<b><i>Introduction</i></b> .....	<b>1</b>
<b><i>Part I: Making Your World Wireless</i></b> .....	<b>7</b>
Chapter 1: Wireless Inside Everything! .....	9
Chapter 2: Wireless Network Basics .....	23
Chapter 3: Wireless LAN Infrastructure .....	39
Chapter 4: Wi-Fi and Broadband Connections .....	55
<b><i>Part II: Boosting Performance on Your Wireless Network</i></b> .....	<b>71</b>
Chapter 5: Combining Wired and Wireless Networks .....	73
Chapter 6: Better Living Through Network Monitoring .....	89
Chapter 7: Boosting Signal Strength Where You Need It .....	109
Chapter 8: Staying Safe in the Wireless World .....	127
<b><i>Part III: Wireless on the Go</i></b> .....	<b>147</b>
Chapter 9: On the Road Again with 802.11 .....	149
Chapter 10: Staying Safe on Any Wireless Network .....	169
Chapter 11: Outfitting Your Car with Wireless .....	185
Chapter 12: Operating Your Own Hot Spot .....	219
<b><i>Part IV: Cool Wireless Toys</i></b> .....	<b>241</b>
Chapter 13: Building a Wireless Audio Network .....	243
Chapter 14: Wirelessly Securing, Monitoring, and Automating Your Home .....	265
Chapter 15: It's Your Dime: IP Calls and Your Wireless Network .....	289
Chapter 16: That's Not All: Other Cool Wireless Toys .....	311
<b><i>Part V: The Part of Tens</i></b> .....	<b>327</b>
Chapter 17: (Almost) Ten Sites for Advanced Wireless Topics .....	329
Chapter 18: Top Ten Wi-Fi Security Questions .....	335
<b><i>Index</i></b> .....	<b>345</b>

<b><i>Introduction</i></b> .....	<b>1</b>
About This Book .....	1
System Requirements .....	2
How This Book Is Organized .....	3
Part I: Making Your World Wireless .....	3
Part II: Boosting Performance on Your Wireless Network .....	4
Part III: Wireless on the Go .....	4
Part IV: Cool Wireless Toys .....	4
Part V: The Part of Tens .....	4
Icons Used in This Book .....	5
Where to Go from Here .....	5
<b><i>Part I: Making Your World Wireless</i></b> .....	<b>7</b>
<b>Chapter 1: Wireless Inside Everything!</b> .....	<b>9</b>
Wireless Networks Are Everywhere .....	10
Feeling at home with wireless .....	10
Offices .....	11
Hot spots and beyond .....	13
Wireless Gear: The New Standard .....	16
In computers .....	16
In TVs .....	17
In A/V equipment .....	18
In cellphones .....	19
In cars .....	20
On planes .....	21
To Wireless Infinity and Beyond! .....	22
<b>Chapter 2: Wireless Network Basics</b> .....	<b>23</b>
Introducing the 802.11s .....	24
Easy as a, b, g .....	25
802.11b: The old standby .....	26
802.11g: The new champ .....	28
802.11a: Still hanging in there .....	30
a, b, and g compared .....	32
Oh my, Wi-Fi .....	32
Get an “i” for security .....	33
Gimme an “e” for service quality .....	35
“n” for the future .....	36

<b>Chapter 3: Wireless LAN Infrastructure</b>	<b>.39</b>
What's in Your Network?	40
Jacking into Your Network	40
I see your (access) point	41
Network interface adapters for client stations	44
Routers and gateways	49
Network bridges	53
<b>Chapter 4: Wi-Fi and Broadband Connections</b>	<b>.55</b>
Extending Broadband into the Home	56
Availability	56
Affordability	57
Who really needs broadband anyway?	58
What to Look for in Broadband Service	59
Picking a Technology	62
Wither DSL with 802.11?	63
Cable moves with wireless	66
Getting the dish out on satellite and wireless	67
Tapping into metro wireless networks	70
 <b>Part II: Boosting Performance on Your Wireless Network</b>	 <b>71</b>
<b>Chapter 5: Combining Wired and Wireless Networks</b>	<b>.73</b>
Connecting Your Networks Together	74
Understanding IP networking	75
Private subnets	77
Understanding Your Home Router	79
Managing your IP addresses	79
Cascading APs from a central router	80
Separating your networks	82
Bridging Wireless Networks Together	84
Bridging Other Networks to Your Wireless LAN	86
<b>Chapter 6: Better Living Through Network Monitoring</b>	<b>.89</b>
Understanding Network Monitoring	90
Figuring out the wireless ropes	90
Deciphering the metrics	93
Doing Basic Monitoring	94
Using Windows XP	95
Using Mac OS X	97
Using wireless client software	97
Using Free "Stumblers"	98
Network Stumbler	99
Other stumblers and sniffers	105
Getting Fancy	106

**Chapter 7: Boosting Signal Strength Where You Need It . . . . .109**

Antennas for All .....	110
Understanding Wi-Fi Antennas .....	111
Counting your antennas .....	111
Going external .....	112
Antenna types .....	116
Adding Amplification .....	119
Going with MIMO .....	120
Boosting Cell Signals at Home .....	123
Understanding cellular frequencies .....	124
Installing a repeater .....	124

**Chapter 8: Staying Safe in the Wireless World . . . . .127**

Avoiding WEP .....	128
Understanding WPA .....	129
Sharing your keys with your friends .....	130
Figuring out a new 802 — .1X .....	131
Securing Your Own Network .....	135
Creating your own authentication server .....	139
Using an 802.1X service .....	141
Setting up an AP .....	144
Setting up a client .....	145

**Part III: Wireless on the Go . . . . .147****Chapter 9: On the Road Again with 802.11 . . . . .149**

Hot Spots for Everyone .....	150
Finding Hot Spots .....	151
Finding the freebies .....	152
Paying for your Wi-Fi .....	155
Putting on Your Roaming Shoes .....	159
Oingo Boingo .....	160
Going with corporate remote access .....	162
Getting Online at a Hot Spot .....	163
Using Windows XP Wireless Zero Config .....	163
Using the Boingo client .....	164
On the Mac .....	164
Help, I Need Wireless Access in Paris! .....	166
Using a roaming client .....	166
Using a Web database .....	167

**Chapter 10: Staying Safe on Any Wireless Network . . . . .169**

Securing Hot Spots .....	170
Using Wi-Fi security when you can .....	170
Connecting to a VPN .....	171
Using SSL to connect to Web sites .....	173

Making a VPN Connection .....	175
Setting up an IPSec connection with Windows XP .....	176
Using OpenVPN client and WiTopia's SSL VPN service .....	180
Installing the WiTopia personalVPN client .....	181
<b>Chapter 11: Outfitting Your Car with Wireless .....</b>	<b>185</b>
Bluetooth for In-Car Communications .....	185
Bluetooth in action .....	186
Bluetooth aftermarket options .....	188
Setting up a Bluetooth aftermarket kit .....	191
Wi-Fi—Enabling Your Car .....	197
Getting your car on the wireless grid .....	198
Come on, feel the (Wi-Fi) noise .....	199
Setting up your Rockford DMP1 kit .....	202
Setting up your DMP1 wireless connection .....	207
Introducing the Carputer .....	210
Watching Satellite TV on the Go .....	212
Follow That Taxi (with GPS)! .....	214
<b>Chapter 12: Operating Your Own Hot Spot .....</b>	<b>219</b>
The Big Question: Free or Pay? .....	220
Setting up a free hot spot .....	222
Letting only your friends (or customers) in .....	225
Sharing the wealth .....	229
Show me the money: Building your own for-pay hot spot .....	231
Dealing with Your ISP .....	231
Understanding terms of service .....	232
Some ISP recommendations .....	232
Getting Your Hot Spot out of the Box .....	234
Securing Your Hot Spot .....	237
Promoting Your Hot Spot .....	238
<b>Part IV: Cool Wireless Toys .....</b>	<b>241</b>
<b>Chapter 13: Building a Wireless Audio Network .....</b>	<b>243</b>
Digital Music 101 .....	244
Understanding compression .....	244
Being constant, being variable, being bitsy .....	246
How to Get the Music .....	249
Ripping your own .....	249
Buying your music online .....	251
Getting your radio from the Internet .....	255
Getting the Music Around Your Network .....	255
Moving off the PC .....	258
Wi-Fi and Audio: Network Impacts .....	262
Getting into Video .....	263

<b>Chapter 14: Wirelessly Securing, Monitoring, and Automating Your Home</b> .....	<b>265</b>
Introducing the Network Camera .....	266
Applications with your network camera .....	266
Evaluating network cameras .....	267
Installing Your Network Camera .....	271
Getting your camera on the wireless LAN .....	272
Accessing your camera from the Internet .....	274
Setting up dynamic DNS .....	279
What else can you do with your camera? .....	280
Evaluating Non-Wi-Fi Camera Kits .....	281
Home monitoring .....	282
Home security .....	284
Home automation .....	285
<b>Chapter 15: It's Your Dime: IP Calls and Your Wireless Network</b> .....	<b>289</b>
Grasping the VoIP Basics .....	290
Take a long SIP .....	291
Compressing your voice .....	292
Peer-to-peering versus calling regular phones .....	293
Hardware? Software? Both? .....	294
Skype-ing Your Way Around the World .....	296
Calling peer-to-peer .....	297
Reaching out and calling someone .....	298
Even more peer-to-peer .....	299
Using a Phone-to-Phone VoIP Service .....	300
Looking at the services .....	300
Taking your VoIP service wireless .....	301
Making VoIP Work on Your Network .....	304
Dealing with QoS .....	304
Dealing with XP issues .....	306
VoIPing on the Road .....	308
Using softphones .....	309
Bringing your VoIP handset on the road .....	309
<b>Chapter 16: That's Not All: Other Cool Wireless Toys</b> .....	<b>311</b>
Digital Cameras with Wi-Fi .....	311
Extra Storage Anywhere You Want .....	313
It's a Print (Server) .....	314
Travel Routers .....	316
Wi-Fi Finders .....	318
Jumping into RFID .....	320
Adding New Firmware for Your AP .....	322
More, More, and More Wireless .....	323

**Part V: The Part of Tens .....327****Chapter 17: (Almost) Ten Sites for Advanced Wireless Topics ... 329**

Wi-Fi Net News .....	330
Tom's Networking .....	330
JiWire .....	331
FreeNetworks.org .....	331
Robert Hoskins' Wireless Super Sites .....	331
Wi-Fi Planet .....	332
Checking In on CNET .....	332
Practically Speaking .....	333
Read About the Gadgets .....	333

**Chapter 18: Top Ten Wi-Fi Security Questions ..... 335**

If I'm Using WEP, I'm Safe, Right? .....	335
Can't I Just Hide My Network? .....	336
Can I Secure My Network by Filtering for Friendly MAC Addresses? .....	337
What's the Difference between Personal and Enterprise WPA? .....	338
How Can I Use 802.1X When I Don't Know Anything About It? .....	339
What's the Difference between WPA and WPA2? .....	339
How Can I Stay Safe When I'm Away from My Home Network? .....	340
Can I Use My Credit Card Online When I'm Using Wi-Fi? .....	341
How Can I Let My Friends Use My Network without Losing Security? .....	342
How Do I Stay Secure If Not All of My Equipment Is WPA? .....	343

**Index.....345**
