<b><i>Introduction</i></b> .....	<b>1</b>
About This Book.....	1
Foolish Assumptions .....	2
How This Book Is Organized.....	2
Part I: Getting a Grip on Types of Arthritis .....	3
Part II: Tests and Treatments: What to Expect from Your Doctor....	3
Part III: The Arthritis Lifestyle Strategy.....	3
Part IV: Is Alternative Medicine for You?.....	3
Part V: The Part of Tens.....	4
Part VI: Appendixes.....	4
Icons Used in This Book.....	4
Where to Go from Here.....	5

## ***Part I: Getting a Grip on Types of Arthritis***..... **7**

### **Chapter 1: What Is Arthritis?** ..... **9**

Understanding How Arthritis Affects Your Joints.....	10
Saying hello to your joints .....	10
Looking at the types of synovial joints.....	13
Distinguishing Between Arthritis and Arthritis-Related Conditions .....	15
Defining “true” arthritis .....	16
Classifying arthritis as a “major player” .....	17
Describing arthritis as a “minor player” .....	17
Experiencing arthritis as a “companion condition”.....	19
Deciding Whether It’s Really Arthritis: Signs and Symptoms .....	19
Considering the Causes of Arthritis .....	20
Understanding Who Gets Arthritis .....	22
Assessing Your Treatment Options .....	23
Looking into medications .....	23
Considering surgery.....	24
Making lifestyle changes .....	24
Looking at alternative approaches.....	26

### **Chapter 2: Osteoarthritis: The Most Common Form** ..... **27**

Considering Cartilage .....	27
Identifying the Signs and Symptoms of Osteoarthritis .....	29
Discovering What Causes Cartilage Breakdown .....	30
Considering causes of primary osteoarthritis.....	31
Sorting out the sources of secondary osteoarthritis .....	31
Regarding the repair problem.....	32

Recognizing Risk Factors for Osteoarthritis.....32  
Determining Whether It Really Is Osteoarthritis .....34  
Treating Osteoarthritis.....34  
    Muting the pain with medication .....35  
    Lubricating your joints with exercise.....35  
    Protecting your joints through good alignment .....36  
    Heating and cooling the pain away .....36  
    Taking a load off with weight control .....36  
    Knowing how to help yourself.....37  
    Considering surgery.....38

**Chapter 3: A War Within: Rheumatoid Arthritis . . . . . 39**

Turning on Itself: The Body Becomes Its Own Worst Enemy.....40  
    Recognizing the signs and symptoms of RA .....42  
    Understanding the causes of RA .....44  
    Describing the most likely victim of RA .....45  
Diagnosing Rheumatoid Arthritis .....45  
    Searching for clues: The medical history and physical exam .....45  
    Taking tests .....45  
Treating Rheumatoid Arthritis .....46  
    Relying on rest .....46  
    Delving into your diet .....47  
    Easing into exercise and physical therapy .....47  
    Protecting your joints .....47  
    Applying hot or cold compresses .....48  
    Taking medication .....48  
    Saving your joints via surgery .....50  
    Modifying risk factors for heart disease .....50  
    Predicting the outcome .....50  
    Looking to the future .....51  
Understanding the Difference between Osteoarthritis  
    and Rheumatoid Arthritis .....51

**Chapter 4: Investigating Other Forms of Arthritis . . . . . 53**

Gaining Insight into Gout: It's Not Just for Royalty .....53  
    Summarizing the symptoms .....54  
    Diagnosing and treating gout.....55  
    Helping yourself heal .....56  
Studying Pseudogout: The Royal Pretender .....56  
    Summarizing the symptoms .....57  
    Diagnosing and treating pseudogout.....57  
Understanding Juvenile Rheumatoid Arthritis.....57  
    Summarizing the symptoms .....58  
    Diagnosing and treating JRA .....59  
Figuring Out Infectious Arthritis .....59  
    Summarizing the symptoms .....59  
    Diagnosing and treating infectious arthritis .....60

Getting a Grip On Gonococcal Arthritis .....60  
 Summarizing the symptoms .....60  
 Diagnosing and treating gonococcal arthritis .....60  
 Surveying Psoriatic Arthritis .....61  
 Summarizing the symptoms .....61  
 Diagnosing and treating psoriatic arthritis .....61  
 Considering Ankylosing Spondylitis .....62  
 Summarizing the symptoms .....62  
 Diagnosing and treating ankylosing spondylitis .....63

**Chapter 5: Exploring Other Conditions Linked to Arthritis . . . . . 65**

Experiencing Arthritis as a Major Player .....65  
 Systemic lupus erythematosus: The wolf disease .....66  
 Discoid lupus erythematosus: A less dangerous form .....67  
 Scleroderma: When the skin hardens .....68  
 Reactive arthritis: From a stomachache to arthritis .....70  
 Lyme disease: When you're the bull's-eye .....72  
 Experiencing Arthritis as a Minor Player .....74  
 Bursitis: When the bursae become swollen.....74  
 Tendonitis and tenosynovitis: Inflammation  
 of the bone-muscle link.....75  
 Raynaud's: A chilling problem .....76  
 Sjögren's syndrome: Dry mouth, eyes, and maybe more .....77  
 Polymyalgia rheumatica: The pain of many muscles .....78  
 Paget's disease: Becoming too bony.....80  
 Experiencing Arthritis as a Companion Condition .....80  
 Carpal tunnel syndrome: Nerve compression .....81  
 Fibromyalgia: The pain no one can find .....81  
 Polymyositis: A rare sapping of strength .....83  
 Dermatomyositis: Polymyositis plus .....84

***Part II: Tests and Treatments: What to Expect  
 from Your Doctor . . . . . 85***

**Chapter 6: Your Doctor and You: Allies Against Arthritis . . . . . 87**

Positioning Yourself for Treatment Success .....87  
 Choosing a Good Doctor .....88  
 Determining whether the doctor is knowledgeable.....88  
 Sharing the same treatment philosophy .....89  
 Interviewing a prospective doctor .....90  
 Considering compatibility.....91  
 Working with Your Doctor .....91  
 Speaking Your Doctor's Language.....93  
 Figuring Out When You Should Find a New Doctor .....94

**Chapter 7: Judging Joint Health with Low- and High-Tech Tests . . .97**

Checking In for a Check-Up .....	97
Presenting the past: Your medical history .....	97
From head to toe: The physical exam .....	99
Explaining X-Rays and Scans .....	100
Exposing the benefits of an X-ray .....	101
Seeing more with a scan .....	101
Backing Up a Diagnosis with Biopsies and Blood Tests .....	102
Taking tissue for a biopsy .....	102
Testing the blood .....	102
Taking Other Tests on the Road to Diagnosis .....	104
Joint aspiration .....	104
Arthroscopy .....	105
Genetic testing .....	105
Urine testing .....	105

**Chapter 8: From Aspirin to Steroids: Medicines for Arthritis . . . . .107**

Talking to Your Doctor .....	107
Exploring the Five Classes of Drugs for Arthritis .....	109
Nonsteroidal anti-inflammatory drugs (NSAIDs) .....	109
Analgesics .....	110
Corticosteroids .....	110
Disease-modifying antirheumatic drugs (DMARDs) .....	111
Biologic response modifiers (BRMs) .....	111
Uncovering Specific Medicines for Specific Types of Arthritis .....	112
Actonel .....	112
Amoxil .....	112
Anaprox .....	113
Ansaid .....	113
Arava .....	114
Arthrotec .....	114
Aspirin .....	114
Azulfidine .....	115
Bextra .....	115
Celebrex .....	115
Clinoril .....	116
ColBenemid .....	116
Cytosan .....	116
Daypro .....	116
Decadron .....	117
Deltasone .....	117
Didronel .....	117
Disalcid .....	117
Doryx .....	118
Enbrel .....	118
Feldene .....	118

Fentanyl .....119  
 Fosamax .....119  
 Humira .....119  
 Ibuprofen .....120  
 Imuran.....120  
 Indocin .....120  
 Keflex .....120  
 Kineret .....121  
 Lodine .....121  
 Medrol.....121  
 Miacalcin .....122  
 Naprosyn .....122  
 Orudis .....122  
 Pediapred .....123  
 Penicillamine.....123  
 Penicillin .....123  
 Plaquenil .....123  
 ProSORBA .....124  
 Relafen .....124  
 Remicade .....125  
 Rheumatrex.....125  
 Sandimmune .....125  
 Sulfipyrazone .....126  
 Tetracycline.....126  
 Tolectin .....126  
 Trilisate.....126  
 Tylenol .....127  
 Vioxx .....127  
 Voltaren.....127  
 Zylprim .....128

**Chapter 9: Cuts That Cure: Surgeries for Arthritis .....129**

Knowing What to Ask Your Doctor Before Undergoing Surgery .....130  
 Looking At Different Kinds of Joint Surgery .....132  
     Synovectomy: Removing a diseased joint lining .....132  
     Osteotomy: Cutting and resetting the bone.....132  
     Arthrodesis: Fusing the bone.....134  
     Arthroplasty: Replacing the joint .....134  
     Autologous chondrocyte implantation:  
         Transplanting cartilage .....138  
 Getting Ready for Surgery .....138  
     Getting yourself into the best possible physical shape .....139  
     Arranging adequate postoperative care.....139  
     Finding someone who can handle your responsibilities.....139  
     Resolving financial and insurance matters .....140  
     Making a recovery plan with your doctor.....140

## **Chapter 10: Overcoming the Ouch: Strategies for Pain Management . . . . . 141**

Understanding Arthritis Pain.....	141
Differentiating Between Acute Pain and Chronic Pain .....	142
Breaking the pain cycle .....	143
Dealing with chronic pain.....	143
Assembling your treatment team.....	144
Relieving Pain with Noninvasive Therapies .....	145
Applying heat .....	146
Applying cold.....	147
Washing away pain with water therapy.....	148
Trying topical pain relievers .....	148
Manipulating the joints.....	149
Helping the joints with splints and supports .....	149
Magnetizing the pain.....	150
Transmitting a tingle with TENS.....	151
Taking Pain Relief to the Next Level .....	152
Medicating the pain away .....	152
Undergoing surgery.....	152

## ***Part III: The Arthritis Lifestyle Strategy..... 153***

### **Chapter 11: Fighting the Pain with Foods and Supplements . . . . . 155**

Finding Foods That Heal .....	156
Managing RA Mediterranean-style .....	158
Using omega-3s and omega-6s to fight arthritis pain and inflammation .....	160
Getting a grip on arthritis with green tea.....	162
Avoiding Foods That May Be Trouble .....	162
Saving Your Joints with Supplements.....	164
What you need to know before taking supplements .....	164
Fighting damaging oxidants and free radicals .....	166
Warding off OA with boron.....	167
Lowering homocysteine with vitamin B6 and folic acid .....	167
Fighting OA and RA with vitamin D.....	168
Pumping up cartilage with collagen hydrolysate.....	168
Combating Raynaud's with niacin.....	169
Zapping RA and psoriatic arthritis with zinc.....	169
Relieving Arthritis Symptoms with Other Nutritional Substances .....	170
Alleviating inflammation with aloe vera.....	170
Supporting your joints with SAME .....	170
Battling inflammation with bromelain .....	171
Curtailing the pain with capsaicin .....	171
Guarding your joints with grapeseed extract .....	172
Fighting disease with flaxseed oil.....	172

Giving OA pain the boot with ginger.....173  
 Glucosamine sulfate and chondroitin sulfate:  
     Cures for osteoarthritis?.....173  
 Looking at a Possible Link between Lupus and Food .....175

**Chapter 12: Oiling Your Joints with Exercise .....177**

Reaching Different Goals with Different Exercises.....177  
     Building cardiovascular endurance .....178  
     Strength training.....180  
     Increasing flexibility.....181  
 Easing Joint Pain with Exercise.....182  
     Stretching your neck.....182  
     Stretching your hand and wrist.....182  
     Extending the shoulder and arm .....183  
     Stretching your side.....184  
     Lifting your lower back and pelvis .....184  
     Stretching your hamstring .....185  
     Doing mini-sit-ups.....186  
     Extending your hip and back leg.....187  
     Rotating your ankle.....188  
 Using Yoga to Ease Arthritis Pain.....188  
     The snake .....189  
     The cat .....190  
     The pretzel .....191  
     Knee-to-chest stretch.....191  
     The spinal twist .....192  
     The child’s pose.....192  
 Doing Chair Exercises to Save Your Joints .....193  
     Chair marching .....193  
     Chair running .....193  
     Chair dancing .....194  
     Chair fencing .....195  
 Maximizing the Healing Effects of Exercise .....196  
 Designing Your Workout Program.....197  
     Considering the basic game plan .....198  
     Figuring out if you’re working hard enough.....199  
     Taking it easy! .....200  
     Finding a good class.....200

**Chapter 13: The Right Stride and Other Ways  
 to Protect Your Joints .....201**

Believing in Biomechanics .....202  
 Waxing Ergonomic at Your Workstation.....203  
 Standing Tall: Body Alignment .....204  
     Focusing on feet.....205  
     Bending your knees — just a bit!.....206

“Unswaying” your lower back.....	207
Relaxing your shoulders.....	207
Holding your head high.....	208
Putting the posture points together.....	208
Reducing Joint Stress with the Right Stride.....	209
Saving Your Joints When Hitting the Hay.....	211
Lifting Without Losing It.....	211

## **Chapter 14: Controlling Your Stress, Aggression, and Depression .....213**

Understanding Why We Hurt More Than We Have To.....	214
Ratcheting up the pain with stress.....	214
Increasing pain the “A” way.....	215
Heightening pain when you’re feeling low.....	216
Discovering the Healing Power of Positive Thinking.....	219
Relaxing the pain away through biofeedback.....	220
Quieting your mind with meditation and programmed relaxation.....	220
Moving to a stress-free place through guided imagery and hypnosis.....	221
Controlling your breathing.....	222
Using cognitive behavioral therapy.....	222
Laughing your way to relaxation.....	222
Forgetting all about it.....	223
Easing Depression and Anxiety with Prayer and Spirituality.....	223

## **Chapter 15: Day-to-Day Living with Arthritis .....225**

Taking Care of You.....	225
Working with an occupational therapist.....	226
Conserving your energy.....	227
Getting a good night’s sleep.....	227
Holding on to your sex life.....	228
Finding an Easier Way to Get Through the Day.....	229
Simplifying your household.....	229
Making household cleaning easier.....	230
Using assistive devices.....	231
Getting help from other people.....	232
Joining an Arthritis Support Group.....	233
Finding help and hope through the group.....	234
Locating a support or self-help group.....	234
Dealing with Arthritis in the Workplace.....	234
Easing the pain when you work.....	235
Applying for disability benefits.....	235

---

***Part IV: Is Alternative Medicine for You? .....237***

**Chapter 16: Exploring Alternative Medicine .....239**

Understanding the Many Faces of Alternative Medicine .....	239
Easing Arthritis Through Alternative Approaches .....	241
Finding a Reputable CAM Practitioner .....	242
Checking credentials and certifications .....	243
Identifying false claims .....	243
Working with Your Doctor.....	245
Figuring Out Whether Alternative Medicine Is for You .....	246

**Chapter 17: Discovering Herbs and Homeopathy .....247**

Digging Into Medicinal Herbs .....	247
Getting the Lowdown on Herbs for Arthritis.....	249
Anti-inflammatories.....	251
Antirheumatics .....	253
Sedatives and muscle relaxants .....	254
Pain relievers .....	255
Stimulating the Body to Heal Itself with Homeopathy .....	257
Determining remedies according to your symptoms .....	258
Discovering recipes for remedies.....	259
Homing in on homeopathic remedies for arthritis .....	260
Finding homeopathic help .....	261

**Chapter 18: Hands-On Healing Methods .....263**

Unblocking the Energy Flow: Eastern Hands-On Healing Methods .....	263
Pinpointing the pain with acupuncture.....	264
Pressing your buttons with acupressure (shiatsu).....	266
Restoring healing energy with Reiki.....	267
Realigning and Releasing Tension: Western	
Hands-On Healing Methods.....	268
Realigning the spine with chiropractic.....	268
Rubbing away muscle tension with massage .....	270
Promoting energy balance with polarity therapy .....	273
Relieving pain and encouraging healing with reflexology.....	274
Transmitting healing energy through touch therapy .....	275

**Chapter 19: Other Alternative Approaches .....277**

Breathing In the Healing: Aromatherapy.....	277
Understanding how it works.....	278
Discovering what aromatherapy can do for you.....	278
Finding out where to get aromatherapy.....	279

Fighting Pain with Bee Venom Therapy .....	279
Understanding how it works .....	279
Discovering what bee venom therapy can do for you.....	279
Finding out where to get bee venom therapy.....	280
Replacing the Hormone DHEA.....	280
Understanding how it works .....	280
Discovering what DHEA can do for you .....	281
Finding out where to get DHEA.....	281
Easing Inflammation with DMSO .....	282
Understanding how to use DMSO .....	282
Discovering what DMSO can do for you.....	282
Finding out how to get DMSO .....	283
Fighting the Pain and Disability of RA with MSM.....	283
Understanding how MSM is used to treat arthritis.....	283
Discovering what MSM can do for you .....	284
Finding out how to get MSM .....	284
Whirling the Pain Away with Hydrotherapy .....	284
Understanding how hydrotherapy is used to treat arthritis .....	284
Discovering what it can do for you .....	285
Finding a good hydrotherapist .....	285
Peering into the Possibilities of Prolotherapy .....	285
Understanding how it works .....	285
Discovering what prolotherapy can do for you .....	286
Finding out where to get prolotherapy.....	286

## ***Part V: The Part of Tens* .....** **287**

### **Chapter 20: Ten Tips for Traveling with Arthritis . . . . .** **289**

Talking to Your Doctor .....	289
Reviewing Your Medications and Supplements .....	290
Preplanning to Reduce Stress.....	290
Eating Wisely and Well.....	291
Exercising, Even Though You're on Vacation! .....	292
Using Joint-Protection Techniques .....	292
Using Assistive Devices.....	293
Renting an Arthritis-Friendly Car .....	293
Flying with Finesse.....	294
Taking a Test Run .....	294

### **Chapter 21: Ten Ways to Save on Prescriptions . . . . .** **295**

Review Your Medications.....	295
Ask Your Doctor for Free Samples .....	296
Check Out Medicare's Drug Discount Program.....	296
Find Out Whether You Qualify for a Drug Assistance Program .....	297

Get a Pharmacy Discount Card .....297  
 Buy the Generic Version.....297  
 Buy in Bulk .....298  
 Double the Strength and Split the Pills .....298  
 Compare Prices at Different Pharmacies .....298  
 Consider Online or Mail-Order Pharmacies.....299

**Chapter 22: Ten Professionals Who Can Help You Fight Arthritis .....301**

Rheumatologist .....301  
 Primary Care Physician.....302  
 Pharmacist .....303  
 Physical Therapist or Exercise Physiologist .....303  
 Occupational Therapist.....304  
 Registered Dietitian .....304  
 Social Worker.....304  
 Chiropractor .....305  
 Mental Health Professional.....305  
 Massage Therapist.....306

**Chapter 23: Ten Crackerjack New Treatments .....307**

Anti-TNF Drugs for Rheumatoid Arthritis .....307  
 Rituximab for Rheumatoid Arthritis.....309  
 The “Mini-Open” Surgical Technique for Carpal Tunnel Syndrome .....309  
 Etoricoxib for RA, OA, and Gout .....310  
 Bosentan for Scleroderma .....311  
 MMF for Lupus-Related Kidney Problems .....312  
 Cartilage Self-Transplants and Tissue Engineering .....312  
 Glass Therapy to Repair Bone and Treat RA.....313  
 Therapeutic Tape for Osteoarthritis Pain.....314  
 Improvements in Hip Replacement Materials and Techniques .....314

***Part VI: Appendixes.....317***

**Appendix A: Glossary .....319**

**Appendix B: Resources .....327**

Organizations.....327  
 Acupuncture/Acupressure.....327  
 Alexander Technique .....327  
 Alternative Medicine.....327  
 Aromatherapy.....327  
 Arthritis Information and Management.....328

Bee Venom Therapy .....	328
Biofeedback.....	329
Biomechanics Experts .....	329
Chiropractors.....	329
DMSO/MSM .....	329
Feldenkrais Method .....	329
Help for Caregivers.....	329
Homeopathic Medicine.....	330
Hypnotherapists .....	330
Massage Therapists .....	330
Medical Societies .....	330
The Mind/Body Connection .....	331
Naturopathic Medicine .....	331
Nutritional Counseling.....	332
Pain Management .....	332
Polarity Therapy.....	332
Psychotherapy.....	332
Reiki.....	332
Reflexology.....	333
Social Workers .....	333
Support Groups Online.....	333
Therapeutic Touch.....	333
The Trager Approach.....	333
Assistive Devices — Mail-Order Catalogs .....	333
Books .....	334
Books from the Arthritis Foundation.....	335
Audio Tapes .....	335
Videos .....	336

### **Appendix C: Weight Loss and Management Guide ..... 337**

Figuring Out Whether You're Too Heavy .....	337
Losing Weight the Safe and Healthy Way .....	339
Aiming for long-term benefits .....	340
Eating fruits and vegetables.....	340
Limiting your intake of certain foods .....	340
Using psychological strategies to get through .....	340
Understanding that it's not just what you eat . . .	341
Eyeballing those portions .....	341
