Overview of the Book	12
<b>2 Thinking Like a Cognitive-Behavioral Therapist</b>	<b>15</b>
The Basic View Underlying CBT	15
Traditional Behavioral Therapy	17
The Transition to an Approach Integrating Cognitive Therapy	17
The Integration of Cognitive and Behavioral Therapies	18
Self-Control Models: An Offshoot of Integrated CBT	20
Constructivism Enters the Scene	21
Mindfulness Becomes Part of CBT	22
Major Tenets and Processes of CBT	24
Skills-Directed Therapy	32
Summary	34
Practice: Guidelines for Developing the Client's Profile	34

*Contents*

<b>3 On Being a Positive Therapist</b>	<b>37</b>
Becoming a Recognized Theory and Therapy	38
The Positive View of Clients and Therapeutic Processes	38
Defining Positive Psychology	41
Positive Psychology and Happiness	42
Subjective Wellbeing	44
Training in Positive Psychology	47
Summary	51
Practice: Guidelines for Applying Positive Psychology Exercises	51
<b>4 Creativity: Who Needs It, and for What?</b>	<b>55</b>
What Is Creativity?	57
Creativity and Emotion	60
Creativity, Genetics, and Intelligence	62
How Can One Promote Creative Action?	63
Who Are Creative People?	65
Creative Psychotherapy and Creative Psychotherapists	66
Noncreative Imagery in Therapy	69
Techniques to Facilitate Therapists' Creativity	70
Summary	71
Practice: Guidelines for Activating One's Creativity	72
<b>5 Applying Developmental CBT with Children</b>	<b>73</b>
The Unique Nature of Childhood	73
Characteristics of Childhood Disorders	75
CBT with Children as Distinct from CBT with Adults	76
Applying CBT with Children	77
Considering Developmental Components	78
Summary	85
Practice: Guidelines for Applying CBT with Children	85
<b>PART II THE POSITIVE POWER OF IMAGERY</b>	<b>89</b>
<b>6 Major Concepts Regarding Imagery</b>	<b>91</b>
Perspectives on the Major Concepts	91
Imagery and Memory	93
Historical Uses of Imagery	94
Imagery	95
Types of Imagery	96
Pros and Cons of Working with Imagery	100
Summary	103
Practice: Guidelines for Increasing Therapists' Own Ability to Elicit Memories	104
<b>7 Using Imagery in Psychotherapy: How, Why, and What For?</b>	<b>107</b>
What Kinds of Therapies Can Integrate Imagery, and for Which Client Problems?	107
Overcoming Resistance to or Anxiety about Imagery Work	110

*Contents*

The Major Benefits of Imagery Use in Psychotherapy	111
Dangers of Working with Imagery	119
Summary	121
Practice: Guidelines for Therapists and Clients to Foster Imagery in Therapy	121
<b>8 Using Metaphors in Therapy</b>	<b>123</b>
What Are Metaphors?	123
Metaphors and Emotions	124
The Role of Metaphors in Therapy	125
Client- and Therapist-Generated Metaphors	132
Summary	135
Practice: Guidelines for Therapists Beginning Metaphor Work	135
<b>PART III PREPARING TO APPLY THERAPY THROUGH IMAGERY</b>	<b>137</b>
<b>9 Getting Ready to Start: Relaxation</b>	<b>139</b>
Preliminary Preparations	139
Meditation	140
Relaxation	141
Types of Relaxation Techniques	143
Summary	147
Practice: Guidelines for Therapist Self-Relaxation Exercises	147
<b>10 Basic Guidelines for Conducting Imagery Therapy: From Setting to Termination</b>	<b>149</b>
Preparation of Therapist, Setting, and Client	149
Pre-Imagery Exercises in Eliciting Images	151
Pre-Imagery Practice of Client Relaxation, to Set the Stage for Generating Images	153
Bringing Up Images and Describing Them	154
Facilitating New Coping Skills Through Imagery	159
Ending the Imagery Work Phase Within the Session	160
Follow-Up to Imagery Work: Reflection, Interpretation, and Meaning Making	163
Assigning Homework	165
Summary	166
Practice: Guidelines for Summarizing Knowledge and Skills Needed for Conducting the Session	166
<b>11 Adapting Relaxation and Imagery to Children</b>	<b>169</b>
Applying Relaxation to Diverse Childhood Disorders	169
Adapting Relaxation Techniques to Children's Needs and Abilities	170
Case I: Dianne's Television Phobia and Anxieties	171
Case II: Ronnie's Stuttering	172
Case III: Daniel's Test Anxiety	173

*Contents*

Applying Imagery Techniques with Children	174
Summary	176
Practice: Guidelines for Adapting Relaxation and Imagery to Children and Young People	177
<b>PART IV USING IMAGERY WHILE ASSESSING AND TREATING CLIENTS</b>	<b>179</b>
<b>12 Using Imagery for Assessing Clients Throughout the Treatment Process</b>	<b>181</b>
Imagery Integration into Assessment	181
Assessment in Different Treatment Phases	184
Targets for Conducting Assessment	186
Summary	195
Practice: Guidelines for the Main Questions Directed at Each Assessment Target	195
<b>13 Applying Imagery to Treat Past Events (Fears, Trauma, Posttrauma)</b>	<b>199</b>
Treating Distressing Past Events	199
Imaginal Exposure Followed by <i>In Vivo</i> Exposure	201
Imaginal Exposure Instead of <i>In Vivo</i> Exposure	204
Imagery as a Way to Elicit Memories and Remember Forgotten Material	207
Using Imagery for Cognitive Restructuring of Past Trauma	210
Summary	214
Practice: Guidelines for Choosing Between Options	214
<b>14 Imparting Assessment and Awareness Skills for Changing Present Behavior</b>	<b>217</b>
Imparting Skills for Self-Assessment	218
Imparting Skills for Assessment of Relationships	221
Imparting Skills to Increase Awareness of Internal Stimuli	227
Imparting Skills for Changing Automatic Thoughts	231
Summary	234
Practice: General Guidelines	234
<b>15 Imparting Skills to Improve Present Coping</b>	<b>235</b>
Skills for Coping with Performance and Test Anxiety	236
Preparation Phase: Learning and Memorizing Materials Through Visualization	236
Execution Phase: Alternative Positive Images, Gradual Exposure, Humor, and Role Reversal	238
Eliciting Positive Images During Stressful Performance Situations	239
Implementing Gradual Exposure to the Feared Situation	240
Using Humor and Role Reversal to Gain Control and Confidence	242
Skills for Improving Social Relationships	243
Skills for Initiating Social Contacts	244

*Contents*

Assertiveness Skills (Learning to Say No)	247
Summary	250
<b>16 Imparting Skills for Developing a Positive View of the Future</b>	<b>251</b>
Planning the Future	253
Facilitating Positive Emotions and Sensations	255
Increasing Happy Relationships	259
Summary	262
<b>17 Imparting Skills to Help Children Change: Further Guidelines and Case Illustrations</b>	<b>263</b>
Treating Young Children	264
Treating Children in Middle Childhood	267
Treating Adolescents	271
Summary	274
Practice: Guidelines for Imparting Skills to Children	274
<b>PART V NOTES AND CONCLUSIONS FOR IMAGERY THERAPISTS</b>	<b>275</b>
<b>18 Helping Therapists Help Themselves</b>	<b>277</b>
Skills for Self-Supervision	278
Skills for Learning to “Get Rid” of Difficult Things and Continue Toward the Future	281
Skills for Focusing on Your Own Positive Abilities as a Therapist	282
Skills for Planning Future Therapeutic Processes	285
General Skills for Helping Yourself	286
Summary	288
<b>19 Summary: Limitations, Dangers, and Future Directions</b>	<b>289</b>
Limitations: Is Imagery Therapy Evidence Based?	291
Are There Dangers in Applying Imagery Therapy?	294
Last Words	295
