Table of Contents

***Introduction*..... 1**

About This Book.....	2
Conventions Used in This Book	3
What You're Not to Read.....	3
Foolish Assumptions	4
How This Book Is Organized.....	4
Part I: Dealing with the Onset of Diabetes	4
Part II: How Diabetes Affects Your Body	4
Part III: Managing Diabetes: The “Thriving with Diabetes” Lifestyle Plan	4
Part IV: Special Considerations for Living with Diabetes.....	5
Part V: The Part of Tens.....	5
Part VI: Appendixes.....	5
Icons Used in This Book.....	6
Where to Go from Here.....	6

***Part 1: Dealing with the Onset of Diabetes* 7**

Chapter 1: Dealing with Diabetes 9

Achieving Anything . . . Or Everything!	9
Keeping good company	10
Realizing your potential.....	11
Reacting to Your Diagnosis	11
Experiencing denial.....	12
Feeling anger	12
Bargaining for more time.....	13
Moving on.....	14
Maintaining a High Quality of Life.....	15
The importance of regular exercise	15
The (minimal) impact of insulin treatments	16
Other key quality of life factors	17
The bottom line	18

Chapter 2: It's the Glucose 19

Detecting Prediabetes	19
Knowing whether you should get tested.....	20
Testing for prediabetes.....	20

- Understanding What Diabetes Does21
 - Realizing the role of glucose21
 - Testing for diabetes.....22
 - Controlling glucose23
 - Losing control of glucose24
- Tracing the History of Diabetes Treatment25
- Sharing Some Real Patient Stories27

Chapter 3: What Type of Diabetes Do You Have? 29

- Getting to Know Your Pancreas.....30
 - Examining your pancreas30
 - Understanding insulin.....30
- Type 1 Diabetes and You.....32
 - Identifying symptoms of type 1 diabetes32
 - Investigating the causes of type 1 diabetes34
 - Getting type 1 diabetes.....34
 - Preventing type 1 diabetes.....36
- Having Type 2 Diabetes.....38
 - Identifying symptoms of type 2 diabetes39
 - Investigating the causes of type 2 diabetes40
 - Getting type 2 diabetes.....42
 - Preventing type 2 diabetes.....43
 - Recognizing a variant of type 2 diabetes.....45
- Having Gestational Diabetes.....47
- Recognizing Other Types of Diabetes47

Part II: How Diabetes Affects Your Body.....51

Chapter 4: Battling Short-Term Complications 53

- Solving Short-Term Complications53
- Understanding Hypoglycemia54
 - The seriousness of hypoglycemia.....55
 - Symptoms of hypoglycemia.....55
 - Causes of hypoglycemia57
 - Prevention of hypoglycemia60
 - Levels of hypoglycemia60
 - Treatment of hypoglycemia60
- Combating Ketoacidosis62
 - Can ketoacidosis affect you?.....62
 - Symptoms of ketoacidosis63
 - Causes of ketoacidosis64
 - Treatment of ketoacidosis.....64

Managing the Hyperosmolar Syndrome.....	65
Symptoms of the hyperosmolar syndrome.....	66
Causes of the hyperosmolar syndrome.....	66
Treatment of the hyperosmolar syndrome.....	67
Chapter 5: Preventing Long-Term Complications	69
How Long-Term Complications Develop.....	70
Kidney Disease	70
The impact of diabetes on your kidneys.....	72
Early indications of kidney disease.....	73
Progressive changes	75
Treatment for diabetic nephropathy	76
Eye Disease	79
Understanding how the eye works	79
Retinopathy.....	80
Resources for the blind and visually impaired.....	82
Nerve Disease, or Neuropathy	83
Basics of neuropathy	84
Disorders of sensation.....	85
Disorders of movement (mononeuropathy).....	88
Disorders of automatic (autonomic) nerves	88
Entrapment neuropathies	89
Heart Disease.....	91
Risks of heart disease to diabetic patients	91
Metabolic syndrome	92
Cardiac autonomic neuropathy.....	94
Cardiomyopathy	94
Diabetic Blood Vessel Disease Away from the Heart.....	95
Peripheral vascular disease.....	95
Cerebrovascular disease	96
Diabetic Foot Disease	97
Skin Disease in Diabetes.....	98
Gum Disease in Diabetes	99
Chapter 6: Diabetes, Sexual Function, and Pregnancy	101
Examining Erection Problems	101
The erection process	102
Discussing ED with your doctor.....	103
Treatment for erectile dysfunction	103
Facing Female Sexual Problems	105
Striving for a Healthy Pregnancy.....	107
Realizing the body's reaction to pregnancy.....	107
Being proactive before and during pregnancy	108
Diagnosing gestational diabetes.....	108

Realizing risks to mother and baby	110
Treating diabetes during pregnancy.....	112
Maintaining your health after pregnancy.....	115
Focusing on your baby's health	116
Identifying Polycystic Ovarian Syndrome.....	117

***Part III: Managing Diabetes: The “Thriving with Diabetes” Lifestyle Plan*..... 119**

Chapter 7: Glucose Monitoring and Other Tests121

Testing, Testing: Tests You Need to Stay Healthy.....	122
Monitoring Blood Glucose: It's a Must	124
How often should you test?	125
Using a lancet.....	126
How do you perform the test?	127
Choosing a Blood Glucose Meter.....	128
Factors that may influence your purchase	128
Profiles of different meters.....	129
Tracking Your Glucose over Time: Hemoglobin A1c	137
GlycoMark Test.....	140
Testing for Kidney Damage: Microalbuminuria.....	141
Checking for Eye Problems	142
Examining Your Feet	142
Tracking Cholesterol and Other Fats.....	143
Measuring Blood Pressure	146
Checking Your Weight and BMI	147
Testing for Ketones	149
Testing the C-reactive Protein	149
Checking the TSH.....	149

Chapter 8: Diabetes Diet Plan151

Considering Total Calories First.....	152
Carbohydrates	155
Proteins.....	159
Fats	160
Getting Enough Vitamins, Minerals, and Water.....	162
Counting Alcohol as Part of Your Diet.....	164
Using Sugar Substitutes.....	165
Eating Well for Type 1 Diabetes.....	166
Eating Well for Type 2 Diabetes.....	167
Reducing Your Weight	168
Types of diets.....	168
Surgery for weight loss	170
Behavior modification	171

Coping with Eating Disorders	172
Signs of anorexia or bulimia.....	172
Sources of help	174

Chapter 9: Keeping It Moving: Exercise Plan175

Getting Off the Couch: Why Exercise Is Essential.....	176
Preventing macrovascular disease	176
Taking charge of your health	176
Understanding your body mechanics during exercise.....	177
Reaping the benefits	178
Exercising When You Have Diabetes	178
Working out with type 1 diabetes.....	179
Working out with type 2 diabetes.....	180
Determining How Much Exercise to Do.....	180
Exerting enough effort	181
Devoting an hour a day.....	182
Making moderate exercise your goal.....	182
Is Golf a Sport? Choosing Your Activity	183
Walking 10K a Day	186
Lifting Weights	188

Chapter 10: Medications: What You Should Know195

Taking Drugs by Mouth: Oral Agents.....	196
Sulfonylureas.....	196
Metformin	198
Alpha-glucosidase inhibitors	201
Thiazolidinediones (the glitazones)	202
Meglitinides.....	204
DPP-4 inhibitors.....	205
Combining oral agents.....	206
New injectable drugs	207
Insulin	209
Shooting yourself	212
Conducting intensive insulin treatment	214
Adjusting insulin when you travel.....	215
Delivering insulin with a pen	216
Delivering insulin with a jet injection device.....	217
Delivering insulin with an external pump	218
Utilizing aids to insulin delivery.....	221
Using Other Medications.....	222
Avoiding Drug Interactions	223
Finding Assistance Obtaining Drugs.....	224

Chapter 11: Diabetes Is Your Show 227

Your Role as Author, Producer, Director, and Star	227
The Primary Physician — Your Assistant Director	228
The Diabetologist or Endocrinologist — Your Technical Consultant	229
The Eye Doctor — Your Lighting Designer	230
The Foot Doctor — Your Dance Instructor	230
The Dietitian — Your Food Services Provider	231
The Diabetes Educator — Your Researcher	232
The Pharmacist — Your Usher	232
The Mental Health Worker — Your Supporting Actor	233
Your Family and Friends — Your Captivated and Caring Audience	233
The Internet: Your Potential Partner in Lifestyle Change	234
Sites for diet and weight loss	234
Sites for exercise programs	235
Finding reputable Web sites	235

Chapter 12: Putting Your Knowledge to Work for You 237

Delaying or Preventing Diabetes	237
Developing Positive Thinking	238
Monitoring and Testing	238
Using Medications	239
Following a Diet	240
Exercising Regularly	241
Using Expertise Available to You	242

***Part IV: Special Considerations
for Living with Diabetes..... 243*****Chapter 13: Your Child Has Diabetes 245**

Your Baby or Preschooler Has Diabetes	246
Nurturing a diabetic infant	246
Taking care of a toddler with diabetes	246
Becoming an educated caregiver	247
Your Primary School Child Has Diabetes	248
Coping with type 1 diabetes	248
Recognizing and treating type 2 diabetes	251
Your Adolescent Has Diabetes	253
Your Young Adult Child Has Diabetes	254
Off to College	254
Obesity and Type 2 Diabetes in Children	255
Defining obesity in children	255
Preventing obesity in children	256
Dealing with type 2 diabetes	256

Sick Day Solutions.....	257
Thyroid Disease in Type 1 Children.....	258
The Extra Value of Team Care.....	259
Chapter 14: Diabetes and the Elderly	261
Diagnosing Diabetes in the Elderly.....	261
Evaluating Intellectual Functioning	262
Considering Heart Disease.....	262
Preparing a Proper Diet.....	263
Avoiding Hypoglycemia.....	264
Using Medications.....	264
Dealing with Eye Problems	266
Coping with Urinary and Sexual Problems	266
Considering Treatment Approaches.....	267
Understanding the Medicare Law	268
Chapter 15: Occupational and Insurance Problems	269
Traveling with Diabetes.....	269
Knowing Where You Can't Work.....	271
Becoming Familiar with Workplace Law	272
Navigating the Health Insurance System	273
Private insurance	273
Insurance for low income patients.....	275
High-risk pools.....	276
Changing or Losing a Job	276
Considering Long-Term Care Insurance.....	277
Shopping for Life Insurance.....	278
Chapter 16: What's New in Diabetes Care	279
Protecting Yourself from the Dangers of New Drugs.....	279
Red Wine to Defy Aging.....	281
Taking a Statin for All People With Diabetes	282
Correcting the Cause of Complications.....	283
Getting Cells to Make Insulin	284
Understanding the Importance of the ACCORD Study.....	285
Chapter 17: What Doesn't Work When You Treat Diabetes	287
Developing a Critical Eye	287
Identifying Drugs That Don't Work	288
Chromium.....	289
Aspirin.....	290
Cinnamon	290
Pancreas formula.....	290
Fat Burner.....	291
Ki-Sweet	291
Gymnema silvestre.....	291

Avoiding Illegal Drugs	292
Knowing the Dangers of Some Legal Drugs	292
Antipsychotics	293
AIDS medications	293
Recognizing Diets That Don't Work	294

***Part V: The Part of Tens*297**

Chapter 18: Ten Ways to Prevent or Reverse the Effects of Diabetes299

Major Monitoring	299
Devout Dieting	300
Tenacious Testing	300
Enthusiastic Exercising	301
Lifelong Learning	301
Meticulous Medicating	302
Appropriate Attitude	302
Preventive Planning	303
Fastidious Foot Care	303
Essential Eye Care	304

Chapter 19: Ten Myths about Diabetes That You Can Forget305

Perfect Treatment Yields Perfect Glucoses	305
You Can Have Borderline Diabetes for Years.....	306
Unorthodox Methods Can Cure Diabetes	306
You Can Tell the Level of Your Blood Glucose by How You Feel	307
Hypoglycemia Kills Brain Cells.....	307
If You Need Insulin, You're Doomed.....	307
People with Diabetes Shouldn't Exercise.....	308
You Can't Get Life and Health Insurance.....	309
Most Diabetes Is Inherited	309
Diabetes Wrecks Your Sense of Humor	310
Soak Your Feet Daily if You Have Diabetes	310

Chapter 20: Ten Ways to Get Others to Help You311

Explain Hypoglycemia	311
Follow the Standards of Care with Your Doctor.....	312
Find an Exercise Partner	312
Use Your Foot Doctor	313
Enlist Help to Fight Food Temptation.....	313
Expand Your Education with Diabetes Educators	314
Fit Your Favorite Foods into Your Diet with a Dietitian	315
Seek Out Appropriate Specialists.....	315

Discuss Your Medications with the Pharmacist.....	316
Share This Book with Everyone	316
Part VI: Appendixes.....	317
Appendix A: Mini-Cookbook	319
Aqua.....	319
Border Grill	324
Charlie Trotter's	327
Fringale.....	330
Gaylord India Restaurant	334
Greens.....	336
Harbor Village.....	341
Il Fornaio	344
Appendix B: Dr. W.W. Web	349
My Web Site.....	349
General Sites	349
The American Diabetes Association.....	350
Online Diabetes Resources by Rick Mendosa	350
National Diabetes Education Program.....	350
National Diabetes Education Initiative	350
Medscape Diabetes and Endocrinology Home Page.....	351
The Diabetes Monitor	351
Juvenile Diabetes Research Foundation.....	351
Children with Diabetes	351
Joslin Diabetes Center	351
Canadian Diabetes Association	352
The International Diabetes Federation.....	352
