<b><i>Introduction</i></b> .....	<b>1</b>
<b><i>Part I: Wireless Basics</i></b> .....	<b>7</b>
Chapter 1: Cutting the Network Cable .....	9
Chapter 2: Picking a Wireless Card .....	31
Chapter 3: Choosing Base Stationary .....	55
<b><i>Part II: Knitting a Network</i></b> .....	<b>81</b>
Chapter 4: Building the Basic Home Network .....	83
Chapter 5: Picking a Location . . . or Two . . . or More .....	119
Chapter 6: Networking Wirelessly Without a Base Station .....	155
<b><i>Part III: It's (Almost) Fun and Games</i></b> .....	<b>185</b>
Chapter 7: Streaming Music Wirelessly .....	187
Chapter 8: Saying Bonjour .....	217
Chapter 9: Entertaining Your Guests .....	245
<b><i>Part IV: Taking Care of Business</i></b> .....	<b>273</b>
Chapter 10: Fitting In at the Office .....	275
Chapter 11: Hitting the Road .....	307
<b><i>Part V: The Part of Tens</i></b> .....	<b>339</b>
Chapter 12: Ten Troubleshooting Tips .....	341
Chapter 13: Ten Wireless Security Measures .....	347
Chapter 14: Ten Obscure Facts about Wireless Technology .....	351
Chapter 15: Ten Web Resources for Wireless Networking .....	355
<b><i>Index</i></b> .....	<b>359</b>

# Table of Contents

<b><i>Introduction</i></b> .....	<b>1</b>
About This Book.....	1
How to Use This Book .....	2
What You're Not to Read.....	3
Foolish Assumptions .....	3
How This Book Is Organized.....	3
Part I: Wireless Basics.....	4
Part II: Knitting a Network.....	4
Part III: It's (Almost) All Fun and Games . . .	4
Part IV: Taking Care of Business.....	4
Part V: The Part of Tens.....	5
Bonus Material.....	5
Icons Used in This Book.....	5
Where to Go from Here.....	6
<b><i>Part 1: Wireless Basics</i></b> .....	<b>7</b>
<b>Chapter 1: Cutting the Network Cable</b> . . . . .	<b>9</b>
Arriving at the AirPort.....	10
Turning the AirPort on .....	10
Making a first connection.....	12
Choosing how to connect to AirPort networks .....	15
Assembling a Wireless Network.....	20
Getting the hardware .....	20
Plugging in.....	22
Touching base with the Internet .....	23
Deciding to Go Wireless .....	24
Weighing what you gain and lose .....	24
Avoiding show-stoppers .....	26
Seeing the AirPort from 10,000 Feet .....	27
Checking out a typical home AirPort network .....	28
Looking at a typical office network.....	29
Contemplating the big picture.....	30
<b>Chapter 2: Picking a Wireless Card</b> . . . . .	<b>31</b>
Installing an AirPort Card.....	32
Adding AirPort Extreme to Recent Macs .....	34
iMac G5.....	35
Later flat-panel iMac G4.....	36

Later eMac.....	37
Power Macintosh G5.....	38
Power Macintosh G4 with FireWire 800.....	39
Mac Mini.....	40
iBook G4.....	40
Aluminum PowerBook G4.....	41
Equipping Older Macs with AirPort Cards.....	43
iMac G3 with slot-loading optical drive.....	43
iMac G4 running at 800 MHz or slower.....	44
Earlier eMac.....	45
Power Macintosh G4.....	45
Power Macintosh G4 Cube.....	47
iBook G3 dual USB.....	47
Original iBook G3.....	47
Titanium PowerBook G4.....	49
PowerBook G3 with FireWire.....	51
Considering AirPort Card Alternatives.....	52
Picking a PC card wireless network adapter.....	52
Opting for a USB wireless network adapter.....	53

### **Chapter 3: Choosing Base Stationary ..... 55**

Stepping through a First-Time Setup.....	56
Arriving at the Extreme Station.....	64
Perusing the ports.....	67
Resetting the station.....	68
Reading the lights.....	69
Riding the Musical Express.....	70
Perusing the ports.....	72
Resetting the AirPort Express.....	74
Deciphering the status light.....	75
Tuning into the Oldie Stations.....	76
Gazing at Graphite.....	76
Seeing Snow.....	78
Picking Third-Party Stations.....	79

## ***Part II: Knitting a Network ..... 81***

### **Chapter 4: Building the Basic Home Network ..... 83**

Going Deep into AirPort Admin Utility.....	83
Opening the Admin Utility.....	84
Conquering the configuration controls.....	85
Connecting to the Internet.....	105
Dialing in with the built-in modem.....	105
Accessing America Online.....	107
Connecting with a DSL modem.....	109

Channeling the Internet with a cable modem.....110  
 Connecting to the Internet over a LAN.....112  
 Putting It All Together .....112  
     Configuring the base stations .....114  
     Connecting the network .....117

**Chapter 5: Picking a Location . . . or Two . . . or More . . . . .119**

Choosing a Channel .....119  
 Browsing your local airwaves .....121  
     Keeping channels separate .....124  
     Relaxing channel separation rules .....126  
 Placing the Base Station .....127  
     Mapping the location .....128  
     Seeing shadows .....132  
     Performing a site survey .....133  
     Avoiding interference.....136  
 Upping the Signal .....137  
     Adjusting antennas.....138  
     Using external antennas .....140  
     Adding antennas to older AirPort stations .....141  
 Assembling a Roaming Network.....141  
     Setting up base stations in a roaming network .....142  
     Building a roaming network with a DHCP-serving  
         base station .....144  
 Establishing a Wireless Distribution System .....146  
     Setting up a WDS with a new base station .....148  
     Configuring a WDS manually.....150

**Chapter 6: Networking Wirelessly Without a Base Station . . . . .155**

Making Your Mac into a Wireless Base Station .....156  
     Raising your firewall.....157  
     Wiring the connection .....159  
     Putting your ports in order .....160  
     Configuring the Internet connection.....162  
     Sharing the connection.....171  
 Working and Playing with Computer-to-Computer Networks .....174  
     Creating and using a computer-to-computer network .....175  
     Making a computer-to-computer network location .....180

***Part III: It's (Almost) Fun and Games..... 185***

**Chapter 7: Streaming Music Wirelessly . . . . .187**

Streaming Music with AirTunes .....187  
     Looking into AirTunes .....188  
     Setting up AirTunes.....190

Connecting the AirPort Express .....	193
Playing music with AirTunes .....	196
Controlling AirTunes remotely .....	199
Streaming Music Wirelessly Beyond AirTunes.....	203
Bypassing AirTunes with AirFoil .....	203
Using other wireless audio players .....	207
<b>Chapter 8: Saying Bonjour .....</b>	<b>217</b>
Communicating Locally.....	218
Taking a closer look at Bonjour .....	219
Using Bonjour on a mixed network.....	221
Networking in Plain Sight .....	227
Passing files around .....	227
Using iChat as an intercom .....	233
Publishing a local Web site .....	236
Collaborating with Bonjour.....	241
<b>Chapter 9: Entertaining Your Guests .....</b>	<b>245</b>
Sharing iTunes .....	246
Setting up music sharing .....	246
Using music sharing.....	248
Posting Your Photos .....	251
Showing Movies.....	255
Using QuickTime Player to play shared movies.....	255
Making a movie Web page .....	256
Gaming on Your AirPort Network .....	264
Playing locally .....	264
Joining Internet games.....	267
<b>Part IV: Taking Care of Business .....</b>	<b>273</b>
<b>Chapter 10: Fitting In at the Office .....</b>	<b>275</b>
Working with Network Administrators .....	276
Justifying your need for wireless Mac access .....	276
Getting the network information you need .....	278
Becoming secure .....	285
Getting Access .....	292
Establishing an 802.1X connection .....	292
Using a VPN connection .....	296
Collaborating with Co-Workers .....	300
Viewing a Windows network from a Mac .....	300
Sharing files with Windows users .....	302

**Chapter 11: Hitting the Road . . . . .307**

- Getting Ready to Go .....307
  - Packing your bags .....308
  - Planning your access .....311
- Communicating in Public .....312
  - Finding public hotspots .....313
  - Using public hotspots .....315
  - Appropriating bandwidth .....317
- Working in Your Room .....318
  - Connecting an Airport Express in your room .....318
  - Being secure on a foreign network .....323
- Taking Advantage of Portable Gadgets .....324
  - Lightening the load with a PDA .....324
  - Going online with your Bluetooth phone .....326

***Part V: The Part of Tens* .....339**

**Chapter 12: Ten Troubleshooting Tips . . . . .341**

- Preventing Problems .....341
  - Create a separate admin account .....341
  - Save your AirPort configuration .....342
- Diagnosing Problems .....342
  - Check your System logs .....342
  - Keep a trouble log .....343
  - Try another Mac .....343
- Solving Problems .....343
  - Check the cables .....343
  - Change the channel .....344
  - Get out of the car and get back in .....344
  - Check the antenna .....344
  - Reset the base station completely .....345

**Chapter 13: Ten Wireless Security Measures . . . . .347**

- Use the Strongest Feasible Wireless Security Setting .....347
- Turn Off Remote Management and Similar Options .....348
- Hide Your Network .....348
- Use Different Passwords for Administration and for Joining .....348
- Consider a Members-Only Policy .....349
- Turn Your Base Station Off .....349
- Turn Off File Sharing .....349
- Raise Your Firewall .....349
- Keep Your Keychain Locked .....350
- Strengthen your passwords .....350

**Chapter 14: Ten Obscure Facts about Wireless Technology . . . . .351**

You'd Go Blind .....	351
Marco! Polo! .....	351
But I Thought They Drank a Lot of Coffee There .....	352
And It Includes a Mint on the Pillow .....	352
No Thanks, I'd Rather Walk.....	352
I'd Like To Buy Another Vowel .....	352
Pretty Fast for a Preteen.....	352
What Have You Done for Me Lately?.....	353
Not to be Confused with Hedley Lamarr in Blazing Saddles .....	353
Can You Hear Me Now? .....	353

**Chapter 15: Ten Web Resources for Wireless Networking . . . . .355**

Configurations and Cards .....	355
Apple.com .....	355
Non-Apple sources of configuration information.....	356
News and Articles .....	357
Facts, Tips, and Downloads .....	357

***Index*.....359**
