About This Book	xi
About The Author	xiii
Acknowledgments	xv

1 Why Another Book on ADHD? 1

Education in the Twenty-First Century: The No Child Left Behind Act and Federal Accountability	2
The Individuals with Disabilities Education Act of 2004	3
Students with ADHD and Special Education: Section 504 of the Rehabilitation Act of 1973	3
Teaching in the Twenty-First Century: Current Research and Instructional Practice	6
Differentiated Instruction	7
The Student-Centered Classroom	7
Standards-Aligned Instruction	8
Response to Intervention: Behavioral and Academic Approaches	9
To Sum Up	9

2 Understanding ADHD in Adolescents 11

Willful Disobedience or Neurobiological Disorder?	11
Understanding the Nerve Cell	12
Types of ADHD	13
Primary Symptoms of ADHD	14
Defining ADHD	14
ADHD in Girls	16
The Impact of ADHD on Adolescents	18
Hyperactive Students	18
Inattentive Students	19
Academic Indicators of ADHD	20
Why Do Adolescents with ADHD Struggle?	21
The Role of Executive Functions	21
The Effects of Weaknesses in Executive Functions	21

Other Disorders Associated with ADHD	24
Learning Disabilities	25
Anxiety and Mood Disorders	25
Oppositional Defiant Disorder and Conduct Disorder	25
To Sum Up	26

3 Research-Based Teaching Strategies: Meeting the Needs of All Learners **27**

The Engaging Classroom	27
Focus on Student Learning	28
Research-Based Strategies That Support Students with ADHD	29
Asking Students to Identify Similarities and Differences	30
Teaching Students to Summarize and Take Notes	31
Reinforcing Effort and Providing Recognition	31
Focusing on the Important Aspects of Homework and Practice	32
Using Nonlinguistic Representations	33
Facilitating Cooperative Learning	33
Setting Objectives and Providing Feedback	33
Challenging Students to Generate and Test Hypotheses	34
Using Cues, Questions, and Advance Organizers	34
Meeting the Academic Challenges of Students with ADHD	35
Recognizing Different Learning Styles	35
Differentiated Instruction: Principles of Universal Design for Learning	36
Implementation of Instructional Strategies: Meeting the Needs of All Students Through Standards-Aligned Instruction	38
Identifying Standards to Be Addressed	38
Planning Instruction to Meet the Standards	39
Linking IEP Goals to Standards-Based Instruction	39
Connecting the Lesson to the Standard	40
Instructional Design That Supports Students with ADHD	42
Rituals and Routines	42
Instructional Scaffolding	43
Checking for Understanding	44
Independent Practice	45
To Sum Up	46

4 Strategies to Support Students with ADHD in English Language Arts 47

- The Learner-Centered Classroom 47
 - Developing Collaboration Skills 48
 - Taking Ownership of Learning 49
- Teaching English Language Arts 49
- The Research 50
- The Practice 51
 - Explicit Vocabulary Instruction 52
 - Explicit Instruction in Comprehension Strategies 55
 - Motivation and Engagement in Literacy Learning 59
 - Intensive Individualized Interventions 60
 - Writing Instruction 62
- To Sum Up 63

5 Strategies to Support Students with ADHD in Math 65

- Mathematical Knowledge 66
- The Research 67
- The Practice 70
 - Math Problem-Solving Strategies 70
 - Mnemonic Instructional Strategies 74
 - Concrete-Representational-Abstract Instructional Strategy 75
 - Graphic Organizer Strategies 76
- Putting It All Together: Strategies for Accessing Algebraic Concepts 79
 - Mnemonics Example in Algebra 80
 - Concrete-Representational-Abstract Example in Algebra 80
 - Graphic Organizer Examples in Algebra 82
- To Sum Up 83

6 Strategies to Support Students with ADHD In Science and Social Studies 85

- The Research: Science 86
- The Practice: Science 87
 - Motivating Reluctant Learners 87
 - Eliciting Prior Knowledge 88
 - Intellectual Engagement + Use of Evidence = Making Sense of Science 88

The Research: Social Studies	88
The Practice: Social Studies	89
Making Connections with History Facts	89
Using Images	91
Active Learning in the Science or Social Studies Classroom	93
Strategies for Assessing Prior Knowledge	94
Strategies for Direct Instruction	96
Strategies for Using Cooperative Groups	100
Strategies for Checking for Understanding	102
To Sum Up	104

7 Creating a Positive Learning Environment for Students with ADHD **105**

The Research	106
Positive Behavior Supports	106
Practices That Don't Work	106
Practices That <i>Do</i> Work	107
Preventing Problem Behaviors	110
Beginning with Respect	111
Understanding the Issue of Fairness	111
Sticking to Rituals and Routines	112
Providing Clear and Concise Instructions	113
Maintaining a Perky Pace	113
Analyzing Problem Behaviors	114
What Is the Behavior Communicating?	114
Why Doesn't She Ask for Help?	115
Research to Practice	116
Tier I: Primary Interventions	116
Tier II: Secondary Group Interventions	117
Tier III: Tertiary Individual Interventions	120
To Sum Up	120

8 Working Together to Promote Postsecondary Success **121**

Responsibilities of the School	122
Response to Intervention: Schoolwide Support for <i>All</i> Students	122
Three Tiers of Academic Interventions	122
Collaboration: An Essential Component	124

Responsibilities of the Family	125
Parental Monitoring	125
Medication: A Family and Student Decision	125
Responsibilities of the Student	127
Making an Effort and Monitoring Progress	127
Using Feedback Constructively	129
Building Self-Determination Skills	131
Taking Responsibility for the Postsecondary Transition	133
To Sum Up	135

Endnotes 137
