| <i>Introduction</i> | <i>xxi</i> |
| PART I: GLOBAL iPROPERTY CONTEXT | 1 |
| 1. Innovating World: Welcome to the Global Innovation Factory | 3 |
| Why the World Is Innovating | 4 |
| Innovation Drives Economic Globalization | 5 |
| Urgency of Innovation | 5 |
| Globalization of Innovation | 7 |
| iProperty Risks and Opportunities | 9 |
| Lagging Legal Standardization | 10 |
| Increasing Global Economic Output | 12 |
| Fueling the Global Spread of Innovation | 14 |
| The “Creative Class” | 14 |
| Outsourcing | 16 |
| Cost of Innovation | 16 |
| Growing Infrastructure | 17 |
| Improving Education | 17 |
| Governmental and Nonprofit Initiatives | 18 |
| Playing the Global iProperty Game | 18 |
| 2. iProperty World: Assessing iProperty Risk in a Changing Global Environment | 23 |
| Institutional Risks | 24 |
| India’s New Patent Law | 25 |
| China: The World’s Biggest iProperty Pirate | 27 |
| The Good News | 28 |
| Infringement Risks | 30 |
| Risks in Developing Countries | 30 |
| Risks in Developed Countries | 34 |
| Management Risks | 35 |
| Technology Risks | 35 |
| Minimizing Global Risks | 37 |
| PART II: iPROPERTY STRATEGIES FOR A FLAT WORLD | 39 |
| 3. Global Strategy: iProperty for Protecting, Strengthening, and Expanding Business Opportunities | 41 |
| Strategic Context | 42 |
| Spending Money and Getting Nowhere | 43 |
| Patent Attorney as Guru | 44 |

| | |
|---|----|
| Management Misunderstandings | 45 |
| Worst Possible Timing | 45 |
| Changing Course | 46 |
| iProperty Order from Idea Chaos | 46 |
| Precipitating Strategic Decisions | 47 |
| Strategy Inputs | 48 |
| Internal Analyses | 49 |
| Business Strategy | 49 |
| Existing Portfolio | 50 |
| Innovative Capabilities | 52 |
| External Analyses | 53 |
| iProperty Intelligence and Freedom to Operate | 53 |
| Legal Environment | 54 |
| iProperty Strategy | 55 |
| Creating a Vision | 57 |
| Detailing Tactics | 57 |
| Tactical Considerations | 58 |
| Measurable Results | 59 |
| Strategic iProperty Mindset | 61 |
| 4. Global Business: Integrating iProperty Strategy and Business Strategy | 63 |
| Defining the Value Chain | 64 |
| Value Chain Strategies for iProperty | 65 |
| Protect High-Profit Stages of the Value Chain | 66 |
| Expanding Downstream | 68 |
| Protecting Against Customer iProperty | 69 |
| Dow Chemical Protects Its Downstream Value Chain | 70 |
| Expanding Upstream | 71 |
| Suppliers Taking Hostages | 71 |
| Motorola and P&G Work Upstream on their Value Chains | 72 |
| Competitive Value Chain Analysis | 73 |
| Mastering the Value Chain | 73 |
| 5. Global Navigation: Mapping the iProperty of Competitors | 77 |
| iProperty Intelligence | 79 |
| Assessing the Patent Landscape | 82 |
| Phase I: Mapping the Patent Space | 85 |
| Visualizing the Landscape | 86 |
| Collecting and Storing Data | 87 |
| Preprocessing the Data | 88 |
| Creating a Visual Representation | 89 |
| Interpreting the Visual Representation | 89 |
| Phase II: Freedom to Operate | 95 |
| FTO Is a Difficult Problem | 95 |

CONTENTS

xi

| | |
|--|-----|
| Screening Out Clearly Noninfringed Patents | 96 |
| Phase III: The Hard Part | 96 |
| Analyze Potentially Infringed Patents | 96 |
| Analyze Clearly Infringed Patents | 97 |
| Mastering the Patent Landscape | 98 |
| 6. Global Protection: Selecting the Fields of Engagement | 101 |
| Global Patent Strategy Challenges | 102 |
| In the Trenches | 102 |
| Staggering Costs | 103 |
| Unexpected Cost Spikes | 104 |
| Cost-Benefit Analysis | 106 |
| What Is the Patent Worth? | 108 |
| Developing a Global Strategy | 109 |
| Evaluating Competitor Strategies | 112 |
| Evaluating the Existing Portfolio | 113 |
| Decision-Making Paradigm | 113 |
| Assigning a Relative Value | 114 |
| Aligning Investment with Value | 115 |
| Timing and Reevaluation | 116 |
| Maximizing Global Portfolio Value | 118 |
| 7. Global Matrix: Maximizing Return on the iProperty Investment | 121 |
| Developing a Global Patent Strategy Matrix | 121 |
| Evaluating the Patent Cost | 123 |
| Appraising the Market Protected | 125 |
| Assessing the Enforcement Probability | 126 |
| Tailoring Patenting Strategy to Product Strategy | 128 |
| Protection-driven Strategy | 130 |
| Market-driven Strategy | 130 |
| Balanced Strategy | 130 |
| Conducting a Reality Check | 130 |
| Mastering the Matrix | 131 |
| PART III: iPROPERTY TACTICS FOR MAXIMUM IMPACT 133 | |
| 8. iProperty Culture: Creating a Culture that Values iProperty | 135 |
| Culture Matters | 136 |
| Stage 1: Establishing a Sense of Urgency | 136 |
| Stage 2: Creating the Guiding Coalition | 137 |
| Stage 3: Developing a Vision/Strategy | 139 |
| Stage 4: Communicating the Vision/Strategy | 139 |
| Stage 5: Empowering Broad-based Action | 141 |
| Stage 6: Generating Short-term Wins | 143 |

| | |
|---|-----|
| Stage 7: Consolidating Gains and Producing More Change | 143 |
| Stage 8: Anchoring New Approaches | 144 |
| Valuing an iProperty Culture | 144 |
| 9. iProperty Team: Building a Team for Strategy Execution | 147 |
| Ambiguous Threats | 148 |
| Mental Models for iProperty Decisions | 149 |
| Enriching the Mental Model | 151 |
| Enhancing the Inputs | 153 |
| Systematizing the Analysis | 154 |
| Biased Mental Models Cause Ineffective Decisions | 155 |
| Overzealous Advocacy | 156 |
| Biased Subcultures | 157 |
| Patents as Economic Monopolies | 158 |
| Patents and Freedom of Action | 159 |
| Underestimating Patent Strength | 160 |
| Enforcing Patents in Developing Economies | 160 |
| Solving Complex Problems | 161 |
| Challenging Biases | 162 |
| Mastering the Decision-Making Process | 162 |
| 10. iProperty Pipeline Part I: Amassing a Wellspring of Ideas | 165 |
| Introducing the iProperty Pipeline | 166 |
| Leaky Pipelines | 167 |
| Integrated Pipelines | 167 |
| A Trickle of New Ideas | 169 |
| Providing a Creative Environment | 169 |
| Different Employees Create Different Challenges | 170 |
| From Mind to Idea | 171 |
| Waiting for Ideas to Surface | 172 |
| Capturing Those Pesky Ideas | 174 |
| Incentivizing Disclosure | 175 |
| Getting in the Trenches | 176 |
| Capture Facilitates Evaluation | 177 |
| A University Perspective | 178 |
| Priming the Pipeline | 181 |
| 11. iProperty Pipeline Part II: Producing a Strategically Targeted Portfolio | 183 |
| Evaluating Ideas for Protection | 185 |
| Strategically Guided Decisions | 186 |
| Creating a Strategy Grid | 187 |
| Managing Information Flow | 190 |
| Formalizing the Information Content | 190 |
| Legalizing the Information Content | 193 |
| Feedback Loops | 195 |

CONTENTS

xiii

| | |
|--|-----|
| Managing the Pipeline | 196 |
| Idea Screening | 198 |
| Technology Evaluation | 198 |
| Business Evaluation | 201 |
| Idea Ranking | 202 |
| Feedback | 202 |
| Maximizing Output Value | 202 |
| 12. iProperty Options: Tactical Considerations for the Global Economy | 205 |
| Keeping Secrets | 206 |
| Secrets Are Hard to Keep | 207 |
| Secrets May Be the Only, and Best Option | 209 |
| Mastering Trade Secrets | 211 |
| Know Your Enemies | 213 |
| Preemption Strategies | 214 |
