

Contents at a Glance

<i>Introduction</i>	1
<i>Part I: Getting On the Right Boating Track</i>	7
Chapter 1: Powering Up to Be a Boater	9
Chapter 2: Choosing the Right Boat Type and Engine for Your Boating Needs	19
Chapter 3: Finding and Buying the Right Boat for You	37
Chapter 4: Accessorizing Your Boat for Safety and Fun.....	61
<i>Part II: Safely Operating Your Boat</i>	75
Chapter 5: Towing Your Boat and Maintaining Your Trailer	77
Chapter 6: Launching and Loading Your Trailered Boat	93
Chapter 7: Hitting the Open Water: Driving Your Boat.....	121
Chapter 8: Docking, Rafting Up, and Anchoring	139
<i>Part III: With Much Boating Fun Comes Much Responsibility</i>	157
Chapter 9: Rules Do Apply: Navigating to Avoid Collisions and Confusion	159
Chapter 10: Finding Your Way on the Water.....	173
Chapter 11: Navigating Bad Weather	195
Chapter 12: Preparing for and Handling Boating Emergencies.....	211
<i>Part IV: Keeping Your Boat Shipshape</i>	229
Chapter 13: Keeping Up with Routine Boat Maintenance.....	231
Chapter 14: Getting Your Boat Ready for Winter and Spring	257
Chapter 15: Repairing Leaks and Other Damage to Your Boat.....	265
<i>Part V: Enjoying Your Boat</i>	287
Chapter 16: Finding a Safe Harbor for Your Boat	289
Chapter 17: The Well-Fed Boater	309
Chapter 18: Getting Your Feet Wet with Boat Clubs	319
<i>Part VI: The Part of Tens</i>	329
Chapter 19: Ten Tactics That Separate Pros from Amateurs	331
Chapter 20: Ten Important Items to Keep Onboard.....	339
Chapter 21: Ten (Plus Two) Mechanical Checks for Buying a Pre-Owned Boat....	343
<i>Index</i>	351

Table of Contents

<i>Introduction</i>	1
About This Book	1
Conventions Used in This Book.....	2
What You're Not to Read.....	3
Foolish Assumptions.....	3
How This Book Is Organized	4
Part I: Getting On the Right Boating Track.....	4
Part II: Safely Operating Your Boat.....	4
Part III: With Much Boating Fun Comes Much Responsibility	4
Part IV: Keeping Your Boat Shipshape.....	5
Part V: Enjoying Your Boat.....	5
Part VI: The Part of Tens.....	5
Icons Used in This Book	6
Where to Go from Here.....	6
<i>Part I: Getting On the Right Boating Track</i>	7
Chapter 1: Powering Up to Be a Boater	9
You Might Be a Boater If	9
Weighing the Costs of Boating.....	10
Costs of landlubber family activities.....	11
Costs of boating as a family.....	11
Considering Different Kinds of Boats.....	12
Getting Trained and Licensed.....	13
Navigating the Boat-Buying Scene.....	14
Buying a new boat.....	14
Buying a pre-owned boat	15
Getting Your Boat On and Off the Water.....	16
Getting Your Boat around on the Water.....	17
Getting Your Hands Dirty	18
Chapter 2: Choosing the Right Boat Type and Engine for Your Boating Needs	19
Acquainting Yourself with the Parts of a Power Boat.....	20
Getting Serious with Fishing Boats.....	22
Freshwater fishing boats.....	23
Saltwater fishing boats	25
Kicking Back with Runabouts and Pontoon Boats	27
Running around in runabouts	27
Living large on pontoon boats	30
Going the Distance with Cruisers	31
Express cruisers.....	31
Sedan cruisers	31
Houseboats	32

Understanding Different Boat Engines..... 32
 Getting sporty with inboard power..... 32
 Tooling around with outboard power..... 33
 Spending the day with sterndrive power..... 34
 Maneuvering with pod drive power 35
 Zipping about with jet propulsion power 35

Chapter 3: Finding and Buying the Right Boat for You 37

Narrowing Down Your Boat-Buying Choices 38
 Considering location and type of water..... 38
 Matching boating activities to the right boat type..... 41
 Choosing the right horsepower for your boat 43
Setting Your Boat Budget 44
 Budgeting for boat storage costs..... 44
 Figuring in trailer, fuel, and maintenance costs..... 45
 Insuring your boat (immediately)..... 47
 Choosing how to pay for your boat..... 48
Deciding Whether to Buy a Pre-owned or New Boat 50
 Buying basics for pre-owned or new boats 50
 Considering a pre-owned boat 54
 Looking at a new boat 55
Going Shopping for Your Boat 56
 Buying through a Web site 56
 Buying from an individual..... 57
 Buying from a dealer 58
 Buying at a boat show 59
Getting Licensed and Educated 59
 Passing the state boating exam..... 60
 Taking a boater safety course 60

Chapter 4: Accessorizing Your Boat for Safety and Fun 61

Getting Quality and Approved Safety Gear 61
 Staying afloat with life jackets 62
 Being prepared with throwable life preservers 63
 Having the right fire extinguisher onboard 64
 Keeping a spare anchor on hand 64
 Stowing paddles just in case 64
Securing and Protecting Your Boat with Mooring Lines and Fenders.... 65
 Choosing the right mooring lines 65
 Fending off scrapes with fenders 67
Communicating and Navigating Safely with Marine Electronics 68
 Avoiding the bottom thanks to a depth finder..... 68
 Verifying your location with a GPS..... 69
 Staying in touch with a VHF radio 70
Choosing Safe, Fun Watersports Accessories..... 70
 Inflating the fun with tubes 70
 Washing away boredom with wakeboards..... 71
 Getting started on two skis..... 72
 Slipping through the water on a slalom ski..... 73
 Selecting the correct tow rope to match your watersport..... 73
 Jacketing up for safety and looking cool 74

***Part II: Safely Operating Your Boat* 75**

Chapter 5: Towing Your Boat and Maintaining Your Trailer 77

Getting Properly and Safely Hitched..... 78
 Defining the parts of the vehicle-trailer connection..... 78
 Getting help aligning your vehicle and trailer..... 80
 The same old routine: Coupling the trailer
 securely to the vehicle 81
 Pulling Your Trailer Safely and Efficiently..... 82
 Bring 'Er Back: Mastering Techniques for Backing Up a Trailer 83
 Backing up while looking over your shoulder 84
 Backing up while looking in the side mirrors..... 84
 Keeping Your Trailer Roadworthy 84
 Lighting and wiring are the first things to fail..... 84
 Keeping those trailer wheels rolling..... 87
 Making sure you can stop..... 88
 Checking all the hardware regularly 89
 Getting Some Handy Trailer Gadgets..... 90

Chapter 6: Launching and Loading Your Trailered Boat 93

Being a Prepared and Polite Boater at the Ramp..... 94
 Get it together at home..... 94
 Don't be a ramp hog..... 95
 Staging for Launch..... 95
 Sizing Up the Boat Ramp to Tailor Your Technique..... 98
 Mastering a shallow ramp..... 99
 Meeting the challenge of a deep ramp..... 100
 Combating a crosscurrent on the ramp..... 100
 Launching Your Boat with a Crew..... 101
 The boat handler 101
 The vehicle driver..... 103
 Guests and kids who board after launch..... 104
 Launching Your Boat Alone 105
 Time to Go Home: Getting Your Turn in the Loading Line..... 107
 Figuring out what's going on around the loading line..... 108
 Offloading passengers and getting into position 109
 Loading Your Boat on the Trailer..... 111
 Approaching the trailer..... 111
 Making contact with the trailer..... 113
 Getting Up a Slippery Ramp 116
 Making Your Boat and Trailer Road-Ready..... 117

Chapter 7: Hitting the Open Water: Driving Your Boat 121

Fueling Up Your Boat 121
 Taking care of your engine's special oil needs 122
 Fueling up on land 123
 Fueling up at the dock..... 124
 Getting Your Motor Running..... 126
 Putting safety first..... 126
 Priming the fuel line on outboards..... 128

Choking the engine and pumping the throttle on carbureted motors	128
Troubleshooting a nonstarter	129
Getting Underway	131
Throttling up for take-off	131
Maintaining and changing course	133
Adjusting the boat for a great ride	134
Shutting Down the Engine	137
Chapter 8: Docking, Rafting Up, and Anchoring	139
Docking Your Boat Like a Pro	140
Docking stern-in (back first)	140
Docking bow-in (pointy end first)	143
Docking alongside (parallel)	144
Tying your boat safely to the dock	145
Undocking and shoving off	148
Rafting Up with Fellow Boaters	149
Approaching a boat or raft at anchor	149
Hitching your boats together	150
Putting fenders at the rubbing points	151
Breaking up the party and the raft	151
Anchoring Your Boat the Right Way with the Right Anchor	152
Understanding the parts of an anchor	152
Choosing the right anchor style	153
Determining where and how to set the anchor	154
Keeping an eye out for drift while anchored	155
Weighing (raising) anchor	156
 Part III: With Much Boating Fun Comes Much Responsibility	 157
Chapter 9: Rules Do Apply: Navigating to Avoid Collisions and Confusion	159
Sharing the Water: Boating Rules	159
Boating's golden rule: No right of way on the water	160
Maintaining a proper lookout	161
Crossing paths with another vessel	161
Overtaking a vessel	162
Meeting another vessel head-on	165
Keeping your speed in check	165
Reading Boat Lights	166
Light colors and locations on the boat	166
Interpreting the lights you see	168
Understanding Navigation Markers	168
Intracoastal Waterway markers	169
Other channel and navigation markers	169

Chapter 10: Finding Your Way on the Water 173

- Charting Your Course Over Big and Little Waters 174
 - Understanding chart basics 174
 - Where to buy your charts..... 178
- Finding True North (And the Way Home) with a Compass 178
 - Discovering how a compass works 179
 - Navigating with a compass 179
 - Choosing the right compass for your boat..... 182
- Understanding the Value of VHF Radios 183
 - Turning on and tuning in 183
 - Communicating between boats..... 185
- Scanning the Unseen Depths with Sonar 186
 - Seeing how sonar depth finders work..... 187
 - Choosing the right sonar unit 187
 - Using sonar 188
 - Spotting fish with sonar 189
- Using GPS Chart Plotters 189
 - How GPS units work 189
 - Choosing the right GPS for you..... 190
 - Finding your way with GPS..... 191
- Letting Radar Spot Things Far in Advance..... 192
 - How radar works for you 192
 - Choosing the right radar for your boat..... 193

Chapter 11: Navigating Bad Weather 195

- Tuning In to Marine Forecasts Before You Go Out 195
 - Checking weather on the Web 196
 - Using VHF and weather radios to monitor weather on the water..... 197
 - Locating weather information on your GPS 197
- Knowing about Warnings and Advisories for Small Crafts 198
 - Taking small craft advisories seriously 198
 - Knowing regional advisory differences..... 199
- Taking Precautions When the Forecast is Bad 200
 - Tweak your departure or destination plans..... 200
 - Head for port at a hint of lightning..... 200
 - Anticipate sudden weather changes 201
 - Secure or relocate your boat in named storms 201
- Dealing with Weather Conditions..... 201
 - Gauging wind, waves, and seas 202
 - Understanding the power of thunderstorms and lightning 202
 - Navigating through fog..... 203
- Handling Your Boat in a Storm 205
 - Preparing your crew..... 206
 - Riding out the storm..... 206
 - Handling your boat in rough seas or waves 207

Chapter 12: Preparing for and Handling Boating Emergencies . . . 211

Being Equipped for Dealing with Boating Hazards	211
Checking your safety equipment	212
Stowing a first-aid kit	213
Bringing communication gear	214
Taking navigation tools	215
Filing a float plan and checking insurance	216
Tackling Types of Emergencies	217
Equipment failure	217
Fire	218
Grounding on hazards below the surface	219
Collision with another vessel	220
Weather	221
Personal accident or injury	221
Calling for the Help You Need	221
Making a mayday call	222
Making a pan-pan call	223
Other means of getting attention	224
Deciding whether to wait for help or head for shore	225
Deciding to Abandon Ship	225
Attempting Temporary Repairs	226
Assessing the damage	227
Fixing what you can	227

Part IV: Keeping Your Boat Shipshape* 229*Chapter 13: Keeping Up with Routine Boat Maintenance 231**

Checking and Changing Your Engine's Oil	232
Lubing up four-stroke outboards	232
Dealing with oil in two-stroke outboards	236
Changing inboard and sterndrive engine oil	237
Changing the oil in a jet-drive engine	240
Changing Gear-Case Lubricant and Transmission Fluid	240
Changing gear-case lubricant	241
Checking and changing inboard transmission fluid	243
Other Sterndrive Lubricants You Should Monitor	244
Checking the power-steering fluid	244
Checking the hydraulic engine trim fluid	245
Protecting Your Engine from the Effects of Ethanol	245
Understanding the negatives of ethanol	245
Dealing with the effects of ethanol	246
Monitoring Engine Gauges	247
Maintaining Your Boat's Battery	248
Using a battery charger	251
Replacing a worn-out battery	252
Washing, Waxing, and Preserving Your Boat's Good Looks	253
Getting the right boat-cleaning tools	253
Using the right soaps and waxes for boats	254

Chapter 14: Getting Your Boat Ready for Winter and Spring 257

Preserving Your Fuel and Engine 258
 Changing Your Oil for Long-term Storage 259
 Preventing Your Engine from Freezing Up 260
 Keeping Your Battery in Shape for Spring..... 261
 How to Freeze-proof Your Plumbing..... 261
 Freshwater systems..... 262
 Locker drains and other plumbing..... 262
 The bilge 263
 Covering the Boat Lengthens Its Life 263
 How to Get Your Boat Ready in the Spring 264

Chapter 15: Repairing Leaks and Other Damage to Your Boat 265

Doing Quick Repairs to Keep Things from Getting Worse 266
 Fix leaks..... 266
 Tighten or replace bolts and screws..... 267
 Check and tighten hose clamps 268
 Tighten and repair hardware 269
 Spotting and Fixing Loose or Damaged Belts..... 271
 Testing belt tension..... 271
 Knowing when a belt needs changing..... 272
 Understanding Propeller Types and Repair..... 272
 Getting propeller dimensions right 272
 Having the right number of blades..... 273
 Knowing the differences in prop materials 273
 Determining if your prop is damaged 274
 Removing the propeller to replace or repair it..... 275
 Repairing different types of propellers..... 277
 Handling Electrical Problems..... 279
 What do those colored wires mean?..... 279
 Working on a 12-volt battery system..... 281
 Resetting circuit breakers or replacing fuses 282
 Tampering with 110 volts is dangerous 283
 Tracking down electrical problems..... 283
 Using some helpful wiring tools..... 285

***Part V: Enjoying Your Boat* 287**

Chapter 16: Finding a Safe Harbor for Your Boat 289

First Things First: Make Sure You Have a Mooring Cover..... 290
 Floating Your Boat in Wet Slip Storage..... 291
 Getting what you want from a wet slip 291
 Preparing your boat for wet slip storage..... 294
 Another alternative: Hoisting your boat 296
 The cha-ching factor of wet slip storage..... 297
 Weighing the pros and cons of floating your boat 298
 Stacking the Deck for Dry Storage..... 299
 What you can expect from dry-stack storage 300
 Preparing your boat for dry storage 301

Racking up the costs of stacking your boat	302
Weighing the pros and cons of racking up	302
Buying into Convenient Moorings	304
Sizing up the 'minium craze.....	304
Enjoying premium marina amenities.....	305
Using a Trailer for More Freedom and Frugality	305
Where to keep your trailered boat	306
Preparing your boat for open storage.....	306
Weighing the pros and cons of trailering	308
Chapter 17: The Well-Fed Boater	309
Navigating Your Galley	309
Refrigerators and coolers	310
Appliances that bring the heat.....	311
Civilized eating: Tools and utensils	312
Planning to Eat, Drink, and Be Merry	313
Keeping your stuff cold: You gotta pre-chill.....	313
Having plenty of drinks on the drink.....	314
A navy travels on its stomach	315
A word about alcohol	318
Chapter 18: Getting Your Feet Wet with Boat Clubs	319
Getting Hooked on Fishing Clubs	319
What fishing clubs have to offer	320
Finding the right fishing club for your interests	320
Joining Boat-Brand Clubs and Rendezvous.....	322
Finding boat-brand clubs	322
Tapping in to rendezvous	323
Joining a Watersports Club	323
Joining the U.S. Coast Guard Auxiliary	324
Some Boat Clubs Are Like Timeshares	325
Joining a fractional ownership boat club	325
Weighing benefits and liabilities	327
Part VI: The Part of Tens.....	329
Chapter 19: Ten Tactics That Separate Pros from Amateurs	331
Chapter 20: Ten Important Items to Keep Onboard.....	339
Chapter 21: Ten (Plus Two) Mechanical Checks for Buying a Pre-Owned Boat	343
Index.....	351
