

# Index

**Note to the Reader:** Throughout this index **boldfaced** page numbers indicate primary discussions of a topic. *Italicized* page numbers indicate illustrations.

## A

- About Microsoft Word option, 243
- absolute cell referencing, **438–439**, 439
- Access application, **514–515**, *514–515*
  - databases in. *See* databases in Access
  - forms in. *See* forms
  - help in, **522–523**
  - in Internet, **716**
  - menus in, **515–516**
  - queries in. *See* queries in Access
  - records in, **518–519**
  - reports in. *See* reports in Access
  - review questions for, **603–604**
  - tables in. *See* tables
  - toolbars in
    - selecting and modifying, **522**
    - Table Design Toolbar, **534–535**, *535*
  - views in, **519–522**, *522*
  - windows in, **515–516**
  - wizards for, **534**
- access issues
  - in Internet Explorer, **736**
  - user IDs and passwords for, **68–69**
- accounting packages, **36**
- accounts, e-mail, **771**, *771*
- Activate Product option, 243
- active applications, **613**, *613*
- active cell markers, **387**
- active windows, **141–143**, *143*
- Add Favorite dialog box, **743–746**, *744–746*
- Add or Remove Programs window, **146**, *147*, *149*, *149*
- Add Printer Wizard, **201**, *202*
- Add To Dictionary option, **264**
- addition in Excel, **434**
- Address bar, **732**, *732*
- address books
  - groups in, **807–809**, *807–809*
  - working with, **805–807**, *805–807*
- address bus, **12**
- address labels, **350–351**, *350–351*
- address lists, **804**
- Address toolbar
  - in desktop windows, **137**
  - in Internet Explorer, **729**
- addresses
  - for e-mail, **772**, *793–794*, *794*
  - in Internet, **713–714**
  - in Internet Explorer, **732**, *732*
  - in Outlook Express, **784**, *785*
- ADSL (asymmetric digital subscriber line), **44**, *708*
- advanced file searches, **174–180**, *174–180*
- Advanced tab
  - in Internet Explorer, **729**, *730*
  - for system information, **100**
- After option for paragraph spacing, **279**
- aliases, desktop, **120**
  - creating, **120–124**, *121–123*
  - editing, **124–126**, *125–126*
- aligning
  - in Excel
    - cell contents, **459–461**, *459–461*
    - text, **457–458**, *458*
  - in PowerPoint
    - drawn objects, **675–676**, *675*
    - text, **645**, *645*
  - in Word
    - paragraphs, **275–276**, *275–277*
    - tables, **317**
- Alignment option, **317**
- Alignment tab, **457–458**, *457*, *460–461*
- Allow Row To Break Across Pages option, **317**
- Allow Zero Length option, **539**
- alpha testing, **38**
- alphabetical sorts in Excel, **415–417**, *415–416*
- Alt key for shutting down applications, **144**
- ALU (arithmetic and logic unit), **12**
- analogue signals, **45**, *45*
- anchors in URLs, **714**
- And operator in queries, **567**
- animation for slides, **684–686**, *684–686*
- ANSI character set, **250**
- Answer Wizard
  - in Excel, **367**, *368*
  - in PowerPoint, **619**, *619*
  - in Word, **242**, *242*
- anti-virus software, **186–187**
- applications, **30**, *33*
  - accounting packages, **36**
  - database packages, **34–35**
  - desktop publishing, **35–36**
  - installing, **145–148**, *146–148*
  - integrated packages, **36–37**
  - moving between, **141–143**, *142–143*
  - presentation packages, **36**
  - printing from, **198–199**, *199*
  - shutting down, **143–144**, *144*
  - specialised, **37**
  - spreadsheet packages, **34**
  - uninstalling, **148–150**, *149*
  - web-browsing packages, **35**
  - word processing packages, **33**

**822** applications windows – borders

applications windows, 139, 139  
     parts of, 139–141, 140  
     working with, 140  
 applying Word styles, 292–293, 293  
 archive attribute, 155  
 area charts, 666, 666  
 arguments in Excel functions, 432, 442–444, 442, 444  
 arithmetic and logic unit (ALU), 12  
 arithmetic formulas, 432–434, 433–434  
     cell referencing in, 436–440, 438–440  
     symbols in, 434–435, 435  
 ARPANet, 711  
 arranging icons, 117–118, 117  
 arrow keys in Word, 253  
 .asc extension, 157, 190  
 ascending order sorting  
     in Access, 551  
     in Excel, 416  
 aspect ratio for images, 327  
 asterisks (\*)  
     in Access  
         in queries, 566  
         in searches, 554  
     in file searches, 178  
 asymmetric digital subscriber line (ADSL), 44, 708  
 At Least option in Word spacing, 280  
 at signs (@) for e-mail addresses, 772  
 attachments, e-mail  
     launching, 210  
     receiving, 790–791, 790–791  
     removing, 800–801, 801  
     sending, 796, 796  
     size of, 774  
 attributes  
     file, 155  
     text  
         in Excel, 456  
         in PowerPoint, 642  
 auctions, online, 59  
 audio  
     file extension for, 159  
     output devices for, 23–24  
 Auto Disconnect dialog box, 728, 728, 782, 782  
 AutoComplete feature, 180, 180  
 AutoCorrect feature  
     in spell checking, 264  
     for symbols, 249  
 AutoFill feature, 403–406, 403–406  
 AutoFit feature, 316  
 AutoForm feature, 580–582, 581–582  
 AutoFormat feature  
     in Access  
         for forms, 583  
         for reports, 596  
     in Word  
         for styles, 294  
         for tables, 319–320, 319

Automatic Updates tab, 100, 100  
 AutoNumber data type, 530  
 AutoReport feature, 598  
 autorun feature, 146  
 AutoShapes  
     in PowerPoint  
         for drawn objects, 670–671, 671, 674, 675  
         for slides, 642, 644, 644  
     in Word, 322  
 AutoSum icon, 437  
 AutoText feature, 299, 300  
 auxiliary storage, 6  
 AVERAGE function, 444–445

**B**

Back button  
     on desktop windows, 131  
     in Internet Explorer, 720, 721  
 background, Desktop, 92  
 background colour  
     in Excel charts, 477
