

TABLE OF CONTENTS

Chapter

1

WHY SCIENCE?

First Scientists • Curiosity Saved The Human • Why Should We Learn Science? • Learning Science • The Science Coming Of Age Story • Stop & Think

Page 1

Chapter

2

TWO PLUS TWO EQUALS HIP-HOP

Science Ideas Come In Different Sizes • An Awesome Idea • Why Hip-Hop? • Systems Can Make A Planet • Stop & Think

Page 13

Chapter

3

WHAT'S THE MATTER?

Millions From 92 • Atoms • Atoms Are Systems • Parts Of The Atom • Atoms As A Whole • Atoms As Part Of Larger Systems • Millions From Three • Stop & Think

Page 27

Chapter

4

ENERGY AND DR. ART'S 50th ANNIVERSARY BALL

Exploring Energy • Forms Of Energy • Energy Of Motion • Chemical Energy • Why Matter Is Hard • Stop & Think

Page 45

Chapter

5

FORCES BE WITH US

Gravity Is Universal • Stronger Than Gravity • Electricity Plus Magnetism Equals ? • Electromagnetism Is The Glue Of Matter • Forces Within The Atom • Matter, Energy, Forces • Force Fields • Stop & Think

Page 63

Chapter

6

PUTTING THE YOU IN UNIVERSE

The U Word • How Long Is A Light Year? • Levels Of Reality • Stars Are Born • Energymatter • Where Everything Else Came From • Birth Of Our Solar System • Scale Models • Summary • Stop & Think

Page 85

Chapter

7

HOME SWEET HOME

Earth In The Solar System • Earth Is Whole • Earth's Solid Stuff • Earth's Liquid Stuff • The Water Cycle • Earth's Gas Stuff • The Carbon Cycle • A Closed System For Matter • Stop & Think

Page 105

Chapter

8

ENERGY ON EARTH

The Goldilocks Planet • An Open System • Conduction • Electromagnetic Radiation • Energy From The Sun • The Greenhouse Effect • Earth's Internal Energy • Earth's Energy Budget • Stop & Do

Page 127

Chapter

9

LIFE ON EARTH

A Networked System • Who Is In The Web? • Breath Of Life • Ecosystems • How Ecosystems Change • Stop & Think

Page 145

Chapter

10

WHO WE ARE

What Is Life? • A Systems View Of Life • Cells • Huge Molecules • Proteins • DNA • Earth Life Is Bilingual And Has A Code • Stop & Think

Page 159

Chapter

11

THE FAMOUS E WORD

What I Know About Evolution • Meat Eating Caterpillars In Hawaii • What Dead Bodies Tell Us • A Tree Of Life • What Live Bodies Tell Us • What Molecules Tell Us • How Does Evolution Happen? • Changes That Are Inherited • Selecting Random Changes • Stop & Think

Page 181

Chapter

12

MIDNIGHT DECEMBER 26

History Of Life On Earth • Radioactive Dating • Deep Time • Mass Extinction • Midnight December 26 • Iridium • The Smoking Gun • One Science • Religion And Evolution • Stop & Think

Page 205

Chapter

13

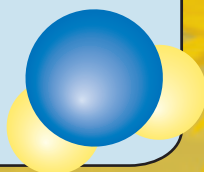

WHERE ARE WE GOING?

Superstition • There Goes The Sun • Save The Planet? • Earth's Ozone Layer • Today's Carbon Cycle • Earth's Climate • Earth's Web Of Life • Not The End

Page 223

Glindex

MOLECULE

GLINDEX

Glossary + Index: Where key science words occur within the book, and what they mean.

Page 240
