*Note to index:* An *f* following a page number denotes a figure on that page; a *t* following a page number denotes a table on that page.

## A

- academic portfolio
  - as faculty driven, 55
  - benefits of, 55–56
  - collaboration in, 33–35, 53–54
  - concept acceptance, 37–39
  - defining, 2–4
  - expectation discussion, 35–37
  - getting started guidelines, 56–57
  - model of, 53
  - other purposes of, 9
  - ownership of, 54
  - performance improvement use of, 6–8
  - personnel decision use of, 4–6, 46–50
  - preparing, 30–39
  - present use of, 51
  - self-mentoring and, 35
  - self-reflection and, 31–32
  - senior faculty usefulness, 55
  - time needed to prepare, 30
  - vs.* traditional curriculum vitae, 11–12
  - vs.* usual end-of-year faculty report, 52–53
  - weak performances and, 51–52
  - See also* academic portfolio, preparing;  
academic portfolio, tips for  
improvement; narrative;  
*individual portfolios*
- academic portfolio, tips for improvement
  - binder with tabs for appendix, 41
  - bulky portfolio items, 43
  - cross-reference narrative to appendix, 43
  - date portfolio, 41
  - detailed table of contents, 42
  - enhance narrative section, 42
  - explain evidence, 42
  - list of appendix items, 42
  - number of student/colleague comments, 43

- number pages, 43
- revise annually, 44
- specific *vs.* general information, 42
- acronyms, avoiding, 15
- action planning, 7
- appendix, 26–27, 52. *See also individual portfolios*

## B

- biomedical engineering portfolio (Wick)
  - administration and service, 71–78
  - administrative philosophy, 73
  - administrative responsibilities, 71–72
  - appendix list, 78
  - collaboration, 70
  - context of, 72
  - introduction/purpose, 62
  - leadership style, 73–75
  - professional accomplishment
    - sample, 75–78
    - career development of BME faculty, 76
    - chair/organizer leadership and ethics program, 75–76
    - department staffing, 77
    - faculty recruiting, 76–77
    - interactions with External Advisory Board, 77
  - research and scholarship, 69–71
    - Biomatrix Engineering and Regenerative Medicine Center, 71, 72, 75
    - bioreactors for tissue engineering, 70
    - funding sources, 69
    - introduction, 69
    - research description, 70–71
    - sickle cell adhesion to endothelial cells, 70–71
  - table of contents, 61–62

- biomedical engineering (*Continued*)  
 teaching, 62–68  
   BME 350 biological transport  
     phenomena, 63  
   BME 3XX biomedical engineering  
     ethics, 63–64  
     course responsibilities, 63–64  
     documenting improvement  
       activities, 65–66  
     evidence of student learning, 66–68  
     mentorship, graduate student,  
       64–65  
     mentorship, undergraduate  
       student, 64  
     philosophy/objectives/  
       methodologies, 62–63  
     student advisee sample, 66–68
- bioscience and biotechnology portfolio  
 (Anandan)  
 abstract, 79  
 academic research program, 82–84  
 “PLASMA BIO-MEDICINE”  
 project, 84  
 collaborative projects, 83–84  
 Mexican soft cheese  
 characterization, 83  
 military training and endangered  
 species/environment, 84  
 primary focus, 82–83  
 socioeconomics and food quality/  
 safety, 84  
 appendix list, 92  
 department/institutional committees, 86  
   chair of Undergraduate Curriculum  
     Committee, 86  
   University Biosafety Committee, 86  
 funding history, 85*t*  
 mentoring activities, 86–89  
   adviser to TriBeta Biological Honor  
     Society, 88–89  
   junior colleagues, 87  
   junior colleagues, in teaching, 88  
   teaching portfolio workshop, 88  
   undergraduate/graduate students in  
     research, 86–87  
 professional accomplishments, 89–90  
 achieving tenure, 89  
 chairing first committee, 90  
 mentoring student for  
   Fulbright-Hays award, 90  
 professional goals, 90–91  
 expertise in offering online  
 courses, 91  
 leadership in curricular issues, 91  
 promotion to full professor,  
   90–91  
 professional growth/development, 89  
 table of contents, 79  
 teaching responsibilities/philosophy,  
   80–82  
   curriculum development, 82  
   philosophy/methodologies, 80–82  
   responsibilities, 80  
   standardized student evaluation  
     scores, 81–82*t*
- C**
- charts/graphs/tables, 13, 14  
 child and family studies portfolio (Walters)  
 appendix list, 109–110  
 introduction/purpose, 94  
 professional work/goals integration,  
   106–108  
   goals accomplished, 107–108  
   goals for future, 108  
 reflections, 109  
 research, 102–104  
   editorial work, 103–104  
   international work, 102–103  
   professional organizations, 104  
 service, 104–106
