

CONTENTS

Figures and Tables	xix
Preface	xxi
Acknowledgments	xxv
Introduction: Getting The Most from This Book	xxvii
The Author	xxxv
PART ONE: FACILITATING COLLABORATIVE WORK	1
1 Why iLearning?	3
Learning Objectives	3
Expert Advice	3
iLearning: An Example	4
Building on the Familiar	9
The Life Cycle of Knowledge	13
2 Becoming One Mind	15
Learning Objectives	15
Expert Advice	15
Concept	16
<i>Cognition Is Distributed Across Individuals</i>	17
<i>Cognition Is Distributed in Artifacts</i>	17
<i>Cognition Is Captured in the History of Artifacts</i>	18
Application	19
<i>How to Distribute Cognition Across Individuals</i>	19
<i>How to Distribute Cognition in Artifacts</i>	20
<i>How to Capture Cognition in the History of Artifacts</i>	21
3 Agreeing on the Workflow Process	23
Learning Objectives	23
Expert Advice	23

Concept	24
<i>Traditional Ways Fail to Define Processes</i>	25
<i>Storytelling Can Define Processes</i>	26
Application	27
<i>How to Recognize Failure to Define Processes</i>	27
<i>How to Use Storytelling to Define Processes</i>	28
4 Defining Roles Within the Process	31
Learning Objectives	31
Expert Advice	31
Concept	32
<i>Identification of Roles</i>	33
<i>Rules of Engagement Between Roles</i>	34
Application	35
<i>How to Identify Specific Roles</i>	35
<i>How to Define Rules of Engagement Between Roles</i>	36
5 Working the Process	39
Learning Objectives	39
Expert Advice	39
Concept	40
<i>Knowledge Products Have Performance Objectives</i>	41
<i>Performance Objectives Support Collaborative Work</i>	42
<i>Performance Objectives Provide Metrics</i>	43
<i>Performance Objectives Improve Processes</i>	44
Application	45
<i>How to Identify Performance Objectives</i>	46
<i>How to Support Collaborative Work</i>	47
<i>How to Provide Metrics</i>	48
<i>How to Improve Processes</i>	48
PART TWO: FACILITATING INNOVATIVE LEARNING	51
6 Making Knowledge Visible	53
Learning Objectives	53
Expert Advice	53

	Concept	54
	<i>The Tacit-Explicit-Tacit Cycle</i>	55
	<i>Externalization of Knowledge</i>	55
	<i>Internalization of Knowledge</i>	56
	Application	56
	<i>How to Identify Tacit-Explicit-Tacit Cycles</i>	57
	<i>How to Externalize Knowledge</i>	57
	<i>How to Internalize Knowledge</i>	58
7	Differentiating Knowledge	61
	Learning Objectives	61
	Expert Advice	61
	Concept	62
	<i>Knowledge Is Factual</i>	63
	<i>Knowledge Is Conceptual</i>	63
	<i>Knowledge Is Procedural</i>	64
	<i>Knowledge Is Metacognitive</i>	64
	Application	64
	<i>How to Identify Factual Knowledge</i>	64
	<i>How to Identify Conceptual Knowledge</i>	65
	<i>How to Identify Procedural Knowledge</i>	65
	<i>How to Identify Metacognitive Knowledge</i>	66
8	Differentiating Knowledge Assets	67
	Learning Objectives	67
	Expert Advice	67
	Concept	68
	<i>Documents Embody Factual Knowledge</i>	69
	<i>Instruction Embodies Conceptual Knowledge</i>	70
	<i>Examples Embody Procedural Knowledge</i>	70
	<i>Expert Advice Embodies Metacognitive Knowledge</i>	71
	<i>Tacit Knowledge Should Be Managed</i>	72
	Application	73
	<i>How to Provide Access to Factual Knowledge</i>	73
	<i>How to Provide Access to Conceptual Knowledge</i>	74

	<i>How to Provide Access to Procedural Knowledge</i>	74
	<i>How to Provide Access to Metacognitive Knowledge</i>	75
	<i>How to Manage Tacit Knowledge</i>	75
9	Differentiating Learners	77
	Learning Objectives	77
	Expert Advice	77
	Concept	78
	<i>Novices Understand and Remember Knowledge</i>	79
	<i>Practitioners Analyze and Apply Knowledge</i>	80
	<i>Experts Create and Evaluate Knowledge</i>	80
	<i>Learners Have Cognitive Needs</i>	80
	Application	81
	<i>How to Understand and Remember Knowledge</i>	81
	<i>How to Analyze and Apply Knowledge</i>	82
	<i>How to Create and Evaluate Knowledge</i>	84
	<i>How to Meet Learners' Cognitive Needs</i>	86
PART THREE: ENABLING AN ILEARNING ORGANIZATION		89
10	Locating and Marshaling Expertise	91
	Learning Objectives	91
	Expert Advice	91
	Concept	92
	<i>Using Social Network Analysis to Locate Expertise</i>	93
	<i>Marshaling Expertise to Produce Knowledge Assets</i>	94
	Application	95
	<i>How to Use Social Network Analysis to Locate Expertise</i>	95
	<i>How to Marshal Expertise to Produce Knowledge Assets</i>	96
11	Ensuring Incentives to Share	99
	Learning Objectives	99
	Expert Advice	99
	Concept	100
	<i>People Work in Their Own Self-Interest</i>	101
	<i>Barriers to Knowledge Sharing Need to Be Removed</i>	102

	<i>Hard Rewards for Knowledge Sharing Need to Be Developed</i>	103
	<i>Soft Rewards for Knowledge Sharing Need to Be Developed</i>	104
	Application	105
	<i>How to Align with People's Self-Interest</i>	105
	<i>How to Remove Barriers</i>	107
	<i>How to Develop Hard Rewards</i>	108
	<i>How to Develop Soft Rewards</i>	109
12	Measuring Individual Learning and Performance	113
	Learning Objectives	113
	Expert Advice	113
	Concept	114
	<i>Examples Are a Performance Measure</i>	116
	<i>Documents Are a Performance Measure</i>	117
	<i>Instruction Is a Performance Measure</i>	118
	<i>Expert Advice Is a Performance Measure</i>	119
	<i>Performance Objectives Are a Performance Measure</i>	119
	<i>Total Knowledge Assets Are a Performance Measure</i>	120
	Application	120
	<i>How to Measure Examples</i>	121
	<i>How to Measure Documents</i>	123
	<i>How to Measure Instruction</i>	126
	<i>How to Measure Expert Advice</i>	127
	<i>How to Measure Performance Objectives</i>	129
	<i>How to Measure Total Knowledge Assets</i>	130
13	Improving Team Learning and Performance	133
	Learning Objectives	133
	Expert Advice	133
	Concept	134
	<i>Single-Loop Learning</i>	135
	<i>Double-Loop Learning</i>	138
	<i>Team Learning</i>	138

	Application	139
	<i>How to Support Single-Loop Learning</i>	139
	<i>How to Support Double-Loop Learning</i>	142
	<i>How to Support Team Learning</i>	143
14	Managing Organizational Learning and Performance	147
	Learning Objectives	147
	Expert Advice	147
	Concept	148
	<i>Single-Loop Learning</i>	149
	<i>Double-Loop Learning</i>	149
	<i>Organizational Learning</i>	150
	Application	151
	<i>How to Support Single-Loop Learning</i>	151
	<i>How to Support Double-Loop Learning</i>	156
	<i>How to Support Organizational Learning</i>	158
	PART FOUR: APPLYING METHODOLOGIES AND DEPLOYING TECHNOLOGIES	161
15	Reusing Knowledge Assets	163
	Learning Objectives	163
	Expert Advice	163
	Concept	164
	<i>Knowledge Assets Can Be Organized into Learning Objects</i>	165
	<i>Knowledge Assets Can Be Reused</i>	166
	Application	166
	<i>How to Organize Knowledge Assets</i>	166
	<i>How to Reuse Knowledge Assets</i>	167
16	Repurposing Knowledge Assets	171
	Learning Objectives	171
	Expert Advice	171
	Concept	172
	<i>Knowledge Assets Can Be Shared</i>	173
	<i>Knowledge Assets Can Be Repurposed</i>	174

	Application	175
	<i>How to Share Knowledge Assets</i>	175
	<i>How to Repurpose Knowledge Assets</i>	177
17	Organizing Knowledge Assets	181
	Learning Objectives	181
	Expert Advice	181
	Concept	182
	<i>Knowledge Assets Can Be Linked for Reuse</i>	183
	<i>Knowledge Assets Can Be Linked for Repurposing</i>	183
	Application	185
	<i>How to Link Knowledge Assets for Reuse</i>	186
	<i>How to Link Knowledge Assets for Repurposing</i>	186
18	Managing Knowledge Assets	189
	Learning Objectives	189
	Expert Advice	189
	Concept	190
	<i>Knowledge Assets Can Be Reused</i>	191
	<i>Knowledge Assets Can Be Repurposed</i>	192
	Application	194
	<i>How to Update Reused Knowledge Assets</i>	194
	<i>How to Update Repurposed Knowledge Assets</i>	195
19	Deploying Information Technologies	199
	Learning Objectives	199
	Expert Advice	200
	Concept	201
	<i>Development of a System Concept</i>	201
	<i>Management of Collaboration</i>	203
	<i>Management of Knowledge Products</i>	204
	<i>Management of Knowledge Assets</i>	205
	<i>Role-Based Access to Knowledge Assets</i>	206
	<i>Assessment of Learning and Performance</i>	208
	Application	209
	<i>How to Design a System Concept</i>	209
	<i>How to Manage Collaboration</i>	210

	<i>How to Manage the Knowledge Products of Work</i>	212
	<i>How to Manage the Knowledge Assets for Learning</i>	213
	<i>How to View Knowledge Assets by Role</i>	214
	<i>How to Assess Learning and Performance</i>	214
PART FIVE: FUTURE DIRECTIONS FOR iLEARNING		217
20	Emerging Information Technologies	219
	Learning Objectives	219
	Expert Advice	219
	Concept	220
	<i>Technology Is Mobile</i>	221
	<i>New Media Forms Are Available</i>	221
	<i>3-D Environments Are Evolving</i>	222
	Application	224
	<i>How to Use Mobile Technology to Support iLearning</i>	224
	<i>How to Use New Media Forms to Support iLearning</i>	226
	<i>How to Use a 3-D Environment to Support iLearning</i>	227
21	Changing Our World	229
	Learning Objectives	229
	Expert Advice	229
	Concept	230
	<i>iLearning Is Changing K–12 Schools</i>	231
	<i>iLearning Is Changing Colleges and Universities</i>	232
	<i>iLearning Is Changing the Global Economy</i>	232
	Application	233
	<i>How to Change K–12 Schools with iLearning</i>	233
	<i>How to Change Colleges and Universities with iLearning</i>	235
	<i>How to Change with the Global Economy</i>	
	<i>Using iLearning</i>	236
	Appendix: iLearning Resources	239
	Index	241

FIGURES AND TABLES

Figures

1.1	Just-in-Time Development of a Quality Plan	6
1.2	Example of iLearning	7
1.3	Layers of the iLearning Pyramid	8
1.4	Identifying Instructional Content	10
1.5	Life Cycle of Knowledge in Organizations	13
2.1	Cognition Is Distributed Across Individuals	17
2.2	Cognition Is Distributed in Artifacts	18
2.3	Cognition Is Captured in the History of Artifacts	18
3.1	Defining the Business Process	25
4.1	Defining Specific Roles Within a Process	34
5.1	Identifying Performance Objectives for Knowledge Products	41
5.2	Using Performance Objectives to Support Collaborative Work	43
5.3	Using Performance Objectives to Provide Metrics	44
5.4	Using Performance Objectives to Improve Processes	45
5.5	Process Improvement Result	46
7.1	The Four Types of Knowledge	63
8.1	Access Typically Provided to the Different Types of Knowledge	69
8.2	Access Provided After Tacit Knowledge Is Made Explicit	70
9.1	Learners Have Differing Cognitive Needs	79
9.2	Meeting Learners' Differing Cognitive Needs	81

10.1	Using Social Network Analysis to Locate Expertise	93
15.1	Knowledge Assets Organized into Learning Objects	165
16.1	Knowledge Assets Can Be Shared	173
16.2	Knowledge Assets Can Be Repurposed	174
17.1	Knowledge Assets Can Be Linked for Reuse	183
17.2	Knowledge Assets Can Be Linked for Repurposing	184
18.1	Knowledge Assets Can Be Reused	191
18.2	Knowledge Assets Can Be Repurposed	193
19.1	Ideal System Concept	202

Tables

12.1	Procedural Knowledge Contributed by an Individual	122
12.2	Factual Knowledge Contributed by an Individual	125
12.3	Conceptual Knowledge Contributed by an Individual	127
12.4	Metacognitive Knowledge Contributed by an Individual	128
12.5	Performance Objective Updates Contributed by an Individual	130
12.6	Total Knowledge Contributed by an Individual	131
13.1	Individual Contributions of Knowledge to the Quality Plan Team	139
13.2	Adding a Worker to Improve Team Performance	145
14.1	Starting Point for the McBoe Company	152
14.2	The Flow of Knowledge at the McBoe Company	153
14.3	The Quality Plan as a Separate Knowledge Product	155
14.4	McBoe's Double-Loop Learning at the Company Level	157
17.1	McBoe's Processes, Subprocesses, Knowledge Products, and Performance Objectives	187
17.2	McBoe's Performance Objectives, Sites, and Knowledge Assets	188
