Chapter 19: Ten Opportunities for Community Fun .....	319
Chapter 20: Ten Misconceptions about Farm Living .....	327
<b><i>Part VII: Appendixes</i></b> .....	<b>333</b>
Appendix A: Helpful Resources .....	335
Appendix B: Glossary .....	343
<b><i>Index</i></b> .....	<b>351</b>

# Table of Contents

.....

<b><i>Introduction</i></b> .....	<b>1</b>
About This Book.....	1
Conventions Used in This Book .....	2
What You're Not to Read.....	3
Foolish Assumptions .....	3
How This Book Is Organized.....	3
Part I: Hobby Farms 101 .....	4
Part II: Down on the Farm: Getting Your Property in Order.....	4
Part III: Calling In the Critters: What's a Farm without Animals? .....	4
Part IV: Choosing and Growing Plants and Crops .....	4
Part V: Using the Fruits of Your Labor .....	4
Part VI: The Part of Tens .....	5
Part VII: Appendixes.....	5
Icons Used in This Book.....	5
Where to Go from Here.....	6
<b><i>Part I: Hobby Farms 101</i></b> .....	<b>7</b>
<b>Chapter 1: Heading for the Country</b> .....	<b>9</b>
Analyzing the Lifestyle .....	10
Looking at some drawbacks .....	10
Looking at a few rural benefits .....	11
Envisioning Your Farm .....	11
Size matters: Comparing a small hobby farm to a for-profit operation.....	11
Choosing your venture: What you want to do with your farm.....	12
Considering a location for your farm.....	15
Preparing to Take the Rural Plunge .....	16
Getting your feet wet .....	16
Looking up local laws .....	17
<b>Chapter 2: Before Taking the Plunge: Is This the Life for You?</b> .....	<b>19</b>
Knowing What Draws You to the Country .....	19
Returning to rural roots.....	20
Going green (acres): Independent or sustainable lifestyles .....	20
Trying something new .....	20
Making some money .....	21
A slower pace: Entering a new kind of rat race .....	21
Raising responsible kids.....	22

Considering Practical Issues before Getting a Hobby Farm .....	23
Early to bed, early to rise: Doing a day's work .....	23
Getting out and about .....	24
Staying healthy .....	25
Looking at differences in gas and electricity .....	26
Dealing with bad weather .....	27
Being smart about the money .....	27
Things You Probably Don't Have Now but Need in the Country .....	29
A well .....	29
A septic system .....	30
A propane tank (or other alternative fuel system) .....	31
A generator .....	31
A new way of taking out the trash .....	32
Firearms .....	32
<b>Chapter 3: Finding Your Place in the Sun .....</b>	<b>33</b>
Establishing and Sticking to a Budget .....	33
Deciding Where in the World to Settle .....	34
Amount of Acreage: Deciding How Wide You Want Your Spaces to Be .....	35
For growing various crops .....	35
For keeping animals .....	36
Examining the Property and Its Location .....	37
Proximity to towns, schools, stores, and neighbors .....	38
Water sources .....	38
Drainage .....	39
Roadways and access .....	39
Boundaries and fences .....	39
Amenities for crops and animals .....	40
Communication technology .....	40
Local rules and regulations .....	41
Buying the Farm: A Place with Existing Accommodations .....	44
Starting from Scratch: Planning Your Own Structures .....	45
Dealing with permits and zoning limitations .....	46
Getting the almighty Certificate of Occupancy (C.O.) .....	47
<b>Chapter 4: Getting Along with Your Neighbors .....</b>	<b>49</b>
Opening the Lines of Communication .....	49
Appreciating the Community as It Is .....	50
First arrivals: Accepting what's already there .....	52
Everybody else is doing it: Acknowledging grandfathered-in implications .....	52
Objections to Certain Farms . . . or What's on Them .....	53
Turning up the volume .....	53
Raising a stink .....	55
Ratcheting up the danger .....	56
Lighting up the sky (and your neighbor's house) .....	58

Handling Land Issues.....58  
     Keeping the trees.....58  
     Allowing access .....59  
 Dealing with the Local Wildlife.....59  
     ID-ing the usual suspects.....60  
     Adhering to wildlife-protection laws.....60  
     Looking for creative (and harmless) pest control .....61  
     Keeping local wildlife and exotics on your farm .....62

***Part II: Down on the Farm: Getting Your Property in Order.....63***

**Chapter 5: Getting Out of the House: Outbuildings and Enclosures .....65**

Raising Barns .....65  
     Traditional structures.....66  
     Post-frame construction: Pole barns .....66  
     Lean-tos .....67  
     Quonset huts.....68  
 Choosing Animal Enclosures .....68  
     Going predator-proof: Small animal enclosures .....68  
     Braving the elements: Medium- to large-animal considerations ....70  
     Providing horse housing .....72  
 Storing Food and Water.....73  
     Hay storage facilities.....73  
     Grain bins .....74  
     Water tanks.....74  
 Storing Equipment .....74  
 Sheltering Plants in Greenhouses .....75  
 Going Underground with Cellars.....75  
     Staying sheltered from the storm.....76  
     Keeping cool with fruit or root cellars .....76

**Chapter 6: Gearing Up with the Right Tools, Clothes, and Equipment .....77**

Selecting the Right Stuff .....77  
     Buying or renting.....77  
     Choosing quality.....78  
     Getting advice and trying items before you buy.....78  
 Loading Up on Basic Tools You Can Hold .....79  
     Building a handyman kit for all-purpose maintenance.....79  
     Screws, nails, ropes, and other fasteners.....82  
     Tools for electrical work.....83  
     Hot tools for metalwork and plumbing .....84

Surveying Plant and Animal Care Tools .....	84
Essential multipurpose tools for the yard and barn.....	85
Handy tools for gardens and orchards .....	86
Tools for animal care .....	88
Powering Up with Bigger Tools for Bigger Jobs .....	90
Yard and garden machines .....	91
Generators.....	92
Maintenance and cleaning devices .....	92
More helpful farm tools .....	93
Moving Out with Tools You Can Drive or Pull .....	94
Vehicles.....	94
Vehicle attachments.....	96
Getting New Duds: Tools You Wear.....	97
Dressing for the occasion.....	97
Covering your feet, hands, and head.....	97
Choosing Tools for First Aid and Safety .....	99
Preventing accidents and injuries.....	99
Handling injuries .....	99

**Chapter 7: Saving, Using, and Making Power on the Farm . . . . .101**

Reducing Your Energy Needs.....	101
The Powers That Be: Relying on Traditional Sources .....	102
Electricity .....	102
Natural gas .....	103
Propane.....	103
Wood-burning and pellet stoves.....	106
Other less-efficient options .....	106
Generating Your Own Power .....	107
Catching some rays with solar power .....	107
Getting down to earth with geothermal energy .....	109
Cow power! Using biomass/methane gas.....	110
Capturing water energy .....	111
Harnessing the wind .....	112
Biodiesel: Brewing your own fuel.....	113

**Chapter 8: Managing and Accessing  
Your Land and Natural Resources . . . . .115**

Getting Your Feet Wet in Water Management .....	116
Considering water sources.....	116
Irrigation: Getting water where it's needed .....	121
Making sure your water is okay.....	123
Accessing All Your Land.....	123
Maintaining gravel roads and driveways .....	124
Clearing land .....	125
Ensuring proper drainage.....	127
Creating and Using Natural Barriers.....	127
Trees, shrubs, and grasses.....	127
Rocks, dirt, and hills .....	128
Critter moats: Ravines, rivers, and streams .....	128

Grassy Smorgasbords: Managing Pastures .....129  
 Erosion Management: Treating Your Soil Like Pay Dirt.....130  
     In the pastures .....130  
     Under the crops .....131  
     Around hillsides, water, and dirt roads .....132

***Part III: Calling In the Critters: What's a Farm without Animals? ..... 133***

**Chapter 9: What Kinds of Critters Should You Get? .....135**

Patrolling Your Borders: Animals to Help You Keep the Peace.....136  
     Keeping guard with dogs .....136  
     Controlling rodents with barn cats .....137  
     Raising the alarm with peacocks, guinea fowls,  
         and other protective animals .....138  
 Meeting the Common Farm Animals .....139  
     Cattle .....139  
     Horses, ponies, donkeys, and mules.....141  
     Swine .....142  
     Sheep.....143  
     Goats .....144  
     Rabbits .....145  
 Small and Medium Birds: Fancying Fine, Feathered Farm Friends .....146  
     Chickens .....146  
     Turkeys .....148  
     Ducks and geese .....148  
     Game birds .....149  
 Llamas and Alpacas: Spinning Out Info on Camelids .....149  
     Raising fiber animals .....150  
     Deciding on llamas or alpacas .....151  
     Working around camelid temperament .....154  
 Raising Things that Buzz, Squirm, and Swim .....156  
     Honeybees: Getting the buzz on apiculture.....156  
     Fish: Testing the waters with aquaculture .....157  
     Earthworms: Breaking ground with vermiculture.....158  
 Entering New Frontiers with Exotics and Large Game Animals .....158  
     Big birds: Ostriches and emus.....159  
     Lean meat on the range: Buffalo and yaks .....160  
     Venison: Domestic deer and antelope .....162  
     Wooly bully: Musk oxen.....162  
     Exotics just for the fun of it.....163

**Chapter 10: Acquiring Animals for Your Farm .....165**

Clarifying What You Want .....165  
     Understanding required care and resources .....166  
     Choosing a breed.....166

Considering age .....	167
Looking at gender and fertility .....	167
Deciding how many you want.....	168
Timing Your Acquisitions and Deciding on Distance .....	168
Knowing the right time and season to buy .....	168
Going local or out of state .....	170
Evaluating Sellers and Animals .....	171
Looking for credible sellers.....	171
Judging individual animals.....	171
To the Market! Finding an Animal Source .....	172
Consulting your friends and neighbors .....	173
Seeking out reputable breeders.....	173
Finding animals in the classifieds .....	173
Visiting county and state fairs .....	174
Adopting from a rescue group .....	174
Bidding on animals at auctions .....	175
<b>Chapter 11: Caring for and Feeding Your Animals .....</b>	<b>177</b>
Taking Care of Basic Hygiene.....	177
Cleaning house: Maintaining the living area .....	178
The beastly barber shop: Bathing and grooming.....	179
Letting them romp.....	181
Feeding Your Animals Right.....	181
Storing feed properly .....	182
Finding the right diet .....	182
Providing a Continuous Source of Clean Water.....	186
Considering common sources .....	186
Using automatic waterers .....	189
Estimating water needs .....	189
Preventing freezes .....	189
Keeping Your Animals Safe .....	190
Reviewing Behavioral Considerations.....	191
Keeping your critters from thinking you're one of them .....	191
Dealing with social problems.....	193
Training animals for human interaction.....	194
<b>Chapter 12: Critter Care: Providing Medical Attention for Your Animals .....</b>	<b>197</b>
Putting Together Your Animal First Aid Kit .....	198
Including creams, antiseptics, sprays, and meds .....	198
Gathering basic equipment.....	199
An Ounce of Prevention: Scheduling Vaccinations .....	201
Knowing the basic vaccines .....	201
Consulting your vet for immunizations .....	202
Deciding to do the vaccinations yourself.....	203
Responding When Your Animals Are Sick or Hurt .....	203
Watching for signs of sickness.....	203
Wearing the doctor's cap: What you can do .....	204
Determining when you need a vet.....	208

Bracing Yourself for Birthing Season.....	209
Predicting due dates .....	209
Preparing for a birth .....	210
Following up on a normal birth .....	211
Handling difficulties before and after birth .....	212
Deciding to give one up .....	214

## ***Part IV: Choosing and Growing Plants and Crops .....215***

### **Chapter 13: Deciding What and How Much of It to Grow ..... 217**

Deciding How Much to Grow .....	217
Supplementing your grocery needs and sharing with friends .....	218
Selling at the market .....	218
Going all the way to a subsistence-level operation .....	219
Garden Variety: Choosing Plant Types .....	220
Selecting plant characteristics .....	220
Choosing special varieties .....	221
Deciding Where and When to Plant .....	222
Checking factors for good growth.....	222
Planting according to season.....	222
Rotating crops.....	224
Succeeding with Vegetables.....	224
Squashes.....	225
Legumes, the nitrogen-fixers.....	226
Tomatoes and peppers: The not-so-deadly nightshades .....	228
Corn on the stalk .....	230
Leaf crops and cruciferous veggies.....	230
Root crops and tubers .....	232
Stem crops.....	234
Planting Other Small-Scale Crops for Food and Profit.....	235
Letting business bloom with flower gardens.....	235
Aiming higher with fruit- and nut-bearing trees .....	236
Growing berries and grapes: Fruit bushes and vines .....	237
Growing Herbs for and in the Kitchen.....	238

### **Chapter 14: Getting Those Plants Started ..... 241**

Planning Out Your Planting Space .....	241
Making Sure You Have Good Soil .....	242
Having your soil tested.....	242
Tilling (or otherwise digging up the soil).....	243
Minerals for vegetables: Fertilizing .....	243
Adding a little sunblock and insulation: Much ado about mulch .....	246
Composting 101 .....	247
Setting up a bacterial smorgasbord .....	247
Knowing what you can compost .....	249
Creating leaf mold, pure composting gold .....	250

Barring Intruders: Getting Weeds and Pests Out of Your Garden .....	251
Managing weeds .....	251
Guarding against wildlife and insect pests .....	252
Going Natural with Organic Farming .....	254
Getting Inside Info on Greenhouses .....	255
Setting up a glass (or plastic) house.....	256
Enjoying that southern exposure: Using your greenhouse.....	257

## ***Part V: Using the Fruits of Your Labor* .....259**

### **Chapter 15: Preserving and Using Food Items .....261**

The Cellar: Getting to the Roots of Short-Term Storage .....	261
Using a root cellar: The underground basics.....	262
Storing specific foods in the root cellar .....	262
Preserving Foods for Long-Term Storage .....	264
Canning — the jarring effect .....	264
Making jams, jellies, preserves, and marmalades .....	265
Fermenting and pickling .....	266
Drying .....	267
Freezing.....	268
Selling What You Don't Keep .....	269
Participating in farmer's markets.....	269
Selling to local stores and restaurants .....	270
Manning roadside stands .....	270
Setting up a U-pick operation .....	271
Creating New Treats from Homegrown Goodies .....	272
Milking the dairy recipes.....	272
Making forays into fruit territory .....	277
Eating all your veggies.....	277

### **Chapter 16: Where's the Beef? From Hoof to Table .....281**

Hiring a Reputable Meat Cutter.....	281
Letting your fingers (and feet) do the walking .....	282
Meeting your meat cutter face to face.....	283
Doing a trial run.....	284
Selling the Whole Animal .....	284
Preserving and Flavoring the Meat.....	285
Smoking .....	286
Curing.....	286

### **Chapter 17: Preparing Fiber and Making Crafty Goods .....287**

Shear Brilliance: Collecting and Processing Fiber .....	287
Shave and a haircut: Getting the fiber off your critters.....	288
Processing the fiber .....	291

Doing Stuff with Processed Fiber .....295  
     Dyeing in the wool.....295  
     Spinning and using yarn .....296  
     Locking the fibers with felting .....299  
     Using up all the fiber leftovers .....303  
 Making Creative Stuff without Fiber .....304  
     Pressing flowers.....304  
     Using up twigs, leaves, and branches.....305  
     Making candles and soap .....306

**Chapter 18: Dealing with the Less Desirable Stuff .....307**

Treating Animal Byproducts as Products .....307  
     Dealing with manure when it’s getting deep.....308  
     Methane gas: When flatulence isn’t a problem.....310  
     Disposing of carcasses.....311  
 Handling Plant Byproducts .....312  
     Branching out in your use of trees and tree parts .....312  
     Fielding corn byproducts .....313  
     Dealing with weeds .....313  
 Managing Oils, Chemicals, Metals, and Other Waste Materials .....314  
     Recycling oils and tires.....314  
     Disposing of nonrecyclable products .....314

***Part VI: The Part of Tens.....317***

**Chapter 19: Ten Opportunities for Community Fun .....319**

Participate in County Fairs .....319  
 Sell at Farmer’s Markets .....320  
 Get Trained as a Master Gardener .....320  
 Give Lectures and Presentations .....321  
 Set Up a Farm Tour .....321  
 Create a Petting Farm .....323  
 Enter Parades .....324  
 Set Your Sights on the Small-Town Social Scene .....324  
 Attend or Participate in Festivals .....325  
 Experiment with Home-Grown Entertainment Opportunities.....326

**Chapter 20: Ten Misconceptions about Farm Living .....327**

Country Life Is Living in the Dark Ages .....327  
 You’ll Miss Out on Cultural Activities.....328  
 You’ll Lose a Sense of Community .....328  
 You Have to Work from Sunup to Sundown.....329  
 The Air Always Smells Bad .....329

People Will Call You a Hick .....	330
You'll Be Safe from Crime .....	331
It'll Be Very Quiet .....	331
You (Fresh from the City) Are Smarter Than Your Country Neighbors	332
You Can Treat Local Wildlife Like Pets .....	332
<b>Part VII: Appendixes.....</b>	<b>333</b>
<b>Appendix A: Helpful Resources .....</b>	<b>335</b>
Books .....	335
Houses, structures, and features.....	335
Animal care .....	336
Gardening and crops.....	336
Enjoying and selling the fruits of your labor .....	337
Magazines.....	337
Web Sites .....	338
General.....	338
Equipment and supplies .....	339
Alternative power, the buy-local movement, and the environment .....	339
Animals and animal feed .....	340
Plants and pest control.....	340
Enjoying the fruits of your labors .....	341
Natural disasters and damage .....	341
Organizations.....	342
<b>Appendix B: Glossary .....</b>	<b>343</b>
<b>Index.....</b>	<b>351</b>
