# Table of Contents

---

<b><i>Introduction</i></b> .....	<b>1</b>
About This Book.....	1
What You Won't Find in This Book .....	2
Conventions Used in This Book .....	3
Foolish Assumptions .....	3
How This Book Is Organized.....	4
Icons Used in This Book.....	5
Where to Go from Here.....	6
<b><i>Part 1: Introducing Mac OS X Leopard: The Basics</i></b> .....	<b>7</b>
<b>Chapter 1: Mac OS X Leopard 101 (Prerequisites: None)</b> .....	<b>9</b>
Gnawing to the Core of OS X.....	10
A Safety Net for the Absolute Beginner (Or Any User) .....	11
Turning the dang thing on.....	12
What you should see on startup .....	12
Shutting down properly.....	15
A few things you should definitely NOT do with your Mac .....	16
Point-and-click boot camp .....	17
Not Just a Beatles Movie: Help and the Help Menu.....	19
<b>Chapter 2: The Desktop and Windows and Menus (Oh My)!</b> .....	<b>23</b>
Touring the Finder and Its Desktop .....	24
Anatomy of a Window.....	25
Top o' the window to ya! .....	28
A scroll new world.....	28
(Hyper) Active windows.....	30
Dialog Dealie-Boppers .....	31
Working with Windows .....	33
Opening and closing windows .....	33
Resizing windows .....	33
Resizing window panes.....	34
Moving windows .....	34
Shuffling windows .....	34
Menu Basics .....	37
The ever-changing menu bar .....	37
Contextual menus: They're sooo sensitive .....	38
Recognizing disabled options.....	40
Navigating submenus.....	40
Underneath the Apple menu tree.....	41
Using keyboard shortcut commands.....	43

<b>Chapter 3: Have It Your Way</b> .....	<b>47</b>
Introducing System Preferences .....	47
Putting a Picture on the Desktop .....	49
Setting Up a Screen Saver .....	51
Putting Widgets on the Dashboard .....	53
Translation .....	56
Flight Tracker .....	56
Business and People .....	57
Giving Buttons, Menus, and Windows a Makeover .....	58
Spaced Out! Defining Screen Spaces .....	61
Adjusting the Keyboard, Mouse, and Other Hardware .....	64
Keyboard .....	64
Trackpad .....	65
Mouse .....	66
Bluetooth .....	67
Creating Custom Keyboard Shortcuts .....	68
Styling Your Sound .....	69
Changing sound effects .....	69
Selecting output options .....	70
Selecting input options .....	70
<b>Chapter 4: What's Up, Dock?</b> .....	<b>71</b>
A Quick Introduction to Using The Dock .....	71
The default icons of the Dock .....	72
Trash talkin' .....	74
Opening application menus in the Dock .....	75
Reading Dock icon body language .....	76
Opening files from the Dock .....	77
Customizing the Dock .....	78
Adding Dock icons .....	78
Removing an icon from the Dock .....	80
Resizing the Dock .....	81
What should you put in YOUR Dock? .....	81
Setting your Dock preferences .....	83
<b>Chapter 5: The Finder and Its Icons</b> .....	<b>85</b>
Introducing the Finder and Your Desktop .....	85
Getting to Know the Finder Menu .....	88
Navigating the Finder: Up, Down, and Backward .....	89
Belly up to the toolbar .....	90
Moving through folders fast in Column view .....	92
Perusing in Icon view .....	94
Listless? Try touring folders in List view .....	96
You gotta go with the flow .....	97
Like a road map: The current folder drop-down menu .....	98
Going places with the Go menu .....	99

Customizing the Finder Window .....101  
     Adding folders to the Sidebar .....101  
     Setting Finder preferences .....101  
     On using view options .....104  
     Customizing the Finder with Folder Actions .....109  
 Knowing Thy Finder Icons .....110  
 Aliases: Greatest Thing Since Sliced Bread.....112  
     Creating aliases .....113  
     Deleting aliases .....114  
     Hunting down an alias’s parent .....114  
 Digging for Icon Data in the Info Window .....115

***Part II: Leopard Taming (Or “Organization for Smart People”) ..... 117***

**Chapter 6: Organizing and Managing Files and Folders .....119**

Understanding the Mac OS X Folder Structure .....119  
     Understanding nested folders .....120  
     From the top: The Computer folder .....121  
     Peeking in the Applications folder .....122  
     Finding fonts (and more) in the public Library folder .....123  
     Let it be: The System folder .....124  
     The usability of the Users folder .....124  
     There’s no place like Home .....124  
     Your personal Library card .....126  
 Saving Your Document Before It’s Too Late.....128  
     Stepping through a basic Save.....129  
     Looks like Save, acts like Save — why’s it called Save As? .....132  
 Open Sez Me .....134  
     With a Quick Look .....136  
     With drag-and-drop .....137  
     When your Mac can’t open a file .....137  
     With the application of your choice .....138  
 Organizing Your Stuff in Folders.....140  
     Files versus folders .....140  
     Organizing your stuff with subfolders .....141  
     Creating new folders .....144  
     Navigating with spring-loaded folders .....144  
     Smart Folders .....145  
 Shuffling Around Files and Folders .....147  
     Comprehending the Clipboard .....148  
     Copying files and folders .....149  
     Pasting from the Clipboard .....150  
     Moving files and folders .....150  
     Selecting multiple icons .....152  
     Playing the icon name game: Renaming icons .....154

Compressing files .....	155
Getting rid of icons .....	155
Finding Your Stuff, Fast .....	156
The Search box in Finder Windows .....	156
Using the Spotlight menu .....	158
<b>Chapter 7: Dealing with Disks .....</b>	<b>161</b>
Comprehending Disks .....	161
Some disks need to be formatted first .....	162
Moving and copying disk icons .....	162
Surprise: Your PC Disks Work, Too! .....	163
Burning CDs and DVDs .....	164
Burning on the fly .....	165
Creating a Burn Folder .....	168
Getting Disks out of Your Mac .....	169
<b>Chapter 8: Organizing Your Life .....</b>	<b>171</b>
Keeping Track with iCal .....	172
Navigating iCal views .....	172
Creating calendars .....	174
Grouping calendars .....	175
In any event .....	176
To do or not to do .....	178
Stickies .....	178
iSync .....	180
<b><i>Part III: Do Unto Leopard: Getting Things Done .....</i></b>	<b><i>181</i></b>
<b>Chapter 9: Internet-Working .....</b>	<b>183</b>
Setting Up for Surfing .....	184
Setting up your modem .....	184
Your Internet service provider and you .....	184
Plugging in your Internet connection settings .....	186
Starting up a .Mac account .....	187
Browsing the Web with Safari .....	188
Navigating with the toolbar buttons .....	190
Bookmarking your favorite pages .....	191
Simplifying surfing with RSS feeds .....	193
Searching with Google .....	194
Checking out Help Center .....	196
Communicating via iChat AV .....	196
Chit-chatting with iChat .....	196
Gimme an A! Gimme a V! .....	198
Remote Screen Sharing — remarkable and superbly satisfying .....	200

---

<b>Chapter 10: E-Mail Made Easy</b> .....	<b>203</b>
Keeping Contacts Handy with Address Book.....	203
Adding contacts.....	204
Importing contacts from other programs .....	206
Creating a basic group.....	206
Setting up a Smart Group (based on contact criteria) .....	207
Sending e-mail to a contact or group.....	208
Sending and Receiving E-Mail with Mail.....	210
Setting Up Mail.....	210
Composing a new message .....	210
A quick overview of the toolbar .....	213
Working with stationery .....	214
Checking your mail .....	216
Dealing with spam .....	216
Changing your preferences .....	217
Mail rules rule .....	217
Mailboxes smart and plain.....	219
Sign here, please.....	221
(Slide) show me the photos .....	223
<b>Chapter 11: The Musical Mac</b> .....	<b>225</b>
Introducing iTunes .....	225
Working with Media .....	228
Adding songs.....	228
Adding movies and videos .....	230
Adding podcasts .....	231
Listening to Internet radio .....	232
All About Playlists.....	233
Creating a regular playlist .....	234
Working with smart playlists .....	235
Burning a playlist to CD.....	236
Protecting (Backing Up) Your iTunes Media .....	236
<b>Chapter 12: The Multimedia Mac</b> .....	<b>239</b>
Watching Movies with DVD Player.....	239
Playing Movies and Music in QuickTime Player .....	241
Viewing and Converting Images and PDFs in Preview .....	242
Importing Media.....	244
Downloading photos from a camera.....	245
Downloading DV video from a camcorder .....	246
<b>Chapter 13: Words and Letters</b> .....	<b>249</b>
Processing Words with TextEdit .....	250
Creating and composing a document .....	250
Working with text .....	251
Adding graphics to documents .....	254

Font Mania .....	255
Installing new fonts .....	256
Types of fonts .....	257
Manage your fonts with Font Book .....	257

## ***Part IV: Making This Leopard Your Very Own .....259***

### **Chapter 14: Publish or Perish: The Fail-Safe Guide to Printing . . . .261**

Before Diving In . . . ..	261
Ready: Connecting and Adding Your Printer .....	262
Connecting your printer .....	262
Setting up a printer for the first time .....	264
Set: Setting Up Your Document with Page Setup .....	265
Go: Printing with the Print Sheet .....	267
Printing a document.....	267
Choosing among different printers .....	269
Choosing custom settings .....	269
Save custom settings .....	272
Preview and PDF Options.....	272
Just the Fax . . . ..	274
Faxing and Sharing Preferences .....	275

### **Chapter 15: Sharing Your Mac and Liking It . . . . .277**

Introducing Networks and File Sharing.....	278
Portrait of home-office networking .....	279
Three ways to build a network .....	280
Setting Up File Sharing.....	282
Access and Permissions: Who Can Do What .....	284
Users and groups and guests.....	284
Creating users .....	286
Mac OS X knows best: Folders shared by default .....	293
Sharing a folder or disk by setting permissions.....	294
Useful settings for permissions .....	298
Unsharing a folder .....	301
Connecting to a Shared Disk or Folder on a Remote Mac.....	302
Changing Your Password .....	305
Changing your Mac's password.....	305
Changing the password for your account on someone else's Mac .....	306
Four More Types of Sharing.....	307
Printer Sharing.....	307
Internet Sharing.....	308
Web Sharing .....	308
Bluetooth Sharing.....	309

**Chapter 16: Features for the Way You Work . . . . .311**

Talking and Listening to Your Mac.....311  
 Talking to your Mac.....312  
 Listening to your Mac read for you.....315  
 Automatic Automation .....318  
 AppleScript.....319  
 Automator .....320  
 A Few More Useful Goodies .....322  
 Universal Access .....323  
 Energy Saver .....324  
 Bluetooth.....326  
 Ink.....326  
 Automatic Login (Accounts System Preferences pane) .....326  
 Boot Camp.....327

***Part V: The Care and Feeding of Your Leopard .....329***

**Chapter 17: Safety First: Backups and Other Security Issues . . . . .331**

Backing Up Is (Not) Hard to Do .....332  
 Backing up with Leopard’s excellent new Time Machine .....332  
 Backing up by using the manual, brute-force method.....335  
 Backing up by using commercial backup software.....335  
 Why You Need Two Sets of Backups .....337  
 Nonbackup Security Concerns .....338  
 All about viruses.....338  
 Firewall: Yea or nay?.....339  
 Install recommended software updates .....342  
 Protecting Your Data from Prying Eyes.....342  
 Blocking or limiting connections.....343  
 Locking down files with FileVault .....343  
 Setting other options for security.....344

**Chapter 18: Utility Chest . . . . .345**

Calculator.....345  
 Activity Monitor .....346  
 AirPort Disk Utility.....348  
 AirPort Utility .....348  
 Audio MIDI Setup.....348  
 Bluetooth File Exchange.....348  
 ColorSync Utility .....349  
 DigitalColor Meter.....350  
 Disk Utility.....351  
 First Aid .....351  
 Erase.....351  
 Partition.....352  
 RAID.....352  
 Restore.....352

Grab .....	353
Grapher .....	354
Installer.....	354
Java .....	354
Keychain Access .....	355
Migration Assistant.....	356
System Profiler .....	357
Terminal .....	357
<b>Chapter 19: Troubleshooting Mac OS X .....</b>	<b>359</b>
Dem Ol' Sad Mac Chimes of Doom Blues .....	359
The ultimate startup disk: The Mac OS X installation DVD .....	360
Booting from a DVD-ROM.....	361
Question Mark and the Mysterians.....	364
Step 1: Run First Aid.....	364
Step 2: Safe Boot into Safe Mode .....	366
Step 3: Zapping the PRAM.....	368
Step 4: Reinstalling Mac OS X .....	368
Step 5: Take your Mac in for repair .....	369
If Your Mac Crashes at Startup.....	369
 <b>Part VI: The Part of Tens.....</b>	 <b>371</b>
<b>Chapter 20: Ten Ways to Speed Up Your Mac Experience .....</b>	<b>373</b>
<b>Chapter 21: Ten Ways to Make Your Mac Better by Throwing Money at It .....</b>	<b>381</b>
<b>Chapter 22: Ten (Or So) Great Web Sites for Mac Freaks .....</b>	<b>387</b>
 <b>Appendix: Installing or Reinstalling Mac OS X Leopard (Only If You Have To) .....</b>	 <b>393</b>
How to Install (or Reinstall) Mac OS X.....	394
Getting Set Up with Setup Assistant .....	396
 <b>Index.....</b>	 <b>399</b>
