– Venezuelan equine encephalitis virus (VEE) 4, 22, 178, 215
– viral agent 22 f.
– western equine encephalitis (WEE) virus 22, 215
VP24 (membrane protein) 201
VP30 (minor nucleocapsid) 201
VP40 (matrix) 201
vulnerability 73 ff.
- W**
W antigen 152
war 2
water safety threat 21
weaponization 9 f.
Weil Felix test 4, 20
Western blot (Wb) 189
western equine encephalitis (WEE) virus 22, 215
World Health Organization (WHO) 36, 53 f., 78, 98, 127, 150, 246 f.
– biological weapons list 11
Wurst-Kerner 165
- X**
Xenopsylla cheopis 149
- Y**
yellow fever 55, 214, 246
Yersinia pestis 4, 87, 149
– virulence factor 152
Yersinia pseudotuberculosis 150
Yersinia outer proteins (Yops) 152
