*Introduction * xvi*

PART 1: KEY INFORMATION FOR UNDERSTANDING AND MANAGING ADHD

Section 1.1: Understanding Attention-Deficit/Hyperactivity Disorder * 3

- Definitions and Descriptions of ADHD * 3
- Behavioral Characteristics of ADHD * 4
- The Predominantly Inattentive Type of ADHD * 4
- The Predominantly Hyperactive-Impulsive Type of ADHD * 6
- Positive Traits and Characteristics Common in Many Children, Teens, and Adults with ADHD * 9
- Girls with Attention-Deficit Disorders * 9
- ADHD and the “Executive Functions” * 10
- ADHD “Look Alikes” * 11
- ADHD and Co-Existing (or Associated) Disorders * 12
- Statistics and Risk Factors * 13
- What Is Currently Known About ADHD * 14
- What May Be the Causes of ADHD * 17
- What Is Not Known About ADHD * 20
- ADHD and the Impact on the Family * 20

Section 1.2: Making the Diagnosis: A Comprehensive Evaluation for ADHD * 23

- The Components of a Comprehensive Evaluation for ADHD * 24
- Who Is Qualified to Evaluate a Child for ADHD? * 26

Section 1.3: Multimodal Treatments for ADHD * 29

- Management Strategies * 29
- AAP Guidelines and Additional Points * 32
- A Word About Alternative and Unproven Treatments * 33

Section 1.4: Medication Treatment and Management * 35

- Psychostimulant (Stimulant) Medications * 35
- Antidepressants * 38
- Atomoxetine (Strattera™) * 39
- Other Medical Treatments * 39
- What Teachers and Parents Need to Know If a Child/Teen Is on Medication * 39

Advice for Parents * 41
Interview with Mike * 42

Section 1.5: Do's and Don'ts for Teachers and Parents * 43

Advice for Teachers * 43
Advice for Parents * 44
Interview with Spencer's Mother * 47
Interview with Steve * 47

Section 1.6: Critical Factors in the Success of Students with ADHD * 49

Interview with Joe * 54

Section 1.7: ADHD and Social Skills Interventions * 55

Skill Deficits Versus Performance Deficits * 55
Interventions for Social Skills Problems * 56
School Interventions * 57
Child Social Skills Interventions * 59
Parent Interventions * 61
Summer Treatment Programs * 62

Section 1.8: ADHD in Preschool and Kindergarten * 63

Parent Concerns and Recommendations * 64
Preschool and Kindergarten Classroom Strategies for Success * 65
Creating the Climate for Success * 66
Management Techniques in Kindergarten * 68
What Else Is Important? * 70
What to Do About . . . * 72

Section 1.9: ADHD in Middle School and High School * 75

What All Adolescents Need * 76
The Value of Mentorship * 76
Dan's Story * 77
The Core Symptoms of ADHD During Adolescence * 78
How Parents Can Help * 79
Why Can't They "Act Their Age"? * 79
School Supports * 80
Exemplary Model Program for Students with ADHD (The ADHD Zero Point Program) * 81
Looping in Middle School * 83
Student Support Teams * 84
Warning Signs of Trouble in Middle School and High School * 84
Warning Signs of Learning Disabilities in Secondary School Children * 85
Interview with Joe * 85

Part 1: General References * 87***Part 1: Recommended Resources * 93*****PART 2: MANAGING THE CHALLENGE OF ADHD BEHAVIORS*****Section 2.1: Classroom Management and Positive Discipline Practices * 97***

Common Triggers or Antecedents to Misbehavior * 98

Classroom Management Tips * 99

Addressing Student Misbehavior * 109

Possible Corrective Consequences * 110

Interview with Brad * 113

Section 2.2: Preventing or Minimizing Behavior Problems During Transitions and Less Structured Times * 115

Some Ways to Help * 115

Section 2.3: Individualized Behavior Management, Interventions, and Supports * 119

Understanding the ABCs of Behavior * 119

Target Behaviors * 120

Goal Sheets * 121

Home Notes and Daily Report Cards * 121

Chart Moves * 126

Contracts * 126

Token Economy or Token Programs * 127

Response Costs * 127

Self-Monitoring * 129

Rewards * 130

Strategies to Aid Calming and Avoid Escalation of Problems * 130

Tips for Dealing with “Challenging” or “Difficult” Kids * 132

What Is an FBA? * 133

What Is a BIP? * 135

Guiding Questions for Behavioral Issues * 136

Section 2.4: Strategies to Increase Listening, Following Directions, and Compliance * 139

Tips for Teachers and Parents * 139

Compliance Training * 143

Section 2.5: Attention!! Strategies for Engaging, Maintaining, and Regulating Students' Attention * 145

Getting and Focusing Students' Attention * 145

Maintaining Students' Attention Through Active Participation * 147

Questioning Techniques to Increase Student Response Opportunities * 149

- Keeping Students On-Task During Seatwork * 153
- Tips for Helping Inattentive, Distractible Students * 154
- Self-Monitoring Attention and Listening Levels (Self-Regulatory Techniques) * 155

Part 2: General References * 159

Part 2: Recommended Resources * 161

PART 3: INSTRUCTIONAL AND ACADEMIC STRATEGIES AND SUPPORTS

Section 3.1: Reaching Students Through Differentiated Instruction * 165

- What Differentiation Means * 165
- What Can Be Differentiated? * 167
- Flexible Grouping * 167
- Multiple Intelligences * 167
- Layered Curriculum * 169
- Interview with Bob * 169

Section 3.2: Multisensory Instruction * 171

- Multisensory Strategies for Learning Multiplication Tables * 172
- Multisensory Spelling Strategies and Activities * 175
- Instructional Suggestions for Teachers * 177
- Accommodations and Modifications * 178
- Interview with Brita * 179

Section 3.3: Reaching Students Through Their Learning Styles and Multiple Intelligences * 181

- Learning Styles * 182
- Environmental Adaptations and Accommodations * 186
- Multiple Intelligences * 190
- Student Learning Style/Interest Interview * 191
- Interview with Amy * 193

Section 3.4: The Advantages of Cooperative Learning for Students with ADHD * 195

- The Five Elements of Cooperative Learning * 196
- Getting Started with Group Work * 197
- Structuring to Achieve Positive Interdependence * 197
- Teaching Social Skills Through Cooperative Learning * 198

Section 3.5: Organization, Time Management, and Study Skills * 207

- What Teachers and Parents Can Do to Help Build Organization Skills * 208
- What Teachers and Parents Can Do to Help with Time Management * 212

Section 3.6: Learning Strategies and Study Skills * 223

- Learning Strategies * 223
- Study Skills * 227
- Interview with Susan * 231

Section 3.7: Writing and Reading Challenges for Students with ADHD * 233

- Why Writing Is Such a Struggle for Students with ADHD * 233
- Common Reading Difficulties in Children and Teens with Attention-Deficit Disorders * 235
- Reading Disabilities/Dyslexia * 237
- What Research Tells Us About Learning to Read and Reading Difficulties * 237
- What Is Known About Effective Intervention for Struggling Readers * 239

Section 3.8: Written Language Strategies, Accommodations, and Interventions: Pre-Planning/Organizing, Handwriting, Assistive Technology * 241

- Strategies to Help with Planning/Organizing (Pre-Writing) * 241
- Strategies for Improving Fine Motor, Handwriting, Written Organization, and Legibility * 245
- Strategies for Bypassing and Accommodating Writing Difficulties * 248

Section 3.9: Strategies for Building Written Expression and Editing Skills * 253

- Written Expression—Strategies and Support * 253
- More Instructional Recommendations * 256
- Help with Editing Strategies and Other Tips * 257

Section 3.10: Reading Strategies and Interventions: Building Decoding Skills, Vocabulary, and Fluency * 261

- The Reading Process: What Good Readers Do * 261
- Strategies for Building Word Recognition, Reading Vocabulary, and Fluency * 262
- Independent Reading * 266
- Oral Reading Strategies * 266
- Vocabulary Enhancement * 267
- Reading Tips and Strategies for Parents * 268
- Research-Based Reading Intervention Programs * 269
- Interview with Malinda * 271

Section 3.11: Reading Comprehension Strategies and Interventions * 273

- Pre-Reading Strategies * 273
- During-the Reading Strategies * 274
- After-Reading Strategies * 275
- Graphic Organizers (Graphic Outlines or Graphic Aids) * 275
- Other Reading Comprehension/Meaning-Making Strategies * 276

Other Active Reading/Discussion Formats * 279

Book Projects/Activities * 282

Interview with John * 283

Section 3.12: Mathematics: Challenges and Strategies * 285

Math Difficulties Associated with ADHD * 285

Math Strategies and Interventions * 287

National Council of Teachers of Mathematics (NCTM) Standards * 292

Part 3: General References * 299

Part 3: Recommended Resources * 309

PART 4: PERSONAL STORIES AND CASE STUDIES

***Section 4.1: A Parent's Story: What Every Teacher and Clinician
Needs to Hear * 313***

A Parent's Story * 313

Section 4.2: Case Studies and Interventions (Adam and Vincent) * 327

Adam (Twelve Years Old, Seventh-Grade Student) * 328

Vincent (Seventeen Years Old, High School Senior) * 338

**PART 5: COLLABORATIVE EFFORTS AND SCHOOL RESPONSIBILITIES IN
HELPING CHILDREN WITH ADHD**

***Section 5.1: Teaming for Success: Communication, Collaboration, and Mutual
Support * 361***

The Necessity of a Team Approach * 361

The Parents' Role in the Collaborative Team Process * 362

The Educators' Role in the Collaborative Team Process * 367

The Clinicians' Role in the Collaborative Team Process * 370

Cultural Sensitivity and Its Impact on Effective Communication and
Collaboration * 370

Final Thoughts on Home/School Collaboration * 371

Section 5.2: The Role of the School's Multidisciplinary Team * 373

The Student Support Team (SST) Process * 373

If You Suspect a Student Has ADHD * 378

The School's Role and Responsibilities in the Diagnosis of ADHD * 380

School-Based Assessment for ADHD * 381

***Section 5.3: School Documentation and Communication with Medical Providers
and Others * 385***

Communication with Physicians * 385

Communication Between Schools * 389

Communication with Community Health Providers/Organizations * 391

Teacher Documentation * 394

Section 5.4: Educational Laws and Rights of Students with ADHD * 395

- Individuals with Disabilities Act (IDEA) * 395
- Section 504 * 398
- Which One May Be Better for a Student with ADHD—A 504 Plan or an IEP? * 400
- Disciplining Students with Disabilities Under Special Education Law * 400
- The Reauthorization of IDEA * 403
- IDEA 2004 * 404
- No Child Left Behind (NCLB) * 404

Section 5.5: Innovative Collaborative Programs for Helping Children with ADHD * 407

- The Utah Model—Intermountain Health Care’s (IHC’s) Care Management System for ADHD * 408
- Project for Attention Related Disorder (PARD) of San Diego, California * 411
- OU Pediatrics/Kendall Whittier Elementary—Collaborative Model of Care in Tulsa, Oklahoma * 414
- Insights from Dr. Donald Hamilton, OU Pediatrics * 416
- More Innovative Programs and Projects for Improving the Lives of Those with ADHD * 417

Part 5: General References * 419**Part 5: Recommended Resources * 421****PART 6: ADDITIONAL SUPPORTS AND STRATEGIES****Section 6.1: Stress Reduction, Relaxation Strategies, Leisure Activities, and Exercise * 425**

- Fun and Laughter * 425
- Breathing Techniques * 425
- Yoga and Slow Movement Exercises * 426
- Visualization and Guided Imagery * 427
- Music * 428
- Leisure Activities, Recreation, and Hobbies * 429
- Exercise and Sports * 429

Section 6.2: Music for Relaxation, Transitions, Energizing, and Visualization * 431

- Music for a Calming Effect * 432
- Music for Moving from Here to There * 433
- Music for Transitional Times * 433
- Effect of Music on Mood * 434
- Interview with Bruce * 435

Part 6: General References * 437**Part 6: Recommended Resources * 439**
