Haig

3 Business Perspectives for Performance Technologists 55

Kenneth H. Silber, Lynn Kearny

- 4 Performance Improvement: Enabling Commitment to Changing Performance Requirements 93
William R. Daniels, Timm J. Esque
- 5 Systemic Issues 111
Dale M. Brethower
- 6 Mega Planning and Thinking: Defining and Achieving Measurable Success 138
Roger Kaufman
- 7 The Origins and Evolution of Human Performance Technology 155
Camille Ferond

PART TWO: THE PERFORMANCE TECHNOLOGY PROCESS 189

Jim Hill, editor

- 8 Aligning Human Performance Technology Decisions with an Organization's Strategic Direction 191
Ryan Watkins
- 9 Analysis and More 208
Allison Rossett
- 10 Requirements: The Bridge Between Analysis and Design 223
Ray Svenson
- 11 Modeling Mastery Performance and Systematically Deriving the Enablers for Performance Improvement 238
Guy W. Wallace
- 12 Dimensions of Organizational Change 262
Larissa V. Malopinsky, Gihan Osman
- 13 Using Evaluation to Measure and Improve the Effectiveness of Human Performance Technology Initiatives 287
Robert O. Brinkerhoff
- 14 The Full Scoop on Full-Scope Evaluation 312
Joan C. Dessinger, James L. Moseley

PART THREE: INTERVENTIONS AT THE WORKER AND WORK TEAM LEVELS 331

Karen L. Medsker, editor

- 15 Instruction as an Intervention 335
Michael Molenda, James D. Russell

- 16 **Designing Instructional Strategies: A Cognitive Perspective** 370
Kenneth H. Silber, Wellesley R. Foshay
- 17 **Games and Simulations for Training: From Group Activities to Virtual Reality** 414
Robert L. Appelman, John H. Wilson
- 18 **Distance Training** 437
José Manuel Ochoa-Alcántar, Christy M. Borders, Barbara A. Bichelmeyer
- 19 **Innovations in Performance Improvement with Mentoring** 455
Margo Murray
- 20 **Motivating Individuals, Teams, and Organizations** 478
Richard E. Clark
- 21 **Shifting Organizational Alignment from Behavior to Values** 498
Anthony W. Marker
- 22 **Principles and Practices of Work-Group Performance** 516
Michael F. Cassidy, Megan M. Cassidy
- 23 **Performance Support Systems** 539
Steven W. Villachica, Deborah L. Stone, John Endicott
- PART FOUR: INTERVENTIONS AT THE WORKPLACE AND ORGANIZATIONAL LEVELS** 567
Mark J. Lauer, editor
- 24 **The Impact of Organizational Development** 571
Brian Desautels
- 25 **The Fifth Discipline: A Systems Learning Model for Building High-Performing Learning Organizations** 592
M. Jeanne Girard, Joseph Lapidés, Charles M. Roe
- 26 **Knowledge Management, Organizational Performance, and Human Performance Technology** 619
Debra Haney
- 27 **Coming to Terms with Communities of Practice: A Definition and Operational Criteria** 640
Sasha Barab, Scott J. Warren, Rodrigo del Valle, Fang Fang
- 28 **Workplace Design** 665
Karen L. Medsker

29 Six Sigma: Increasing Human Performance Technology Value and Results 692

Darlene M. Van Tiem, Joan C. Dessinger, James L. Moseley

30 Normal Excellence: Lean Human Performance Technology and the Toyota Production System 717

Joachim Knuf, Mark J. Lauer

PART FIVE: PERFORMANCE MEASUREMENT AND ASSESSMENT 743

Jana L. Pershing, editor

31 A Commentary on Quantitative and Qualitative Methods: Myths and Realities 745

Jana L. Pershing

32 Constructing Effective Questionnaires 760

Sung Heum Lee

33 Interviewing to Analyze and Evaluate Human Performance Technology 780

Jana L. Pershing

34 Observation Methods for Human Performance Technology 795

James A. Pershing, Scott J. Warren, Daniel T. Rowe

35 Using Content Analysis in Human Performance Technology 819

Erika R. Gilmore

36 Quantitative Data Analyses 837

Mary Norris Thomas

37 Evidence-Based Practice and Professionalization of Human Performance Technology 873

Ruth Colvin Clark

PART SIX: PERFORMANCE TECHNOLOGY IN ACTION 899

Debra Haney, editor

38 Making the Transition from a Learning to a Performance Function 903

Dana Gaines Robinson, James C. Robinson

39 Using an HPT Model to Become Management's Partner 924

Danny Langdon

40 Managing Human Performance Technology Projects 943

Nicholas Andreadis

- 41 Leadership in Performance Consulting 964
Roger Chevalier
- 42 The Anatomy of Performance: A Framework for Consultants 986
Geary A. Rummeler
- 43 Certification: An Alignment Intervention 1008
Judith A. Hale
- 44 Standards and Ethics in Human Performance Technology 1024
Ingrid J. Guerra
- 45 Professional Ethics: A Matter of Duty 1047
Jim Hill
- 46 Improving Human Performance by Employing a Top-Down Function
Analysis Methodology in Navy Aircraft Design 1067
Dennis Duke, Robert Guphill, Mark Hemenway, Wilbur Doddridge
- PART SEVEN: LOOKING FORWARD IN HUMAN PERFORMANCE TECHNOLOGY 1085**
Darlene M. Van Tiem, editor
- 47 SWOT Analysis 1089
Doug Leigh
- 48 Sustainable Development and Human Performance Technology 1109
Scott P. Schaffer, Therese M. Schmidt
- 49 Rapid Reflection Throughout the Performance-Improvement
Process 1122
Sharon J. Korth, Brenda S. Levya-Gardner
- 50 Appreciative Inquiry: Unraveling the Mystery of Accentuating
the Positive 1147
Darlene M. Van Tiem, Julie Lewis
- 51 Comprehensive Performance Evaluation: Using Logic Models to
Develop a Theory-Based Approach for Evaluation of Human
Performance Technology Interventions 1165
Barbara A. Bichelmeyer, Brian S. Horvitz
- 52 Aligning the Human Performance System 1190
John Amarant, Donald T. Tosti
- 53 Systems, Measures, and Workers: Producing and Obscuring the
System and Making Systemic Performance Improvement Difficult 1224
Donald J. Winiecki

54	Hidden Order of Human Performance Technology: Chaos and Complexity	1251
	<i>Darlene M. Van Tiem, Swati Karve, Jennifer Rosenzweig</i>	
55	Quantulumcunque Concerning the Future Development of Performance Technology	1274
	<i>Klaus D. Wittkuhn</i>
