# Contents

<i>Introduction</i> .....	xxi
---------------------------	-----

## **Part 1 • Introducing Lotus Notes 6** ..... 1

### **Chapter 1 • What Is Lotus Notes?** ..... 3

Uses of Notes .....	4
The Core Functionality of Notes .....	4
Notes as an Internet Information Client .....	4
Notes as a Domino Client .....	5
Flexible Configuration .....	6
Key Concepts .....	6
Databases .....	6
Replication .....	10
Security .....	10
Messaging .....	11
What's New in Notes 6? .....	11
Mobile User Capabilities .....	12
Welcome Page and Navigation Enhancements .....	12
Mail Enhancements .....	12
Calendar Enhancements .....	13
Rich-Text Enhancements .....	13
Security .....	13
Other Client Interface Enhancements .....	14
Summary .....	14

### **Chapter 2 • Getting Familiar with Notes** ..... 15

Starting Your Day in the Welcome Page .....	15
Creating and Customizing Welcome Page Styles .....	18
The Welcome Page as Your Home Page .....	26
Using the Application Window .....	26
Toolbars .....	27
Task Buttons .....	29
The Status Bar .....	30
Context Menus .....	30
Pop-Up Keyboard Access Shortcuts .....	31
The Properties Box .....	31
Bookmarks .....	32
The Database Area .....	32
Getting Help .....	33
Bookmarking Help Topics .....	34
Summary .....	35

<b>Chapter 3 • Working with Databases</b> .....	<b>37</b>
Opening Databases .....	37
Working in Views .....	40
Using the View Action Bar .....	40
Using the View Icons .....	41
Using the View Content Area .....	41
Working with Documents and Views .....	41
Opening and Closing Documents .....	41
Deleting Documents .....	42
Organizing Documents into Folders .....	43
Working with Sets of Documents .....	47
Searching Documents .....	47
Creating and Modifying Documents .....	48
Creating New Documents .....	48
Modifying Existing Documents .....	50
Using the Document Features .....	50
Entering Information into Fields .....	51
Working with Rich-Text Fields .....	55
Adding Formatted Text .....	55
Adding Objects .....	58
Attaching Files .....	58
Adding Pictures .....	59
Creating Tables .....	60
Inserting Links .....	63
Working with Other Rich-Text Elements .....	64
Checking Your Spelling .....	65
Spell Checking a Document .....	65
Spell Checking Selected Text .....	66
Managing Your User Dictionary .....	66
Changing Your Main Dictionary .....	67
Printing Your Information .....	67
Setting Up Your Page .....	68
Defining Headers and Footers .....	68
Printing Views .....	70
Printing Frames and Framesets .....	72
Printing Documents .....	72
Printing Attachments .....	74
Summary .....	75
<b>Chapter 4 • Tailoring Lotus Notes 6</b> .....	<b>77</b>
Adding Contacts to Your Personal Address Book .....	77
Importance of the Personal Address Book .....	77
Navigating Your Personal Address Book .....	79
Creating Contacts .....	82
Creating Groups .....	86
Customizing User Preferences .....	87
User Preferences .....	88
Location Preferences .....	93

Toolbar Preferences . . . . .	99
Status Bar Preferences . . . . .	99
Personalizing Notes with Bookmarks . . . . .	100
How Can You Create Bookmarks? . . . . .	102
How Can You Modify Bookmarks? . . . . .	105
How Can You Organize Bookmark Folders? . . . . .	106
How Are Bookmarks for Replicas Presented? . . . . .	106
Creating Subscriptions to Monitor Databases . . . . .	108
Keeping a Personal Journal . . . . .	109
Creating and Opening Your Journal . . . . .	110
Making Journal Entries . . . . .	110
Organizing Your Journal . . . . .	112
Summary . . . . .	112

## **Part 2 • Mastering the Basics with the Notes Client . . . . . 113**

<b>Chapter 5 • Communicating with Notes Mail . . . . .</b>	<b>115</b>
What's New in Notes Mail? . . . . .	115
How Notes Mail Works . . . . .	116
Opening Your Mail Database . . . . .	117
Managing Your Mail . . . . .	117
Reading the Mail . . . . .	118
Processing the Mail . . . . .	120
Navigating the Mail Client . . . . .	135
Inbox . . . . .	136
Drafts . . . . .	136
Sent . . . . .	136
Trash . . . . .	136
Views . . . . .	136
Folders . . . . .	137
Tools . . . . .	137
Archiving Mail . . . . .	140
Basics . . . . .	140
Settings . . . . .	140
Advanced . . . . .	142
Setting Preferences for Mail . . . . .	142
Systemwide Preferences . . . . .	142
Mail Database Preferences . . . . .	145
Letterhead . . . . .	147
Signature . . . . .	147
Colors . . . . .	147
Setting Delegation Preferences . . . . .	148
Using Word Processors with Notes Mail . . . . .	150
Using Mail Offline . . . . .	151
Using Notes Minder . . . . .	152
Closing Your Mail Database . . . . .	153
Summary . . . . .	154

<b>Chapter 6 • Calendaring and Scheduling</b> .....	<b>155</b>
What's New in Calendaring and Scheduling? .....	156
Getting Started with the Calendar .....	156
Changing the Calendar Layout .....	158
Setting Calendar Preferences .....	159
Adding Company Holidays to Your Calendar .....	162
Managing Calendar Entries .....	162
Making an Appointment .....	163
Adding an Anniversary .....	164
Setting a Reminder .....	165
Creating an All-Day Event .....	166
Working with Meetings .....	166
Actions the Owner of a Meeting Can Take .....	175
Actions a Participant to a Meeting Can Take .....	176
Creating Group Calendars .....	177
Creating Calendar Entry Documents .....	178
Printing Your Calendar .....	179
Using the To Do List .....	181
Creating a To Do Item .....	182
Managing To Do Items .....	183
Managing Assigned To Do Items .....	184
Granting Other Users Access to Your Calendar and Schedule .....	185
Summary .....	187
<b>Chapter 7 • Collaborating with Notes</b> .....	<b>189</b>
What's New in Notes 6 Collaboration? .....	189
Collaborating through Discussions .....	190
Opening a Discussion Database .....	190
Navigating the Discussion Database .....	191
Participating in Discussions .....	196
Responding to Main Topics .....	197
Archiving Discussion Documents .....	198
Participating in a TeamRoom .....	198
Setting Up a TeamRoom .....	198
Participating in a TeamRoom .....	200
Archiving TeamRoom Documents .....	202
Using Document Libraries .....	202
Navigating the Document Library Database .....	203
Creating Document Library Entries .....	204
Creating Document Library Responses .....	205
Setting Up the Review Cycle .....	205
Using a Microsoft Office Library .....	208
Real-Time Messaging with Sametime .....	210
Collaborating with QuickPlace .....	210
Using Mail-in Databases .....	211
Issues with Collaboration Usability .....	211
Security .....	212

File Attachments .....	212
Summary .....	213
<b>Chapter 8 • Searching for Information .....</b>	<b>215</b>
Conducting On-Screen Searches .....	215
Searching Documents .....	216
Searching Views .....	218
Searching the Contents of Documents .....	219
Performing Simple Searches .....	219
Full-Text Indexes .....	220
Performing Full-Text Searches .....	223
Searching Domains .....	236
Performing Domain Searches .....	236
Adding Databases to the Domain Index .....	238
Viewing Catalogs .....	238
Finding People .....	239
Searching the Internet .....	241
Summary .....	241
<b>Chapter 9 • Communicating with Domino Servers .....</b>	<b>243</b>
A Communications Overview .....	243
Setting Up Dial-Up Communications .....	245
Notes Direct Dialup .....	246
Network Dialup .....	251
Setting Up Local Area Network Connections .....	254
Setting Up Passthru Connections .....	255
Working in Stand-Alone Mode .....	256
Using Setup Wizards .....	257
Client Configuration Wizard .....	257
Connection Configuration Wizard .....	258
Summary .....	259
<b>Chapter 10 • Replication .....</b>	<b>261</b>
What Is Replication? .....	261
Database Replicas and Copies .....	262
Creating Database Copies .....	262
Creating Database Replicas .....	263
Document Purge Interval .....	270
Replicating a Database .....	270
Scheduled Replication .....	271
Manually Replicating a Database .....	271
The Replication Page .....	273
Managing Replicas .....	282
Bookmarks and Replicas .....	282
Removing an Entry from the Replication Page .....	283
The Visual Look of the Replication Page .....	283

Replication Conflicts and Save Conflicts ..... 284  
 Replication and Security ..... 285  
 Summary ..... 286

**Chapter 11 • Lotus Notes and Domino Security ..... 287**

Understanding Security Layers ..... 287  
 The Technology of Domino Security ..... 289  
     Public Key Infrastructure ..... 290  
     Domino Directory ..... 293  
     Lotus Notes User ID Files ..... 293  
 Understanding Database Security ..... 304  
     Access Control Lists ..... 305  
     Database Encryption ..... 309  
 Summary ..... 309

**Chapter 12 • Integrating Notes with Other Applications ..... 311**

Using the Windows Clipboard ..... 311  
 Using Windows Object Linking and Embedding (OLE) ..... 312  
     Copying and Pasting OLE Objects ..... 313  
     Using the Create Menu to Insert OLE Objects ..... 313  
     Editing Embedded Objects ..... 314  
 Notes Importing and Exporting ..... 315  
     View Import ..... 315  
     View Export ..... 318  
     Document Import ..... 319  
     Document Export ..... 320  
 Attaching Files in Notes ..... 320  
     Attaching Files ..... 321  
     Obtaining Information about Attachments ..... 322  
     Saving Attachments to Disk ..... 322  
     Viewing Attachments ..... 322  
     Opening or Editing an Attachment ..... 324  
 Going Relational with NotesSQL ..... 324  
 Summary ..... 326

**Part 3 • Lotus Notes Domino and the Internet ..... 327**

**Chapter 13 • Accessing the Internet with a Notes Client ..... 329**

Notes Support for Internet Standards ..... 329  
     Internet Protocols ..... 330  
     Internet Content Standards ..... 331  
     Support for Internet Security Standards ..... 333  
 Browsing the Web from within Notes ..... 334  
     Configuring Integrated Internet Browsing ..... 334  
 Using Integrated Browsing ..... 339

Using the Personal Web Navigator Database . . . . .	341
Configuring the Personal Web Navigator Database . . . . .	341
Using Web Ahead . . . . .	343
Using Page Minder . . . . .	343
Browsing Pages Offline . . . . .	344
Participating in Newsgroups . . . . .	344
Configuring Notes as Your Newsreader . . . . .	345
Subscribing to Newsgroups . . . . .	348
Reading and Posting to Newsgroups . . . . .	349
Using Newsgroups Offline . . . . .	350
Sending and Receiving Internet Mail . . . . .	351
Internet Location Document . . . . .	351
Setting Up Accounts to Access Internet Servers . . . . .	354
Receiving Internet Mail . . . . .	354
Sending Internet Mail . . . . .	356
Secure Internet Mail . . . . .	357
Summary . . . . .	359
<b>Chapter 14 • Managing Notes E-Mail with a Browser . . . . .</b>	<b>361</b>
Overview of Web Mail . . . . .	361
Security Firewalls . . . . .	362
Domino Web Users . . . . .	363
Logging In for Web Access . . . . .	364
Exploring the Web Mail User Interface . . . . .	365
Defining Mail Filter Rules . . . . .	368
Managing Your Mail . . . . .	369
Opening a Mail Message . . . . .	369
Closing a Mail Message . . . . .	370
Working with New Memos . . . . .	370
Processing E-Mails in Your Inbox . . . . .	373
Working with Folders . . . . .	374
Using Tools . . . . .	375
Logging Out . . . . .	379
Summary . . . . .	379
<b>Chapter 15 • Domino Off-Line Services and iNotes . . . . .</b>	<b>381</b>
Using Domino Off-Line Services . . . . .	382
A User's Perspective on DOLS . . . . .	382
A Programmer's Perspective on DOLS . . . . .	388
An Administrator's Perspective on DOLS . . . . .	388
Using iNotes . . . . .	389
A User's Perspective on iNotes . . . . .	390
A Programmer's Perspective on iNotes . . . . .	393
An Administrator's Perspective on iNotes . . . . .	393
Summary . . . . .	393

**Part 4 • Developing Lotus Notes Applications with Domino Designer . . . . . 395****Chapter 16 • Introducing Domino Designer . . . . . 397**

Entering the World of Designer . . . . .	397
Using the Designer Icon . . . . .	398
Launching Designer from a Database . . . . .	398
Using the Start Menu . . . . .	398
Navigating Domino Designer . . . . .	398
The Designer User Interface . . . . .	399
Domino Design Elements . . . . .	404
Summary . . . . .	409

**Chapter 17 • Database Creation and Properties . . . . . 411**

Creating a Database from Scratch . . . . .	411
Where Does My Database Get Saved? . . . . .	413
Creating a Database from a Template . . . . .	414
Copying an Existing Database . . . . .	417
Other Options You Can Choose . . . . .	419
Encrypting a Local Database . . . . .	419
Setting Database Advanced Options . . . . .	420
Clicking the About Button . . . . .	423
Using the Database Properties Box . . . . .	423
What Is a Properties Box? . . . . .	424
The Basics Tab . . . . .	425
The Info Tab . . . . .	432
The Printing Tab . . . . .	433
The Design Tab . . . . .	434
The Launch Tab . . . . .	438
The Full Text Tab . . . . .	440
The Advanced Tab . . . . .	443
Protecting the Data Using the ACL . . . . .	444
What Is the ACL? . . . . .	444
Understanding Access Levels . . . . .	445
Summary . . . . .	447

**Chapter 18 • Understanding the Formula Language . . . . . 449**

What Is a Formula? . . . . .	450
Anatomy of a Formula . . . . .	452
Formula Constants . . . . .	454
Formula Variables . . . . .	458
Formula Operators . . . . .	462
Formula Keywords . . . . .	466
@Functions . . . . .	467
Database Objects That Expect a Formula Result . . . . .	473
Formulas That Perform an Action . . . . .	478
Using the Formula Editors . . . . .	482
The Edit Formula Window . . . . .	482

The Script Area Formula Editor .....	484
The Toolbar Formula Editor .....	485
Debugging Formulas .....	486
Summary .....	487

## **Chapter 19 • Basic Form Design ..... 489**

What Is a Form? .....	489
Understanding the Form/Document Relationship .....	490
Understanding the Document Hierarchy .....	492
Designing a Form .....	494
Creating a Form .....	495
Setting the Form Properties .....	497
Commands for Creating a Document .....	508
Using the Design Document Properties Box .....	509
Understanding the Form Events .....	513
Specifying a Window Title .....	514
Formatting Documents with HTML .....	515
The Web Query Agents .....	515
Target Frame .....	516
JS Header .....	516
“JavaScript” Events .....	516
The UI Events .....	517
Using Form Design Elements .....	518
Creating Static Text .....	519
Creating Fields .....	526
Adding Fields to Your Form .....	532
Selecting the Field Type .....	534
Testing Your Form .....	542
Summary .....	543

## **Chapter 20 • Advanced Form Design ..... 545**

Working with Tables .....	545
Choosing a Table Type .....	546
Creating a Basic Table .....	547
Creating a Tabbed Table .....	556
Creating an Animated Table .....	558
Creating a Captioned Table .....	560
Creating a Programmed Table .....	561
Adding Graphics .....	562
Importing a Graphic .....	562
Creating a Picture .....	563
Using the Picture Properties Box .....	563
Adding Computed Text .....	564
Adding a Section .....	566
Creating a Standard Section .....	566
Creating a Controlled Access Section .....	568

Layout Regions .....	570
Creating a Layout Region .....	570
Adding Graphics to Your Layout Region .....	571
Advantages and Disadvantages of Layout Regions .....	572
Using Layers .....	573
Automating Using Actions .....	574
Defining Action Buttons .....	574
Customizing the Action Bar .....	578
Automating Using Hotspots .....	580
Creating a Text Pop-Up .....	580
Creating a Formula Pop-Up .....	581
Creating a Link Hotspot .....	582
Creating a Button HotSpot .....	584
Creating an Action HotSpot .....	584
Embedding Elements .....	585
Summary .....	587
<b>Chapter 21 • Using Views and Folders .....</b>	<b>589</b>
What Is a View? .....	589
The Standard Outline View Style .....	590
The Calendar View Style .....	592
Navigating Views: Client vs. Web .....	593
Creating a New View .....	596
Understanding View Types .....	598
Selecting Your Documents .....	600
Setting the View Properties .....	603
Defining the View Column Data .....	613
Creating and Moving Columns .....	614
Setting the Column Value and Properties .....	614
Understanding the Response Hierarchy .....	620
Creating Response Documents .....	621
Displaying a Response Document .....	621
Using the Response Only Column .....	622
Using View Form Formulas .....	623
Embedding Views and Displaying Categories .....	625
Using Folders .....	626
Summary .....	627
<b>Chapter 22 • Outlines, Pages, Framesets, and Navigators .....</b>	<b>629</b>
What Is an Outline? .....	629
Using the Outline Designer .....	631
Creating an Outline .....	633
Using the Outline Properties Box .....	634
Removing Outline Entries .....	635
Changing the Outline Entry Properties .....	636
The Entry Hide-When Tab .....	638
Updating the Outline Entries .....	639

Adding a New Outline Entry .....	640
What Is a Page? .....	642
Creating a Page .....	643
Embedding an Outline on a Page .....	644
Using the Embedded Outline Properties Box .....	645
What Is a Frameset? .....	649
Creating a Frameset .....	650
Setting Frameset Arrangement and Frames .....	650
Using the Frameset Designer .....	652
Looking at the Finished Product .....	656
What Is a Navigator? .....	658
Creating a Navigator .....	658
Using Navigators .....	661
Summary .....	662
<b>Chapter 23 • Shared Resources and Other Features .....</b>	<b>663</b>
Image Resources .....	664
File and Style Sheet Resources .....	667
Applets .....	670
Data Connections .....	672
Database Resources .....	673
Icon .....	673
Using Database and About Database Documents .....	674
Database Script .....	674
Database Synopsis .....	674
Summary .....	675
<b>Chapter 24 • Language Extensions and the Object Model .....</b>	<b>677</b>
The Languages .....	678
Why, When, and How to Use Scripts .....	679
Basic LotusScript Programming .....	680
So What Is a Script, Anyway? .....	680
Commenting .....	682
Subroutines .....	683
Variables and Data Types .....	683
Looping and Branching .....	690
Colorless Green Ideas Sleep Furiously: Debugging .....	695
Understanding the Object Model .....	697
LotusScript, Java, and Object-Oriented Languages .....	697
Fundamental Classes .....	699
Using Frontend Classes .....	699
Using Backend Classes .....	700
Seeing LotusScript in Action .....	706
Using JavaScript .....	707
Summary .....	708

<b>Chapter 25 • Shared Code Objects</b> . . . . .	<b>709</b>
Using Agents . . . . .	709
Why Use an Agent? . . . . .	710
Creating an Agent . . . . .	712
Implementing Subforms . . . . .	723
Creating a Subform . . . . .	723
Using the Subform . . . . .	724
Creating Shared Fields . . . . .	727
Creating Shared Actions . . . . .	728
Using Script Libraries . . . . .	729
Accessing LotusScript Libraries . . . . .	729
Accessing Java Libraries . . . . .	730
Accessing JavaScript Libraries . . . . .	730
Summary . . . . .	730
<b>Appendix A • Installing IBM Lotus Notes and Domino 6 Clients</b> . . . . .	<b>731</b>
Starting the Installation Wizard . . . . .	732
Configuring the Lotus Notes Client . . . . .	736
Connecting to a Domino Server . . . . .	737
Specifying Who You Are . . . . .	738
Installing Internet Access . . . . .	739
Setting Up the Lotus Notes Welcome Page . . . . .	741
<i>Index</i> . . . . .	743
