Part I: Configuring and Personalizing Windows XP 1

Chapter 1: Configuring the Windows XP Interface	3
Chapter 2: Managing Programs	25
Chapter 3: Installing and Configuring Hardware	41
Chapter 4: Managing Power Options	61
Chapter 5: Customizing Startup and Shutdown	75
Chapter 6: Customizing and Using Folders	87
Chapter 7: Managing Files and File Type Associations	105
Chapter 8: Compressing and Encrypting Folders and Files	119
Chapter 9: Organizing, Archiving, and Remotely Storing Files and Folders	135
Chapter 10: Personalizing and Managing User Accounts	155
Chapter 11: Fun Tools for Customizing Windows XP	167

Part II: Internet and Networking with Windows XP 185

Chapter 12: Creating Internet Connections	187
Chapter 13: Configuring and Customizing Internet Explorer	205
Chapter 14: Configuring and Customizing Outlook Express	235
Chapter 15: Using Windows Messenger	257
Chapter 16: Wired Networking	271
Chapter 17: Wireless Networking and Virtual Private Networking	301
Chapter 18: Managing Network Security and Access	323
Chapter 19: Sharing Resources	343
Chapter 20: Configuring and Using Remote Desktop and Remote Assistance	359

Part III: Multimedia Solutions with Windows XP 375

Chapter 21: Organizing and Managing Digital Photos and Video Files	377
Chapter 22: Using Windows Media Player 10	387
Chapter 23: Making Movies with Windows Movie Maker 2	413
Chapter 24: Printing Digital Photos with Windows XP	427
Chapter 25: Custom Projects and Fun Activities with Digital Photos	441

Part IV: Hacking Windows XP	459
Chapter 26: Hacking Your System	461
Chapter 27: Expert Tips and Tricks	479
Chapter 28: Scripting With Windows XP.	489
Part V: Securing and Troubleshooting Windows XP	501
Chapter 29: Managing Local Security	503
Chapter 30: Keeping Your Computer Safe on the Internet	513
Chapter 31: Managing Disks and Drives.	525
Chapter 32: Taking Care of Windows XP and Automating Tasks	543
Chapter 33: Using Event Viewer and Performance Monitor.	553
Chapter 34: System Information, System Restore, and Windows Help	567
Chapter 35: Tips and Tricks for Speeding Up Windows XP	585
Chapter 36: Recovering from a Crash or Other Serious Problem	595
Appendix: A Primer on Registry Editing.	611
Index	623

Contents

Preface	vii

Introduction	xxvii

Part I: Configuring and Personalizing Windows XP 1

Chapter 1: Configuring the Windows XP Interface. 3

Customizing the XP Desktop	3
Choosing the Classic Theme	4
Changing the Desktop Wallpaper	5
Adding Desktop Icons	7
Changing the Appearance of a Desktop Icon	8
Using HTML Content on the Desktop	9
Configuring Desktop Appearance Options	10
Using a Screen Saver	12
Standard Screen Savers	13
My Pictures Slideshow	14
Configuring the Start Menu and Taskbar	15
Customizing the Windows XP Start Menu	15
Pinning a Shortcut to the Start Menu	18
Using the Classic Start Menu	18
Customizing the Classic Start Menu	20
Customizing the Taskbar	20
Managing Notification Area Items	22
Creating Shortcuts	23

Chapter 2: Managing Programs 25

Installing New Programs	25
Removing a Program	26
Making an Older Program Work with Windows XP	28
Running 16-bit and MS-DOS Programs	33
Managing Programs and Users	34
Managing Programs with Task Manager	37
Managing Automatic Updates	39

Chapter 3: Installing and Configuring Hardware	41
Installing Hardware	41
Removing a Hardware Device	44
Using Device Manager	44
Disabling a Device	44
Accessing Device Properties	46
Managing Drivers	48
Managing Driver Signing.	48
Getting Newer Drivers Using Windows Update.	50
Updating a Driver.	50
Configuring the Display Adapter	52
Managing USB Devices and USB Hubs	56
A Word about Printers...	59
Chapter 4: Managing Power Options.	61
Working with Power Schemes	61
Choosing a Default Power Scheme	62
Create a Custom Power Scheme	64
Configure Power Alarms	65
Work with Standby and Hibernation	67
Managing Standby and Hibernation Mode.	67
Create a Hardware Profile	69
Chapter 5: Customizing Startup and Shutdown	75
Managing Startup Programs	75
Making Windows XP Start Faster	79
Using the Services Console	79
Disable Recent Documents History	82
Disable Windows Messenger on Outlook Express 6	83
Configuring Windows XP for Automatic Logon.	83
Using the Startup Menu	85
Making Shutdown Work Faster	85
Reducing Wait Time for Applications	85
Stopping the NVIDIA Driver	86
Automatically End Tasks on Shutdown	86
Chapter 6: Customizing and Using Folders	87
Folder 101	87
My Documents	88
Folders that Work	88
Examining Folder Appearance and Functions.	89
Task and Folder View	89
Menu Options.	90

Customizing Folders	94
Working with Toolbars.	94
Creating a Custom Toolbar	94
Customizing Icons	96
Customizing Details	98
Other Folder Customization Options	99
Configuring Folder Options	100
General Tab	100
View Tab	101
File Types Tab.	102
Offline Files	103
Chapter 7: Managing Files and File Type Associations	105
Managing File Properties	105
File Association Options	105
Configuring Security	107
Configuring Summary Information	108
Configuring a File Association for a Certain File Type	109
Managing Files in the Recycle Bin	112
Using the Recycle Bin	112
Changing the Recycle Bin's Properties.	113
Using the Search Feature	115
Configuring the Search Features	116
Performing a Search	117
Chapter 8: Compressing and Encrypting Folders and Files	119
Compressing Files and Folders	119
Using NTFS Compression	120
Using Folder Compression.	125
Encrypting Files and Folders.	128
Encrypt a File or Folder	129
Giving Other Users Access to an Encrypted File or Folder	130
Accessing Encrypted Data on a LAN	130
Recovering Encrypted Data	132
Chapter 9: Organizing, Archiving, and Remotely Storing Files and Folders.	135
Organization 101.	136
Using Third-party Organizing Tools.	137
Directory Opus 8	137
PowerDesk Pro 6	137
ExplorerPlus.	137
Advanced File Organizer	139
Burning Files to a CD	140
Using a USB Flash Drive.	143

Storing Files on the Internet	144
Using Offline Files	149
Configuring Windows XP to use Offline Files	149
Synchronizing files	152
Chapter 10: Personalizing and Managing User Accounts	155
Working with User Accounts in the Control Panel.	155
Creating a New Account	156
Changing an Account.	158
Changing the Way Users Log On or Log Off	161
Using Computer Management with User Accounts	163
Creating a User Account	163
Managing a User Account	164
Chapter 11: Fun Tools for Customizing Windows XP	167
Using PowerToys	167
Tweak UI	168
Open Command Window Here	175
ClearType Tuner	175
Alt+Tab Replacement.	176
Power Calculator	176
Virtual Desktop Manager.	177
Taskbar Magnifier.	178
WebCam Timershot.	179
Windows XP Plus! SuperPack	179
Third-party Desktop Customization Tools	180
Stardock's Object Desktop 2004.	180
3DNA Desktop 1.1	183

Part II: Internet and Networking with Windows XP 185

Chapter 12: Creating Internet Connections	187
Choosing an Internet Connection Type.	187
Configuring an Internet Connection.	189
Starting a Connection	191
Managing Dial-up Connections.	193
General Tab	194
Options Tab	194
Security Tab	196
Networking Tab	196
Advanced Tab	197
Configuring Dialing Rules.	197
Configuring Modem Properties	201

Chapter 13: Configuring and Customizing Internet Explorer 205

Managing Connections to the Internet	205
Choosing a Connection Option	206
Choosing a Dial-up or Virtual Private Network Setting.	206
Local Area Network (LAN) Settings.	209
Customizing Internet Explorer	210
The Appearance of Internet Explorer	210
Home Page	211
Configuring AutoComplete.	211
Manage Related Programs	212
Specific Customization Options.	212
Configuring the Internet Explorer Toolbar.	214
Managing History	215
Managing Favorites	216
Customizing Search Options	219
Configuring Internet Explorer Security Settings	220
Security Zones.	220
Internet and Intranet Zones	223
Trusted Sites Zone	223
Restricted sites zone	224
Customizing Privacy Settings	225
Default Privacy Settings	226
Customizing Privacy Options	227
Customizing Content Settings	229
Enabling and Configuring Content Advisor	231

Chapter 14: Configuring and Customizing Outlook Express 235

Managing Accounts	235
Creating an E-mail Account	236
Creating a News Account or Directory Service Account.	239
General Outlook Express Settings	240
The General Tab.	240
The Read Tab	241
The Receipts Tab	242
The Send Tab	243
The Compose Tab.	244
The Signatures Tab	245
The Spelling Tab	246
The Security Tab	246
The Connection Tab	247
The Maintenance Tab	247
Choosing a Layout	248
Quick E-mail Tips	248
Sending E-mail.	249
Receiving e-mail.	250
Outlook Express Folder Structure	251

Managing Mail Rules and Senders	252
Blocking a Sender	254
Importing and Exporting Messages	255
Using the Address Book	256
Chapter 15: Using Windows Messenger	257
Connecting with Windows Messenger	257
Using Windows Messenger	259
Choosing a Status	259
Creating Contacts	260
Using Instant Messaging	262
Exchanging Files, Voice Conversations, and Video	265
Transferring Files	265
Using the Voice Conversation Feature	266
Using the Video Feature	268
Whiteboard and Application Sharing	268
Using Whiteboard	268
Application Sharing	269
Chapter 16: Wired Networking	271
Wired Network Hardware Components	271
Types of Wired Networks	273
Setting Up the Workgroup	274
Setting Up the Home or Small Office Network	275
Configuring Other Computers for Networking	280
Working with Connection Settings	282
Checking the Status of the Connection	283
Working with Connection Properties	285
The General Tab	285
The Authentication Tab	286
Managing Bindings and Provider Order	287
Bridging Network Connections	289
Creating a Direct Cable Connection	292
Helpful Troubleshooting Tools for Your Network	297
Using Ping	297
Using PathPing	298
Using Ipconfig	298
Using Netstat	300
Chapter 17: Wireless Networking and Virtual Private Networking	301
Wireless Networking and Windows XP	303
Working with Infrared Connections	303
Configuring the Infrared Connection	305
Using the Infrared Connection	306
Creating an Infrared Network Connection	307

Working with Wi-Fi	311
Using the Wireless Network Setup Wizard	312
Configuring Wireless Settings	315
Virtual Private Networking	318
Creating a Connection to a VPN Server	319
Using Windows XP as a VPN Server	321
Chapter 18: Managing Network Security and Access	323
Understanding Simple File Sharing	323
Using Share and NTFS Permissions	325
Managing File and Folder Permissions with NTFS	325
Working with Advanced NTFS Permissions	330
Share-level Permissions and NTFS Permissions	333
Auditing in Windows XP	335
Configuring Auditing	336
Setting Up Objects for Auditing	337
Using Disk Quotas	339
Chapter 19: Sharing Resources	343
Considering NTFS Security and Simple File Sharing	343
Sharing a Folder or a Drive	344
Sharing a Folder	344
Managing Caching Settings on Shared Folders	347
Sharing a Drive	348
Sharing a Printer	349
Sharing a Printer and Managing Permissions	349
Connecting to a Shared Printer	350
Managing Permissions	353
Managing Print Queues	354
Sharing an Internet Connection	356
Chapter 20: Configuring and Using Remote Desktop and Remote Assistance	359
Enabling Remote Desktop	360
Configuring the Remote Desktop Client Computer	363
Making a Remote Desktop Connection	363
Managing Remote Desktop Performance	364
Configuring the Display	365
Configuring Local Resources	366
Configuring Programs	367
Using Remote Desktop Web Connection	367
Using Remote Assistance	369
Enabling Remote Assistance	369
Requesting Remote Assistance	370

Part III: Multimedia Solutions with Windows XP 375

Chapter 21: Organizing and Managing Digital Photos and Video Files 377

Basic Management Reminders	377
Using Online Storage	378
Using Photo Management Programs	381
Photoshop Elements 3	382
Paint Shop Photo Album 5	383
ACDSee	384
Picajet	384
Picasa	385

Chapter 22: Using Windows Media Player 10 387

Interface Options and Solutions	388
Where's the Menu Bar?	388
Umpteen Ways to Look at Things	389
Files That Windows Media Player Can Play	389
Accessing Existing Media with Windows Media Player	391
Playing Music, Watching a Video	392
Now Playing Features	393
Ripping Music	396
Choosing a Folder for Songs	397
Choosing a File Naming Convention	397
Choosing a Format and Level of Quality	398
Ripping a CD	400
Purchasing Music Online	401
Using the Library	401
Sorting Songs	402
Editing Media Information	403
Deleting Songs	404
Burning Your Own CDs	405
Creating a Burn List	405
Burning a CD	407
Syncing Music	408
Using Visualizations, Skins, and Plug-ins	410

Chapter 23: Making Movies with Windows Movie Maker 2 413

Movie Maker 2 Requirements	414
A Quick Look at the Interface	414
Capturing or Importing Movies and Pictures	415
Capturing Video	415
Importing Clips	416

Editing Clips	417
Splitting Clips	417
Combining Clips	418
Creating Your Movie	418
Creating a Storyboard	419
Trimming Clips	419
Creating Transitions	420
Adding Effects	422
Adding Titles or Credits	423
Audio Files and Your Movies	424
Adding Audio to a Movie	424
Adjusting Audio Levels	425
Saving Movies	426

Chapter 24: Printing Digital Photos with Windows XP 427

Understanding Resolution	427
Printing Photos with the Photo Printing Wizard	429
Ordering Prints Online	432
Other Printing Options	435
Print Six	436
Pics Print	437
Photo Elf	438
Photo Cool	439

Chapter 25: Custom Projects and Fun

Activities with Digital Photos 441

Resizing a Photo for E-mail	441
PowerToys for Digital Photos	442
Image Resizer	442
CD Slide Show Generator	443
HTML Slide Show Generator	444
Creating a Plus! Photo Story	446
Creating a Custom CD Label	451

Part IV: Hacking Windows XP

459

Chapter 26: Hacking Your System 461

Hacking the Windows XP Registry	461
Starting the Registry Editor	462
How the Registry Is Organized	463
Common Abbreviations for Root Keys	464
Registry Key Values	464

Windows XP Interface Hacks	465
Stopping Error Message Beeps	465
Remove the Username from the Start Menu.	466
Show the Username on the My Computer Icon	467
Windows XP System Hacks	468
Changing Your User Information	468
Fixing the List of Installed Programs	469
Enabling or Disabling Task Manager	470
Prevent Programs from Starting Automatically	471
Log on Automatically.	472
Hacks for Fun and Customization	474
Change the Recycle Bin Icon	474
Changing the Explorer Toolbars	476
Hide Folders in My Computer	477
Chapter 27: Expert Tips and Tricks	479
Tweaks for Fun and Profit	479
Branding XP	480
Change the Browser Toolbar Background	481
Changing Internet Explorer's Title	482
Creating a Custom Internet Explorer Logo.	484
Getting Rid of Balloon Tips	485
Customization Software.	485
Login King	485
Roboform	486
Window Washer	486
Absolute Startup	487
WinPlosion 2.	487
Chapter 28: Scripting With Windows XP	489
Scripting 101	489
Learning through Immersion	491
Security	492
Useful Script Samples	494
Launching Applications	494
Adding a Printer.	496
Removing Printers	497
Setting the Default Printer	498
Map and Disconnect Network Drives.	498
Part V: Securing and Troubleshooting Windows XP 501	
Chapter 29: Managing Local Security.	503
User Accounts	503
Additional User Account Settings	505
Using the Local Security Settings Console	507

Chapter 30: Keeping Your Computer Safe on the Internet	513
Internet Security 101	513
Using Anti-virus Software.	515
Symantec.	515
McAfee	515
AVG	515
Windows Firewall	516
Using Windows Firewall	516
Windows Firewall and the Security Center	517
Configuring Windows Firewall Settings	519
Managing Spyware and Adware	522
Chapter 31: Managing Disks and Drives	525
File Systems and Windows XP	525
Getting to Know FAT/ FAT32 and NTFS	526
Formatting and Converting Drives to NTFS	527
Managing Hard Disks	528
Understanding Basic and Dynamic Disks	529
Understanding Dynamic Disk States	529
Converting a Basic Disk to a Dynamic Disk	530
Configuring Drive Letters and Paths	532
Configuring Disk Volumes	534
Creating Simple Volumes.	535
Extending a Simple Volume	537
Creating a Spanned Volume	538
Creating Striped Volumes	540
Chapter 32: Taking Care of Windows XP and Automating Tasks	543
Hard Disk Performance Tools	543
The Error-checking Tool	544
The Disk Defragmenter Tool.	545
The Disk Cleanup Tool	547
Scheduling Tasks	549
Chapter 33: Using Event Viewer and Performance Monitor	553
Event Viewer	553
Application	554
Security	555
System	555
Helpful Usage Tips	556
Performance	557
The Performance Tool Interface	558
Using Counters	559
Logging Data.	561
Creating Alerts	563

Chapter 34: System Information, System Restore, and Windows Help	567
System Information	568
System Summary	569
Hardware Resources	569
Components	570
Software Environment	571
Internet Explorer	572
System Information Tools	573
Dr. Watson	575
Using System Restore	575
Enabling System Restore	576
Creating Restore Points	577
Running System Restore	578
Undoing a Restoration	580
Using Windows Help	581
Index	582
Searching Windows Help	583
Using Windows Troubleshooters	584
Chapter 35: Tips and Tricks for Speeding Up Windows XP	585
Examining Virtual Memory	585
Adjusting Visual Effects	588
Cleaning the Registry	589
Speeding Up Boot Time	590
Setting Application Priority	592
Other Tips and Tricks	594
Chapter 36: Recovering from a Crash or Other Serious Problem	595
What to Do When Something Bad Happens...	595
Using Ctrl+Alt+Del	596
Using Safe Mode	598
Using the Recovery Console	600
Installing the Recovery Console	600
Starting the Recovery Console from the Windows XP setup CD-ROM.	601
Starting the Recovery Console, if already installed.	602
Recovery Console Commands	602
Removing the Recovery Console	609
Appendix: A Primer on Registry Editing	611
Windows Registry Basics	611
Understanding Registry Design	612
HKEY_CLASSES_ROOT	613
HKEY_CURRENT_USER	613

HKEY_LOCAL_MACHINE	614
HKEY_USERS	615
HKEY_CURRENT_CONFIG	615
Making Registry Changes	616
Security Tweaks	617
Appearance Tweaks	618
Windows Explorer	619
Additional Resources	621
Index	623
