Introduction	xv
Whom This Book Is For	xv
What This Book Covers	xvi
How This Book Is Structured	xvi
What You Need to Use This Book	xvii
Errata	xvii
p2p.wrox.com	xvii
Chapter 1: The Basics of Operations Management	1
Systems Management on the Microsoft Platform	2
Moving Toward the Future: Dynamic Systems Initiative	7
Design for Operations	9
System-Level Management	10
Policy-Driven Operations	10
Hardware Abstraction	10
Management Strategies	10
Summary	11
Chapter 2: MOM, SMS, and WSUS: How They Fit Together	13
MOM: A Solution for Operations Management	14
SMS: A Software Deployment and Management Solution	21
WSUS: Update Services for Decentralized Environments	26
MOM, SMS, and WSUS: Better Together	29
Summary	29
Chapter 3: Installing Microsoft Operations Manager 2005	31
Planning	31
Infrastructure Prerequisites	32
MOM Users	35
Monitored Operating Systems	36
Monitored Applications	36
Service Level Agreements	37

Contents

Network Structure	37
Redundancy Requirements	38
MOM Installation Steps	38
Summary	62
Chapter 4: Installation of SMS	63
 Planning Your Installation	64
Client Types	64
Site Types	65
Site Hierarchy	66
Site Systems	70
Security Mode	73
Standard Security	73
Advanced Security	74
Active Directory Integration	74
Installation Prerequisites	75
Hardware Requirements	75
Software Requirements	75
Installing SMS — Step by Step	76
Extending Active Directory	76
Installing SMS 2003 SP1	83
Basic Site Configuration	95
Configuring Site Systems	95
Computer Discovery	101
Summary	111
Chapter 5: Installing and Configuring Microsoft Update and Windows Server Update Services	113
Why Microsoft Update?	114
Installing Microsoft Update	115
Why Windows Server Update Services?	122
Improvements over Software Update Services	123
Installation	131
Using the Command Line	142
Summary	143
Chapter 6: MOM Configuration and Administration	145
Administrator Console	146
Installing the MOM Consoles	147
Administration: Agents, Consoles, and Settings	147

Operator Console	158
Views	158
Limiting Noise	165
Tracking Alerts	166
Task-Based Management	167
Web Console	168
Reporting Console	169
Tuning Alerts	170
Using the ATSA	171
Tuning Rules in the Administrator Console	172
Summary	173
Chapter 7: MOM and SMS Agents	175
MOM Agents: An Overview	175
Configuration and Deployment of MOM Agents	177
Understanding SMS Agents	183
Summary	186
Chapter 8: Management Packs and Components	187
Getting Started with Management Packs	188
Importing Management Packs	188
Group Types	191
Following the Rules (and Other Elements)	194
Putting It All Together	198
Creating a Rule Group	198
Adding an Event Rule	199
Adding a Performance Rule	201
Adding an Alert Rule	203
Associating a Computer Group to the Rule Group	205
Summary	206
Chapter 9: Management Pack Drilldown for Windows Server	209
Windows Servers Base Operating System Management Pack	210
Installation	210
Configuration	211
DNS Management Pack	214
Installation	214
Configuration	215

Contents

Active Directory Management Pack	216
Installation	216
Configuration	216
IIS Management Pack	225
Installation	225
Configuration	226
Microsoft Server Clusters Management Pack	228
Installation	228
Configuration	229
Summary	231
Chapter 10: More on Management Packs	233
MBSA Management Pack	233
Installation	234
Configuration	234
Exchange Server Management Pack	239
Installation	239
Configuration	240
SQL Server 2000 Management Pack	248
Installation	248
Configuration	249
Microsoft Management Pack Notifier	254
Installation	254
Configuration	255
Summary	255
Chapter 11: Third-Party Management Packs and Product Connectors	257
Common Third-Party Management Packs	259
Dell OpenManage Management Pack	259
Installation	259
HP Proliant and Integrity Management Packs	260
HP Proliant Management Pack Installation	261
HP Integrity Management Pack Installation	262
IBM Director v5.10 Upward Integration Module Management Pack	263
Installation	263
Tasks	264
Common Third-Party Product Connectors	264
HP Network Node Manager 1.0 Product Connector for MOM	264
HP Openview 1.0 Product Connector for MOM	265
Tivoli TEC 1.1 Product Connector for MOM	265

MOM 2005 Management Pack Developer's Guide	265
Creating Management Packs	266
MOM 2005 SDK	267
Creating MOM Responses with Script and Managed Code	268
Creating a MOM Script Response	269
Creating a MOM Managed Code Response	274
Creating MOM Applications	274
Creating MOM Product Connectors	274
Summary	279
Chapter 12: Using SMS and MOM to Manage Security and Patching	281
SMS Solutions for Security and Patch Management	282
Phases of Software Update Management	285
The Benefits of Software Update Management	288
MOM and Security Management: How Does It Fit?	290
Summary	291
Chapter 13: Monitoring	293
Defining Alerts, Events, and Tasks	293
Working with Alerts, Events, Performance Graphs, and Tasks in the Operator Console(s)	294
"Thick" Operator Console	294
"Thin" Web Operator Console	299
Using the Web Reporting Console	300
Event-Based Monitoring	303
Task-Based Monitoring	305
Performance Monitoring	306
Advanced Monitoring Topics	307
Summary	309
Chapter 14: Securing Your MOM, SMS, WSUS, and WU Installation	311
Configuring MOM Security	311
Deploying Agents and the Agent Action Account	313
Discovery-Based Agent Deployment	313
Manual-Based "push" Agent Deployment	314
The AAA	314
Advanced MOM Security	315
Using the IIS Lockdown Tool	315
Using IPSec	315
Using SSL	316

Contents

Using OLEDB Encryption	316
Using SMB Packet Signing	316
MOM Security Best Practices	316
Configuring SMS Security	317
Operating System Security	317
SQL Server Security	317
WMI Security	318
IIS Security	318
Network Security	318
Physical Security	318
SMS Accounts	319
SMS Security Enhancements	319
Advanced Security Model	320
Advanced Client	320
Integrated Support for Active Directory	320
Configuring WSUS Security	320
Simple Deployment Model Security	321
Complex Deployment Model Security	323
Configuring WU Security	323
Summary	325
<hr/> Chapter 15: Reporting	<hr/> 327
SMS Reporting	327
Queries	328
Reports	355
MOM Reporting	370
Architecture	370
MOM Reporting Console	372
Summary	375
<hr/> Chapter 16: System Center and the Dynamic Systems Initiative	<hr/> 377
System Center Today	378
The Dynamic Systems Initiative	380
The Roadmap for System Center Products	383
Summary	383
<hr/> Appendix A: MOM Management Packs and Utilities	<hr/> 385
Index	391
