The introduction	1
A casebook approach	3
Preface	3
Introduction	4
How to use this book	5
Making the most of the cases	6
What you will need	7
Making sense of the clinical information	7
Interpretation of the clinical chemistry	8
Getting started	9
Adopting an analytical approach to the cases	10
Adopting an analytical approach to the diaries	10
Adopting an analytical approach to the referrals	11
Acknowledgements	11
The cases (and contexts)	15
Case 1 Gillian Mercer Diabetes	17
Case 2 The Odessa file Renal disease, haemodialysis	18
Case 3 Darshan Renal disease, peritoneal dialysis	19
Case 4 Professor Plum Renal disease, pre-dialysis	20
Case 5 Annie Renal disease, pre-dialysis	21
Case 6 Jon Obesity	23
Case 7 Mr Smart Obesity, renal calculi	24
Case 8 Susan Ritzio Ulcerative colitis	25

Case 9	Mr Rodger Irritable bowel syndrome	26
Case 10	Pauline Trotter Obesity, pharmacological management	27
Case 11	Harriet Baker Obesity, metabolic issues	28
Case 12	Mr Cunningham Functional dyspepsia, weight loss	29
Case 13	Mrs Rose Petroni Obesity, infection, wound healing	30
Case 14	Linda Middlemiss Arthralgia, food intolerance	31
Case 15	Josh Herriot Coeliac disease, new diagnosis	32
Case 16	Carly Carpenter Disordered eating in adulthood	33
Case 17	Mr Tony Marshall Obesity, renal calculi	34
Case 18	Carrie West Bulimia nervosa	35
Case 19	Holly Shakespeare Obesity, polycystic ovarian syndrome	36
Case 20	Barry Morgan Post-surgical weight loss, appetite failure	37
Case 21	Rayan Hussein Iron-deficiency anaemia, ethnic diet	39
Case 22	Peggy Dementia	40
Case 23	Cain Cerebral palsy	41
Case 24	Abel Down's syndrome	42
Case 25	Lucinda Smythe Reactive hypoglycaemia	45
Case 26	Mrs Jolly Type 2 diabetes	46
Case 27	Cordelia Irritable bowel syndrome	47
Case 28	Josh Human immunodeficiency virus (HIV)	48
Case 29	Murdo MacKenzie Cardiovascular and colorectal cancer risk	49
Case 30	Anna Walker Bone health	50
Case 31	Shirley Stringfellow Angioedema, salicylate exposure	51
Case 32	Family tree Diet and lifestyle change over time	52

Case 33	RMS Titanic	53
	Dietary judgement of menus	
Case 34	Maria von Twigg	56
	Anorexia nervosa	
Case 35	Alan Wanderlust	57
	Colorectal cancer	
Case 36	George and Dragon	58
	Dementia, weight loss	
Case 37	Mandy Morton	59
	Ventilated patient, enteral feeding	
Case 38	Betty Meldrew	60
	Breast cancer, weight loss	
Case 39	Sheila Borrowman	61
	Chronic pancreatitis, diabetes	
Case 40	Miss Taylor	62
	Cancer of lung, cachexia	
Case 41	Mary Glover	63
	Coeliac disease, lymphoma	
Case 42	Pamela Nightingale	64
	Chronic fatigue syndrome	
Case 43	Jenny Friel	65
	Crohn's disease	
Case 44	Alan Lehman	66
	Type 1 diabetes	
Case 45	Mark	67
	Attention deficit hyperactivity disorder	
Case 46	Mary Montgomery and Mary Hamilton	68
	Oral pathology, nutritional issues	
Case 47	Sara Bloomfield	69
	Chronic obstructive airways disease	
Case 48	Jonny Morgan	70
	Thinness, faulty diet and health risk	
Case 49	Patrick Foley	71
	Burn injury	
Case 50	Doris Blessing	72
	Type 2 diabetes, pressure sore	
Case 51	Rupert St. John Stevens	74
	Alcoholic liver disease	
Case 52	Mrs Morningside	75
	Chronic peptic ulceration	
Case 53	Mandy Goodenough	76
	Gestational diabetes	
Case 54	Mrs Jessie Banks	77
	Renal disease, type 2 diabetes	
Case 55	Toby Harris	80
	Fractured mandible	
Case 56	John Thomson	81
	Motor neurone disease	

Case 57	Daisy Marsden Alcoholic liver disease	82
Case 58	Freda Ingram Obesity, cognitive behavioural therapy	84
Case 59	Susan O'Connel Crohn's disease, anorexia	85
Case 60	Dominic Pruz Ulcerative colitis, loop ileostomy	87
Case 61	Rudi Jordache Obesity, behaviour modification	88
Case 62	Glenda Henderson Gestational diabetes, obesity	90
Case 63	Daniel Borden Head injury, nutritional support	91
Case 64	Shaun Gascoine Oesophageal carcinoma	92
Case 65	Frank Calder Type 1 diabetes, overweight	94
Case 66	Stanislaw Roza Hypertension, ethnic diet, health risk	95
Case 67	Peter Donnelly Overweight, hypertension	96
Case 68	John Mortimer Stroke	98
Case 69	Maude Ashby Stroke, clinical chemistry	99
Case 70	Christopher Smith Terminal cancer, palliative care	100

The diaries (and contexts) 103

Diary 1	Weight loss, diet patterns	105
Diary 2	Migraine, diet exclusion	106
Diary 3	Type 2 diabetes, diverticulitis	108
Diary 4	Irritable bowel syndrome	109
Diary 5	Coronary artery disease, health risk	110
Diary 6	Hypertension, renal calculi	111
Diary 7	Reactive hypoglycaemia	113
Diary 8	Bowel habit, dietary influences	114
Diary 9	Constipation, hunger	116
Diary 10	Obesity	117

The referrals (and contexts) 119

Referral 1	Letter Mrs Brown (managing serum cholesterol levels)	121
------------	--	-----

Referral 2	Letter Ms Philpott (irritable bowel syndrome)	122
Referral 3	Letter Mrs Young (obesity, conflict with medications)	123
Referral 4	Letter Mrs Leadbetter (coeliac disease, iron-deficiency anaemia)	124
Referral 5	Letter Mr Grant (obesity, hypothyroidism)	125
Referral 6	Letter Ms Horvig (abdominal pain, elimination diet)	126
Referral 7	Nutritional screening Mr Al-Khatim, Room 221 (prostatic cancer, chemotherapy)	127
Referral 8	Nutritional screening Mrs Collins, Room 401 (anterior resection of bowel)	129
Referral 9	Nutritional screening Mr Roundman, Room 613 (type 1 diabetes, infection)	131
Referral 10	Handwritten note Mrs Lundquist, Room 408 (gestational diabetes)	133

The mini-cases (and contexts) 135

Mini-case 1	Multiple sclerosis, obesity	137
Mini-case 2	Anterior resection of bowel	137
Mini-case 3	Obesity, weight control	137
Mini-case 4	Obesity, nutritional screening	137
Mini-case 5	Coeliac disease, peer-reviewed information	138
Mini-case 6	Type 2 diabetes, dietary compliance	138
Mini-case 7	Obesity, aggressive weight loss	138
Mini-case 8	Hip replacement, nutritional status	138
Mini-case 9	Unconscious patient, feeding issues	139
Mini-case 10	Weight loss, older client	139

The commentaries 141

The commentaries: the cases		143
Case 1	Gillian Mercer Diabetes	143
Case 2	The Odessa file Renal disease, haemodialysis	144
Case 3	Darshan Renal disease, peritoneal dialysis	145
Case 4	Professor Plum Renal disease, pre-dialysis	145
Case 5	Annie Renal disease, pre-dialysis	146

Case 6	Jon Obesity	148
Case 7	Mr Smart Obesity, renal calculi	149
Case 8	Susan Ritzio Ulcerative colitis	150
Case 9	Mr Rodger Irritable bowel syndrome	150
Case 10	Pauline Trotter Obesity, pharmacological management	151
Case 11	Harriet Baker Obesity, metabolic issues	152
Case 12	Mr Cunningham Functional dyspepsia, weight loss	153
Case 13	Mrs Rose Petroni Obesity, infection, wound healing	153
Case 14	Linda Middlemiss Arthralgia, food intolerance	154
Case 15	Josh Herriot Coeliac disease, new diagnosis	155
Case 16	Carly Carpenter Disordered eating in adulthood	156
Case 17	Mr Tony Marshall Obesity, renal calculi	158
Case 18	Carrie West Bulimia nervosa	159
Case 19	Holly Shakespeare Obesity, polycystic ovarian syndrome	160
Case 20	Barry Morgan Post-surgical weight loss, appetite failure	161
Case 21	Rayan Hussein Iron-deficiency anaemia, ethnic diet	161
Case 22	Peggy Dementia	162
Case 23	Cain Cerebral palsy	163
Case 24	Abel Down's syndrome	164
Case 25	Lucinda Smythe Reactive hypoglycaemia	165
Case 26	Mrs Jolly Type 2 diabetes	166
Case 27	Cordelia Irritable bowel syndrome	167
Case 28	Josh Human immunodeficiency virus (HIV)	168
Case 29	Murdo MacKenzie Cardiovascular and colorectal cancer risk	169

Case 30	Anna Walker Bone health	170
Case 31	Shirley Stringfellow Angioedema, salicylate exposure	171
Case 32	Family tree Diet and lifestyle change over time	172
Case 33	RMS Titanic Dietary judgement of menus	172
Case 34	Maria von Twigg Anorexia nervosa	173
Case 35	Alan Wanderlust Colorectal cancer	174
Case 36	George and Dragon Dementia, weight loss	174
Case 37	Mandy Morton Ventilated patient, enteral feeding	175
Case 38	Betty Meldrew Breast cancer, weight loss	176
Case 39	Sheila Borrowman Chronic pancreatitis, diabetes	177
Case 40	Miss Taylor Cancer of lung, cachexia	178
Case 41	Mary Glover Coeliac disease, lymphoma	179
Case 42	Pamela Nightingale Chronic fatigue syndrome	179
Case 43	Jenny Friel Crohn's disease	180
Case 44	Alan Lehman Type 1 diabetes	181
Case 45	Mark Attention deficit hyperactivity disorder	181
Case 46	Mary Montgomery and Mary Hamilton Oral pathology, nutritional issues	182
Case 47	Sara Bloomfield Chronic obstructive airways disease	183
Case 48	Jonny Morgan Thinness, faulty diet and health risk	184
Case 49	Patrick Foley Burn injury	185
Case 50	Doris Blessing Type 2 diabetes, pressure sore	186
Case 51	Rupert St. John Stevens Alcoholic liver disease	187
Case 52	Mrs Morningside Chronic peptic ulceration	188
Case 53	Mandy Goodenough Gestational diabetes	189

Case 54	Mrs Jessie Banks Renal disease, type 2 diabetes	190
Case 55	Toby Harris Fractured mandible	191
Case 56	John Thomson Motor neurone disease	192
Case 57	Daisy Marsden Alcoholic liver disease	193
Case 58	Freda Ingram Obesity, cognitive behavioural therapy	194
Case 59	Susan O’Connel Crohn’s disease, anorexia	195
Case 60	Dominic Pruz Ulcerative colitis, loop ileostomy	195
Case 61	Rudi Jordache Obesity, behaviour modification	196
Case 62	Glenda Henderson Gestational diabetes, obesity	197
Case 63	Daniel Borden Head injury, nutritional support	198
Case 64	Shaun Gascoine Oesophageal carcinoma	199
Case 65	Frank Calder Type 1 diabetes, overweight	200
Case 66	Stanislaw Roza Hypertension, ethnic diet, health risk	201
Case 67	Peter Donnelly Overweight, hypertension	202
Case 68	John Mortimer Stroke	204
Case 69	Maude Ashby Stroke, clinical chemistry	205
Case 70	Christopher Smith Terminal cancer, palliative care	206
The commentaries: the diaries		209
Diary 1	Weight loss, diet patterns	209
Diary 2	Migraine, diet exclusion	209
Diary 3	Type 2 diabetes, diverticulitis	210
Diary 4	Irritable bowel syndrome	210
Diary 5	Coronary artery disease, health risk	211
Diary 6	Hypertension, renal calculi	211
Diary 7	Reactive hypoglycaemia	212
Diary 8	Bowel habit, dietary influences	213
Diary 9	Constipation, hunger	213
Diary 10	Obesity	214

The commentaries: the referrals	215
Referral 1 Letter	215
Mrs Brown (managing serum cholesterol levels)	
Referral 2 Letter	216
Ms Philpott (irritable bowel syndrome)	
Referral 3 Letter	216
Mrs Young (obesity, conflict with medications)	
Referral 4 Letter	217
Mrs Leadbetter (coeliac disease, iron-deficiency anaemia)	
Referral 5 Letter	218
Mr Grant (obesity, hypothyroidism)	
Referral 6 Letter	219
Ms Horvig (abdominal pain, elimination diet)	
Referral 7 Nutritional screening	220
Mr Al-Khatim, Room 221 (prostatic cancer, chemotherapy)	
Referral 8 Nutritional screening	220
Mrs Collins, Room 401 (anterior resection of bowel)	
Referral 9 Nutritional screening	221
Mr Roundman, Room 613 (type 1 diabetes, infection)	
Referral 10 Handwritten note	222
Mrs Lundquist, Room 408 (gestational diabetes)	
The commentaries: the mini-cases	223
Mini-case 1 Multiple sclerosis, obesity	223
Mini-case 2 Anterior resection of bowel	223
Mini-case 3 Obesity, weight control	224
Mini-case 4 Obesity, nutritional screening	224
Mini-case 5 Coeliac disease, peer-reviewed information	225
Mini-case 6 Type 2 diabetes, dietary compliance	225
Mini-case 7 Obesity, aggressive weight loss	226
Mini-case 8 Hip replacement, nutritional status	226
Mini-case 9 Unconscious patient, feeding issues	227
Mini-case 10 Weight loss, older client	228
The appendices: clinical information and reference data	231
<hr/>	
Appendix 1 Weights and measures	233
Appendix 2 Dietary data	237
Appendix 3 Body mass index	243
Appendix 4 Anthropometric data	245
Appendix 5 Predicting energy requirements	248
Appendix 6 Clinical chemistry	253
Appendix 7 Abbreviations	260

The appendices: tools	265
Appendix 8 Algorithm for treating malnutrition: decision-making tool	267
Appendix 9 Malnutrition universal screening tool ('MUST')	268
Appendix 10 Balance of good health: sensible eating tool	274
<i>Index</i>	275
