## Part I Understanding Your Camera

---

**Chapter 1 The Differences between Digital and Film Photography . . . . . 3**  
Why Film? . . . . . 3  
Why Digital? . . . . . 5  
All Cameras Are Alike . . . . . 7  
How a Film Camera Works . . . . . 9  
    Film . . . . . 9  
    No Film Is Color Film . . . . . 11  
Digital Cameras Are Similar to Film . . . . . but Different . . . . . 12  
    Image Sensors . . . . . 13  
    ADC and Your Digital Camera's Bit Depth . . . . . 23  
    What Happens to All Those Data Bits? . . . . . 24  
    A Computer in Your Camera . . . . . 25  
    Summary . . . . . 26

**Chapter 2 Choosing the Best Digital Camera for You . . . . . 29**  
Assessing Your Photographic Personality . . . . . 30  
What Your Answers Say about the Best Digital Camera for You . . . . . 32  
Recognizing the Different Types of Cameras . . . . . 33  
    Point-and-Shoot . . . . . 34  
    Intermediate Consumer . . . . . 36  
    Advanced Amateur . . . . . 38  
    Prosumer . . . . . 38  
    Semiprofessional . . . . . 39  
    Professional . . . . . 40  
    Supercheap, Hybrid, Novelty, and Oddball Digital Cameras . . . . . 42  
A Perfect Fit . . . . . 43  
How Many Megapixels Do I Need? . . . . . 46  
"Killer App" Features . . . . . 46  
Where and How to Buy Your Digital Camera . . . . . 48  
    Paying for Your Digital Camera . . . . . 50  
    Check That Warranty . . . . . 51  
    Summary . . . . . 52

**Chapter 3 Getting to Know Your Digital Camera . . . . . 53**  
Taking Your First Shot . . . . . 53

**xii** Contents

---

	Prepping Your Camera . . . . .	53
	Turning on Your Camera . . . . .	55
	Quick Setup . . . . .	56
	Taking a Shot . . . . .	57
	Pressing the Shutter Button . . . . .	59
	Reviewing Your Pictures . . . . .	60
	A Profusion of Controls . . . . .	62
	Menus on LCD Viewfinder . . . . .	62
	Control Panel . . . . .	62
	Analog Controls . . . . .	62
	Sensors, Status Lights, and Ports . . . . .	65
	Sensor Windows . . . . .	65
	Status Lights . . . . .	67
	Ports . . . . .	67
	Summary . . . . .	70
<b>Chapter 4</b>	<b>Necessities and Niceties . . . . .</b>	<b>71</b>
	Necessities . . . . .	71
	A Computer . . . . .	71
	Memory Cards . . . . .	72
	Batteries and Other Power-Related Accessories . . . . .	74
	Memory Card Readers . . . . .	75
	Niceties . . . . .	77
	Lens Shade . . . . .	77
	LCD Viewfinder Hood . . . . .	78
	Key Drives . . . . .	78
	Printers and Consumables . . . . .	78
	Camera Bags . . . . .	79
	Auxiliary Lenses . . . . .	79
	Filters . . . . .	80
	External Storage Devices and Viewers . . . . .	81
	Remote Controls . . . . .	83
	Tripods, Monopods, and Minipods . . . . .	83
	Underwater Housings . . . . .	84
	Extended Warranties . . . . .	84
	Summary . . . . .	85

**Part II**      **Photography: The Play of Light and Color on  
the Human Imagination**

---

<b>Chapter 5</b>	<b>Understanding File Formats . . . . .</b>	<b>89</b>
	Why Does It Matter What File Format I Use? . . . . .	89
	An Alphabet Soup of Acronyms . . . . .	90
	JPEG . . . . .	90
	TIFF . . . . .	94
	RAW . . . . .	96

	Getting Your Photo from a RAW File . . . . .	96
	Other Imaging File Formats . . . . .	103
	Metadata: File Information That Can Make You a Better Photographer . . . . .	103
	Learning from the EXIF Metadata of a Single Photograph . . . . .	104
	EXIF Isn't the Only Game in Town . . . . .	105
	Summary . . . . .	106
<b>Chapter 6</b>	<b>Understanding Exposure . . . . .</b>	<b>109</b>
	Working with Shutter Speeds and <i>f</i> -stops . . . . .	109
	<i>f</i> -stops and Depth of Field . . . . .	112
	Shutter Speeds . . . . .	114
	Shutter Speeds and <i>f</i> -Stops: a Balancing Act . . . . .	116
	Determining the Correct Exposure . . . . .	119
	Locking Down Good Exposure Readings . . . . .	121
	Using Your Camera's Exposure Controls . . . . .	122
	Finessing Exposure . . . . .	123
	Program Modes . . . . .	126
	Summary . . . . .	128
<b>Chapter 7</b>	<b>Focus . . . . .</b>	<b>129</b>
	What Is Focus . . . Really? . . . . .	129
	How Focus Works . . . . .	129
	Hard, Soft, and Other Types of Focus . . . . .	130
	Using Your Digital Camera's Focus Controls . . . . .	131
	Autofocus . . . . .	133
	Macros and Close-Ups . . . . .	135
	Other Autofocus Modes . . . . .	136
	Program Focus . . . . .	138
	Manual Focus . . . . .	138
	AF Assist . . . . .	139
	Summary . . . . .	140
<b>Chapter 8</b>	<b>Using Your Camera's Color Controls . . . . .</b>	<b>141</b>
	The Different Colors of Light . . . . .	141
	What Is White Balance and How Does It Work? . . . . .	143
	Choosing When and How to Use Your Camera's White Balance Settings . . . . .	144
	Changing Your White Balance Settings . . . . .	145
	Auto White Balance . . . . .	145
	White Balance Presets . . . . .	146
	Manual White Balance . . . . .	147
	Selecting Specific Color Temperatures . . . . .	147
	Using Your Camera's Other Color Controls . . . . .	149
	The Indefinable Essence of Color . . . . .	149
	RGB . . . . .	150
	Color Modes to Change Your Mood . . . . .	151
	Summary . . . . .	159

**xiv** Contents

<b>Chapter 9</b>	<b>Controlling and Adding Light . . . . .</b>	<b>161</b>
	Learning to Read Available Light . . . . .	161
	Different Qualities of Available Light . . . . .	162
	The Color of Light: An Emotional Tool . . . . .	163
	Reading Histograms . . . . .	163
	Exposure Controls . . . . .	164
	Don't Light It, Reflect It . . . . .	165
	Your Digital Camera's Built-In Flash . . . . .	166
	Choosing the Right Setting for Your Flash . . . . .	168
	Flash Intensity Mode . . . . .	171
	Using Auxiliary Strobes . . . . .	172
	TTL Strobes . . . . .	173
	Slaves . . . . .	174
	Professional Studio Lights . . . . .	175
	Summary . . . . .	177
<b>Chapter 10</b>	<b>Recording Video and Audio with Your Digital Camera . . . . .</b>	<b>179</b>
	Can My Digital Camera Replace My Camcorder? . . . . .	180
	How Your Digital Camera Differs from Your Camcorder . . . . .	181
	Choosing Your Digital Camera According to Its Video Capability . . . . .	183
	Optional Accessories That Will Improve Your Videos . . . . .	184
	Large Capacity, High-Performance Memory Cards to Save your Videos . . . . .	185
	Spare Battery Because you Won't Want to Stop Shooting . . . . .	185
	USB 2.0 Card Reader for Transferring Video to your Camera . . . . .	185
	A Tripod for Keeping Everything Steady . . . . .	186
	A Lens Shade . . . . .	186
	Video Light and Bracket . . . . .	186
	But you Probably Don't Need Additional Video Software . . . . .	186
	Before You Start Shooting Your Video . . . . .	187
	Shooting Videos . . . . .	188
	Tips for Capturing Good Video . . . . .	189
	Recording and Playing Audio . . . . .	190
	Using Your Camera as a Voice Recorder . . . . .	190
	Recording Your Notes about Your Photos . . . . .	191
	Music from Your Digital Camera . . . . .	191
	Summary . . . . .	192
<b>Chapter 11</b>	<b>Digital Photography Tips and Tricks . . . . .</b>	<b>193</b>
	Shooting on the Fly . . . . .	193
	Making the Shoot Last Longer . . . . .	195
	Keeping Your Camera Steady . . . . .	196
	Exposure . . . . .	197
	How to Protect and Clean Your Camera . . . . .	198
	In-Camera File Management . . . . .	199
	Summary . . . . .	199
