Icons Used in This Book.....	7
Where to Go from Here.....	7

Part 1: Setting Up SharePoint 9

Chapter 1: Getting to Know SharePoint 11

Understanding SharePoint Technology.....	11
Laying the foundation.....	14
Kicking it up a notch	17
Licensing SharePoint.....	19
SharePoint's Role in Your Company	21
Accessing structured assets with SharePoint	22
Managing unstructured assets with SharePoint.....	23
SharePoint as the hub.....	26
Selling SharePoint.....	29
Getting Started with SharePoint.....	30
Choosing SharePoint projects	31
Getting a hunting license.....	33
Preparing for SharePoint.....	34
Planning the server farm topology	35
Planning for content and usage.....	36
Planning for applications	37

Chapter 2: Installing SharePoint39

Installing SharePoint	39
Creating an Evaluation Server	41
Hardware requirements	41
Preparing your server	42
Accessing SharePoint's Administrative Pages	47
Installing SharePoint for the Real World	50
Creating the server farm	52
Configuring SharePoint Services	55
Creating a Shared Services Provider	58
Performing Administrative Tasks	60
Viewing administrative tasks	61
Assigning administrative tasks	62
Completing administrative tasks	64

Chapter 3: Creating the Site Hierarchy67

Understanding Web Applications	67
Finding existing Web applications	68
Setting up Web applications	70
Understanding Site Collections	74
Configuring Web Applications and Site Collections	76
Configuring Web applications	77
Configuring site collections	83

Part II: Exploring SharePoint's Building Blocks.....85**Chapter 4: Introducing Sites and Site Content87**

Exploring SharePoint Sites	87
Selecting a site template	88
Creating SharePoint sites	90
Browsing to SharePoint sites	93
Creating Structure for Site Content	94
Using Web Pages	96
Creating Web pages	97
Working with a Web Part page	98
Using Lists and Libraries	103
Creating lists and libraries	105
Navigating lists and libraries	106
Customizing libraries and lists	110

Chapter 5: Navigating SharePoint	113
Exploring End User Navigational Elements	113
Going global with the top link bar	113
Getting personal with My Portal navigation	114
Tracking back with breadcrumbs	115
Staying local with the Quick Launch bar	118
Getting specific with the search bar	119
Navigating home	120
Getting help	122
Modifying Navigation	122
Navigating Sites in WSS	124
Navigating Sites in MOSS	126
Exploring Administrative Navigational Elements	128
Site actions	129
Site settings	131
Chapter 6: Granting Access to SharePoint	133
Delegating Authentication	133
SharePoint's Authorization Model	136
Understanding people and groups	137
Understanding inheritance	139
Viewing Permission Assignments	140
Managing SharePoint Groups	144
Creating a permission assignment	145
Editing a SharePoint group's access	147
Granting administrative access	148
Assigning users to SharePoint groups	149
Using SharePoint groups	152
Breaking Inheritance	155
Chapter 7: Managing Data with SharePoint	159
Defining Columns	160
Defining list columns	163
Defining site columns	165
Get a New View	168
Modifying views	169
Using special views	172
Enabling Content Types	174
Defining content types	176
Using content types	179

Chapter 8: Managing Business Processes with SharePoint183

Using Workflows.....	184
Associating workflows.....	185
Managing individual workflows.....	188
Getting the workflow big picture.....	192
Filling Out InfoPath Forms.....	193
Configuring InfoPath forms services.....	194
Deploying form templates.....	197
Managing form templates.....	199
Working with forms libraries.....	201

***Part III: Improving Information Worker
Collaboration and Productivity.....205*****Chapter 9: Using SharePoint for Collaboration207**

Using SharePoint with Office 2007.....	207
Managing documents.....	208
Protecting documents.....	211
Using lists with Excel and Access.....	211
The Many Faces of SharePoint.....	214
Integrating with Other Servers.....	215

Chapter 10: Communicating with SharePoint217

Integrating with Outlook.....	218
Working offline with Outlook.....	220
Keeping track with notification.....	222
Sending E-Mail to SharePoint.....	225
Sending e-mail to lists and libraries.....	226
Using distribution lists.....	229

Chapter 11: Using Portal Sites233

Exploring Collaboration Portals.....	234
Managing portal content.....	235
Using the Site Directory.....	240
Reaching Out with Publishing Portals.....	247

Chapter 12: Configuring Profiles and My Sites251

Planning for My Site.....	252
Restricting access to My Site.....	254
Configuring My Site.....	256
Modifying the templates.....	259

Exploring My Site	259
Using My Home and personal site.....	260
Showing off the My Profile page	261
Managing User Profiles	269
Managing profile properties.....	274
Getting the most out of user profiles	276
Chapter 13: Personalizing Sites	279
Knowing Your Audience	280
Targeting Content.....	283
Targeting list items.....	286
Targeting Web parts	288
Targeting navigation.....	290
Getting Personal.....	291
Personalizing Web parts	292
Creating personalization sites	295
Personalizing the view.....	298
Chapter 14: Searching the Enterprise	301
SharePoint's Search Offering	302
Searching SharePoint.....	303
Using the Search Center	305
Taking action on search results.....	307
Configuring Search.....	308
Defining content sources.....	309
Crawling content	312
Scoping out	315
Managing properties	317
Other administrative tasks.....	320
<i>Part IV: Enterprise Applications for SharePoint.....</i>	<i>321</i>
Chapter 15: Exploring Document and Records Management	323
Managing Documents	324
Managing drafts and published versions	325
Using the Recycle Bin	332
Controlling documents	334
Managing Records.....	338
Setting up the routing table	339
Sending documents to the Records Center	340

Chapter 16: Publishing Web Content	343
Authoring Web Content.....	344
Creating pages	345
Editing pages.....	347
Adding content to pages	350
Publishing Web content.....	354
Customizing Content Publishing.....	357
Working with master pages.....	358
Creating page layouts	360
Chapter 17: Providing Access to Business Intelligence	363
Using Excel Services	364
Managing spreadsheets	364
Displaying workbook content.....	367
Exploring Reports Center.....	369
Connecting to Data	372
Using data connection libraries	372
Configuring the Business Data Catalog	374
Part V: Administering SharePoint	381
Chapter 18: Administering and Monitoring SharePoint	383
Exploring Central Administration	384
Configuring Shared Services.....	386
Monitoring Site Usage.....	387
Managing Site Collections	390
Chapter 19: Backing Up the Server	395
Recovering from End User Mishaps	395
Migrating Sites and Site Collections	396
Recovering from Disaster.....	396
Backing up the server farm.....	396
Restoring the server farm	401
Using SQL Server backup	402
Building redundancy into the system.....	403
Creating Your Backup Plan	404
Part VI: The Part of Tens	407
Chapter 20: Ten SharePoint Resources Worth Checking Out	409
Technically Speaking	409
Exploring MSDN.....	410
Digging Deeper with Software Development Kits	411

Getting Acquainted with Office Online.....411
 Downloading SharePoint Resources.....411
 Blogging SharePoint.....412
 Discovering SharePoint.....412
 Getting Support.....413
 Finding SharePoint Hosting.....413
 Getting a Head Start with Application Templates.....414
 Bonus Resource.....414

**Chapter 21: Ten Positive Outcomes from Implementing
 SharePoint415**

Increase User Productivity.....415
 Reduce Calls to the Help Desk.....416
 Increase Opportunities for Knowledge Transfer.....416
 Increase Employee Loyalty and Satisfaction.....417
 Minimize Communication Barriers between Departments.....417
 Improve Relationships with Partners and Customers.....418
 Mitigate the Risks of Software Development.....418
 Maximize ROI.....419
 Reduce Merger/Acquisition Costs.....419
 Build Bridges between Information Technology (IT)
 and Business Users.....419

Index.....421
