Introduction.....	1
-------------------	---

PART I: SUBJECT AREA REVIEW CHAPTERS

Coordinated Care	17
-------------------------------	-----------

*Advance Directives • Advocacy • Client Care Assignments • Client Rights
• Collaboration with Multidisciplinary Team • Concepts of Management and Supervision
• Confidentiality • Consultation • Continuity of Care • Delegation • Establishing
Priorities • Ethical Practice • Informed Consent • Legal Rights Responsibilities
• Performance Improvement (Quality Assurance) • Referral Process • Resource
Management • Staff Education • Supervision*

Safety and Infection Control	61
---	-----------

*Accident/Error Prevention • Disaster Planning • Emergency Response Plan • Error
Prevention • Handling Hazardous and Infectious Materials • Home Safety • Injury
Prevention • Medical and Surgical Asepsis • Reporting of Incident/Event/Irregular
Occurrence/Variance • Safe Use of Equipment • Security Plans • Standard/
Transmission-Based/Other Precautions • Use of Restraints/Safety Devices*

Health Promotion and Maintenance	109
---	------------

*Aging Process • Ante/Intra/Postpartum and Newborn Care • Data Collection Techniques
• Developmental Stages and Transitions • Disease Prevention • Expected Body Image Changes
• Family Planning • Growth and Development • Health and Wellness • Health Promotion
• Health Screening • High Risk Behaviors • Human Sexuality • Immunizations • Lifestyle
Choices • Principles of Teaching/Learning • Self-Care • Techniques of Physical Assessment*

Psychosocial Integrity	203
-------------------------------------	------------

*Abuse or Neglect • Behavioral Interventions • Chemical Dependency • Coping Mechanisms
• Crisis Intervention • Cultural Diversity • End-of-Life Concepts • Family Dynamics • Grief
and Loss • Mental Health Concepts • Psychopathology • Religious or Spiritual Influences on
Health • Sensory/Perceptual Alterations • Situational Role Changes • Stress Management
• Support Systems • Therapeutic Communication • Therapeutic Environment • Unexpected
Body Image Changes*

Basic Care and Comfort	295
-------------------------------------	------------

*Alternative and Complementary Therapies • Assistive Devices • Elimination • Mobility/
Immobility • Non-Pharmacological Comfort Interventions • Nutrition and Oral Hydration
• Palliative/Comfort Care • Personal Hygiene • Rest and Sleep*

Pharmacological Therapies	337
--	------------

*Adverse Effects/Contraindications and Side Effects • Blood and Blood Products • Central
Venous Access Devices • Dosage Calculations • Expected Effects • Intravenous Therapy
• Medication Administration • Pharmacological Agents/Actions • Pharmacological Pain
Management • Total Parenteral Nutrition*

Reduction of Risk Potential 385

Diagnostic Tests • Laboratory Values • Monitoring Conscious Sedation • Potential for Alterations in Body Systems • Potential for Complications of Diagnostic Tests/Treatments/Procedures • Potential for Complications of Surgical and Health Alterations • Therapeutic Procedures • Vital Signs

Physiological Adaptation 419

Alterations in Body Systems • Fluid and Electrolyte Imbalances • Hemodynamics • Illness Management • Infectious Diseases • Medical Emergencies • Pathophysiology • Radiation Therapy • Unexpected Response to Therapies

PART II: NCLEX-RN PRACTICE TESTS

NCLEX-RN Practice Test 1 467

Answers and Explanations for Practice Test 1 495

NCLEX-RN Practice Test 2 517

Answers and Explanations for Practice Test 2 546
