Preface	vii
Editors	ix
Section 1 History and Heritage	
Introduction by P Lefèbvre	1
1. Galegine and antidiabetic plants	3
2. Discovery of metformin	11
3. Introduction of metformin into clinical practice: the French innovation	17
4. Metformin: a chemical perspective	23
5. Pharmaceutical development of metformin	29
Section 2 Efficacy	
Introduction by R A DeFronzo	37
6. Defining the clinical utility of metformin: reflections from Scotland	39
7. Metformin in combination	45
8. Metformin in children and adolescents with type 2 diabetes	59
9. Dose-related antihyperglycaemic efficacy of metformin	69
10. Understanding the glucose-lowering actions of metformin	77
11. Focus on metformin and body weight	89
12. Insights into the effects of metformin on the lipid profile	101
Section 3 Cardiovascular Benefits	
Introduction by R Holman	115
13. Metformin and cardiovascular protection: lessons from the UK Prospective Diabetes Study	117
14. Survival benefits of metformin in high-risk populations	125
15. Mechanisms of vascular protection with metformin	135
Section 4 Health Outcomes	
Introduction by C-Y Pan	153
16. Defining the health economic benefits of metformin	155
17. Impact of metformin on quality of life	165

Section 5 Safety

Introduction by N Hotta	171
18. Tolerability of metformin	173
19. Measures to improve the gastrointestinal tolerability of metformin	179
20. Defining the risk of lactic acidosis	185
21. Defining patient populations not indicated for metformin	193

Section 6 Guidelines

Introduction by D J Chisholm	199
22. The role of metformin in setting treatment standards within management guidelines	201

Section 7 Future Indications

Introduction by J J Gagliardino	211
23. The potential of metformin for diabetes prevention	213
24. The role of metformin in polycystic ovary syndrome and infertility	223
25. Potential of metformin in the management of insulin-resistant states	233
26. The potential of metformin for the treatment of neoplastic disease	245
27. Future role of metformin in healthcare therapy	253

Section 8 The Metformin 50-Year Roll of Honour **257**

Index **282**
