## ***The Big Picture: The Laptop Computer ....BP-1***

What You See: Basic Hardware .....	BP-2
What You See: Input and Output .....	BP-5
What You See: Legacy I/O Options .....	BP-6
What You See: Basic Software .....	BP-8
Types and Models of Laptops .....	BP-9
Basic laptop .....	BP-10
Fully equipped road warrior .....	BP-10
Lightweight Champ .....	BP-11
The Basics: Inside the Box .....	BP-12
Motherboard .....	BP-12
CPU .....	BP-12
Memory (also known as RAM) .....	BP-13
Chipset .....	BP-13
Input/output .....	BP-13
The Basics: Adding Hardware .....	BP-13
Plug-ins .....	BP-14
Attachments .....	BP-15
Operational Essentials: Windows .....	BP-16
Operational Essentials: The Internet .....	BP-17
The World Wide Web .....	BP-18
Electronic mail .....	BP-18
Instant messaging .....	BP-19
Voice over Internet Protocol .....	BP-19
Operational Essentials: Files, Extensions, and Folders .....	BP-19

## ***Part 1: Built-in Stuff ..... 1***

Checking Out the Screen .....	2
Settings .....	3
Color quality .....	3
Screen brightness .....	4
Screen angle .....	4
Going with an External Monitor .....	4
Configuring a second screen .....	5
Setting screen positions .....	5
Choosing the primary monitor .....	6
Extending a desktop across both monitors .....	6
Grabbing the Keyboard .....	6
Letting Your Light Shine and Button Press .....	8
Turn on, turn off .....	8
Multimedia controls .....	9
Indicator lights .....	9

- Lighting up with Batteries .....10
  - Hibernation and standby modes .....10
  - The ultimate battery recharge .....12
- Listening to the Sounds and Furies .....13
- Pointing and Clicking .....13
- Putting It in Storage .....15
  - Hard disks .....15
  - Optical drives: CD and DVD .....17
  - Flash memory .....17
  - PC Card or Cardbus .....18
  - Floppy disk drives .....18

***Part II: Connecting Stuff Together: Ports .... 19***

- Communicating at High Speed .....20
  - USB Ports .....20
  - iLink/FireWire/IEEE 1394 .....22
  - Infrared .....22
  - WiFi .....23
  - Bluetooth .....24
- Enjoying Audio and Video .....24
  - RGB monitor connector .....25
  - S-video .....25
  - Microphone jack .....26
  - Line-in jack .....27
  - Headphone jack .....27
  - Line-out jack .....27
- Networking for Fun and Profit .....28
  - Ethernet .....28
  - Telephone modem .....28
- Pairing Up with Legacy Ports .....29
  - Parallel/serial ports .....29
  - Keyboard/mouse ports .....30

***Part III: The Essentials of Windows .....31***

- Accessing the Desktop .....32
- Biting into the All Programs Menu .....33
  - The Startup submenu .....35
  - Creating a desktop shortcut to a program .....35
  - Organizing the All Programs menu .....35
- The Control Panel .....36
- My Computer .....37
- My Documents .....38
- My Network Places .....40
  - Displaying My Network Places .....40
  - Removing My Network Places from the Desktop .....41
- The Recycle Bin .....41

The Start Button, Taskbar, and System Tray .....	43
Start Button .....	43
Start menu .....	43
Changing the Start menu style .....	44
Adding or removing Start menu items .....	45
System Tray .....	46
Adjusting the system tray icon display .....	47
Displaying a clock on the system tray .....	48
Displaying the volume control on the system tray .....	49
Taskbar .....	49
Adding toolbars to the taskbar .....	50
Moving the taskbar .....	50
Locking the taskbar .....	51
Resizing the taskbar .....	51
Hiding the taskbar .....	51

## ***Part IV: Managing Storage .....53***

A Quick Understanding of Computer Math .....	54
Bits and bytes .....	54
Alphabet soup .....	55
Driving a CD or DVD .....	56
Ejecting and Inserting a CD or DVD .....	59
Getting to AutoPlay .....	60
Assigning AutoPlay .....	61
Turning off AutoPlay .....	62
Memories of Floppy and Flash Memory Drives .....	62
Formatting a floppy disk .....	63
Formatting a flash memory key .....	64
Undeleting and Unformatting .....	64

## ***Part V: Folders, Subfolders, and Directories .....65***

Adventures in Windows Explorer .....	66
Customizing Windows Explorer .....	66
A tree with the root on top .....	67
Compressing Folders .....	68
Creating a compressed folder .....	69
Adding files to a compressed folder .....	69
Extracting files from a compressed folder .....	70
Password protection for compressed folders .....	70
Designing Folders .....	70
Customizing the Appearance of a Folder .....	72
Adding a picture to a folder .....	72
Changing a folder's icon .....	73
Assigning a template to a folder .....	73

Managing Folders .....	74
Creating a new folder .....	74
Deleting a folder and its contents .....	74
Renaming a folder .....	75
Copying or moving a folder .....	75
Creating a shortcut to a folder .....	75

## ***Part VI: Working with Files .....*** 77

Dissecting a File .....	78
Filename .....	78
Icon .....	79
File size .....	79
File creation date .....	79
File modified date .....	79
Attributes .....	79
Filename extension .....	79
Reading a file's details .....	80
Reading a file's properties .....	82
Associating a File with a Program .....	83
Launching a Search Party for a Missing File .....	84
Searching by name .....	85
Searching by contents .....	85
Searching by edit or creation date .....	86
Finding the Path to Your File .....	86
Managing Your Files .....	88
Saving a file .....	88
Save As .....	89
Copying a file .....	90
Duplicating a file .....	91
Renaming a file .....	91
Moving a file .....	92
Deleting a file .....	92
Undeleting a file .....	93

## ***Part VII: Networking .....*** 95

Assembling Networking Nuts and Bolts .....	96
Being a Workgroup(ie) .....	96
Creating a workgroup .....	96
Viewing workgroup members .....	97
Easing into Ethernet .....	97
Sharing a folder .....	98
Accessing a shared folder .....	99
Accessing another computer on the network .....	99
Mapping a folder .....	100
Unmapping a folder .....	101

Getting a Network Name and Address .....	101
Naming your computer .....	102
Getting your laptop's IP address .....	103
Sharing Devices and Internet Connections .....	104
Sharing a printer .....	105
Sharing an Internet connection .....	105
Wirelessly Network .....	106
<b><i>Part VIII: Using the Internet .....</i></b>	<b><i>109</i></b>
Connecting to the Internet .....	110
Connecting via Broadband .....	110
Connecting via Dial-up Modem .....	111
Making a dial-up connection .....	112
Creating dialing rules .....	113
Setting Internet Options .....	115
<b><i>Part IX: Tips and Tricks for the Road .....</i></b>	<b><i>117</i></b>
Be Careful Out There .....	118
Best Practices for Laptops On the Move .....	118
Hiding the Hardware .....	120
Locking Down Your Data .....	121
Hard disk encryption .....	122
Hiding behind a firewall .....	123
Making a Tough Password .....	126
Managing Internet Safety .....	128
Picking Up after Yourself .....	129
Security and System Maintenance Utilities .....	132
<b><i>Part X: Keyboard Shortcuts for Laptop Users .....</i></b>	<b><i>135</i></b>
Dabbling in Laptop Hot Keys .....	136
Inserting Symbols in Text .....	137
Using the mouse to insert symbols .....	138
Using the keyboard to insert symbols .....	138
Using General Keyboard Shortcuts .....	140
<b><i>Part XI: Microsoft Excel Shortcuts .....</i></b>	<b><i>143</i></b>
Getting Around .....	144
Managing Data .....	145
Manipulating Selections .....	147
Printing .....	149
<b><i>Part XII: Microsoft Word Shortcuts .....</i></b>	<b><i>151</i></b>
Accessing General Shortcuts .....	152
Getting into Text and Graphics .....	154
Working with Documents .....	157

**Part XIII: Microsoft PowerPoint**

**Shortcuts ..... 159**

Accessing General Shortcuts .....160  
Controlling a Slide Show .....161  
Dealing with Text .....163  
Dialog Boxes, Windows, and Text Boxes .....166  
Looking Through Web Presentations .....169  
Messaging via E-mail .....169  
Seeking Help When You Need It .....170

**Part XIV: Packing an Emergency Kit ..... 173**

Looking for the Obvious and Obscure .....174  
    Lack of power .....174  
    Wireless hardware .....175  
    Wired hardware .....175  
    Wireless software .....176  
    Wired software .....176  
Antivirus notice or virus-like activity  
    on your unprotected machine .....176  
Unexplained slowdown and  
    strange Internet behavior .....177  
No video .....178  
Defects onscreen .....178  
No sound of music .....179  
Recording the News You Can Use .....180  
Troubleshooting the Common Cold Computer .....182  
    Has the laptop ever worked? .....182  
    New hardware or software is misbehaving .....183  
    The laptop suddenly stops working properly .....183  
    Computer user, diagnose thyself .....184  
    Computer user, let the Help desk inside .....184  
    Disk drive blues .....185  
    Your machine's trying to tell you something .....185  
    Memory loss .....186  
    Checking a driver .....186  
    Reinstalling a driver .....186  
    Rolling back a driver .....187  
    Using System Restore on a driver .....187  
    Soundless, pictureless CD or DVD .....187

**Glossary: Tech Talk..... 189**
