About This Book	xi
About the Authors	xii
Alignment to the National Council of Teachers of Mathematics Standards and Focal Points	xiii
How to Use This Resource	xviii

Part One: Implementing Math Projects in Your Class

Chapter One: An Overview of Using Math Projects	3
Your Role as Teacher and Facilitator	3
Solving Multistep Problems	4
Developing Math Projects of Your Own	8
Chapter Two: Managing Math Projects	9
Organizing Your Class	9
Building and Maintaining a Positive Classroom Environment	10
Suggestions for Presenting and Implementing Projects	11
Conferences with Individuals and Groups	13
The Importance of Cooperation	13
Organizing Math Groups	14
Sharing Results	17
The Importance of Writing in Math Class	17
Using Technology in Math Projects	20
Chapter Three: Evaluating Math Projects	23
Observation Logs	23
Checklists	27
Point Systems	29
Evaluating Writing	30
Student Self-Evaluation	31
Teacher Self-Evaluation	33

Part Two: The Projects

Chapter Four: Math and Science	37
Project 1: Earth by the Numbers	39
Student Guide 1.1: Earth by the Numbers	42
Worksheet 1.2: Earth Extremes	43
Project 2: Geometry All Around Us	45
Student Guide 2.1: Geometry All Around Us	48
Data Sheet 2.2: Geometry Everywhere	49
Project 3: Planning a Spring Flower Garden	50
Student Guide 3.1: Planning a Spring Flower Garden	53
Data Sheet 3.2: Facts and Prices of Some Common Flowers	54
Worksheet 3.3: One-Inch Grid	56
Worksheet 3.4: Flower Cost Sheet	57
Project 4: Planning My School Lunch for a Week	58
Student Guide 4.1: Planning My School Lunch for a Week	60
Data Sheet 4.2: Food Choices for School Lunches	61
Project 5: Weather Observers	62
Student Guide 5.1: Weather Observers	65
Data Sheet 5.2: Weather Vocabulary	66
Project 6: Out of This World	67
Student Guide 6.1: Out of This World	70
Data Sheet 6.2: Some Major Events in Space Exploration	71
Chapter Five: Math and Social Studies	73
Project 7: When in Rome . . .	75
Student Guide 7.1: When in Rome . . .	78
Data Sheet 7.2: The Basics of Roman Numerals	79
Project 8: The Mathematics Hall of Fame	81
Student Guide 8.1: The Mathematics Hall of Fame	84
Data Sheet 8.2: Candidates for the Mathematics Hall of Fame	85
Project 9: The Numbers in a Travel Brochure	86
Student Guide 9.1: The Numbers in a Travel Brochure	89
Data Sheet 9.2: Country Highlights	90
Data Sheet 9.3: Directions for Making a Twofold Travel Brochure	91
Project 10: Making a Scale Drawing	92
Student Guide 10.1: Making a Scale Drawing	95
Data Sheet 10.2: How to Make a Scale Drawing of Your Classroom	96
Worksheet 10.3: Half-Inch Grid	97

Project 11: Favorites	98
Student Guide 11.1: Favorites	101
Data Sheet 11.2: Survey Topics	102
Data Sheet 11.3: How to Make a Frequency Table	103
Project 12: Scavenger Hunt for Math in Our Lives	104
Student Guide 12.1: Scavenger Hunt for Math in Our Lives	106
Data Sheet 12.2: Math in Many Places	107
Chapter Six: Math and Language Arts	109
Project 13: A Class Math Newsletter	111
Student Guide 13.1: A Class Math Newsletter	115
Data Sheet 13.2: Guidelines for Creating a Class Math Newsletter	116
Project 14: Family Matters and Math	117
Student Guide 14.1: Family Matters and Math	119
Data Sheet 14.2: Interview Tips	120
Project 15: Writing Poetry about Math	121
Student Guide 15.1: Writing Poetry About Math	124
Data Sheet 15.2: Three Types of Poems	125
Data Sheet 15.3: Tips for Poets	126
Project 16: Writing and Presenting Math Messages	127
Student Guide 16.1: Writing and Presenting Math Messages	130
Data Sheet 16.2: Possible Topics for Math Messages	131
Data Sheet 16.3: Examples of Math Messages	132
Project 17: Writing and Performing Math Skits	133
Student Guide 17.1: Writing and Performing Math Skits	136
Data Sheet 17.2: Sample Skit	137
Worksheet 17.3: Skit Ideas	138
Project 18: Writing Math Word Problems for Other Students	139
Student Guide 18.1: Writing Math Word Problems for Other Students	142
Data Sheet 18.2: Guidelines for Writing Math Word Problems	143
Data Sheet 18.3: Guidelines for Solving Math Word Problems	144
Project 19: Math Journals	145
Student Guide 19.1: Math Journals	148
Data Sheet 19.2: Guidelines for Keeping Math Journals	149
Chapter Seven: Math and Art	151
Project 20: Creating a Billboard That Advertises Math	153
Student Guide 20.1: Creating a Billboard That Advertises Math	156
Data Sheet 20.2: Billboard Basics	157
Worksheet 20.3: Math Billboard Idea Sheet	158

Project 21: Creating a Math Cartoon	159
Student Guide 21.1: Creating a Math Cartoon	162
Data Sheet 21.2: Cartoon Creations	163
Project 22: Painting a T-Shirt with a Math Slogan	164
Student Guide 22.1: Painting a T-Shirt with a Math Slogan	167
Data Sheet 22.2: How to Paint a T-Shirt	168
Project 23: Exploring Tangrams	169
Student Guide 23.1: Exploring Tangrams	172
Data Sheet 23.2: Facts About Tangrams	173
Data Sheet 23.3: How to Make a Tangram	174
Project 24: Picture This (Using Polygons to Model Fractions)	176
Student Guide 24.1: Picture This (Using Polygons to Model Fractions)	180
Worksheet 24.2: Modeling Fractions	181
Project 25: Making a Tessellation	182
Student Guide 25.1: Making a Tessellation	184
Data Sheet 25.2: Triangles	185
Data Sheet 25.3: Quadrilaterals	186
Data Sheet 25.4: Pentagons, Hexagons, and Octagons	187
Project 26: Making a Three-Dimensional Paper Sculpture from a Two-Dimensional Net	188
Student Guide 26.1: Making a Three-Dimensional Paper Sculpture from a Two-Dimensional Net	191
Data Sheet 26.2: Net for a Cube	192
Data Sheet 26.3: Net for a Tetrahedron	193
Data Sheet 26.4: Net for an Octahedron	194
Chapter Eight: Math and Recreation	195
Project 27: The Math in a Favorite Sport	197
Student Guide 27.1: The Math in a Favorite Sport	200
Data Sheet 27.2: Sports and Math	201
Project 28: Inventing a Math Board Game	202
Student Guide 28.1: Inventing a Math Board Game	205
Data Sheet 28.2: Guidelines for Creating a Math Board Game	207
Project 29: Creating Math Puzzles	208
Student Guide 29.1: Creating Math Puzzles	211
Data Sheet 29.2: Sample Math Puzzles	212
Project 30: Exploring Math Web Sites	213
Student Guide 30.1: Exploring Math Web Sites	215
Worksheet 30.2: Math Web Sites	216

Project 31: The Math in Planning a Birthday Party	217
Student Guide 31.1: The Math in Planning a Birthday Party	220
Data Sheet 31.2: Birthday Party Basics	221
Worksheet 31.3: Birthday Party Cost and Tally Sheet	222
Chapter Nine: Math and Life Skills	223
Project 32: Measuring Up in Metric and Customary Units	225
Student Guide 32.1: Measuring Up in Metric and Customary Units	228
Worksheet 32.2: Measure This	229
Project 33: Buying Books for the School Library	230
Student Guide 33.1: Buying Books for the School Library	233
Data Sheet 33.2: Book List	234
Worksheet 33.3: Book Cost and Tally Sheet	235
Project 34: It's About Time	236
Student Guide 34.1: It's About Time	238
Worksheet 34.2: Weekly Schedule	239
Project 35: Numbers in the News	240
Student Guide 35.1: Numbers in the News	242
Worksheet 35.2: Math Makes the News	243
Project 36: A Class Math Tournament	244
Student Guide 36.1: A Class Math Tournament	248
Worksheet 36.2: Problems for a Class Math Tournament	249
Project 37: Creating a Review for a Math Test	250
Student Guide 37.1: Creating a Review for a Math Test	253
Data Sheet 37.2: Tips for Writing Review Problems	254
Project 38: The Presenters	255
Student Guide 38.1: The Presenters	258
Data Sheet 38.2: Possible Topics for a Math Presentation	259
Worksheet 38.3: Presentation Planner	260
Project 39: Setting Up a Math Portfolio	261
Student Guide 39.1: Setting Up a Math Portfolio	264
Data Sheet 39.2: Math Portfolio Guidelines	265
Project 40: My Best Day in Math Class	266
Student Guide 40.1: My Best Day in Math Class	268
Worksheet 40.2: Remembering My Best Day	269
