Tables, Figure, and Exhibit	ix
Preface	xi
Acknowledgments	xiii
The Authors	xv

PART ONE

INTRODUCING COMMUNITY-BASED INTERVENTIONS	1
1 IMPROVING HEALTH IN COMMUNITY SETTINGS	3
Defining Community	4
Ecological Theory and Levels of Prevention	5
2 A BRIEF HISTORY OF COMMUNITY-BASED HEALTH INTERVENTIONS	
DIANA SILVER	11
Community-Based Health Interventions: An Instrument for Change	12
Early Community-Based Health Interventions	15
Assessing the Evidence from Early Community-Based Health Interventions	18
The Evolution of Community-Based Health Interventions	19
3 ETHICAL ISSUES IN COMMUNITY INTERVENTIONS	25
The Integration of Ethics into Public Health Practice	26
Institutional Review Boards	28
Vulnerable Populations	29
Permission and Consent	30
Protection for Research Participants	33
Ensuring Research Quality	34
Maintaining the Integrity of Research	35

4	LEVELS AND TYPES OF COMMUNITY-BASED INTERVENTIONS	39
	An Ecological Focus on Types of Prevention	40
	Selecting a Goal for the Intervention	42
	Examples of Interventions at Different Levels of Prevention	45

PART TWO

	DEVELOPING THE INTERVENTION	51
5	A FRAMEWORK FOR DESIGNING COMMUNITY-BASED INTERVENTIONS	53
	Theoretical Guidance for Health Interventions	54
	Examples of Theories Used at the Four Ecological Levels	56
6	COLLECTING AND MANAGING DATA	65
	Data: A Crucial Component of Research	66
	Collecting Quantitative Data	67
	Collecting Qualitative Data	73
	After Data Collection	75

PART THREE

	WORKING THROUGH THE INTERVENTION	81
7	ASSESSING COMMUNITY NEEDS	83
	Basic Components of a Community Assessment	84
	Strengthening Your Findings	87
8	PLANNING A COMMUNITY-BASED INTERVENTION	95
	Intervention Content and Format	96
	A Logic Model as an Organizing Strategy	101
	A Fictional Community Assessment: Adolescent Tobacco Use	104
9	IMPLEMENTING A COMMUNITY-BASED INTERVENTION	115
	Implementation at the Four Ecological Levels	116
	Interventions at the Community or Policy Level	123

10	EVALUATING A COMMUNITY-BASED INTERVENTION	127
	Reasons for Evaluation	128
	Preparing for an Evaluation	130
	Designing the Evaluation	130
	Flexibility: An Essential Skill in Evaluation	135

PART FOUR

LEARNING FROM THE PAST AND ADAPTING TO THE FUTURE

		137
11	FUNDING AND SUSTAINABILITY	139
	Financing Community-Based Health Interventions	140
	Components of the Proposal for Funding	143
	Components of the Budget	150
	Continuing and Sustaining an Intervention	155
12	IMPLEMENTATION PITFALLS	157
	Things Happen	158
13	THE FUTURE OF COMMUNITY-BASED HEALTH INTERVENTIONS	165
	Adapting Methods of Intervention to Twenty-First-Century Communities	166
	A Challenge and an Opportunity for Public Health Practitioners	169
	A Limitation of the New Technologies	173
14	COMMUNITY-BASED HEALTH INTERVENTIONS IN PRACTICE	177
	Arthritis	178
	Asthma	179
	Adult Vaccinations	181
	Alcohol Use	182
	Cardiovascular Disease	183
	Childhood Vaccinations	184

viii Contents

Injuries from Motor Vehicle Accidents	185
Sexual Assault and Relationship Violence	186
Smoking	187
GLOSSARY	191
REFERENCES	203
INDEX	211

TABLES, FIGURE, AND EXHIBIT

TABLES

1.1	Examples of community-based interventions by levels of prevention	8
4.1	Health problem #1: adults and type 2 diabetes	43
4.2	Health problem #2: preventing asthma attacks among children	44
5.1	Key constructs and intervention activities	55
5.2	Six key concepts of social cognitive theory	57
8.1	Components of a logic model	103
8.2	Group-level domain	107
8.3	Organization-level domain	109
8.4	Community-level domain	110
8.5	Policy-level domain	112
9.1	Interventions to decrease obesity at four ecological levels	116
9.2	One-year implementation timeline	117
9.3	Content and schedule for dance class	119
9.4	Staff training schedule	120
10.1	Sample evaluation timeline	131
11.1	Example of budget justification for HIV prevention intervention: twelve-month period	152

FIGURE

5.1	The advocacy coalition framework	62
------------	----------------------------------	----

EXHIBIT

6.1	Sample survey with data entry codes	76
------------	-------------------------------------	----
