

Index

- activities
 - All about Me, 9–10
 - Block It Out, 37–39
 - Conversion Cards, 17–19
 - Envelope Stuffing, 94–96
 - Formulas . . . Formulas . . .
 - Formulas, 116–117
 - Graph Paper Geometry, 99–100
 - How Far?, 69–70
 - How Fast?, 67–68
 - How Long?, 74–76
 - How Much?, 58–59
 - How Slow?, 72–73
 - Just X, 85–86
 - Penny Math, 40–41
 - Shape Illusions, 101–102
 - Ten-Second Sprints, 77–78
 - Tipping Wheel, 52–53
 - Tricky Triangles, 103–104
 - Up and Down, 27–29
 - Vital Statistics, 24–25
- addition, word clues for, 5–7
- algebra, 81
 - equations in, 87–88
 - variables in, 85–86, 89–91
- All about Me (activity), 9–10
- All Four (game), 11–12
- Answers, Answers, and More
 - Answers (game), 114–115
- area
 - definition of, 97
 - formulas for, 117
 - problems on, 99–106
- attributes, grouping by, 37–39
- Block It Out (activity), 37–39
- Brain Stretchers, 14, 23, 25
 - on algebra expressions, 84
 - on area, 104
 - on converting measurements, 25, 28, 31, 33
 - on envelope stuffing, 95
 - on grouping by attribute, 39, 41
 - on guess-and-check problem solving, 93
 - on operations, 8, 14
 - on percentages, 50, 59
 - on speed, 68, 73, 78
 - with two variables, 91
- certificate, as Word Problem Master, 118
- circumference
 - definition of, 97
 - problems on, 105–106
- contests, comparing measurements in, 21–22
- Conversion Cards, 17–19
- Conversion Cards (activity), 17–19
- counting problems, 35
 - Penny Math, 40–41
- Crazy Contests (game), 21–22
- Crazy Sentences (game), 83–84
- distance problems, 65–66, 69–72, 79–80

- distance problems (*continued*)
 formulas for, 117
- division, word clues for, 5–7
- English measurements, 15–19, 25
- Envelope Stuffing (activity), 94–96
- formulas
 $A = \pi r^2$, 105
 activity to learn, 116–117
 $C = \pi(d)$, 105
 to convert measurements, 25
 $D = R \times T$, 70
 for envelope stuffing, 95
 $R = D/T$, 68
 $T = D/R$, 76
- Formulas . . . Formulas . . .
 Formulas (activity), 116–117
- games
 All Four, 11–12
 Answers, Answers, and More
 Answers, 114–115
 Brain Stretchers, 8
 Crazy Contests, 21–22
 Crazy Sentences, 83–84
 creating word problems in,
 111–115
 Guess and Check, 92–93
 Measurement Jeopardy, 32–33
 Mystery Word Problems, 111
 Percentage War, 49–50
 Racing Cars, 79–80
 Sales Galore, 55–56
 Shoebox Math, 87–88
 Simple Interest, 60–62
 Switch, 107–108
 True Circles, 105–106
 Two Steppers, 13–14
 Venn Diagrams, 41–43
 Who Is Older?, 44–46
 Word Clues, 5–6
 Word Problem Charades, 112–113
 X and Y, 89–91
- geometry, 97
 formulas for, 117
- Graph Paper Geometry (activity),
 99–100
- graph problems, 97, 107–108
- Guess and Check (game), 92–93
- How Far? (activity), 69–70
 How Fast? (activity), 67–68
 How Long? (activity), 74–76
 How Much? (activity), 58–59
 How Slow? (activity), 72–73
- interest problems, 60–62
 formulas for, 117
- Just X (activity), 85–86
- logic problems, 35, 44–46
- measurement, 15–16
 comparisons of, 21–22
 converting, 17–20, 25, 27–29,
 32–33
 equalities of, 30–31
 formulas for, 117
- Measurement Jeopardy (game),
 32–33
- metric measurements, 15–16, 25,
 27–29

multiplication
 of ratios, 19
 word clues for, 5–7
 Mystery Word Problems (game), 111

operations
 word clues for, 5–8
 writing word problems for, 11–14

Penny Math (activity), 40–41

percentage problems
 formulas for, 117
 Tips and Tricks on, 50, 54, 56
 types of, 47

Percentage War (game), 49–50

perimeter
 definition of, 97
 formulas for, 117
 problems on, 101–104

puzzles, Quart Power, 30–31

Quart Power (puzzle), 30–31

Racing Cars (game), 79–80

ratios
 in converting measurements, 18–19
 multiplying, 19

research, on African animal statistics, 24–25

Sales Galore (game), 55–56

Shape Illusions (activity), 101–102

Shoebox Math (game), 87–88

Simple Interest (game), 60–62

speed problems, 65–68, 72–73, 77–78

subtraction, word clues for, 5–7

Switch (game), 107–108

Ten–Second Sprints (activity), 77–78

time problems, 65–66, 74–76

Tipping Wheel (activity), 52–53

Tips and Tricks
 on area problems, 100
 on converting measurements, 19, 25
 on figuring interest, 62
 on finding distances, 70
 on multiplying ratios, 19
 on percentage problems, 50
 on sales percentages, 56
 on time problems, 76
 on tipping percentages, 54

Tricky Triangles (activity), 103–104

True Circles (game), 105–106

Two Steppers (game), 13–14

Up and Down (activity), 27–29

variables, in algebra, 85–86, 89–91

Venn diagrams, for counting problems, 35, 39

Venn Diagrams (game), 41–43

Vital Statistics (activity), 24–25

Wacky Word Problems
 acting out, 113
 on algebra, 86
 on area, 100
 on circumference, 106
 on computation, 7, 14
 on distance, 71

Wacky Word Problems (*continued*)
on grouping by attribute, 39
on interest, 63
on measurements, 20, 23, 26, 29
on operations, 7
on percentages, 51, 57
on speed, 68
on time, 76
with two variables, 91

Who Is Older? (game), 44–46

Word Clues (game), 5–6

Word Problem Charades (game),
112–113

Word Problem Master Certificate,
118

word problems
algebra, 83–84, 86
backward creation of, 9–10
definition of, 2
for four operations, 11–12
in games, 111–115
for graph information,
107–108
for several operations, 13–14
two-step, 13–14
usefulness of, 1–2
for Venn diagrams, 41–43

words
as clues to operations, 5–8
in word problems, 3

X and Y (game), 89–91
