<i>Introduction</i>	1
About This Book.....	1
Conventions Used in This Book	2
Foolish Assumptions	2
What You're Not to Read	3
How This Book Is Organized.....	3
Part I: Demystifying the Complexity of the NCLEX-RN	3
Part II: Testing Your Knowledge of Client Needs	3
Part III: Just What You Were Looking For: A Full-Length Practice Test	4
Part IV: The Part of Tens	4
Part V: Appendixes.....	4
Icons Used in This Book.....	4
Where to Go from Here.....	5
<i>Part I: Demystifying the Complexity of the NCLEX-RN</i>	7
Chapter 1: Meet the NCLEX-RN: Your Ticket to Getting a License	9
The Big Deal behind the Big Exam.....	9
You Must Remember This: Nursing Basics to Know by Heart	10
The NCLEX-RN — Not Your Average CAT Scan!	11
Thinking the NCLEX-RN Way	12
Getting to the root of the question	12
Navigating the grand inquisition, or the integrated exam	13
Finding the real question behind the long scenario	14
When All Is Said and Done	15
Hey, nurse? Yeah, you!	16
So, you failed — it's not the end of the world	16
Chapter 2: Preparing for T-Day: Paperwork and Whatnot	19
How Long Should I Wait after I Graduate? Deciding When to Test	19
Applying to Take the NCLEX-RN.....	20
Filling out the paperwork.....	20
Paying your dues	21
Hitting a bump: Potential problems with the licensure application.....	21
Scheduling the Time and Place	22
Planning Ahead for the Big Day.....	24
Help, My Car Won't Start! Rescheduling the Test	25
Chapter 3: The NCLEX-RN Blueprint	27
I'll Take "Client Needs," Alex — The Four Main Categories.....	27
Client need #1: Safe and effective care	28
Client need #2: Health promotion and maintenance	29
Client need #3: Psychosocial integrity	30
Client need #4: Physiological integrity	32
The Way It All Shakes Out	33
Oh, the Types of Questions You'll See.....	34
Putting knowledge into action: Application questions	35
Slipping into Sherlock's shoes: Analysis questions	36
Exercising individuality: Alternate test questions	37

Chapter 4: Buffing Up: Study Tips and Test-Taking Strategies	43
Setting Up an NCLEX-RN Study Schedule.....	44
Identifying Your Weak Points and Hitting the Books.....	45
Remembering Dear Maslow and His Needs.....	47
Getting Comfortable with the Nursing Process.....	48
Assessing the situation.....	49
Analyzing the situation.....	51
Planning your actions.....	52
Implementing care.....	54
Evaluating your actions.....	56
Dissecting the Questions and Focusing on the Stem.....	57
Pinpointing the stem.....	58
Putting the stem in context.....	59
Developing Critical-Thinking Strategies.....	60
Knowing the expected outcomes.....	60
Finding the elusive question topic.....	61
Making an educated guess.....	62
Picking the best answer when you're completely clueless.....	62
Knowing how to prioritize when all the answers are right.....	64
Avoiding Test Question Pitfalls.....	67
Don't read into the question.....	67
Read the whole question and reword it.....	67
Eliminate wrong answers.....	68
Try not to predict answers.....	69
Part II: Testing Your Knowledge of Client Needs	71
Chapter 5: Management of Care	73
First Things First: Knowing Your Patient's Rights.....	73
You must heed prearranged treatment options.....	74
All lips must remain sealed.....	75
Nothing happens without informed consent.....	76
Ethical decisions don't require your opinion.....	76
Rallying the Troops: Managing Care.....	77
Assuring the quality of patient care.....	77
Prioritizing when your hands are full: Group care.....	78
Tailoring care for each patient: Case management.....	79
Collaborating with other medical team members.....	80
Getting others to lend a hand: Delegation.....	81
Recognizing Legal Rights and Nursing Responsibilities.....	82
Knowing Where to Get the Support You Need.....	84
Continuing staff education.....	84
Expecting adequate supervision.....	85
Chapter 6: Safety and Infection Control	87
Preventing Accidents and Injuries.....	87
Using electrical equipment safely.....	88
Keeping clients from falling.....	89
Disaster Planning and Emergency Response.....	90
Sounding the alarm: When fires break out.....	91
Responding to terrorism or bioterrorism.....	92

Keeping Infectious Bugs at Bay	93
Maintaining medical and surgical purity	93
Differentiating among the types of infection precautions	95
Handling hazardous and infectious materials	97
Keeping Clients Down in a Way that Lifts Them Up	98
Chapter 7: Health Promotion and Maintenance	101
A Foundation for Care: Stages of Growth and Development	101
To Your Clients' Health! Promoting Well-Being	104
Creating and Implementing Care Plans	105
Assessing your patient's physical condition	105
Teaching patients from the moment of introduction	106
Understanding and explaining screening tests	108
Handling High-Risk Behavior and Alternate Lifestyle Choices	109
Preparing Patients to Leave Your Care	109
Helping patients take care of themselves	110
Embracing the family system	110
Chapter 8: Psychosocial Integrity	113
Looking Beyond the Surface: Factors that Influence Behavior	113
Behavioral basics: Important development theories	114
The spice of life: Cultural and family diversity	114
Coping, Counseling, and Crisis Intervention	115
Dealing with defense mechanisms	116
Talking through troubles	118
Teaching stress management	119
Helping patients through grief and loss	120
Caring for Patients with Abuse Issues	121
Recognizing different types of abuse	121
Recognizing stages of substance abuse	122
Chapter 9: Basic Care and Comfort	125
Giving Patients First What They Need Most	125
Ensuring Adequate Nutrition and Hydration	126
Identifying the building blocks of nutrition	126
Modifying your patient's diet	127
Recognizing malnutrition	127
Administering tube feedings	128
Hydrating your patient	129
Resting Easy, Sleeping Soundly	130
Keeping 'em Clean: Personal Hygiene	131
Understanding the Process of Elimination	132
Measuring your patient's urinary health	132
Keeping bowels healthy	134
Providing Holistic Care with Alternative and Complementary Medicine	135
Decreasing Pain without Pills	136
Helping Patients Get Around (And What to Do if They Can't)	137
Training patients to use crutches, walkers, and canes	137
Avoiding complications from immobility	138
Chapter 10: Pharmacological and Parenteral Therapies	141
Six Factors You Must Verify before Giving Meds	141
Medicating Patients Safely	142
Assessing before medicating	142
Calculating dosages	143

Recognizing the effects of meds.....	146
Answering questions about unfamiliar meds.....	148
Using Medicine to Manage Pain.....	149
Giving Meds and More with a Stick and a Poke: Parenteral Therapy.....	152
Immersing your mind in various fluids: Parts that lead to solutions.....	152
Providing med therapy all in vein.....	155
Hanging blood and blood products.....	156
Chapter 11: Reduction of Risk Potential.....	159
Interpreting Lab Results without a Hitch.....	159
Separating the oozing red stuff.....	160
Looking closely at immunity defenders.....	165
Examining pee (ha-ha).....	166
Recognizing the Main Diagnostic Assessments.....	166
The daily routine: Checking vital signs.....	166
Respiratory tests.....	167
Cardiovascular tests.....	168
Gastrointestinal tests.....	169
Musculoskeletal tests.....	170
Neurological tests.....	170
Being Ready for the Bumps: Complications with Testing and Treating.....	171
Taking stock of diagnostic risks.....	171
Preventing postsurgical complications.....	172
Taking a Load Off (Your Patient): Therapeutic Procedures.....	175
Administering Conscious Sedation Safely.....	176
Chapter 12: Physiological Adaptation.....	179
What's It All About, Physiologically Speaking?.....	179
The water of life.....	179
Getting the right pH: The key to acid-base balance.....	181
Keeping an eye on respiratory health — the sum of water and pH.....	182
Monitoring hemodynamics.....	183
Anticipating the Results of Imbalance.....	184
When the body systems are out of whack.....	184
Looking down the road to infection.....	186
Recognizing and Managing Illness and Disease (Technically Speaking, Pathophysiology).....	187
Houston, we have a problem.....	188
Damage control of the medical kind.....	189
Taking a Patient for Tests and Therapy.....	190
Facing an MRI, the hot potato of medical tests.....	190
Handling therapies, from dialysis to radiation.....	191

***Part III: Just What You Were Looking For:
A Full-Length Practice Test..... 195***

Chapter 13: A Story of Blood, Chills, and Pain: A Practice NCLEX-RN.....199

Chapter 14: The Answers to All Your Questions (And Explanations to Boot).....237

Part IV: The Part of Tens 261
Chapter 15: Ten Myths About the NCLEX-RN 263

Length Matters	263
Every Question Counts	263
Computer Savvy Is Essential	264
You Can't Stop 'til You're Done.....	264
The Test Plays Off Your Weakness	264
Failing Yields Eons of Waiting before Take Two	265
Changing Answers May Be Your Downfall	265
The Same Question Popped Up Twice	265
Your Test Schedule Chooses You.....	265
"C" is the Magic Answer	266

Chapter 16: Ten Common Phrases Found in NCLEX-RN Questions 267

Take It from the Top: Assessment and Priority.....	267
You Make the Call! Diagnosis	268
Get Your Ducks in a Row: Planning and Assigning Care	269
Grab a Pen and Paper: The Teaching Plan.....	270
Forget the Crystal Ball! Planning Outcomes and Formulating Goals	270
Put Your Money Where Your Mouth Is: Implementing Care	271
Always Play Favorites: Priority Action.....	272
Always Pretend You're Superman (or -woman!): Determining Interventions	272
Do Reflect on the Past: Evaluating Care.....	273

Chapter 17: Ten Rules to Remember When Prepping for the NCLEX-RN 275

Read Each Question in Its Entirety	275
Don't Read into the Question	275
Answer Questions with the Ideal Situation in Mind	276
Avoid Changing Your Answers	276
Don't Call the Doctor until You're Sure You Need To	277
Avoid Answers That Make You Choose All or Nothing	277
Don't Memorize Facts, Questions, or Other Useless Trivia.....	277
Don't Think You Can Be Ready without Hard Work.....	278
Know Your Strengths and Weaknesses	278
Be Kind to Yourself	278

Part V: Appendixes..... 279
Appendix A: Additional Info about Exam and Licensing Logistics 281

Fifty Feathers of the Same Bird: Individual State Licensing Requirements	281
Testing and Licensing Information Arranged by State and U.S. Territory	282
Alabama.....	283
Alaska.....	283
American Samoa.....	284
Arizona.....	284
Arkansas	284
California	285

Colorado	285
Connecticut	286
Delaware	286
District of Columbia	287
Florida	287
Georgia	288
Guam	288
Hawaii	288
Idaho	289
Illinois	289
Indiana	290
Iowa	290
Kansas	291
Kentucky	291
Louisiana	292
Maine	292
Maryland	292
Massachusetts	293
Michigan	293
Minnesota	294
Mississippi	294
Missouri	295
Montana	295
Nebraska	296
Nevada	296
