

Contents at a Glance

| | |
|---|------------|
| <i>Introduction</i> | 1 |
| <i>Part I: Introducing Application Development</i> | 7 |
| Chapter 1: Building Your Application | 9 |
| Chapter 2: Building in Application Security | 23 |
| <i>Part II: Building a User Authentication Application</i> | 43 |
| Chapter 3: User Authentication with HTTP | 45 |
| Chapter 4: User Login Application | 77 |
| <i>Part III: Building Online Sales Applications</i> | 129 |
| Chapter 5: Online Catalog Application | 131 |
| Chapter 6: Shopping Cart Application | 159 |
| <i>Part IV: Building Other Useful Applications</i> | 233 |
| Chapter 7: Building a Content Management System | 235 |
| Chapter 8: Hosting Discussions with a Web Forum | 309 |
| <i>Part V: The Part of Tens</i> | 373 |
| Chapter 9: Ten Hints for Application Development | 375 |
| Chapter 10: Ten Sources of PHP Code | 379 |
| <i>Part VI: Appendixes</i> | 383 |
| Appendix A: Introducing Object-Oriented Programming | 385 |
| Appendix B: Object-Oriented Programming with PHP | 391 |
| Appendix C: The MySQL and MySQL Improved Extensions | 407 |
| Appendix D: About the CD | 411 |
| <i>Index</i> | 417 |

Table of Contents

***Introduction* 1**

| | |
|---|---|
| About This Book | 1 |
| Conventions Used in This Book | 1 |
| Foolish Assumptions | 2 |
| How This Book Is Organized | 3 |
| Part I: Introducing Application Development | 3 |
| Part II: Building a User Authentication Application | 4 |
| Part III: Building Online Sales Applications | 4 |
| Part IV: Building Other Useful Applications | 4 |
| Part V: The Part of Tens | 4 |
| Part VI: Appendixes | 4 |
| About the CD | 5 |
| Icons Used in This Book | 5 |
| Where to Go from Here | 5 |

***Part 1: Introducing Application Development* 7**

Chapter 1: Building Your Application 9

| | |
|--|----|
| Understanding PHP and MySQL Versions | 10 |
| MySQL | 11 |
| PHP | 11 |
| PHP and MySQL together | 12 |
| Using the Application Source Code | 13 |
| Choosing a location | 13 |
| Understanding the PHP code | 14 |
| Procedural versus object-oriented programs | 15 |
| Modifying the Source Code | 16 |
| Programming editors | 17 |
| Integrated Development Environment (IDE) | 18 |
| Planning Your Application | 19 |
| Planning the software | 20 |
| Additional planning | 20 |

Chapter 2: Building in Application Security 23

| | |
|--|----|
| Understanding Security Risks | 24 |
| Building Security into Your PHP Scripts | 24 |
| Don't trust any information from an outside source | 25 |
| Storing information | 30 |

| | |
|---|----|
| Using system calls | 31 |
| Handling errors | 32 |
| MySQL Security | 33 |
| Setting up accounts and passwords | 33 |
| Accessing MySQL from PHP scripts | 37 |
| Understanding SQL injection attacks | 38 |
| Backing up your databases | 40 |
| Using a Secure Web Server | 41 |

Part II: Building a User Authentication Application43

Chapter 3: User Authentication with HTTP 45

| | |
|---|----|
| Understanding HTTP Authentication | 46 |
| Understanding how the WWW works | 46 |
| Requesting a password-protected file | 47 |
| Authorizing access | 48 |
| Using HTTP Authentication with Apache | 49 |
| Configuring Apache | 49 |
| Creating the .htaccess file | 50 |
| Creating the password file | 51 |
| Apache HTTP authentication in action | 52 |
| Designing an HTTP Authentication Application in PHP | 52 |
| Creating a User Database | 54 |
| Designing the user database | 54 |
| Creating the user database | 55 |
| Accessing the user database | 55 |
| Building the Authentication Application in PHP: | |
| The Procedural Approach | 56 |
| Building the Authentication Application in PHP: | |
| The Object-Oriented Approach | 60 |
| Developing the objects | 60 |
| Writing the PasswordPrompter class | 61 |
| Writing the Database class | 62 |
| Writing the Account class | 66 |
| Writing the WebPage class | 71 |
| Writing the Auth-OO script | 73 |

Chapter 4: User Login Application77

| | |
|---------------------------------------|----|
| Designing the Login Application | 78 |
| Creating the User Database | 78 |
| Designing the database | 79 |
| Building the database | 80 |
| Accessing the database | 81 |
| Adding data to the database | 81 |

Building the Login Web Page82
 Designing the login Web page82
 Writing the code for the login page83
 Displaying the login Web page91
 Building the Login Application: The Procedural Approach91
 Writing the application script92
 Protecting your Web pages100
 Building the Login Application: The Object-Oriented Approach101
 Developing the objects101
 Writing the WebForm class102
 Writing the Database class110
 Writing the Account class111
 Writing the Session class114
 Writing the Email class117
 Writing the login application script119
 Protecting your Web pages126
 Adding Features to the Application126

Part III: Building Online Sales Applications 129

Chapter 5: Online Catalog Application131

Designing the Online Catalog Application131
 Creating the Catalog Database132
 Designing the Catalog database132
 Building the Catalog database134
 Accessing the food database134
 Adding data to the database135
 Building the Catalog Web Pages135
 Designing the catalog Web pages136
 Writing the code for the index page138
 Writing the code for the products page140
 Displaying the catalog Web pages145
 Building the Online Catalog Application: Procedural Approach145
 Building the Online Catalog Application: The Object-Oriented
 Approach149
 Developing the Objects149
 Writing the Catalog class150
 Writing the catalog application script155
 Growing the Catalog class157

Chapter 6: Shopping Cart Application159

Designing the Shopping Cart Application159
 Basic application design decisions159
 Application functionality design161

| | |
|---|-----|
| Creating the Shopping Cart Database | 162 |
| Designing the shopping cart database | 162 |
| Building the shopping cart database | 164 |
| Accessing the shopping cart database | 165 |
| Adding data to the shopping cart database | 165 |
| Building the Shopping Cart Web Pages | 166 |
| Designing the shopping cart Web pages | 166 |
| Writing the code for the product information page | 171 |
| Writing the code for the shopping cart Web page | 175 |
| Writing the code for the shipping information form | 182 |
| Writing the code for the summary page | 187 |
| Building the Shopping Cart Application: The Procedural Approach ... | 193 |
| Writing ShopCatalog.php | 193 |
| Writing ShoppingCart.php | 197 |
| Writing ProcessOrder.php | 200 |
| Building the Shopping Cart Application: | |
| The Object-Oriented Approach | 207 |
| Developing the objects | 207 |
| Writing the Catalog class | 208 |
| Writing the Item class | 210 |
| Writing the ShoppingCart class | 212 |
| Writing the Database class | 215 |
| Writing the Order class | 216 |
| Writing the WebForm class | 221 |
| Writing the WebPage class | 222 |
| Writing the Email Class | 223 |
| Writing the shopping cart application script | 223 |
| Adding Features to the Application | 231 |

***Part IV: Building Other Useful Applications*233**

Chapter 7: Building a Content Management System235

| | |
|---|-----|
| Designing the CMS Application | 235 |
| Creating the CMS Database | 236 |
| Designing the CMS database | 237 |
| Building the CMS database | 240 |
| Accessing the CMS database | 243 |
| Designing the CMS Web Pages | 243 |
| Building the CMS Application: Procedural Approach | 246 |
| Writing the login code | 246 |
| Writing CompanyHome.php, a data retrieval file | 253 |
| Writing company.inc, the main HTML display file | 262 |
| Writing the content detail code | 265 |
| Writing Admin.php, the data manipulation code | 269 |

Building the CMS Application: Object-Oriented Approach275
 Writing the object model275
 Writing a basic data class277
 Writing the Department class279
 Writing the ContentType class281
 Writing the ContentItem class283
 Writing the ContentDownload class289
 Writing the Database class291
 Writing the WebForm class292
 Writing the code for the login page293
 Writing fields_content.inc and content_form.inc294
 Writing the display code294
 Writing Admin-OO.php, the data manipulation code303
 Enhancing the Content Management System307

Chapter 8: Hosting Discussions with a Web Forum309

Designing the Forum Application309
 Creating the Forum Database310
 Designing the Forum database311
 Building the forum tables314
 Accessing the forum tables315
 Adding data to the database316
 Building the Forum Web Pages317
 Designing the Forum Web pages317
 Writing the code for the Forums page321
 Writing the code for the Threads page324
 Writing the code for the Messages page328
 Writing the code for the New Message page331
 Writing the code for the Reply page334
 Building the Forum Application: Procedural Approach337
 Writing viewForums.php337
 Writing viewTopic.php338
 Writing viewThread.php338
 Writing postMessage.php339
 Writing postReply.php342
 Writing the supporting functions345
 Building the Forum Application: The Object-Oriented Approach347
 Developing the objects348
 Writing the TableAccessor class349
 Writing the Thread class353
 Writing the Post class355
 Writing the Database class357
 Writing the WebForm class358
 Writing the Forum application scripts359
 Writing the supporting functions368
 Possible Enhancements371

Part V: The Part of Tens373**Chapter 9: Ten Hints for Application Development375**

| | |
|---|-----|
| Plan First | 375 |
| Be Consistent | 376 |
| Test Code Incrementally | 376 |
| Remember Those Who Follow | 376 |
| Use Constants | 376 |
| Write Reusable Code | 377 |
| Separate Page Layout from Function | 377 |
| Don't Reinvent the Wheel | 377 |
| Use the Discussion Lists Frequently, but Wisely | 378 |
| Document Everything | 378 |

Chapter 10: Ten Sources of PHP Code379

| | |
|--|-----|
| SourceForge.net | 379 |
| WeberDev | 380 |
| PHP Classes | 380 |
| Codewalkers | 380 |
| PHP Builder | 381 |
| HotScripts.com | 381 |
| Zend | 381 |
| PHP Freaks | 382 |
| PX: The PHP Code Exchange | 382 |
| Free PHP and MySQL Hosting Directory | 382 |

Part VI: Appendixes383**Appendix A: Introducing Object-Oriented Programming385**

| | |
|--|-----|
| Understanding Object-Oriented Programming Concepts | 385 |
| Objects and classes | 386 |
| Properties | 386 |
| Methods | 387 |
| Abstraction | 387 |
| Inheritance | 388 |
| Information hiding | 389 |
| Creating and Using the Class | 390 |

Appendix B: Object-Oriented Programming with PHP391

| | |
|---------------------------------|-----|
| Writing a Class Statement | 391 |
| The class statement | 391 |
| Naming the class | 392 |
| Adding the class code | 392 |

| | |
|--|-------------------|
| Setting properties | 392 |
| Adding methods | 394 |
| Accessing properties and methods | 395 |
| Writing the constructor | 396 |
| Putting it all together | 397 |
| Using inheritance in your class | 398 |
| Using a Class | 399 |
| Creating an object | 399 |
| Using methods | 399 |
| Accessing properties | 400 |
| Using Exceptions | 400 |
| Copying Objects | 401 |
| Destroying Objects | 402 |
| Using Abstract Classes | 403 |
| Using Interfaces | 404 |
| Testing an Object | 405 |
| Object-Oriented Concepts That PHP 5 Omits | 405 |
| Appendix C: The MySQL and MySQL Improved Extensions | 407 |
| Appendix D: About the CD | 411 |
| System Requirements | 411 |
| Using the CD | 412 |
| What You Can Find on the CD | 412 |
| Source code files | 412 |
| Links to useful PHP and MySQL information | 413 |
| A bonus chapter | 414 |
| Troubleshooting | 414 |
| <i>Index</i> | <i>417</i> |
