# Contents

Preface . . . . .	ix
Acknowledgments . . . . .	xv
<b>Chapter 1: Publishing with Movable Type . . . . .</b>	<b>1</b>
Joining the Content-Management Revolution . . . . .	2
Delivering Web Content with Movable Type . . . . .	2
Acquiring the Software . . . . .	4
Exploring the Movable Type Software . . . . .	5
Sharing the Workload with Other Authors . . . . .	7
Writing for a Weblog . . . . .	8
Filing Weblog Entries in Categories . . . . .	9
Publishing with Movable Type . . . . .	9
Publishing Photos, Graphics, and Other Files . . . . .	14
Writing for an Audience . . . . .	15
Connecting Movable Type to Other Software . . . . .	17
Installing Movable Type . . . . .	18
Summary . . . . .	19
<b>Chapter 2: Preparing a Web Server for Movable Type . . . . .</b>	<b>21</b>
Meeting the Conditions for the Software . . . . .	21
Checking for a Perl 5 Installation . . . . .	22
Setting Up a Database for Your Weblog . . . . .	23
Setting Up Perl Modules . . . . .	26
Using CGIWrap to Improve Security . . . . .	29
Summary . . . . .	32
<b>Chapter 3: Installing Movable Type . . . . .</b>	<b>33</b>
Downloading the Software . . . . .	33
Setting Up Movable Type to Use Perl 5 . . . . .	35
Preparing a Database . . . . .	36
Editing the Configuration File . . . . .	37
Choosing the Software's Directories . . . . .	38
Setting Up Database Access . . . . .	39
Configuring E-Mail Servers . . . . .	40
Changing Script Names . . . . .	41
Uploading the Software to Your Web Server . . . . .	41
Setting Up Security Permissions . . . . .	42
Checking for the Availability of Perl Modules . . . . .	44
Initializing the Software . . . . .	46
Summary . . . . .	47

<b>Chapter 4: Configuring a Weblog . . . . .</b>	<b>49</b>
Running Movable Type for the First Time . . . . .	49
Setting Up Your Account . . . . .	51
Creating Your First Weblog . . . . .	52
Licensing Your Software . . . . .	55
Adopting a Creative Commons License . . . . .	56
Adding Other Authors to a Weblog . . . . .	59
Keeping an Eye on the Software's Activity Logs . . . . .	61
Summary . . . . .	63
<b>Chapter 5: Writing a Weblog Entry . . . . .</b>	<b>65</b>
Using the Weblog Entry Form . . . . .	66
Writing an Entry . . . . .	70
Dividing Entries into Two Fields . . . . .	72
Setting Default Values for the Editing Form . . . . .	75
Formatting Text for Publication . . . . .	76
Choosing Default Editing Settings . . . . .	77
Setting Up a QuickPost Window . . . . .	78
Summary . . . . .	80
<b>Chapter 6: Organizing a Weblog . . . . .</b>	<b>83</b>
Publishing a Weblog . . . . .	83
Editing Weblog Entries . . . . .	86
Saving Archives of Weblog Entries . . . . .	88
Categorizing a Weblog . . . . .	89
Creating a New Category . . . . .	90
Using Power Edit Mode . . . . .	93
Summary . . . . .	94
<b>Chapter 7: Publishing Photographs and Other Files . . . . .</b>	<b>95</b>
Preparing Graphics for the Web . . . . .	96
Using GIF Graphics . . . . .	97
Using JPEG Graphics . . . . .	98
Using PNG Graphics . . . . .	99
Selecting the Right Format . . . . .	99
Uploading Photos and Other Files . . . . .	99
Uploading a Graphic . . . . .	102
Uploading Other Kinds of Files . . . . .	104
Changing the Maximum File Size for Uploads . . . . .	105
Summary . . . . .	106
<b>Chapter 8: Producing Web Pages with Template Tags . . . . .</b>	<b>107</b>
Creating a Template-Driven Weblog . . . . .	108
Working with Movable Type Tags . . . . .	111
Displaying Text Produced by a Tag . . . . .	113
Formatting Date and Time Tags . . . . .	119
Using Global Tags . . . . .	122

Using Entry Tags . . . . .	125
Displaying an Entry . . . . .	128
Linking to Entry Archive Pages . . . . .	132
Using Entry Container Tags . . . . .	133
Using Category and Archive Tags . . . . .	136
Summary . . . . .	139

**Chapter 9: Designing a Weblog with Templates . . . . . 141**

Generating Web Pages from a Template . . . . .	141
Editing Movable Type Templates . . . . .	143
Creating Archive Pages from Templates . . . . .	146
Choosing Customized Names for Archive Pages . . . . .	148
Displaying Images in a Pop-Up Window . . . . .	150
Using Calendar Tags . . . . .	151
Using Other Tags . . . . .	154
Summary . . . . .	157

**Chapter 10: Offering Comments . . . . . 159**

Receiving Comments from Site Visitors . . . . .	160
Signing In to TypeKey . . . . .	160
Acquiring a TypeKey Token . . . . .	163
Deciding Whether to Use the Service . . . . .	164
Setting a Comment Policy . . . . .	165
Managing Comments and Banning Users . . . . .	168
Banning an IP Address from a Weblog . . . . .	169
Banning a TypeKey User . . . . .	171
Settling on a Comment Policy . . . . .	172
Using Comment Template Tags . . . . .	173
Presenting Comments in a Template . . . . .	175
Summary . . . . .	177

**Chapter 11: Sharing Trackback Links . . . . . 179**

Connecting Weblogs Together with Trackback . . . . .	180
Receiving Trackback Pings from Other Weblogs . . . . .	182
Managing Trackback Pings . . . . .	187
Receiving E-Mail Notification . . . . .	188
Banning Trackback Pings from Specific IP Addresses . . . . .	188
Sending Trackback Pings for Each Entry . . . . .	190
Setting Up Manual Trackback Pings . . . . .	191
Contributing to a Trackback Content Aggregator . . . . .	192
Collecting Trackback Pings in a Category . . . . .	193
Routing a Category to a Content Aggregator . . . . .	195
Using Trackback Template Tags . . . . .	196
Summary . . . . .	197

<b>Chapter 12: Backing Up a Weblog . . . . .</b>	<b>199</b>
Exporting Data from a Movable Type Weblog . . . . .	200
Exporting Single-Line Entry Fields . . . . .	203
Exporting Multi-Line Fields . . . . .	205
Exporting Comments and Trackback Pings . . . . .	206
Automating Regular Backups of Your Data . . . . .	207
Summary . . . . .	210
<b>Chapter 13: Adding Search Capabilities to a Weblog . . .</b>	<b>213</b>
Searching a Movable Type Weblog . . . . .	214
Putting a Search Form on a Web Page . . . . .	215
Offering an Enhanced Search Form . . . . .	217
Creating a Search Template . . . . .	220
Using Search Tags . . . . .	221
Setting Up the Search Script . . . . .	222
Presenting Google Searches on Your Weblog . . . . .	226
Using Google Tags . . . . .	227
Summary . . . . .	229
<b>Chapter 14: Importing Entries from Another Weblog . . .</b>	<b>231</b>
Moving Weblog Data into a Movable Type Weblog . . . . .	231
Importing Comments and Trackback Pings . . . . .	236
Exporting Weblog Entries from Blogger . . . . .	240
Exporting Weblog Entries from Radio UserLand . . . . .	241
Importing Weblog Data to Movable Type . . . . .	244
Summary . . . . .	246
<b>Chapter 15: Connecting to Movable Type with XML-RPC . . . . .</b>	<b>247</b>
Using XML-RPC . . . . .	248
Sending an XML-RPC Request . . . . .	249
Receiving an XML-RPC Response . . . . .	251
Connecting to Movable Type with Client Software . . . . .	253
Using Movable Type's XML-RPC Server . . . . .	254
Calling Methods of the Blogger API . . . . .	255
blogger.newPost . . . . .	256
blogger.editPost . . . . .	257
blogger.deletePost . . . . .	257
blogger.getRecentPosts . . . . .	257
blogger.getUsersBlogs . . . . .	258
blogger.getUserInfo . . . . .	259
Acquiring a Blogger Application Key . . . . .	259
Calling Methods of the MetaWeblog API . . . . .	260
metaWeblog.newPost . . . . .	261
metaWeblog.editPost . . . . .	262
metaWeblog.getPost . . . . .	262
metaWeblog.getRecentPosts . . . . .	262
metaWeblog.newMediaObject . . . . .	263

Calling Methods of the Movable Type API . . . . .	264
mt.publishPost . . . . .	264
mt.getCategoryList . . . . .	264
mt.getPostCategories . . . . .	265
mt.setPostCategories . . . . .	265
mt.getTrackbackPings . . . . .	266
mt.getRecentPostTitles . . . . .	266
mt.supportedTextFilters . . . . .	267
mt.supportedMethods . . . . .	267
Summary . . . . .	267

## **Chapter 16: Enhancing Movable Type with Plug-Ins . . . . 269**

Extending the Capabilities of Movable Type . . . . .	270
Linking to Previous Years . . . . .	270
Managing Weblog Authors . . . . .	272
Enhancing Category Tags . . . . .	274
Retrieving Weblog Data Using MySQL . . . . .	276
Working with Existing Template Tags . . . . .	278
Retrieving Other Movable Type Data . . . . .	279
Retrieving Author Data . . . . .	280
Retrieving Weblog Data . . . . .	281
Retrieving Category Data . . . . .	284
Retrieving Comment Data . . . . .	285
Retrieving Weblog Entry Data . . . . .	286
Retrieving Banned IP Address Data . . . . .	288
Retrieving Activity Log Data . . . . .	289
Retrieving E-Mail Notification Data . . . . .	289
Retrieving Author Permissions . . . . .	290
Retrieving Plug-In Data . . . . .	291
Retrieving Session Data . . . . .	291
Retrieving Trackback Ping Data . . . . .	292
Retrieving Template Data . . . . .	293
Retrieving Trackback Aggregator Data . . . . .	295
Programming Templates with Scripting Tags . . . . .	295
Summary . . . . .	300

## **Chapter 17: Presenting External Web Content with Plug-Ins . . . . . 301**

Presenting Weather Data . . . . .	302
Publishing Random Quotes and Other Text . . . . .	303
Linking to Amazon.Com Content . . . . .	307
Sharing Content from Amazon.Com . . . . .	308
Performing Custom Searches . . . . .	311
Finding Your Favorite Performers . . . . .	312
Presenting Products by Number . . . . .	313
Sharing Wish Lists and Other Product Lists . . . . .	316
Summary . . . . .	319

<b>Chapter 18: Publishing RSS Syndication Files . . . . .</b>	<b>321</b>
Sharing Content with XML Syndication . . . . .	322
Creating an RSS 2.0 Newsfeed . . . . .	325
Creating an RSS 1.0 Newsfeed . . . . .	330
Summary . . . . .	335
<b>Chapter 19: Supporting the Atom Syndication Format and API . . . . .</b>	<b>337</b>
Creating an Atom Newsfeed . . . . .	338
Working with Atom Feed Elements . . . . .	339
Using Content Constructs . . . . .	340
Using Date Constructs . . . . .	342
Using Link Constructs . . . . .	343
Using Person Constructs . . . . .	344
Authoring an Atom Feed . . . . .	345
Defining Globally Unique Identifiers . . . . .	347
Linking Web Resources Together . . . . .	348
Publishing Feed Items . . . . .	350
Editing a Weblog with the Atom API . . . . .	352
Summary . . . . .	355
<b>Chapter 20: Developing New Plug-Ins with Perl . . . . .</b>	<b>357</b>
Designing Your First Plug-In . . . . .	358
Handling Tag Attributes . . . . .	360
Creating a Container Tag . . . . .	362
Working with Other Template Tags . . . . .	367
Enhancing Plug-In Scripts . . . . .	368
Reporting Errors in Tag Usage . . . . .	368
Creating a Global Filter Plug-In . . . . .	369
Creating a Conditional Tag . . . . .	372
Summary . . . . .	373
<b>Chapter 21: Hooking into Movable Type with Plug-Ins . . .</b>	<b>375</b>
Managing Plug-Ins with a Browser . . . . .	376
Adding Plug-In Action Links to the Interface . . . . .	377
Programming with Movable Type Classes . . . . .	380
Working with Weblog Authors . . . . .	382
Handling Weblog Objects . . . . .	383
Manipulating Weblog Entries . . . . .	384
Summary . . . . .	386
<b>Appendix . . . . .</b>	<b>387</b>
<b>Index . . . . .</b>	<b>393</b>
