

INDEX

A

accelerated deductions, 256–257
accounting methods, 227–228
accounting periods, 227
adjusted gross estate, 373
adjusted gross income (AGI), 219
adjusted taxable gifts rule, 374
adoptions, 410
advance medical directives (e.g., living wills), 360
after-tax return, 169
after-tax yield, 169
agency, 40–41
alternative investments, 156–157
alternative minimum tax (AMT), 252–256
alternatives to compensate for projected cash-flow shortfalls, 286
alternative valuation date, 408
american depositary receipts (ADRs), 151
amortization, 243
amortization and accretion, 238–240
amt planning strategies: incentive stock options, 255–256
analysis and evaluation of risk exposures, 61–75
annuities, 104–107
anomalies, 178–179
appraisals, 269
appropriate assets for tax-advantaged versus taxable accounts, 184
appropriate benchmarks, 182
appropriate gift property, 361–362
arbitrage pricing theory (APT), 198
asset allocation and portfolio diversification, 196–197
asset-backed securities, 145
asset pricing models, 197–198
assumptions for retirement planning, 284
audits, 214
authority to represent the clients before the IRS (Circular 230), 214
automobile and recreational vehicle, 70–73

B

bankruptcy, 42–43
banks, 16
bargain sales, 251
basis, 238–240
behavioral finance, 179
beneficiary considerations, 334–335

benefit amount, 80
benefit calculations, 289
benefit period, 79
beta, 163
binomial option pricing, 198
Black-Scholes option valuation model, 198
bond and stock valuation methods, 169–176
bond convexity, 170–171
bond duration and convexity, 169–170
bonds, 183–184, 186–187
book value, 175–176
boot, 245–247
brokerage companies, 17
budgeting, 11
budgeting strategies, 11–12
business, 11
business agreements. *See* business uses of insurance
business cycles, 28–29
business disability coverage. *See also* group disability insurance
business entities, characteristics and income taxation of, 231–235
business law, 38–42
business overhead expense insurance, 99
business risk, 159
business's objectives, 321–323
business uses of insurance, 98–99
buy and hold, 190
buy-sell agreements, 98
buy versus lease/rent, 15–16

C

cafeteria plans and flexible spending accounts, 122
capital asset pricing model (CAPM), 197–198
capital assets (Section 1221), 248–249
capital gain versus ordinary income, 184
capitalized earnings, 171–172
capital market theory, 177
care of client's dependents, 368–369
care of person and property, 369–370
carryover periods, 268
cash and equivalents, 142–143
cash flow management, 11–13
CFP BOARD's code of ethics and professional responsibility and disciplinary rules and procedures, 3–9
CFP BOARD's financial planning practice standards, 9–10
change in accounting method, 229

charitable contributions and deductions, 266–270
 charitable contributions by business entities, 270
 charitable gifts, 258
 charitable lead trusts, 384–385
 charitable remainder trusts (CRTs), 383–384
 charitable transfers, 383–386
 children of another relationship, 409
 civil fraud, 215
 classification, 378
 COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985), 120–121
 code of ethics, 4–9
 code of ethics and professional responsibility, 4–9
 coefficient of determination (R^2), 161
 cohabitation, 410
 collateralized mortgage obligations (CMOs), 146
 commercial general liability insurance, 73–74
 common law versus community property, 354
 company selection, 102–103
 complex trusts, 237
 compliance, 37
 computations, 261
 conservatorships, 368–369
 consumer protection laws, 14–15, 42–45
 continuance and portability, 77
 contracts, 38–40
 contractual provisions, 88–90
 contributions and transfers, 383
 controlled groups, 305
 control of volatility, 197
 corporate bonds, 147
 correlation coefficient (r), 160–161
 cost-benefit analysis, 102
 cost of coverage, 78
 covariance, 163
 coverage provided by parts a and b, 77–78
 credits, 374–375
 credit unions, 16
 criminal fraud, 215
 current yield, 168

D

death (final income tax return), 262–263
 death benefits, 96
 debentures, 147–148
 debt management ratios, 12–13
 deduction limitations, 266–268
 deductions and credits, 396
 deductions from the adjusted gross estate, 373
 deferral and minimization of estate taxes, 396–397
 deferral of income, 257–258
 defined benefit plan, 325
 dependents with special needs, 23
 depreciable property, definition of, 240
 depreciation/cost recovery concepts, 240–241
 depreciation limits, 240

depreciation recapture, 250
 disability, 23
 definitions of, 79
 disability income insurance, 100–101
 disability income insurance (individual), 79–81
 disability insurance. *See also* disability income insurance (individual)
 disciplinary rules and procedures, 10
 disposition of passive activities, 262
 distribution and life expectancy considerations, 335–337
 distribution of returns, 160
 distribution rules, alternatives, and taxation, 325–339
 dividend growth models, 172–173
 dividends, 95
 divorce, 21–22, 264–266
 DOL regulations (ERISA of 1974), 320
 duration of coverage, 102
 duties of fiduciary, 405

E

economic indicators, 27–28
 education planning, 18–22
 efficient market theory (EMH), 177–178
 election of distribution options, 328–331
 election to include in gross income in the year of transfer (Section 83(b) election), 127, 129
 elimination period, 80
 emergency fund planning, 12
 employee benefit analysis and application, 120
 Employee Retirement Income Security Act (ERISA), 318–320
 employee stock options, 124–127
 employee stock purchase plans (ESPPs), 128–129
 employer and employee split (share) the premium, 99
 entity types, 231
 ERISA of 1974, 320
 estate freezes, 389–390
 estate income tax, 237–238
 estate planning documents, 358–359
 estate planning for nontraditional relationships, 380–381, 409–410
 estate tax calculation and compliance, 371–375
 estimated payment, 227
 exchange rate risk (currency risk), 159
 executive/owner benefits (Section 162), 99
 expected rate of return, 167

F

factors affecting qualified plan contributions or benefits, 302–304
 federal income, gift, and estate implications, 400–402
 fiduciaries, 405–406
 fiduciary liability, 42
 fiduciary obligations, 320
 filing requirements, 213–214, 365
 filing status, 215–217

financial aid, 21–22
 financial needs, 286
 financial planning for special circumstances, 21–22
 financial planning process, 2
 financial risk, 159
 financial services regulations and requirements, 33–37
 financial statements, 10–11
 financing strategies, 13–16
 fiscal policy, 25
 flow through of income and losses to corporations, 232–233
 flow through of income and losses to partnerships and
 s corporations, 233–234
 foreign bonds, 148
 formula investing, 191–192
 fringe benefits, 123
 function, purpose, and regulation of financial institutions,
 16–17
 fundamental analysis, 179–180
 funding, 18
 funding methods, 132–133
 funding strategies, 18
 futures, 157–158
 future value (fv), 31

G

general and special (limited) powers, 376–377
 general issues, 236
 generation-skipping transfer tax (gstd), 402
 geometric versus average return, 164–165
 gift and estate taxation, 387–389
 gift giving, techniques for, 361
 gifting as a planning strategy, suitability of, 361
 gifting strategies, 361–365
 gifts of present and future interest, 362–363
 gift taxation and compliance, 365–368
 grantor retained annuity trusts (GRATs), 382
 grantor retained income trusts (GRITs), 381–382
 grantor retained unitrusts (GRUTs), 382
 grantor trusts, 236
 gross estate, 371–373
 gross income, 217–218
 group disability insurance, 119
 group life insurance, 116–119
 group medical insurance, 119–121
 guaranteed investment contracts (GICs), 153
 guardianships, 368–369

H

health insurance, 101
 health insurance and health care cost management (individual),
 75–78
 Health Insurance Portability and Accountability Act (HIPAA),
 121–122
 health maintenance organization (HMO), 76–77
 hedge funds, 155

hedging and option strategies, 194–196
 holding period, 249
 holding period return, 167
 hospital, surgical, and physicians' expense insurance, 75

I

illustrations, 91
 impact of the gstd on lifetime transfers, 403–404
 imputed interest, 218–219
 incapacity planning, 368–371
 incentive stock options (ISOs), 125–126
 income sources, 284–286
 income taxation. *See* income taxation of life insurance
 income taxation of life insurance, 95–97
 income taxation of trusts and estates, 236–238
 income tax charitable deduction limitations, 386. *See also*
