

NAME INDEX

A

Adams, K. E., 39
Adler, G., 199, 205n1
Afable, R., 26, 27, 160
Aiken, L. H., 7
Albright, M., 114–115
Alcock, B., 123
Alessandra, A., 189, 190, 192, 204
Alfred, D., 164, 236
Allen, M., 135
Almost, J., 258
Alpaslan, M., 20
Altmaier, E. M., 154
Ambady, N., 15, 146, 147
Andriopoulos, C., 71, 230
Appel, S., 48
Aron, D., 243
Arthur, D., 17, 124, 158
Arthur, H., 71, 229
Ashforth, B. E., 14, 15, 145
Ashley, J. A., 169
Attila, 112

B

Badaracco, J., 44, 73, 128, 130, 256
Bailey, A., 16, 150, 151
Bailey, D. E., 137
Bandura, A., 268
Bannister, E., 165
Barden, C., 105
Bardwick, J. M., 7
Barker, L. L., 142
Barnhart, T., 252
Bar-On, R., 133, 175
Barton, A., 193, 196, 197

Beckham, D., 16, 94, 101, 251
Beckman, H., 16, 150, 151
Beglinger, J., 167, 171, 220
Benner, P., 175
Bennett, M., 137
Benton, D., 153
Berger, S., 115–116
Berter, E., 123
Berwick, D., 86, 106
Bickford, C. J., 26, 30
Billingsley, M., 264
Birrer, R. B., 5, 45, 156
Blake, R. R., 5, 45
Bohmer, R., 147, 149
Boyatzis, R. E., 126, 147, 197, 240, 242
Bradford, B., 71, 250
Bradley, E., 45
Brazill, S., 120
Breuer, 48
Brewer, J., 31
Broccolo, G. T., 128
Bronstein, L., 113
Bruce, R., 78, 259
Brunke, L., 257
Buckingham, M., 146–147
Butler, T., 174
Byham, W., 239, 255
Byrne, M., 27, 169

C

Cadman, C., 31
Calzone, K., 5, 39
Campbell, S., 135, 169, 177, 276
Carnochan, P., 12

- Caruso, D., xv, 6, 7, 9, 11, 12, 13, 14, 23, 24, 31, 32, 34, 36, 38, 41, 52, 53, 54, 55, 56, 57, 58, 59, 60, 71, 99, 103, 111, 117, 133, 146, 147, 149, 150, 151, 152, 160, 165, 170, 173, 174, 175, 177, 179, 180, 193, 200, 201, 216, 221, 242, 266, 269, 271, 274
- Carvell, T., 15
- Cary, A., 200
- Caulfield, T. A., 28
- Cegala, D. J., 142
- Chaffee, M., 17, 124, 158
- Chapman, L., 71
- Charan, R., 182, 245
- Charcot, 48
- Chase, R., 240
- Chen, P. Y., 154
- Chernin, P., 70, 78
- Cherniss, C., 15–16, 133, 144, 150
- Chesbrough, H. W., 24
- Chiavenato, I., 240
- Christensen, C. M., 158, 159
- Church, E. B., 219
- Churchill, W., 76, 110–111
- Citrin, J., 149
- Clancy, T. R., 166, 180, 265
- Clarke, L., 127
- Clifton, D. O., 146–147
- Cline, D., 136

SUBJECT INDEX

A

- Abnormal accidents, 20
- Acceptance, desire for, 75
- Accommodation response, 196, 197, 199, 201
- Accomplishment: of leading change, 70; sense of, providing, 220
- Accountability: delegating, 199; fostering, 137; increased, 65; individual and mutual, 142; key, 173; for mistakes, accepting, 124; new level of, 273; for outcomes, 253, 257; for patients, 17; preserving, 157; ultimate, 90
- Achievement: outcomes, 240, 242; sense of, providing, 220
- Acknowledgement: versus agreement, 203; of challenges, 107–108; of contributions, 155; of ideas and arguments, 124; of opinions, 151; of polarities, 223; of self, 267; of work, 8, 48, 49, 89
- Action: balanced with reflection, 171; call to, example of defining, 108–109; change in, and behavior, 166; and emotion, relationship between, understanding, 179; enduring, 44; extending vision sharing into, 181; proactive, versus reaction, 272; providing framework for, 49; tied to vision, 105; willingness to take, 46, 226–227. *See also* Leadership actions
- Action learning, 240
- Action plans, 178, 210–211
- Actions, everyday. *See* Behavior
- Active listening: applying, 202–203; practicing, 255; skills required for, 189, 190–192
- Adapting to change, 93
- Adaptive thinking, driven by, 234
- Adoption of technology, 24–25
- Affiliative leaders, 196, 197
- Agendas, alternate, problem with, 243
- Aggression response, 196, 199
- Aggressive reactive behavior, 153
- Agreement, acknowledgment versus, 203
- Air travel, advent of, 158–159
- Alignment: with colleagues in other fields, 249; of culture with philosophies of empathic care, 227–236; with results, leadership actions and, 46; of vision with the ideal and reality, 275. *See also* Belief-behavior alignment
- All-forgiving leader, 225
- Alliances, building, 153–154
- Alternate agendas, problem with, 243
- Ambassadors, acting as, 156–158
- Ambulance Work and Nursing*, 4
- American Hospital Association, 24
- American Nurses Association, 28
- Analysis, use of, 43, 56, 108; for conflict resolution, 187, 193–200, 208–209
- Annual evaluations, 133–134
- Annual feedback, 134
- Anxiety disorders, 219
- Anxiety-producing situations. *See* Stressors

- Art of Managing People, The*
(Hunsaker and Alessandra), 189
- Asian employers, viewpoint of, 14
- Assertive proactive communication, 153
- Assessments: of cultural driving forces, 232–235; environmental, and courage, 271–272; of the front line, 248; relational and performance, 241; routine, making, 91; in strategic planning, 273. *See also* Evaluation
- Associations, 23
- Assumptions, 202, 241
- Assuredness, 263
- ATM analogy, 25
- Attachments, awareness of, and addressing, 60, 73, 74
- Attending, 54, 190, 202
- Authoritarian style, 5, 6, 80, 196. *See also* Hierarchy
- Authority: fostering, 137; to resolve conflict, issue of, 198; threatened, feeling of, 225
- Autonomy, opportunities for, 169
- Autopsy analogy, 123
- Avoidance response, 195–196, 199, 201
- Awareness: of attachments, 60, 73, 74; in emotional understanding, 36; and empathy, 235; invoking, 56, 59, 181. *See also* Self-awareness
- B**
- Back planning, 178
- Bad ideas, assigning blame for, avoiding, 123–124
- Bad listening, 189, 190–191, 192
- Bad news, delivering, situations of, managing, 10–11
- Balancing, 254–260
- Baldrige National Quality Program, 7
- Bar-on Emotional Quotient Inventory (EQ-I) scales, 133
- Barrack Hospital, 43
- Barriers: breaking, 255; lowering, 246
- Behavior: change in action and, 166; in conflict, 153; correction of, opportunity for, 133; empathic, modeling, 31; meaning of, 164; reinforcing, 134; visionary, 97–98. *See also* Belief-behavior alignment
- Behind-the-scenes effort, 97
- Belief-behavior alignment, 10, 18, 164–168, 171, 172, 176; imparting, skill in, 177–181
- Beliefs: backing into, 178; cultivating, taking time for, 128; identifying, 65; meaning of, 164. *See also* Values
- Benchmarking perceptions, 173
- Best and fastest, being the, emphasis on, 234
- Bioethical decisions, issues of, 27
- Biotechnological advances, 27–28
- Blackhawk War, 79
- Blaming, 123–124, 193, 241, 246
- Boldness, 105
- Bottom line, 16, 17, 229
- Brainstorming, 181, 210
- British prime minister, 110–111
- British workhouses, 108–109
- Broad-scale problem solving, 160
- Buffering emotions, 15
- Bureaucratic methods, 57
- Burning deck analogy, 182
- Business knowledge, 56, 268
- Business units, establishing, 260
- Buy-in, 63, 84, 101, 104, 106, 108
- Buying time, 128
- C**
- Career capability, 18
- Career ladder, replacing concept of, 18
- Caregiver role, 3–4, 8
- Caring and concern, classifying, issue of, 11
- Caring behaviors, 190, 268

- Cause-and-effect relationships, determining and reinforcing, 135
- Cell phones and pagers, 26
- Censure, personal, 78
- Central balancing mechanism, 256–257
- Certification programs, 231
- Challenges: acknowledging, 107–108; of change, 58, 233; specific in traditional cultures, 233
- Change: in action and behavior, 166; anticipating, 272; awareness of, ensuring, 182; challenges of, 58, 233; commitment to, gaining, 210–211; complexity of, understanding, 115–116; desire to, translating, into actual change, 116; impetus for, 69; improved practice through, 164; incremental, versus complete, 273; influencing, 94–96; lasting, elements of, 44; leading, accomplishment of, 70; loss implied in, 149, 150; necessity of, 84, 93–96; need for, 56, 60, 74, 182; opportunities for, 57, 75, 259; promoting, 234; rapid, effect of, 16, 40, 51, 234, 249; responding effectively to, creating culture for, 228–232; in the status quo, 43, 57; sudden, versus transition, 85; system, facilitating, 180; unacceptability of, 59. *See also* Resistance
- Change agents, failure to attract, 71
- Change environment, 57, 71–76, 274
- Change management, 85–91, 155–156, 234
- Changing input, responsibility for, 182–183
- Chaos theory, 69–70
- Character building, 256–257
- Charisma, draw of, 109–112
- Charismatic leaders, characteristics of, 110
- Chief executive officers (CEOs), effective, traits of, 94
- Child development, 22–24, 103, 219, 246
- Circle communication, 255
- Clarity, 115–116, 230, 243–244, 255
- Clinton administration, 114
- Closed questions, 204
- Closed-door feedback, 134
- Coaching: aspects of, 170; awareness of, 235; and belief-behavior alignment, 164–168; distinction between mentoring and, 170; as element of leadership, 163; emotional skills learned from, 173–175; history of, 168–170; leadership skills needed for, 175–183; and nursing role, 17; overview of, 10; as reinforcement, 133; results of, 170–173; role of empathy in, 31; Socratic, 127; of teams, 86; understanding process of, providing, 176; value of, 126. *See also* Mentoring
- Code of ethics, 28
- Coercion, avoiding, 122–123, 153
- Cognitive intelligence: and conflict resolution, 204; and emotional facilitation, 55; and emotional management, 56; and emotional understanding, 56; and history of emotional intelligence, 12, 13; importance of, 29; and innovation, 111; moving beyond, 31. *See also specific skills*
- Collaboration: environment of, providing, example of, 49–50; greater, through structural refinement, 252; and job satisfaction, 258; multidisciplinary, necessity of, 113; as necessary, 200; need for, 247; and nursing role, 17; in problem solving, courage for, 272–273; and team concept, 8
- Collaboration response, 197, 199
- Collaborator role, 268

- “Colleagues Remember Talented Leader,” 157
 Collegiality, sense of, 220, 220–221
 Comfort zone, stepping out from, 263
 Commitment, to change, gaining, 210–211
 Committees, 253, 260
 Common ground: creating, lack of, 81; finding, 201–202, 221; identifying, 209; need to establish, 38–40
 Common ideals, 102
 Communication: circle, 255; and conflict resolution, 10, 187; and courage to listen, 269–270; by different types of listeners, 189; and diversity, 264; effective, 34–36, 255; emphasis on, 251; evaluating emotional components of, 150–152; good, 30–31; of the ideal, 103–106; improved, 252; informal, 230–231; methods of, and negotiating conflict, 153; open, 86–88, 112, 188, 236; persuasive, 7; structured, 230, 231; styles of, differences in, 192–193, 194, 195, 199, 209–210; team, empathy and polarities in, 222–224; and technology, 29; therapeutic, 218
 Communicators, traits of, 105
 Compassion, 5, 11, 21, 28, 166, 178
 Compensation, 167, 170
 Competition, 198, 201
 Complacency, 57, 63, 74
 Complaints, on the lookout for, 165
 Complementary and alternative medicine, ethical dilemmas involving, 38–39
 Complexity, 32, 115, 143, 244, 245
 Compromise response, 196–197
 Computer-based medical records, 25
 Computerized physician order entry, 25
 Conceptual criterion, 13
 Concern and compassion, classifying, issue of, 11
 Confidence, building, 108
 Confirming, 204
 Conflict: courage to address, 271; definition and explanation of, 187; differentiating, from apparent causes, 185; easing, 157; elements of, analyzing, 193–200; expecting, 106; and group performance, 243; increase in, 271; irresolvable, recognizing, 199–200; lack of, meaning behind, 186; in multidisciplinary interaction, 113; negotiating, 152–153; between physicians and patients, 39; potential for, 146; prevention of, 200; reasons for not ignoring, 184–185; relationship of, to health care, 186–187; responses to, 195–198; role of miscommunication in, 199; seeing opportunities in, 201; sources of, 193–195, 208, 209
 Conflict management, 10–11, 200–202, 255, 271
 Conflict resolution: analysis of conflict elements in, 187, 193–200, 208–209; enacting the stages of, 188–204; facilitating the resolution in, 187, 200–204, 209–211; and nursing role, 17; overview of, 10–11; process of, demonstration of, 206–211; promoting dialogue in, 187, 188–193, 206–208; reasons for, 184–186; stages of, 187–188; tools of, applying, 202–204; and understanding conflict in health care, 186–187
 Conflict resolution discipline, 243
 Conflicts of interest, avoiding, 130
 Conformity, avoiding, 180–181
 Congruency in perceptions, 65

- Connections, tightening, 252–253
- Connectivity, 30
- Consideration of feelings, 21
- Consistency, 8, 134, 135, 274
- Constant change, 94
- Constituency, promoting, 86–88
- Constricted by emotion, 217, 218
- Constructive conflict, 197
- Consultant role, 260
- Consultation, need for, 247
- Context, 23, 217, 223
- Continual change, 234
- Continual visionary behavior, 97–98
- Continuing education, 231–232, 234
- Contributions: acknowledging, 155; significance of, 257
- Control, need for, 235–236
- Conversational setting, structuring a, 202
- Corporate climate, 198
- Corporate scandals and mismanagement, 21
- Correlation criterion, 13
- Cost: of mentoring, issue of, 126, 127; and quality, 229, 230; of stress, 153, 219
- Courage: aspects of, 265–276; and emotional facilitation, 269–271; and emotional identification, 266–268; maintaining, 166, 266; need for, 263
- Creating: as an action, result of, 46; constituents to manage change, 85–91; courage in, 274; difference between, and vision sharing, 60; and emotional facilitation, 58; and emotional identification, 57–58; and emotional management, 59; and emotional understanding, 58; and empathy, 224; an environment ripe for change, 57, 71–76, 274; followers who participate, 76–85; historical figures representative of, 44, 47–48; and leadership, 69–71; meaning of, 6–7
- Creativity: in children, 103; and coaching, 86; and diversity, 232; emphasis on rules over, 233; environment for, 79; fostering, 55, 58; interest in, 71; managing, ideas for, 72; paradox of, 69; precursor to, 71; and rapid change, 234; and self-regulation, 111
- Credibility, 37, 49, 269, 275–276
- Credit for work, acknowledging, 8, 48, 49, 89
- Crimean War, 43, 44
- Crisis: and courage, 265; defining, 36; frequency of, 21; resource, 136
- Crisis management, 36–38, 52. *See also* Disaster preparedness
- Critical decisions, 33
- Critical thinking, 28–29, 32–34, 148, 174
- Criticism, discouraging, 246
- Cross empowerment, need for, 244–246
- Cross-functional training, 234
- Cross-functional work groups, 234
- Cross-generational teams, 259–260
- Cultivating emotional intelligence, 176–177
- Cultural driving forces, assessing, 232–235
- Cultural norms, meaning of, 216
- Cultural shifts, effect of, 50–51
- Culture: defining, 215, 216; and emotional expression, 22; emotions' relationship with, understanding, 178–179. *See also* Organizational culture
- Cumulative intelligence, 246
- Curative treatment plans, 27
- Customer satisfaction, emphasis on, 233–234
- Cybersurgery, 27

D

Day-to-day matters, 242
 Decision making: and blame, 123–124; and critical thinking, 32–33, 34; and cross empowerment, 245; and emotional facilitation, 55; and emotional management, 56, 174; ethical, 28, 33, 37, 180; and example setting, 119; facilitation of, 148–150; impact of medical advances on, 27; latitude for, at staff level, 121; participative, 8; secretive, issue of, 120
 Decisiveness: displaying, 104–105, 129–130, 234; lack of, 263
 Delegating, 85, 88, 161, 199
 Deliberate influence, 94
 Demands: increased, and courage, 262–263; and resources, balancing, 135–136
 Denial, avoiding, 64
 Determination, example of, 43–44, 47
 Developmental criterion, 13
 Dialogue: encouraging, 246; engaging in, versus coercion, 122–123; facilitating, 223; in group learning, 241; promoting effective, for conflict resolution, 187, 188–193, 206–208
 Differentiation, 185
 Digitalization, 25
 Dignity, 52, 157
 Diplomacy, 156
 Direct reporting relationship, 130, 131, 170
 Direction, consistency in, 135
 Directive, leading by, 125
 Disappointments, seeing opportunities in, 43
 Disaster preparedness, 20, 29. *See also* Crisis management
 Disasters, classifications of, 20
 Discernment, 227
 Discipline, 171, 242–243, 263
 Discrimination, 225

Distance learning, 126, 231
 Diversity, 215, 232, 235, 250, 263, 264
 Documentation, 24, 25, 29
 Dominant cultures, 232–235
 Downloading analogy, 144, 166
 Downsizing, 154, 185, 194
 Driving forces, cultural, assessing, 232–235
 Dual roles, 8, 10
 Duress, emotional, decisions made under, 37
 Dynamics: attending to, 235; observation of, 174

E

Education, continuing, 231–232, 234
 Educational level, 4
 Efficiency and quality, 229
 Egypt, ancient, 168
 Electronic charting, 24, 25
 Electronic medical records, 25

- Outcomes: of empathic culture, 228;
focus on, 233; likely, evaluating,
273; monitoring, in conflict
resolution, 211; responsibility
and accountability for, 253, 257
- Outcomes achievement, 240, 242
- Outcomes improvement: health, 16;
team, 137
- Overcommunicating, 104
- Ownership, 88–90, 171, 177–181
- P**
- Pagers and cell phones, 26
- Palliative treatment plans, 27
- Paperwork, 24
- Paradigm, new, 115–116
- Paradigm shift, 59, 61, 199, 268
- Paradox, 69, 78, 95, 158, 267, 275
- Partial solutions, 196
- Participation: in emotion, 217, 218;
encouraging, 8, 47, 59, 76–85, 274;
opportunity for, increasing, 253;
and productivity, 275; promoting
high levels of, 231–232; in strategic
planning and problem solving, 273
- Partnering, inspiring, 109–113
- Passive avoidance behavior, 153
- Past, gracefully leaving the, 115
- Past mentor role, 131
- Past successes, using, to motivate for
the future, 107
- Patience, 77
- Patient advocate role, 157, 194
- Patient-centered care, 71
- Patient-nurse relationships, 33–40
- Patients: accountability for, 17;
expectations of, change in, xiv;
impact of medical advances on, 27,
39; increasing interest of, in their
care, 24
- Patient's rights, 24, 27, 37
- Perceiving emotion. *See* Emotional
identification
- Perceptions: benchmarking, 173; and
congruency, 65
- Perfect opportunities, looking for, 73
- Perfectionism, eliminating, 235
- Performance assessments, 241
- Performance ethic, strong, 242
- Performance excellence, 7
- Performance, group, 242–244
- Performance improvement, 185
- Performance measures,
nonfinancial, 256
- Performance objectives, personal, 173
- Personable/relaxed style, 5, 6
- Personal censure, 78
- Personal issues, serious, conflict
arising from, 200
- Personal performance objectives, 173
- Personal-best leadership, trend in, 70
- Personality types, 192–193, 195, 199,
205*n*1, 208–209
- Personalizing conflict, 193
- Personalizing vision, 107
- Persuasion, 7, 61, 104–106, 111
- Pessimism, guarding against, 251
- Physician-patient relationship, 10–11,
24, 37, 39
- Pivotal communications, 254–255
- Polarities: defining, 222; managing,
223–224, 230; in team
communications, 222–223
- Political campaign analogy, 222
- Portable skills, 31
- Position: breaking barriers created by,
255; valued, problem of, 250
- Positions, understanding others', 226
- Positive emotions: and emotional
facilitation, 64; expression of, 22,
23; and leadership style, 5, 6
- Possibility, framework of, establishing,
82–84
- Potential, creating, 254

- Power: caution in using, 153;
 equating, with authority, problem with, 64–65; perceived, breaking barriers of, 255; relinquishing, 275; relying on, problem with, 75; sharing, 49, 50
- Practicing, 158
- Preceptors, establishing, 177
- Predictive thought, 98
- Prejudgments, 123, 202, 225
- Prejudice, 225
- “Preparing for Evil” (Mitroff and Alpaslan), 20
- Prescribing emotions, 15
- Present activities, demonstrating how, translate into goal realization, 113–117
- Prevention, conflict, 200
- Primal Leadership* (Goleman, Boyatzis, and McKee), 126
- Primary functions, participating in, 260
- “Primary greatness,” 10
- Principle-based leadership, 86
- Priorities: establishing, 135, 255; shift in, 272
- Privacy rights, 24, 37
- Proactive changes, making, 263, 272
- Proactive communication, assertive, 153
- Probationary performance reviews, 133
- Problem solving: as approach to polarity, problem with, 223; collaborative, courage for, 272–273; constructive, focusing on, 241; and emotional facilitation, 55; and emotional management, 38, 56, 174–175; ethical climate promoting, 40; groundwork for, 35; innovative, nourishing, as essential, 71; past methods of, looking past, 72; prerequisites to, 226–227; responsibility for, 161; as a support capability, 160–161
- Problems: accepting, 160; escalating, 195; existing, conflict as a means to resolve, 186; taking action to address, 46, 226–227; types of, 160
- Procedures: conflict over, 193, 194–195, 243; establishing clear, importance of, 243–244
- Process improvement, 234
- Productivity, 21, 55, 275
- Professional development, 164, 170, 231, 232
- Professional latitude, 90
- Professionalism, 15, 29, 106
- Profound ideals, 102
- Progress appraisals, issue of, 90–91
- Progress-oriented discipline, 243
- Psychoanalysis, founder of, 46
- Punishing, 72, 78
- Pyramid, visions of a, 247. *See also* Hierarchical pyramid; New organizational pyramid

Q

- Quality: of interpersonal relationships, 51; of meetings, tone-setting through, 230–231; of visions, importance of, 99–100
- Quality controls, conditioning of, 69
- Quality culture, 233–234
- Quality improvement, 243
- Quality management procedures, 77
- Quality of care: and cost, 229, 230; emphasis on, 229, 233–234
- Quality outcomes, 257
- Questioning, 190, 204
- Questions: anticipating and addressing, 87–88; asking, feeling comfortable, 112; life-or-death, 33; open, 204; open-ended, use of, 123; in Socratic coaching, 127
- Quick decisions, 32–33, 129, 130

R

- Racial and ethnic diversity, 264
- Radical ideas, 72
- Rapid change, 16, 40, 51, 234, 249
- Rapport, establishing, 203, 204
- Rational and emotional realm,
relationship between, 4–5, 14
- Raw emotion, 217
- Reaction: emotion as, 30; leader,
contributors to, 16; versus
proactive action, 272
- Realism, tempering goals with, 100
- Reality: current, willingness to look
beyond, 110; describing, 109;
facing, 100; grounded in, 103;
and the ideal, 103–104, 109;
translating vision into, ability to,
44, 45, 275
- Real-time evaluation, 133, 134
- Reason and emotion, relationship
between, 4–5
- Recognizing emotion. *See* Emotional
identification
- Red Cross, founder of, 44
- Reflection, 144, 171, 187, 250
- Reflective practice, 165
- Regulating emotion. *See* Emotional
management
- Regulation, self-, 250
- Regulations, government, 24, 51, 272
- Reimbursement models, 51
- Reinforcement, 133, 134–135
- Relational assessments, 241
- Relational culture, 18
- Relational needs, incorporating, 16
- Relational principles, 12
- Relational skills, training in,
requiring, 29
- Relationship skills, 51
- Relationship-centered care: benefit of,
16, 150; need for, 41; and practice,
228–229
- Relationship-centered communication,
evaluating, 151–152
- Relationship-centered, meaning of,
150–151
- Relationships: cause-and-effect, 135;
developing and sustaining, 246;
direct reporting, 130, 131, 170;
interpersonal, quality of, 51;
patient-nurse, 33–40; physician-
patient, 10–11, 24, 37, 39; and
team interactions, 254–255
- Relaxed/personable style, 5, 6
- Representation, allowing, 180–181
- Resiliency, organizational, 21
- Resistance: expecting and benefiting
from, 75–76; expecting and prepar-
ing for, 100, 274; fostering, 155;
guarding against, 251; identifying,
57–58, 72–73; reflection of, 81;
through avoidance, 71
- Resolve, 105, 106, 217
- Resounding voice, 44
- Resources: and demands, balancing,
135–136; underutilization of, 273
- Respect: and communication, 105,
106; demonstrating, 178, 232; and
dignity, importance of, 52, 157;
lack of, effect of, 229; in meetings,
231; in nursing ethics, 28; signifi-
cance of, 257, 258
- Responding, 190, 202
- Responsibility: for changing input,
182–183; delegating, 199;
increased, 65; for mistakes, accept-
ing, 124; for outcomes, 253, 257;
and ownership, 89; for problem
solving, 161
- Review meetings, 241
- Rewarding, 72
- Rewards, 166–168, 171, 176, 256
- Risk: element of, in teams, 9; as
necessary, 69, 70
- Risk taking: encouraging, 78–80, 112;
and failure, 124, 159; liability asso-
ciated with, 6–7; as necessary, 274
- Robotic technology, 27

- Roles: conflict over, 193, 194, 195, 243; critical, 263; dual, 8, 10; establishing clear, importance of, 243–244. *See also specific roles*
