

Table of Contents

Introduction	1
General Description	1
The Role of the Elementary Education (K–6) Subject Area Test in Teacher Certification	1
The Elementary Education (K–6) Competencies	1
Language Arts and Reading	1
Competency 1: Knowledge of the Reading Process	1
Competency 2: Knowledge of Literature and Literary Analysis	2
Competency 3: Knowledge of the Writing Process and Applications	2
Competency 4: Knowledge of Reading Methods and Assessment	2
Competency 5: Knowledge of Communication	3
Competency 6: Knowledge of Information and Media Literacy	3
Social Science	3
Competency 7: Knowledge of Time, Continuity, and Change (i.e., History)	3
Competency 8: Knowledge of People, Places, and Environment (i.e., Geography)	3
Competency 9: Knowledge of Government and the Citizen (i.e., Government and Civics)	4
Competency 10: Knowledge of Production, Distribution, and Consumption (i.e., Economics)	4
Competency 11: Knowledge of Instruction and Assessment of the Social Sciences	4
Music, Visual Arts, Physical Education, and Health	5
Competency 12: Knowledge of Skills and Techniques in Music and Visual Arts	5
Competency 13: Knowledge of Creation and Communication in Music and Visual Arts	5
Competency 14: Knowledge of Cultural and Historical Connections in Music and Visual Arts	5
Competency 15: Knowledge of Aesthetic and Critical Analysis of Music and Visual Arts	6
Competency 16: Knowledge of Appropriate Assessment Strategies in Music and Visual Arts	6
Competency 17: Knowledge of Personal Health and Wellness	6
Competency 18: Knowledge of Physical, Social, and Emotional Growth and Development	6
Competency 19: Knowledge of Community Health and Safety Issues	6
Competency 20: Knowledge of Subject Content and Appropriate Curriculum Design	6
Science and Technology	7
Competency 21: Knowledge of the Nature of Matter	7
Competency 22: Knowledge of Forces, Motion, and Energy	7
Competency 23: Knowledge of Earth and Space	7
Competency 24: Knowledge of Life Science	8
Competency 25: Knowledge of the Nature of Science	8
Competency 26: Knowledge of the Relationship of Science and Technology	8
Competency 27: Knowledge of Instruction and Assessment	9
Mathematics	9
Competency 28: Knowledge of Numbers and Operations	9
Competency 29: Knowledge of Geometry and Measurement	9
Competency 30: Knowledge of Algebra	10
Competency 31: Knowledge of Data Analysis	10
Competency 32: Knowledge of Instruction and Assessment	10
Types of Questions	10

Registering for the Test	11
Paper and Pencil Examinations	11
Computer-based Examinations	11
Registration	11
Fees for Exams	11
Day of the Test	12
How to Use This CliffsTestPrep Book	12
Develop a Focusing Process	13
Check the Resources You Need	13
Refer to the Solution Manual	14
Get R-E-A-D-Y before the Test!	14
Get Double R-E-A-D-Y during the Test!	14
Diagnostic Test	17
Language Arts and Reading	19
Social Science	21
Music, Visual Arts, Physical Education, and Health	23
Science and Technology	25
Mathematics	27
Diagnostic Test Answers	30
Language Arts and Reading	30
Social Science	30
Music, Visual Arts, Physical Education, and Health	31
Science and Technology	31
Mathematics	32
Diagnostic Test Solutions	33
Language Arts and Reading	33
Social Science	35
Music, Visual Arts, Physical Education, and Health	36
Science and Technology	38
Mathematics	40

PART I: COMPETENCY REVIEWS

Language Arts and Reading	45
Competency 1: Knowledge of the Reading Process	46
Competency Description	46
Overview	46
Knowledge of the Reading Process	47
The Five Components of Reading	47
Word Recognition Skills	47
Critical Thinking Strategies	47
Reading Fluency	48
Reading Comprehension	48
Informational and Literary Text Structures	49
Emergent Literacy	50
Competency 2: Knowledge of Literature and Literary Analysis	51
Competency Description	51
Overview	51
Literary Genres	51
Literary Elements and Devices	52
Multicultural Children’s Literature	53
Literature Response	53

Competency 3: Knowledge of the Writing Process and Its Applications	55
Competency Description	55
Overview	55
Writing: Stages, Process, Modes, and Conventions	55
Developmental Writing Stages	55
The Writing Process	55
The writing process includes the following stages and components:	55
Modes of Writing	56
Teaching Writing Conventions	56
Competency 4: Knowledge of Reading Methods and Assessment	57
Competency Description	57
Overview	57
Reading Assessment	57
Classroom Organizational Formats	61
Emergent Literacy	61
Competency 5: Knowledge of Communication	63
Competency Description	63
Overview	63
Penmanship	63
Instructional Methods and Strategies	64
Listening	64
Speaking Strategies	64
Competency 6: Knowledge of Information and Media Literacy	66
Competency Description	66
Overview	66
Information and Media Literacy	66
Educational Technology	67
Interactive White Boards	67
Computer Software	67
Web Tools	67
Summary	69
Sample Questions	70
Answer Explanations for Sample Questions	73
Social Science	75
Competency 7: Knowledge of Time, Continuity, and Change (History)	76
Competency Description	76
Overview	76
Historical Events and Figures	76
Early Explorers	79
Florida History	80
Competency 8: Knowledge of People, Places, and Environment (Geography)	81
Competency Description	81
Overview	81
Essential Elements of Geography	81
Map and Globe Terminology	83
Competency 9: Knowledge of Government and the Citizen (Government and Civics)	85
Competency Description	85
Overview	85
Government	85
Local and State Government	86
Federal (National) Government	86
Local, State, and Federal Powers	87
Federal Court System	87

State Courts	87
Election Process/Electoral College	87
Civics	88
Competency 10: Knowledge of Production, Distribution, and Consumption (Economics)	90
Competency Description	90
Overview	90
Economics	90
Economic Institutions	91
Competency 11: Knowledge of Instruction and Assessment of the Social Sciences	93
Competency Description	93
Overview	93
Instructional Resources, Methods, and Assessment	93
Summary	95
Sample Questions	96
Answer Explanations for Sample Questions	99
Music, Visual Arts, Physical Education, and Health	101
Competency 12: Knowledge of Skills and Techniques in Music and Visual Arts	102
Competency Description	102
Overview	102
Identify Appropriate Varieties of Music and Singing Techniques	102
Identify Correct Performance Techniques for Rhythmic and Melodic Classroom Instruments	103
Read and Interpret Simple, Traditional, and Nontraditional Music Notation	104
Select and Identify Uses of Media, Techniques, and Tools to Create Two- and Three-dimensional Works of Art, and Develop Processes and Motor Skills	105
Competency 13: Knowledge of Creation and Communication in Music and Visual Arts	106
Competency Description	106
Overview	106
Identify the Elements of Music and Demonstrate Knowledge of Strategies for Developing Creative Responses	106
Demonstrate Knowledge of Strategies for Developing Creative Responses through Art and Identify the Elements of Art and Principles of Design	107
Competency 14: Knowledge of Cultural and Historical Connections in Music and Visual Arts	109
Competency Description	109
Overview	109
Identify Characteristics of Style in Musical Selections and Demonstrate Knowledge of How Music Reflects Cultures, Historical Periods, and Places	109
Identify Characteristics of Style in Works of Art and Demonstrate Knowledge of How Visual Arts Reflect Cultures, Historical Periods, and Places	112
Competency 15: Knowledge of Aesthetic and Critical Analysis of Music and Visual Arts	114
Competency Description	114
Overview	114
Identify Strategies for Developing Students' Analytical Skills to Evaluate Musical Performance	114
Identify Strategies for Developing Students' Analytical Skills to Evaluate Works of Art	115
Competency 16: Knowledge of Appropriate Assessment Strategies in Music and Visual Arts	117
Competency Description	117
Overview	117

Identify a Variety of Strategies and Materials for Assessing Skills, Techniques, Creativity, and Communication in Music.	117
Identify a Variety of Developmentally Appropriate Strategies and Materials for Assessing Skills, Techniques, Creativity, and Communication in Art.	118
Competency 17: Knowledge of Personal Health and Wellness	119
Competency Description.	119
Overview.	119
Health and Fitness.	119
Nutrition	120
Competency 18: Knowledge of Physical, Social, and Emotional	
Growth and Development	122
Competency Description.	122
Overview.	122
Motor Skills Development	122
Physical Growth and Development	123
Sexual Development	124
Social and Emotional Growth and Development.	124
Communication Skills	125
Self-concept and Self-esteem.	125
Conflict Resolution	125
Character Development.	125
Stress Management.	125
Competency 19: Knowledge of Community Health and Safety Issues	127
Competency Description.	127
Overview.	127
Substance Abuse.	127
Signs and Symptoms.	128
Prevention	128
Health and Safety Resources	129
Competency 20: Knowledge of Subject Content and Appropriate Curriculum Design.	131
Competency Description.	131
Overview.	131
Instructional Practices	131
Summary	134
Sample Questions	135
Answer Explanations for Sample Questions	138
Science and Technology.	139
Competency 21: Knowledge of the Nature of Matter.	140
Competency Description.	140
Overview.	140
Physical and Chemical Properties of Matter.	140
Classification of Matter	142
Phase Change	143
Competency 22: Knowledge of Forces, Motion, and Energy	145
Competency Description.	145
Overview.	145
Temperature, Heat, and Heat Transfer.	145
Contact Forces and At-a-Distance Forces.	146
Light and Optics	147
Electrical Currents, Circuits, Conductors, Insulators, and Static Electricity	148
Types of Energy	149
Balanced and Unbalanced Forces	152

Competency 23: Knowledge of Earth and Space	154
Competency Description	154
Overview	154
Earth Science	155
Geologic Formations	155
Rocks and Minerals	156
Water, Air, and Land	156
Heat Transfer	158
Space Science	158
Planets	158
Celestial Bodies	159
History	160
Competency 24: Knowledge of Life Science	162
Competency Description	162
Overview	162
Living and Nonliving Things	163
Cells	163
Eukaryotic Cells	164
Prokaryotes	165
Viruses and Bacteria	165
Eukaryotes	166
Protists	166
Fungi	167
Plants	168
Animals	169
Heredity, Evolution, and Natural Selection	174
Competency 25: Knowledge of the Nature of Science	176
Competency Description	176
Overview	176
Scientific Processes and Inquiry	176
Laboratory Safety and Procedures	177
Competency 26: Knowledge of the Relationship of Science and Technology	178
Competency Description	178
Overview	178
Interrelationship of Science and Technology	178
Technology Use by Students in Science	179
Competency 27: Knowledge of Instruction and Assessment	181
Competency Description	181
Overview	181
Instructional Strategies and Classroom Teaching Tools	181
Instructional Strategies and Methods of Assessment	183
Summary	186
Sample Questions	187
Answer Explanations for Sample Questions	190
Mathematics	191
Competency 28: Knowledge of Numbers and Operations	192
Competency Description	192
Overview	192
Associate Multiple Representations of Real Numbers	192
Compare the Relative Size of Numbers	194
Apply Ratios, Proportions, and Percents	195
Represent Numbers in a Variety of Equivalent Forms	196
Select and Perform Operations to Solve Problems	197

Use Estimation in Problem Solving Situations	200
Apply Number Theory Concepts	200
Apply the Order of Operations	202
Competency 29: Knowledge of Geometry and Measurement	204
Competency Description	204
Overview	204
Geometry	205
Attributes, Properties, and Classifications	205
Congruence and Similarity	206
Measurement	208
Geometric Measurement	208
Scientific Measurement	211
Competency 30: Knowledge of Algebra	213
Competency Description	213
Overview	213
Linear Relationships	213
Properties	214
Competency 31: Knowledge of Data Analysis	216
Competency Description	216
Overview	216
Concepts of Variability and Central Tendency	216
Frequency Tables and Graphs	217
Competency 32: Knowledge of Instruction and Assessment	219
Competency Description	219
Overview	219
Instructional Strategies for Teaching	219
Methods for Assessing Mathematical Knowledge	221
Summary	224
Sample Questions	225
Answer Explanations for Sample Questions	229

PART II: FULL-LENGTH PRACTICE TESTS

Practice Test 1	233
Language Arts and Reading	235
Social Science	240
Music, Visual Arts, Physical Education, and Health	244
Science and Technology	248
Mathematics	252
Practice Test 2	277
Language Arts and Reading	279
Social Science	284
Music, Visual Arts, Physical Education, and Health	288
Science and Technology	292
Mathematics	296
Practice Test 2 Answers	302
Language Arts/Reading	302
Social Science	302
Music, Visual Arts, Physical Education, and Health	303
Science and Technology	303
Mathematics	304

Practice Test 2 Solutions	305
Language Arts/Reading	305
Social Science	308
Music, Visual Arts, Physical Education, and Health	311
Science and Technology	314
Mathematics	317
Resources and References	323
Resources	323
Books	323
Helpful Websites	325
References	325
Glossary	327
