<b><i>Introduction</i></b> .....	<b>1</b>
About This Book.....	1
Conventions Used in This Book .....	2
Foolish Assumptions .....	3
How This Book Is Organized.....	3
Part I: The ABCs of Modding.....	4
Part II: Making Your Own Maps .....	4
Part III: Expanding on Your Creation.....	5
Part IV: Going Beyond the Basics .....	5
Part V: The Part of Tens.....	5
Icons Used in This Book.....	6
<b><i>Part 1: The ABCs of Modding</i></b> .....	<b>7</b>
<b>Chapter 1: Modifying the Game</b> .....	<b>9</b>
Checking Out Half-Life 2 .....	11
Adding to or Changing the Game .....	12
Finding out what you can mod .....	12
Knowing what tools you need .....	13
The Modding Process Goes Something Like This.....	14
Sharing the Game with Others .....	15
<b>Chapter 2: Getting Familiar with Modding Tools and Techniques</b> ..	<b>17</b>
Gathering the Tools Involved .....	17
Writing plain text .....	18
Drawing, painting, and taking pictures.....	18
Packing up your work.....	19
Using Best Modding Practices.....	20
Following standard naming conventions .....	20
Instructing the end user .....	20
Including all the files required .....	21
Avoiding the overwriting headache.....	21
Saving and saving again.....	21
Differences between Half-Life and Other Games.....	22
<b>Chapter 3: Breaking Down the Game</b> .....	<b>23</b>
Making Maps and Playing Levels .....	23
Making Your Own Maps.....	24
Building blocks of a map .....	25
Setting boundaries .....	25

Seeing in three dimensions .....	26
Measuring in units .....	27
Toying with Textures .....	27
Painting the walls .....	27
Building interest .....	27
Evoking Entities .....	28

## ***Part II: Making Your Own Maps* ..... 29**

### **Chapter 4: Getting Set Up for Mapping ..... 31**

Installing the Hammer Editor .....	31
Launching for the First Time .....	34
Dealing with configuration errors .....	37
Manually configuring Hammer Editor.....	39
Exploring the Interface .....	46
Looking in 2D and 3D .....	47
Pressing buttons and working menus .....	49
Reading messages .....	54
Using Shortcuts for Success .....	56
Troubleshooting Issues .....	57

### **Chapter 5: Creating Your First Game Map ..... 59**

Selecting a Texture .....	59
Deciding on a base texture.....	60
Filtering textures .....	60
Drawing the First Brush .....	63
Maneuvering in the Viewports .....	65
Zooming and moving the view.....	65
Counting in the power of two .....	66
Resizing and Moving Brushes.....	67
Taking Cues .....	68
Hollowing Out the Room .....	69
Breaking Things Apart.....	71
Leaking Is Not an Option.....	71
Saving Your Map.....	72

### **Chapter 6: Decorating the Scene ..... 73**

Selecting Faces on the Wall.....	73
Exploring the Face Edit Sheet Window.....	74
Putting on Some Paint: Applying Textures .....	76
Adding texture to a wall.....	77
Adding texture to the floor.....	78
Adding texture to the ceiling .....	79

**Chapter 7: Adding Lights and a Player . . . . . 81**

Lighting the Way.....81  
 Positioning the entity.....83  
 Adding a bit of color .....84  
 Adding a Place to Start .....86  
 Positioning and Providing Some Direction .....87  
 Adjusting the rotation from the Object Properties window .....88  
 Adjusting the rotation from within the 2D viewport.....89

**Chapter 8: Putting the Pieces Together . . . . . 91**

Leveling the Playing Field .....91  
 Building the BSP .....92  
 Seeing what can be seen.....92  
 Lighting the scene .....94  
 Playing with the results .....94  
 Processing the Pieces .....94  
 Listening to the console .....98  
 Spotting an error .....103  
 Playing the Result .....105

***Part III: Expanding on Your Creation..... 107***

**Chapter 9: Expanding Your Map with Additions . . . . . 109**

Making Copies .....109  
 Joining Rooms .....111  
 Drawing your halls .....112  
 Making room to play .....114  
 Cutting in some doors .....119  
 Retexturing the Hallway Walls .....123  
 Lighting the Path .....124  
 Running in the Halls .....125

**Chapter 10: Building with Optimization in Mind . . . . . 127**

Seeing What the Game Can See .....128  
 Accessing your commands .....128  
 Outlining your world.....130  
 Mitering for Mappers .....133  
 Fixing those corners .....134  
 Combining multiple brushes.....138  
 Automatic optimization .....139  
 Creating portals .....142  
 Can You See Me?.....151

<b>Chapter 11: Heading to the Great Outdoors</b> .....	<b>153</b>
Building an Outdoor Addition .....	153
Multiplying the ground .....	155
Filling in the useless corner .....	157
Defining your boundaries .....	158
Making a Scene .....	159
Throwing dirt on the ground .....	159
Fitting the outer building.....	160
Climbing the roof .....	161
Walling in the yard and adding sky .....	162
Mitering the Outer Walls .....	163
Getting Outside.....	164
Clipping out some doors .....	164
Touching up the textures .....	167
Fixing a Bottleneck.....	172
Sliding Open the Door .....	173
Making that door move .....	174
Sealing your area .....	176
Lighting from Above .....	179
Adding virtual sunlight .....	179
Adding a virtual sun.....	181
Testing Your Progress.....	183
<b>Chapter 12: Adding a Few Details</b> .....	<b>185</b>
Doing Some Decorating .....	185
Pulling a ledge.....	186
Lighting the porch.....	189
Defining the indoor lights.....	195
Pairing the Doors .....	200
Adding Some Crates.....	203
Placing crates for strategy .....	206
Making crates for other environments .....	208
Picking Up on Pickups .....	211
Adding armor .....	211
Restoring health .....	212
Finding weapons.....	214
Grabbing ammo .....	215
Testing and Having Fun .....	217
<b>Part IV: Going Beyond the Basics</b> .....	<b>219</b>
<b>Chapter 13: Creating Custom Textures</b> .....	<b>221</b>
Slicing Up the Texture .....	222
Installing Some Tools.....	222
Bricking Up the Joint .....	224

Finding the Right Size .....225

Tiling on Forever .....228

    Shifting the image to expose the seam .....228

    Stamping out your seams .....231

    Shifting back to ground zero .....234

Mapping Your Images .....235

    Splashing on some color: The diffuse map .....236

    Picking out the highlights: The specular map .....238

    Bumping polygons in and out: The normal map .....243

    Creating a normal map without the filter .....249

    Building the VTF .....250

Making Everything Work Together .....253

    Building a material .....253

    Applying your material .....257

**Chapter 14: Finishing Up Your Map .....261**

    Multiple Spawns for Multiplayer Games .....261

    Reflecting on Your Surroundings .....265

        Dropping in cubemaps .....265

        Generating reflections .....271

**Chapter 15: Showing the World .....273**

    Packing Up for Release .....273

    Explaining yourself .....273

    The origins of README .....274

    Picturing your level .....277

    Packaging additions to the game .....279

    Zipping It Up .....291

    Distributing the Goods .....293

***Part V: The Part of Tens .....295***

**Chapter 16: Ten Great Tips and Tricks .....297**

    Coming Up with Original Ideas .....297

    Planning Your Build .....298

    Designing Minimally .....298

    Following Examples .....299

    Using Prefabs .....301

    Meshing Objects .....301

    Putting on a New Skin .....303

    Measuring the Player .....303

    Finding More to Mod .....304

        Listening in .....304

        Modeling and animating .....304

    Looking for Help .....305

<b>Chapter 17: Ten Great Mods to Learn From .....</b>	<b>307</b>
Crossfire 2 b3.....	307
Urbanes Deathmatch 2 .....	308
Dystopia .....	309
High-Resolution Skins .....	309
Razor's Weapon Sound Package.....	310
Source Racer .....	311
BlockStorm.....	312
Strider Mod .....	313
Garry's Mod .....	314
Portal Challenge.....	315
 <b><i>Appendix: CD Installation Instructions .....</i></b>	<b><i>317</i></b>
 <b><i>Index.....</i></b>	<b><i>321</i></b>
