***Introduction*..... 1**

About This Book.....	1
System Requirements	2
What You Don't Have to Read	3
How This Book Is Organized.....	3
Book I: Pulling the Plug.....	3
Book II: Planning Your Network.....	3
Book III: Configuring Networks	4
Book IV: Security and Troubleshooting.....	4
Book V: On the Road	4
Book VI: Networking Technologies	4
Book VII: Home Technology	5
Book VIII: Global Positioning Systems	5
Icons.....	5
Where to Go from Here.....	6

***Book 1: Pulling the Plug*..... 7**

Chapter 1: Living Without Wires 9

Bidding Adieu to Wired Life.....	9
A whole world of wireless possibilities	9
Cutting the cords	11
Keeping your options open.....	12
Connecting to the World on the Go	12
Connecting your PC on the go	13
Connecting for voice and messages.....	14
Addressing the Downside: You're Always On.....	14
Your wireless network is always on	14
Your wireless gadgets are probably open, too	15
Taking back control.....	15

Chapter 2: Choosing Internet Access 17

Using Satellite Service	18
StarBand	18
DirecWay.....	20
Maxing Out with WiMax	21
Wi to the max	21
Local Multipoint Distribution System (LMDS).....	22

Book 11: Planning Your Network	23
Chapter 1: Putting Together a Wireless Network	25
Figuring Out Your Hopes and Dreams	26
Reaching Clear Across the Household	27
Checking for Obstacles and Interference.....	28
Totaling Up the Damage	29
Creating a Hardware Shopping List	32
Chapter 2: Choosing Hardware Made Easy	35
Choosing the Wares Is Not Hard	35
802.11a	36
802.11b.....	37
802.11g.....	37
Multi-standard devices	37
Starting with DSL or Cable Modem.....	38
Modem Options.....	40
Routing Through the Router.....	41
Pointing Toward Areas That Need Coverage.....	44
Chapter 3: Setting Up Routers	47
Some Assembly Required	47
Fiddling with the Innards	50
A password of your own.....	53
Just like clockwork.....	54
Nothing but 'net.....	55
Attack of the (MAC) clone.....	58
What's in a name?.....	59
Chapter 4: Setting Up Other Hardware	61
Bridging Multiple Networks	61
Configuring Your Access Points	62
Serving Your Print Needs Wirelessly	64
Chapter 5: Decoding DHCP	73
Examining Your Address Options	73
What DHCP server?.....	73
Static versus dynamic.....	74
Putting Dynamic Addresses to Good Use	76
Heading off Trouble	78
Getting some Static	81

Chapter 6: Installing an Adapter on Your PC	85
Taking the Lid Off Your PC	85
Physically installing your adapter	86
Who's driving?	89
Installing adapter utilities	94
Saving Some Time with USB Adapters	96
Plug away	97
Driving Miss Lazy	99
Again, utilities	101
 Chapter 7: Adapter-ing	 103
Configuring Your Wireless Adapter	103
Starting at Zero	103
Using your wireless adapter's utilities	116
Making Sure It Works	120
Wireless connection status	120
Viewing available wireless networks	122
Traveling to utilityland	123
Estimating Your Range	124
 Chapter 8: Troubleshooting Network Hardware	 127
Shooting Down Hardware Trouble	127
Fixing a router	128
Fixing other access points	129
Working on adapter cards	130
Taking a Wrench to the Software	133
Upgrading your hardware's firmware	133
Updating network adapter drivers	138
Upgrading adapter utilities	141
 <i>Book III: Configuring Networks</i>	 <i>143</i>
 Chapter 1: Exploring Windows XP Networking	 145
Installing Is Child's (Plug and) Play	145
My Network Places	146
Adding to the Start menu	146
Removing from the Start menu	146
Mingling with Different Networks	147
Creating an Infrastructure Network	147
Creating a Computer-to-Computer Network	147
Enabling Internet sharing	148

Chapter 2: Managing Available Networks	149
Finding Out What's Out There	150
Viewing Available Networks	152
Managing Preferred Networks	153
Adding a preferred network	154
Removing a preferred network	154
Viewing a network's properties	154
Reordering preferred networks	154
Using the Advanced Networking Options	155
Viewing an Available Network's Signal Strength	157
Chapter 3: Creating Bridges	159
Bridging with Windows XP	160
Creating a bridge	160
Adding a network to a bridge	162
Removing a network from a bridge	162
Deleting a bridge	163
Chapter 4: Configuring Printers	165
Learning to Share	165
Feeling Selfish and Turning Off Sharing	167
Adding a Network Printer	167
Changing the Default Printer	169
Chapter 5: Confirming Your Network Works	171
Flexing Your Signal Strength	171
Monitoring Your Network	173
Viewing your network's activity	173
Viewing a real-time networking graph	174
Changing the networking information you see	175
Stumbling Upon Network Stumbler	176
Downloading and installing NetStumbler	176
Using NetStumbler	177
 Book IV: Security and Troubleshooting	 181
Chapter 1: Using a Safety Net	183
Safety First, but Security Firstest	183
Hackers, Crackers, and Slackers	184
Plugging Your Security Holes	185
Making your SSID invisible	186
Tying down the MAC hatch	188

Introducing WEP, WPA, and Weep	189
Read 'em and WEP	190
Upgrading to WPA	195
Authenticating with 802.1x.....	198
Fixing Holes Before You Leak.....	199
Hardening your software	200
(Un)plugging the hardware	202
Chapter 2: Managing User Accounts	205
Deciding Who Plays Administrator.....	205
What's the Access Level, Kenneth?	206
Creating User Accounts.....	207
Deleting User Accounts	210
Changing User Accounts	212
Changing the name.....	212
Creating a password.....	214
Changing a password.....	216
Removing a password.....	216
Changing the picture.....	217
Changing the account type	218
Disabling the Guest Account	219
Restoring the guest account	220
Chapter 3: Solving Network Problems	221
Houston, We Have a Problem	221
1: Define the problem in a general sense	222
2: Isolate the problem	222
3: Define the problem as specifically as possible.....	223
4: Test possible solutions one at a time	223
5: Fix the problem and document the solution	223
Starting with Windows XP.....	223
Depending on Device Manager	224
Working with wireless network connections	227
Connecting to other devices	234
Finding the Culprit among Hardware	235
Feeling router woes	235
Dealing with modem blues	236
Fielding problems with other hardware	238
Getting Cozy with Network Tools	239
ipconfig	239
ping.....	242
tracert	244

Book V: On the Road247

Chapter 1: Putting a Network in Your Lap(top) 249

Discovering Your Options for Wire-Free Access	249
Choosing the slower but somewhat expensive option	250
Choosing the faster but somewhat limited option	250
Choosing the gimme-it-all option	251
Getting Carded.....	251
Using a wireless cellular data card.....	252
Using a wireless network card.....	253
Getting Out and About.....	254
Finding Wi-Fi hotspots	255
Power backup on the road	256
Printing while on the road.....	258
Lounging at Home	260

Chapter 2: Connecting PDAs to Networks 261

Reaching into Your Pocket PC	262
Manually configuring your network.....	263
Using the Dell WLAN utility.....	265
Using the Dell Site Monitor	266
Going Mano y Mano with Palm PDAs	267
Configuring your Palm	267
Confirming your settings.....	269
Making the connection	270
Making a VPN Connection, Literally	270
Configuring your Palm for VPN	271
Connecting a la VPN with your Palm	272

Chapter 3: Synchronizing PDAs over a Network 273

Getting a Pocket PC to Coordinate	273
Running with ActiveSync.....	274
Syncing information from a Pocket PC	275
Synchronizing a Palm PDA.....	276
Configuring HotSync on your PC	276
Configuring HotSync on your Palm	277
HotSyncing to your PC from your Palm.....	279
Giving It an AvantGo	279
Using AvantGo Wireless	284

Chapter 4: Picking a BlackBerry 287

Avoiding a Raspberry	287
Picking a Model, Any Model.....	288
BlackBerry 7200, 7500, and 7700 Series.....	289
BlackBerry 5790.....	290

Biting into the Main Features	290
Navigating	292
Turning it on and off	292
Sending and receiving e-mail	292
Making a phone call	296
Adding a contact to the address book.....	297
Browsing the Web.....	299
Checking Out the Sidekick II	300
Chapter 5: Finding Wi-Fi Hotspots	303
Getting Thee to a Directory	303
Paying for the Goods: Commercial Providers	305
Going Public.....	307
In airports.....	307
In hotels	308
In the (city) clouds	309
McWireless and others	310
Clenching Your Security Blanket.....	312
Chapter 6: Setting Up a VPN Connection	315
Setting Up a VPN Connection	315
Connecting to a Remote Computer Using VPN	319
Creating an Incoming VPN Connection	320
Chapter 7: Strapping on Microsoft SmartWatch	325
Picking and Choosing	325
Beaming the World	326
Flipping through the WristNet Channels.....	328
Calendar.....	328
Horoscopes	328
News.....	328
One-way Instant Messaging.....	329
Lottery results	329
Sports.....	329
Stocks.....	329
Weather.....	330
Adding Daily Diversions	330
Registering Your Watch	331
Getting Personal with MSN Direct Service.....	333
Installing the Outlook Software	336
Taking a Glance at This Feature	338

Book VI: Networking Technologies339

Chapter 1: Roaming into Cell Phone Territory341

Selecting a Plan.....	341
Choosing a Phone: Do I Really Need Those Fancy Things?	343
Size	344
Talk time	344
Cameras	344
Headsets	345
Games	345
Web enabled.....	346
Messaging.....	346
Staying Healthy	347
Putting Your Number on the Move	348

Chapter 2: Choosing and Using Cordless Phones351

Cutting the Cords	351
Analog phones	352
Digital phones	353
Choosing Your Frequency	354
900 MHz	354
2.4 GHz	355
5.8 GHz	355
Featuring Cordless Phones	355
Avoiding Interference	357

Chapter 3: Gathering around the Family Radio Service359

Calling All Radios	359
FMS according to the FCC	360
Keeping the family unit intact.....	360
Distancing Yourself with GMRS	361

Chapter 4: Picking Peripherals363

Unplugging Your Desktop.....	363
Cordless Mice in Seattle	364
Microsoft mice	364
Logitech mice.....	366
Trackballs	368
Finding the Home Row: Keyboards.....	368
Microsoft wireless keyboards	368
Logitech wireless keyboards	368
Getting with the Game Controllers	369
Cordless RumblePad.....	369
Freedom 2.4 Cordless Joystick	370

Chapter 5: Cutting Your Bluetooth371

- Opening Wide372
 - Getting to the nitty-gritty372
 - Connecting to various and sundry devices373
 - Exploring its insides.....374
 - Styling and profiling375
- Using Peripherals376
- Making Your Devices Discoverable.....378
- Pairing Your Devices379
- Installing a USB Bluetooth Adapter379
- Moving Files between a PC and Mac.....382
- Moving from Tooth to Pocket (PC)385
- Moving within Earshot of Your Cell Phone388
 - Setting up the headset388
 - Sending a Photo to Your PC389
- Staying Safe with Bluetooth392
 - Bluejacking392
 - Bluesnarfing393

Book VII: Home Technology.....395

Chapter 1: Your Entertainment Center397

- Entertaining the Wireless Way.....398
 - Playing some tunes398
 - Did I really look like that?399
 - Hollywood on a hard-drive platter.....400
- Looking at the Latest Gadgets401
 - Netgear Wireless Digital Music Player402
 - Linksys Wireless-B Music System.....402
 - D-Link MediaLounge Wireless Media Player403
 - Sound Blaster Wireless Music.....403
 - Gateway Connected DVD Player403
 - PRISMIQ MediaPlayer403
 - Apple AirPort Express404
 - Roku SoundBridge.....405
 - Other media players405
 - Combining the uncatagorizable406
- Wi-Fi'ing to Your Car Stereo406

Chapter 2: Setting Up Gadgets409

- Exploring Gadgets Galore.....409
- Adding a Media Server to Your Home410
 - What is a media server?410
 - Who makes media servers?411

Moving Some of Everything with PRISMIQ MediaPlayer	412
Setting up the PRISMIQ MediaPlayer	412
Using the PRISMIQ MediaPlayer	414
Looking into Internet Video Cameras	416
Chapter 3: Chatting with Motorola's IMfree	419
Getting Ahold of Your Messenger.....	419
Setting Yourself Up for Freedom	420
Installing software on your PC.....	420
Running the software	422
Powering up and registering	422
Setting up your PC.....	423
Creating an AIM screen name	425
Installing AOL's AIM software	428
Using IMfree	430
The keys to chatting	430
Getting a move on	431
Avoiding interference.....	431
Emoticoning and abbreviating.....	433
Chapter 4: Sharing Multimedia Files with Windows XP	437
Tuning In to Sights and Sounds	437
Taking a looksee at video	438
Sharing Your Files on a Network.....	438
Blocking Access to Files	440
Changing a shared folder to unshared	440
Hiding a folder from others.....	442
Assigning a Drive Letter to a Network Folder	442
Switching off automatic connections.....	443
Disconnecting from a mapped network drive	445
Browsing Your Network.....	446
Chapter 5: Using TiVo's Home Media Features	447
Turning on the TiVo	447
Making a Connection	449
Configuring your TiVo.....	450
Configuring TCP/IP settings	452
Switching to broadband access.....	453
Testing the connection	454
Troubleshooting the connection	455
Peer to Peer, Yes Sir!	457

Chapter 6: Exploring Digital TV and Satellite Radio461

- Wanting My HDTV461
- Understanding All Those Terms.....462
- Going Shopping for a High-Definition TV Set.....463
 - Built-in tuner464
 - HDTV ready.....464
- Blown Away by My Reception464
 - Receiving HDTV over the air.....464
 - Receiving HDTV via satellite TV.....465
 - Receiving HDTV over cable TV.....466
- Grabbing for the Heavenly Sound.....466
 - But Sirius-ly, folks467
 - XM marks the spot467

Chapter 7: Forecasting the Weather from Your Patio469

- Taking the Station Out of the Box469
- Installing and Using Weather Software.....473
 - That’s heavy473
 - Getting graphic about it.....475
 - Telling the web about your weather478

Chapter 8: Security in the Air via Motorola483

- Digging Through the Goodies.....483
- Setting Yourself Up for Security Success485
 - Setting up the hardware485
 - Installing the software486
 - Configuring the software488
 - Arming the system491

Book VIII: Global Positioning Systems493

Chapter 1: Getting Uncle Sam to Ante Up495

- Knowing Where You Are.....496
- Achieving Missile Precision — Almost.....497
 - How the military uses GPS497
 - Civilians can find their way, too498
 - Some other satellite navigation systems exist (almost)499
- Using GPS500
 - Taking a hike500
 - On the road again500

On a bike ride.....	501
It's a bird, no, it really is a plane.....	501
Just for fun	501
Exploring Your Options	502
Choosing a portable unit	502
Driving around with a vehicle GPS unit.....	502
Merging your laptop with GPS	503
Using GPS with a Pocket PC	504
Using a GPS-enabled cell phone	505
Saying Goodbye to AAA?.....	505
Making a Connection with Your PC.....	505
Upgrading software and maps	505
Downloading your life's movements.....	506
Using your GPS with your laptop	506
Chapter 2: Finding Your Way in the World	507
Giving Some Latitude to Your Longitude	507
A Quick Course on Mapping	508
A bit of simple geometry	508
Latitude.....	509
Longitude.....	509
Elevation.....	510
Coordinating Your Coordinates.....	510
Explaining How GPS Works	511
Reading a GPS Display	513
Finding Your Waypoints	515
Understanding how waypoints work	516
Creating waypoints	516
Chapter 3: Exploring with the Rest of GPS	519
Seeking and Hiding with Geocaching.....	519
Going for the cache	519
Hiding the bounty.....	521
Finding Your Ancestors	523
A very grave matter	523
Where is (old) home sweet home?.....	526
<i>Glossary</i>	529
<i>Internet Directory</i>.....	535
<i>Index</i>.....	591
