

## INDEX

### A

- Abbreviations, 16, 131  
Abstract words, 17, 18  
Academic success, and vocabulary, 3–6  
Academic words, 18  
Alliterations, 63  
Alternate spellings, 131  
*American Heritage Word Frequency Book* (Carroll/Davies/Richman), 132  
Anagrams, 63  
Analogies, creating, 56–57; handout/sample worksheet for strategy of, 57–58  
Anderson, R., x, 7, 128, 132, 136  
Anderson-Inman, I., 127, 128, 130  
Anecdotal evidence: collecting/analyzing, 115–116; student conversations, 115; student presentations, 115; student writing, 115–116  
Anglin, J. M., 21  
Ash, G. E., x

### B

- Background knowledge, and strong vocabulary, 26–27  
Baldwin, L. E., 18

- Basic Elementary Reading Vocabulary* (Harris/Jacobson), 130  
Basic English (Ogden), 127  
Basic word list, 127–202; corpus, 130; determination of grade levels, procedure for, 133–134; fifth grade, 174–189; first grade, 139–142; fourth grade, 160–173; identification of basic words, procedure for, 131–133; kindergarten, 137–138; method, 130–134; results, 134; second grade, 143–148; sixth grade, 190–202; third grade, 149–159  
Basic words, 86; identification of, 127  
Baumann, J. F., x, 103  
Beck, I., 3, 103, 129, 132, 136  
Becker, W. C., 127, 128, 130  
*Biology of Algae and Other Verses, The* (Lewin), 13  
*Bird by Bird: Some Instructions on Writing and Life* (Lamott), 125  
Blachowicz, C.L.Z., x  
Book baskets, 73  
Bransford, J., 4  
Brown, A., 4  
Brunetti, G. J., 7

Burger, H. C., 128

Burns, S. M., 7

## C

Cacciari, C., 18

*California Achievement Tests* (CAT),  
130, 133

Cardinal numbers, 132–133

Carroll, J., 128–129, 132, 135

Chall, J. S., 7, 18

Choosing the right word, sample sentences for, 75

Classroom practices, aligning with standards/benchmarks, 85

Cluster Beanbag (game), 64

Cluster walls. *See* Semantic cluster walls

Cocking, R., 4

Cognates, and ELL students, 19

Colorful Songs (game), 64

Commercial vocabulary programs,  
122

Complex vocabulary: introducing, 76;  
requirement of, 35

Compound words, 15

*Comprehensive Tests of Basic Skills*  
(CTBS), 106, 130, 133

Concept definition maps, 51

Conceptual knowledge, and robust vocabulary, 4

Connotations, 16

Constructed responses, 110

Content-area vocabulary, 17, 26

Context: and encounters with new words, 26; and upper elementary students, 18

Contractions, 16

Conventional quizzes, 108–110

Cunningham, A. E., 17

Customized word list, 122; assesment-related words, 87; basic words, 86; categorizing words on, 97–99; creating, 81; fiction/nonfiction sources, 87; form for recording words for, 89; language arts experiences, vocabulary from, 92–93; national/state/district assessments, vocabulary from, 93; need for, 83; resources for creating, 83–87; standards-based lists, adding basic words to, 90–91; standards-based vocabulary, identifying, 88–90; state/district standards/benchmarks documents, 84–85; steps in creating, 88–93

## D

Davies, P., 128–129, 132, 135

Denotations, 16

Descriptive pattern graphic organizers, 50

Dictionary, and word meanings,  
41–44

Direct instruction, 30–31, 33; categorizing words for, 98–99; framework/strategies for, 35–68; goals of, 30; scheduling experiences, 100–103; steps for learning new words, 36–55; student generation of explanations, 38–45; teacher explanation of new word's meaning, 37–38; teacher identification of

new word/eliciting of background knowledge, 37; visual representations of students, 45–55  
“Disaster Dictionary,” 73  
District assessments, vocabulary from, 93  
District standards/benchmarks, 84–85  
Dixon, R., 127, 128, 130  
Dull paragraph, and revisions, example of, 28  
Dupuy, H. P., 128

## E

Electronic sources, and word meanings, 45  
English Language Learners (ELL), 18–19; and cognates, 19; and effective vocabulary programs, 22  
Essential word list  
Evyindsson, H., 100  
Expanded vocabularies: fourth through sixth grades, 17–18; kindergarten through first grade, 13–14; second and third grades, 15–16; second language learners, 19

## F

Fairbanks, M. M., x  
Feminine forms of nouns, 131  
Field trip follow-up, 71  
Figurative language: and primary-grade students, 14; and second and third graders, 16; and upper elementary students, 18  
Fisher, P., x

Foreign words, 131  
Formal definition skills, and upper elementary students, 18  
Fourth through sixth grades: expanded vocabularies, 17–18; metalinguistic awareness, 17; typical word knowledge, 17; vocabulary strategies, 17–18  
Frayer, D. A., 51  
Frayer model, 51, 53–54, 110  
Frederick, W. D., 51

## G

Games/word play, 63–68. *See also* Word games  
Gardner, J., 48  
Grade-level designations, intercorrelation between (table), 135  
Graphic organizers, 50–51  
Graphic representations, for learning new words, 38–39  
Graves, M. F., 7, 103  
Griffin, P., 7  
Group activities, using for performance assessments, 111

## H

Harris, A., 129, 130  
Harrison, C., 7  
Herman, P., x  
Hirsch, D., 17  
Hofstetter, C. H., 7  
Hofstetter, R. C., 7  
Homophones, 63  
*House of Dies Drear, The* (Hamilton), 75

## I

- Idiomatic language, 16; and second language learners, 19
- Idioms, 63
- Incidental learning: books/resources to enhance vocabulary learning, selecting, 73–76; planning for, 69–80; read-aloud experiences, selecting, 80; students' wide reading experiences, expanding, 78–80; vocabulary-rich environment, creating, 69–76
- Incidental learning experiences, 33; planned, 32; planning for, 31–32; random, 31–32
- Inflected forms, 131
- Internet, and word meanings, 45
- Iowa Test of Basic Skills*, 106

## J

- Jacobs, V. A., 18
- Jacobson, M., 129, 130
- Jenkins, J. R., 25
- Jesse, D., 127*fn*
- Johnson, S., 21
- Jokes, 16
- Juster, N., 11

## K

- Kame'enui, E. J., x, 103
- Kendall, J. S., xiv, 127
- Kindergarten through first grade: expanded vocabularies, 13–14; meta-linguistic awareness, 13; typical word knowledge, 12–13; vocabulary learning, 12–14; vocabulary strategies, 14
- Kinesthetic representations, 51–53

- Klausmeier, H. J., 51
- Kucan, L., 3
- Kurland, B. F., 18

## L

- Labels, 3–4, 70–71; hearing, 4
- Lamott, A., 125
- Language arts experiences, vocabulary from, 92–93
- Language awareness, and primary-grade students, 14
- Lazar, R. T., 21
- Lesaux, N. K., 19
- Levorato, M. C., 18
- Lewin, R. A., 13
- Limited vocabularies, and early reading ability, 7
- Listening vocabulary: fourth through sixth grades, 17; second and third grades, 15
- Literal meanings, 16; and upper elementary students, 18
- Looking up words, 72
- Lorge, I., 128, 129

## M

- Marzano, R. J., xiv, 7, 22, 26, 78, 127
- Masculine forms, of nouns, 131
- Master of disguises, 75–76
- Match Me (game), 64
- McKeown, M., 3, 103, 129, 132, 136
- “Meet-and-greet” new vocabulary words, 72–73
- Mental pictures, generating, 47–49
- Meta-linguistic awareness: fourth through sixth grades, 17; kindergarten through first grade, 13

Metaphors, 16, 57–61; worksheet for creating, 59, 61

Mid-Century Regional Educational Laboratory (McREL), 86

Multiple learning experiences, offering, 25–26

Multiple word meanings, 21; and primary-grade students, 14; and second and third grades, 16

## N

Nagy, W., x, 7, 128, 132, 136

Nation, P., 17

National assessments, vocabulary from, 93

National Reading Panel, x, 5

New words: assessing knowledge of, 106–107; categorizing, 98–99; deciding when/how to introduce, 95–104; prior knowledge, checking for, 100; steps for learning, 36–55; understanding, 56–63; and visual representations, 38–39

Newsworthy words, 28–29

Nicholson, C. B., 21

Non-Webster dictionaries, 74

Nonwords, 131

Note cards, 119

Notebooks, 116–119; and logs, 120–121

Nuances, 16

Numbers, 133

## O

Occupational titles, 131

Office of Educational Research and Improvement (OERI), 127*fn*

Ogden, C. K., 127

Omanson, R., 129, 132, 136

Oral experiences, 25

Oral vocabulary, 6

Ordinal numbers, 131, 133

## P

Pass the Right Word (game), 66

Paynter, D. E., xiv, 127

*Peabody Picture Vocabulary Test*, 122

Peer conferences, 113

Performance assessments, 110–114; constructed responses, 110; peer conferences, 113; performances, 111; products, 110–111; self-assessment rubrics, 113–114; student discussions/conferences, 111–112; teacher-student conferences, 112; using group activities for, 111; using reading for, 111

*Phantom Tollbooth, The* (Jester), 11

Physical models, 53–54

Pickering, D. J., 7, 22

Planned incidental instruction: categorizing words for, 98–99; scheduling experiences, 103

Planned incidental learning experiences, 32

Plurals, 131

Pollock, J. E., 7, 22

Prefixes, 15

Primary-grade students, and multiple word meanings, 14

Probable passages strategy, 29–30

Productive vocabulary, 108

Pronunciations, alternate spellings, 131

Proper names, 131

Puns, 16

Pyramid Clusters (game), 67–68

## Q

Questions, and word meanings, 40–43  
Quizzes, 108–110

## R

Random incidental learning experiences, 31–32  
Read-aloud experiences, 15;  
selecting, 80  
Reading, using for performance assessments, 111  
Reading references, 121  
Reading vocabulary: fourth through sixth grades, 17; second and third grades, 15  
Reasonable resources, 73–74  
Receptive vocabulary, 108  
Red herring concept, 70–71  
Richman, B., 128–129, 132, 135  
Riddles, 63  
Rieger, C. J., 127  
Robust vocabulary: defined, 3; importance of, 1–10; learners with, 4; need for, 5–6; using with children, 74–76  
Ryder, R. J., 7

## S

Schank, R. C., 127  
Schwartz, R., 51  
Science Research Associates (SRA), 130, 133  
Second and third grades, 15–17;  
expanded vocabularies, 15–16;  
meta-linguistic awareness, 16; and multiple word meanings, 16;  
typical word knowledge, 15; vocabulary strategies, 16–17

Second language learners, 19–20; expanded vocabularies, 19; typical word knowledge, 19; vocabulary strategies, 20  
Self-assessment rubrics, 113–114  
Semantic cluster walls, 76–78, 96; of careers and occupations, 77; for math vocabulary (sample), 79; purpose of, 77–78; as records of increased vocabulary learning, 78  
Semantic feature analysis: completing, 61–62; student worksheet for, 62  
Sentence stems, and word meanings, 40–41  
Siegel, L. S., 19  
Sight-recognition words, 86  
Slater, W. H., 7  
Slogans, 63  
Snow, C. E., 7, 18  
Stahl, S. A., x  
Standardized tests, and vocabulary assessment, 122  
Standards-based lists, adding basic words to, 90–91  
Standards-based vocabulary, identifying, 88–90  
*Stanford Achievement Test*, 130, 133  
Stanovich, K. E., 17  
State assessments, vocabulary from, 93  
State standards/benchmarks, 84–85  
Stein, M. L., 25  
Sticht, T. G., 7  
Students: discussions/conferences, 111–112; logs, 120–121; progress, assessing, 105–123  
Suffixes, 15

Suher, C., 58  
Symbols: creating, 48–49; for math terms, 50  
Synonyms: sophisticated, 74–75; and a thesaurus, 44

## T

Tags, 3  
Teacher-created classroom assessments, 109–114; conventional quizzes, 108–110; performance assessments, 110–114  
Teacher-student conferences, 112  
*Teaching Children to Read* (National Reading Panel), 5–6  
Technical words, 18  
Thesaurus, and word meanings, 44  
Thorndike, R. L., 128, 129  
Tongue twisters, 63  
Two words, explaining general relationship/pattern between, 60

## U

Understanding new words, 56–63; analogies, creating, 56–57; metaphors, creating, 57–61; semantic feature analysis; completing, 61–62; vocabulary, classifying, 63  
Underwood, B. J., 40–41

## V

Venezky, R. L., x  
Visual representations: graphic organizers, 50–51; kinesthetic representations, 51–53; for learning new words, 38–39; mental pictures, 47–49; physical models,

53–54; students', 45–55; symbols, 48–49; using clip art, 46  
Vocabulary: and academic success, 3–6; classifying, 63; commercial vocabulary programs, 122; complex, 35, 76; content-area, 17, 26; expanded, 13–19; from language arts experiences, 92–93; from national assessments, 93; oral, 6; placing purposefully around the classroom, 70–73; productive, 108; reading, 15, 17; relating to success in reading/writing, 26–30; robust, 1–10, 3, 4, 5–6, 74–76  
Vocabulary assessment: anecdotal evidence, collecting/analyzing, 115–116; approaches, choosing, 108–122; assessing knowledge of new words, 106–107; assessing the use of strategies, 107; assessment question for younger students (table), 112; difficulty of, 106; external sources of assessment information, 121–122; matching assessment to objectives, 107–108; published vocabulary programs, 122; standardized tests, 122; and students' individual records, 116–121; teacher-created classroom assessments, 109–114  
Vocabulary Bingo (game), 64–65  
Vocabulary games/word play, 63–68  
Vocabulary gap, overcoming, 6–8  
Vocabulary graphic organizers, 50–51; concept definition maps, 51; descriptive pattern, 50; Frayer model, 51, 53–54

- Vocabulary instruction, planning, 8–10
- Vocabulary learning: developmental aspects of, 11–22; fourth through sixth grades, 17–18; kindergarten through first grade, 12–14; modeling strategies for, 31; second and third grades, 15–17; second language learners, 19–20; selecting books/resources to enhance, 73–76; steps for learning new words, 56–68; students deepen their understanding through, 56–63; students engage in vocabulary games/word play, 63–68; steps in, 117
- Vocabulary Learning in My Classroom (self-reflection questionnaire), 9–10
- Vocabulary notebooks, 116–120
- Vocabulary predictions, 29–30
- Vocabulary preview, 71
- Vocabulary program, 20–22
- Vocabulary Scramble (game), 66–67
- Vocabulary size: and early reading ability, 7; and socioeconomic status (SES), 7
- Vocabulary strategies: fourth through sixth grades, 17–18; kindergarten through first grade, 14; second and third grades, 16–17; second language learners, 20
- Vocabulary teaching: direct instruction, planning for, 30–31; incidental learning experiences, planning for, 31–32; multiple learning experiences, offering, 25–26; understanding approaches to, 23–33
- Vocabulary tests, 108–110
- Vocabulary-rich environment, creating, 69–76
- ## W
- Warr-Leeper, G. A., 21
- Watts, S. M., 7
- Weekly tests, 108–110
- Wittgenstein, L., 1
- Word attack skills, 16–17
- Word consciousness, 4
- Word detective, 70–71
- Word games, 63–68; Cluster Beanbag, 64; Colorful Songs, 64; Match Me, 64; Pass the Right Word, 66; Pyramid Clusters, 67–68; Vocabulary Bingo, 64–65; Vocabulary Scramble, 66–67
- Word knowledge: fourth through sixth grades, 17; kindergarten through first grade, 12–13; second and third grades, 15; second language learners, 19
- Word meanings: and dictionary, 41–44; and electronic sources, 45; and Internet, 45; multiple, 14, 16, 21; and questions, 40–43; and sentence stems, 40–41; and thesaurus, 44
- Word play, 16

Word web, 1–3

Words: abstract, 17, 18; academic, 18; foreign, 131; looking up, 72; newsworthy, 28–29; nonwords, 131; sight-recognition, 86; technical, 18. *See also* New words

Words derived from existing words, 15

Words of interest, 72

Writing logs, 121

Wysocki, K., 25
