

Contents

Preface | xv

About the Author | xix

Acknowledgments | xix

Chapter 1

Introduction | 1

1.1 Global Engineers and Constructors | 2

1.2 Engineering and Construction Global Ambassadors | 7

1.3 Global Risks to Engineers and Constructors | 8

1.4 Organization of This Book | 8

1.5 Summary | 10

Chapter 2

The Concept of Culture and Global Issues
Important to Engineers and
Constructors | 11

2.1 Introduction | 11

2.2 Sources of Information | 12

2.3 Language and Translation Considerations for Design | 15

2.4 Design Criteria for Different Cultures | 21

2.5 Cultural Issues That Affect Engineers and Constructors | 27

2.6 Suggestions for Adapting to Foreign Cultures | 29

2.7 Economics | 33

2.8 Politics | 34

2.9 Summary | 34

Discussion Questions | 34

References | 35

Chapter 3 Managing Global Engineering and Construction Projects | 36

- 3.1 Introduction | 36
- 3.2 Management Functions and Project Objectives | 37
- 3.3 Three-Dimensional Project-Objective Model (POM) | 39
- 3.4 Hierarchy of Objectives | 44
- 3.5 Determining Objectives | 45
- 3.6 Managing Projects in Foreign Countries | 48
- 3.7 Characteristics of Global Project Managers | 49
- 3.8 Calendars and Time Considerations | 52
- 3.9 Technology Considerations | 54
- 3.10 Estimating | 57
- 3.11 Scheduling | 58
- 3.12 Permits and Codes | 58
- 3.13 Construction Safety Issues | 59
- 3.14 Construction Failures and Investigation Techniques | 68
- 3.15 Case Study: Indonesia | 73
- 3.16 Summary | 73
 - Discussion Questions | 74
 - References | 76

Chapter 4 Global Competitiveness in the Engineering and Construction Industry | 77

- 4.1 Introduction | 77
- 4.2 Definition of Competitiveness | 77
- 4.3 Competitiveness Issues | 78
- 4.4 Competitive Forces in the 1980s | 81
- 4.5 Changes in the E&C Industry Structure in the 1990s | 83
- 4.6 Forces Driving Competition in the Twenty-First Century | 85
- 4.7 Changes in the E&C Industry in the Twenty-First Century | 89

- 4.8 The Changing Nature of E&C Industry Competition | 93
- 4.9 Summary | 99
 - Discussion Questions | 100
 - References | 101

Chapter 5

Global Engineering and Construction Alliances | 103

- 5.1 Introduction | 103
- 5.2 Multinational Contractors | 103
- 5.3 The Global Dimension | 106
- 5.4 Risks in Global Investment | 108
- 5.5 Project Financing | 110
- 5.6 Privatization | 110
- 5.7 Build-Own-Transfer (BOT) | 115
- 5.8 Joint Ventures and Partnerships | 117
- 5.9 Summary | 118
 - Discussion Questions | 119
 - References | 119

Chapter 6

Global Construction Financial Techniques | 121

- 6.1 Introduction | 121
- 6.2 Countertrade | 122
- 6.3 Cofinancing with the World Bank | 123
- 6.4 Project Financing | 125
- 6.5 Global Payment Methods | 129
- 6.6 Bills of Lading, Commercial Invoices, and Consular Invoices | 132
- 6.7 The U.S. Export-Import Bank and Private Export Funding Agencies | 132
- 6.8 Summary | 133

Discussion Questions | 134
References | 134

Chapter 7 Global Legal Issues for Engineers and Constructors | 136

7.1 Introduction | 136
7.2 International Conventions | 136
7.3 Regional Legal Issues | 137
7.4 International Contracts | 139
7.5 Claims and Change Orders | 146
7.6 Dispute-Resolution Techniques | 150
7.7 International Arbitration | 152
7.8 Anticorruption Legislation | 155
7.9 Kidnapping and Ransom Insurance | 155
7.10 Changing Governments | 156
7.11 Liability Issues | 156
7.12 Summary | 159
 Discussion Questions | 160
 References | 161

Chapter 8 International Engineering and Construction Standards | 163

8.1 Introduction | 163
8.2 Definition of Standards | 163
8.3 Technical Standards | 164
8.4 Consensus Standards | 164
8.5 Government Standards | 165
8.6 Nongovernment Standards | 165
8.7 International Standards | 165

8.8	International Organization for Standardization (ISO)		167
8.9	The Development Process for Standards		169
8.10	International Technical Standards		171
8.11	ISO 9000 Quality Management System Standards		172
8.12	ISO 14000 Environmental Management Series of Standards		174
8.13	ISO 4217 Global Currency Codes and Names		175
8.14	The ISO 9000 and 14000 Registration Process		175
8.15	Advantages and Disadvantages of International Standards		177
8.16	Summary		179
	Discussion Questions		179
	References		180

Chapter 9

Global Environmental Issues of Concern to Engineers and Constructors | **181**

9.1	Introduction		181
9.2	The United Nations Framework Convention on Climate Change (UNFCCC)		183
9.3	Effects of the Kyoto Protocol on the Engineering and Construction Industry		187
9.4	Global Environmental Management		189
9.5	Country-Specific Environmental Issues		190
9.6	Summary		194
	Discussion Questions		194
	References		195

Chapter 10

Global Productivity Issues on Construction Projects | **197**

10.1	Introduction		197
10.2	International Comparisons of Labor Productivity		199

10.3	Case Study: Worker Productivity in Nigeria and the United States		200
10.4	Labor Productivity Variations		202
10.5	Labor Productivity Factors		204
10.6	Factors that Affect Productivity on Global Projects		207
10.7	Summary		211
	Discussion Questions		212
	References		212

Chapter 11

Global Planning and Construction Delays | **214**

11.1	Introduction		214
11.2	Accounting for Global Variations in Construction		215
11.3	Bribery Policies		216
11.4	Categories of Global Nontechnical Delays		218
11.5	Global Engineering and Construction Delays		220
11.6	Indicators of Project Delays		226
11.7	Global Project Planning Delays		228
11.8	Summary		233
	Discussion Questions		234
	References		235

Chapter 12

Global Terrorism: Kidnapping and Design Considerations | **236**

12.1	Introduction		236
12.2	Definitions of Terrorism		238
12.3	Terrorist Behavior		239
12.4	Financial Support for Terrorism		240
12.5	Terrorist Strategies and Profiles		241
12.6	Kidnapping Issues		242

12.7	Preventing Terrorism		245
12.8	Building Protection		251
12.9	Web Sites with Additional Information on Terrorism		258
12.10	Summary		259
	Discussion Questions		260
	References		261

Chapter 13

Preparing Engineers and Constructors to Work Globally | **263**

13.1	Introduction		263
13.2	Definition of Culture		263
13.3	Cultural Differences		264
13.4	Language Differences		264
13.5	Technology Transfer		265
13.6	The Importance of Cross-Cultural Training Programs		265
13.7	Developing Cross-Cultural Training Programs		267
13.8	What to Know Before Working Overseas		268
13.9	Language Training		274
13.10	Educational Considerations		275
13.11	Entertainment Issues		275
13.12	Short- and Long-Term Housing		276
13.13	Food and Water Supplies		278
13.14	Transportation Issues		281
13.15	Foreign Work Environments		281
13.16	Prejudice		283
13.17	Culture Shock		284
13.18	Going Native		285
13.19	Avoiding Foreign Jails		285
13.20	Summary		286
	Discussion Questions		287
	References		287

Chapter 14 Country-Specific Information | 288

14.1	Introduction		288
14.2	Africa		289
14.3	Asia		300
14.4	Eastern Europe		311
14.5	The Near and Middle East		318
14.6	North America		325
14.7	Oceania		330
14.8	South America		331
14.9	Southeast Asia		334
14.10	Western Europe		342
14.11	Summary		346
	References		346

Appendix A	Glossary		347
------------	----------	--	------------

Appendix B	Case Study: Managing Projects in Rural Developing Countries		351
	References		361

Appendix C	Definitions of Religions		362
------------	--------------------------	--	------------

Index		364
-------	--	------------
