Table of Contents

***Introduction*..... 1**

What's New in This Edition?	1
Where to Start	2
Conventions Used in This Book	3
What You Don't Need to Read	4
Foolish Assumptions	4
Icons Used in This Book.....	5
Getting in Touch with the Author	5
Where to Go from Here.....	6

***Part 1: Your Computer Will Not Explode*..... 7**

Chapter 1: A Painless Introduction to Computers 9

Simple Computer Concepts	10
I/O.....	11
Processing.....	11
Storage.....	12
Hardware and Software	13
The computer's operating system	13
Other software.....	14
The stuff you make (files).....	15
The PC (As in PCs For Dummies).....	15
“Uh, About That Exploding Thing”	16

Chapter 2: The Nerd's-Eye View 17

PC Flavors	17
Your Basic PC Hardware.....	18
The Console Tour	20
Major points of interest on the console, front.....	20
Visiting the console's seedy side.....	22
Up close: The I/O panel	24
Helpful hints, hieroglyphics, and hues	26

Chapter 3: PC Setup 29

Unpack the Boxes.....	29
Set Up the Console First.....	30

- A General Guide to Plugging Things into the Console31
 - Audio31
 - IEEE, 1394, FireWire33
 - Joystick or gamepad34
 - Keyboard and mouse34
 - Modem34
 - Monitor35
 - Network35
 - Printer35
 - S-Video36
 - Serial36
 - USB36
 - Wireless gizmos37
- The Final Connection: Power37
 - The mighty power strip37
 - The UPS power solution40
 - Using the UPS (a short play)41

Chapter 4: The Most Powerful Button (On-Off) 43

- Turn On Your PC44
 - The Setup program45
 - Trouble in Startup Land!46
- Here Comes Windows!46
 - Who the heck are you?46
 - Log in, mystery guest46
 - Welcome to the desktop48
- Turning the Computer Off (Shutdown)48
 - Options for PC shutdown48
 - Log yourself off50
 - Lock the computer50
 - Switch users51
 - Sleep mode51
 - Hibernation51
 - Restart Windows52
 - Turn the darn thing off52
- Power Button, What's Your Function?53
 - Setting the console's power button function53
 - Setting the moon button's function55
 - Setting the Start menu's power button function55
- Should You Leave the Computer On All the Time?56
 - "I want to leave my computer off all the time"56
 - "I want to leave my computer on all the time"57

Chapter 5: Windows Rules59

- The Smiling Face of Windows59
 - The desktop60
 - The taskbar61
 - The Start button62
 - The Start button menu62
 - The Notification Area.....63
- The Control Panel64
- Network Control.....65
 - The Network and Sharing Center65
 - The Network window66
- Places for Your Stuff.....66
- Windows Help.....67

Part II: Computer Guts.....69

Chapter 6: Mysteries of the Console71

- A Look Inside the Console71
 - Discovering your PC’s inner guts72
 - Opening the case (if you dare)73
 - Closing the case.....74
- The Mother of All Boards74
- The Microprocessor Is Not the Computer’s Brain75
 - Name that microprocessor!.....76
 - Microprocessor muscle and speed76
 - Which microprocessor lives in your PC?77
- Expansion Slots78
 - The PCI Express79
 - Older expansion slots79
- The PC’s Ticker.....80
 - “My clock is all screwy!”80
 - Set the clock.....81
 - Internet time to the rescue!.....82
- About the PC’s Battery82
- The Chipset83
- The Source of PC Power83

Chapter 7: Jacks on the Box85

- Is It a Port, a Jack, or Just a Hole?.....85
- All Hail the USB Port86
 - Hanging around USB cables87
 - Connecting a USB device.....87
 - Where’s the power cord?.....87
 - Removing a USB device88
 - Expanding the USB universe88

The Port of Many Names, IEEE.....	89
Legacy Ports	90
The mouse and keyboard.....	91
The printer port.....	91
The serial port	91
Chapter 8: Temporary Storage (Memory)	93
Why Memory?.....	93
Delicious Chocolate Memory Chips	95
Here a Byte, There a Byte, Everywhere a Byte-Byte.....	96
Some Memory Q&A.....	98
“How much memory is in my PC right now?”.....	98
“Do I have enough memory?”	99
“Does my PC have enough memory?”	99
“Will the computer ever run out of memory?”	99
“What is virtual memory?”	100
“What is video memory?”	100
“What are kibi, mebi, and gibi?”	101
Adding More Memory to Your PC	101
An Homage to Gilbert and Sullivan.....	103
Chapter 9: Permanent Storage (Disks and Media)	105
Storage for the Long Haul	106
Storage media roundup	106
Ask Mr. Science: How does a disk drive work?	107
The Hard Disk Drive.....	108
The DVD Drive	109
Disc capacity.....	110
About the speed rating (the X number)	110
Inserting a disc	111
Ejecting a disc	111
The Floppy Disk Drive	112
Memory Cards	113
Memory card roundup.....	113
Inserting a memory card	114
Ejecting a memory card.....	114
When the memory card is canceled	115
External Storage	115
Adding external storage	115
Removing external storage	116
Permanent Storage ABCs	117
Chapter 10: Glorious Graphical Goodness	119
Proper Jargon Department	120
The PC’s Graphics System	120
Two types of monitors: LCD and CRT.....	121
Adept graphics adapters	122

Love Your Monitor124
 The physical description.....124
 Adjust the monitor’s display.....124
 Windows and Your Monitor126
 Summoning the Personalization window126
 Going for a new look127
 Changing the background (wallpaper)128
 Saving the screen.....129
 Adjusting the display size (resolution) and colors131

Chapter 11: Input Buddies: Keyboard and Mouse133

Push the PC Keyboard’s Buttons133
 The basic PC keyboard134
 Shifty keys135
 The Lock sisters137
 Specific keys from Any to the bizarre.....138
 Special keys on special keyboards.....139
 Control the Keyboard in Windows.....140
 Proper Typing Attitude.....141
 You and Your PC Mouse Go Hand in Hand.....142
 The basic computer mouse142
 Optical versus mechanical.....143
 Cordless mice.....143
 Other mouse species144
 Basic Mouse Operations144
 Dink with the Mouse in Windows.....146
 “I can’t find the mouse pointer!”146
 “Double-clicking doesn’t work!”147
 “I’m left-handed, and the buttons are backward!”148

Chapter 12: The Printer’s the Thing149

Behold the Printer.....150
 Types of computer printer150
 A look around your printer151
 The mighty printer control panel.....152
 Feed your printer, Part I: Ink153
 Feed your printer, Part II: Paper154
 Types of paper155
 Printer Set Up156
 Windows and Your Printer156
 Manually adding a printer158
 Setting the default printer158
 Basic Printer Operation.....159
 “Where do I set my margins?”160
 Print in reverse order.....161
 Stop, printer! Stop!161

Chapter 13: Sounds Good	163
Audacious Audio	163
Noisy potential.....	164
Speakers hither and thither	164
Microphone options.....	167
Audio Control in Windows	167
Controlling the sound hardware.....	167
Configuring the speakers.....	168
Configuring the microphone	168
Adjusting the volume.....	169
Windows Makes Noise.....	170
Playing sounds in Windows	170
Assigning sounds to events	170
Recording your own sounds	172
Chapter 14: Mighty Modems	175
What Does a Modem Do?	175
Types of Modem.....	176
The dialup modem	176
Broadband modems.....	177
Modem speed.....	178
Setting Up a Dialup Modem	179
Adding an external dialup modem	180
Configuring an internal dialup modem.....	180
Using the Dialup Modem.....	181
Setting up a connection	181
Making the connection	182
Hanging up the modem.....	183
Chapter 15: Positive PC Power Management	185
What Is Power Management?.....	185
Power Management in Windows	186
Choosing a power-management plan.....	187
Creating your own plan	188
Power-saving options for battery-powered PCs.....	188
Part III: It's a Digital Life	191
Chapter 16: Picture This	193
Getting Images into the PC.....	193
The digital camera.....	194
The scanner	195

Working with Graphics Files	198
Graphics file formats.....	198
Changing graphics file types	200
Editing images.....	201
Viewing images in Windows.....	204
Chapter 17: PC TV	207
How to Turn a PC into a TV	207
Connecting a TV tuner.....	208
Configuring Windows Media Center	209
Something's on Television!.....	209
Seeing what's on	210
Seeing what's on next	211
Recording on the fly.....	211
Scheduling a recording.....	212
Watching recorded TV	213
Burning a DVD from recorded TV	213
Purging recorded TV	214
Moving Pictures.....	215
It's live, and it's living on top of your monitor!.....	215
Video file types	216
Video editing.....	217
Chapter 18: The Digital Ear	219
Your PC Is Now Your Stereo.....	219
Running Windows Media Player.....	220
Collecting tunes	221
Creating a playlist.....	222
Taking your music with you.....	223
Making your own music CDs.....	224
The PC Can Talk and Listen	225
Babbling Windows.....	226
Dictating to the PC	226
<i>Part IV: Networking and Internet-Working</i>	<i>229</i>
Chapter 19: N Is for Networking	231
The Big Networking Picture.....	231
Networking Hardware.....	232
Saint NIC	234
Network hoses	234
The hub.....	235

The Software Side of Networking	236
Getting to Network Central	236
Connecting to a network	237
Setting your computer's network name	239
Joining a workgroup.....	239
Configuring the router	240
Chapter 20: I've Been Working on the Network	243
Windows Does the Network.....	244
Browsing the network.....	245
Turning on network discovery	246
Viewing the network map.....	246
Network Sharing, Shared, and Unshared	246
Configuring Windows to share stuff.....	247
Sharing one of your folders.....	248
Accessing a network folder	249
Mapping a network folder as a disk drive letter.....	250
Unsharing a folder.....	251
Disconnecting a mapped network drive.....	251
Sharing a printer	251
Using a network printer	252
Unsharing a printer	252
Chapter 21: Cowboy Dan's Internet Roundup	253
What Is the Internet?	254
How to Access the Internet.....	254
Choosing an ISP	254
Configuring Windows for the Internet	256
Connecting to the Internet	256
It's a World Wide Web We Weave	257
Browsing tips	257
Printing Web pages.....	258
Searching tips	259
E-Mail Call!.....	259
Quiz Answers	261
Chapter 22: Flinging Files Freely	263
Snagging Stuff from a Web Page	263
Saving an image from a Web page	264
Saving text from a Web page to disk	264
Software from the Internet.....	265
Downloading software from the Internet	265
Installing from a Zip file	267
You've Got an E-Mail Attachment!.....	268
Grabbing an attachment with Windows Mail.....	268
Sending an attachment in Windows Mail	269

Chapter 23: Internet and PC Security271

Bad Guys and Superheroes	271
Internet Explorer Tools	273
Blocking pop-ups	274
Phighting phishing	274
The Windows Security Center	275
Windows Firewall	276
Updating Windows	277
Defending Windows.....	279
Dealing with annoying User Account Control warnings.....	280

***Part V: The Soft Side of Computing***283**Chapter 24: Files: The Key to Understanding Software285**

Do You Know What a File Is?.....	285
Presenting the file.....	286
What's in a file?	286
Describing a file	287
Files dwell in folders	288
Slap a Name on That File.....	288
Choosing the best name	289
Official file-naming rules	290
File Types and Icons	290
The supersecret filename extension.....	291
Filename extension details.....	291
How to see or hide a filename extension	292
Don't rename the extension	293
Icons.....	293
Creating Files	294
The Save command	294
The Save As dialog box.....	295

Chapter 25: Organizing Your Compu-Junk297

The Folder Story	297
Famous Folders throughout History	298
The root folder.....	298
Subfolders and parent folders	299
The User Profile folder.....	299
Famous yet forbidden folders.....	301
The Windows Explorer Program	302
Let There Be Folders.....	304
The Open Dialog Box.....	305

Chapter 26: File Control	307
Working with Groups of Files.....	307
Selecting all files in a folder	308
Selecting a random smattering of files	308
Selecting a swath of files in a row	309
Lassoing a group of files	310
Unselecting stuff	311
Files Hither, Thither, and Yon	311
Moving or copying files to another folder.....	311
Moving or copying files can be such a drag	312
Duplicating a file.....	312
Copying a file to removable media.....	313
Creating shortcuts.....	313
Deleting files.....	314
Undeleting files (Files of the Undead!).....	314
Renaming files.....	315
Finding Wayward Files	316
Chapter 27: Software, Programs, Applications	317
Software Installation	318
Running a Program	320
Finding a program on the Start button menu	320
Accessing recent programs.....	321
Putting your program in the pin-on area.....	321
Creating a desktop shortcut icon.....	322
Putting an icon on the Quick Launch bar.....	323
Uninstalling Software.....	323
Updating and Upgrading Your Software.....	325
Chapter 28: Making Your Own Discs	327
Your Personal Disc Factory	327
Checking the hardware.....	328
Obtaining the proper disc	328
Disc-writing software	329
Choosing the right format	329
Your Very Own Data Disc	330
Inserting the disc.....	330
Working with the disc in Windows.....	332
Ejecting a recordable disc	332
Finishing a Mastered format disc	333
Erasing an RW disc.....	333
Labeling the disc	334
Disposing a Disc	334

<i>Part VI: The Part of Tens</i>	335
Chapter 29: Ten Common Beginner Mistakes	337
Not Properly Shutting Down Windows	337
Buying Too Much Software	338
Buying Incompatible Hardware	338
Not Buying Enough Supplies	338
Not Saving Your Work	339
Not Backing Up Files	339
Opening or Deleting Unknown Things.....	339
Trying to Save the World.....	340
Replying to Spam E-Mail.....	340
Opening a Program Attached to an E-Mail Message.....	341
Chapter 30: Ten Things Worth Buying for Your PC	343
Mouse Pad and Wrist Pad	343
Antiglare Screen	344
Keyboard Cover.....	344
More Memory	345
Larger, Faster Hard Drive	345
Ergonomic Keyboard	345
A UPS	346
Headset.....	346
Scanner or Digital Camera	346
Portable Digital Music Player	347
Chapter 31: Ten Tips from a PC Guru	349
Remember That You Control the Computer	349
Realize That Most Computer Nerds Love to Help Beginners	350
Use Antivirus Software	350
Understand That Upgrading Software Isn't an Absolute Necessity	351
Don't Reinstall Windows	351
Perfectly Adjust Your Monitor.....	352
Unplug Your PC When You Upgrade Hardware.....	352
Subscribe to a Computer Magazine.....	352
Shun the Hype	353
Don't Take It So Seriously	353
<i>Index</i>	355
