<b>Introduction</b> .....	<b>xliii</b>
<b>Part I: Getting Started, Getting Secure</b> .....	<b>1</b>
<b>Chapter 1: What's New in Windows 7</b> .....	<b>3</b>
Taskbar and Full-Screen Improvements .....	3
Jump Lists .....	5
New Ways to Work in Windows .....	5
Internet Explorer 8 .....	6
Instant search .....	6
Web slices .....	6
Accelerators .....	6
Better navigation .....	7
InPrivate browsing .....	8
Other new IE features .....	9
Windows Live .....	9
Better Device Management .....	10
Homegroup .....	11
Performance and Battery Life .....	12
Look and Feel .....	12
Troubleshooting and Alerts .....	13
Music and Video Sharing .....	14
... and More .....	15
Wrap-Up .....	15
<b>Chapter 2: Getting Around</b> .....	<b>17</b>
Terminology for Things You Do .....	17
Mouse terminology .....	18
Point .....	18
Click .....	18
Double-click .....	18
Right-click .....	18
Drag .....	19
Keyboard terminology .....	19
Tab, Enter, and Spacebar .....	19
If in doubt, Escape key out .....	20

## Contents

---

The Help key (F1) .....	20
The  Key .....	20
Shift, Ctrl, and Alt .....	20
Shortcut keys .....	20
Logging In .....	21
What's on the Desktop .....	22
Using the Start Menu .....	23
The right side of the Start menu .....	24
The Start menu Search box .....	26
The Power button .....	27
Using Jump Lists .....	29
Using the Windows Desktop .....	30
About desktop icons .....	30
Arranging desktop icons .....	32
Running Programs .....	33
The active window .....	35
Switching among open programs .....	35
Switching with taskbar buttons .....	35
Switching with the keyboard .....	35
Switching with Flip 3D .....	36
Arranging program windows .....	37
Sizing program windows .....	39
Maximize a program window .....	39
Minimize a program window .....	41
Size at will .....	41
Moving a program window .....	44
Moving and sizing from the keyboard .....	44
Closing a Program .....	45
Using the Notification Area .....	46
Showing/hiding notification icons .....	47
Responding to notification messages .....	48
Using scroll bars .....	49
Using Back and Forward buttons .....	50
The Getting Started Item .....	52
Quick Help for Getting Started .....	53
Logging Off, Shutting Down .....	54
Stuff You Can Do with a Computer .....	54
Wrap-Up .....	55
<b>Chapter 3: Sharing and Securing with User Accounts . . . . .</b>	<b>57</b>
Logging In and Out of User Accounts .....	57
Where am I now? .....	58
Logging out of an account .....	58
Creating Strong Passwords .....	60
Remembering passwords .....	61

## Contents

Devising a password hint .....	62
Types of User Accounts .....	62
The built-in Administrator account .....	62
Administrative user accounts .....	63
Standard accounts .....	63
Guest account .....	63
Creating and Managing User Accounts .....	64
Creating a user account .....	65
Changing user accounts .....	66
Changing a user account type .....	67
Password-protecting an account .....	67
Changing the account picture .....	69
Changing the account name .....	69
Enabling or disabling the Guest account .....	70
Navigating through user account pages .....	70
Creating a Password Reset Disk .....	71
Using the password reset disk .....	72
Cracking into standard user accounts .....	72
Deleting User Accounts .....	73
Using User Accounts .....	74
Understanding User Account Control (UAC) .....	75
Privilege escalation in administrative accounts .....	77
Turning UAC on and off .....	78
Running Programs as Administrator .....	80
Add the Built-in Administrator Account to the Login Screen .....	81
Stop Entering Password on Lockout .....	81
Advanced Security Tools .....	82
About Windows CardSpace .....	82
Using Credential Manager .....	83
Managing Profile Properties and Environment Variables .....	86
Linking Online IDs with Windows Accounts .....	86
Wrap-Up .....	88
<b>Chapter 4: Parental Controls and Family Safety .....</b>	<b>89</b>
Before You Get Started .....	89
Using the Built-In Parental Controls .....	90
Getting to the Parental Controls Page .....	90
Setting time limits .....	90
Controlling game play .....	91
Blocking and allowing programs .....	93
Using Parental Controls from Windows Live .....	94
Defining Web restrictions .....	95
Get Web sites working .....	96
Viewing User Activity Reports .....	97
Wrap-Up .....	98

## Contents

---

### **Chapter 5: Help, Support, and Troubleshooting . . . . . 99**

Introducing Help and Support .....	99
Navigating Help .....	101
Using the Search box .....	103
Online Help and Offline Help .....	103
Help from People .....	104
Remote assistance .....	105
Windows communities .....	105
Microsoft customer support .....	107
Troubleshooting .....	108
Wrap-Up .....	109

### **Chapter 6: Troubleshooting Startup Problems . . . . . 111**

The Computer Won't Start .....	111
Non-System Disk or Disk Error message .....	111
Computer starts but mouse and keyboard don't work .....	112
Computer keeps trying to start but never gets there .....	112
Screen turns blue during startup and then stops .....	112
Computer Takes Too Long to Start .....	112
Restore system files to an earlier time .....	113
Repair Install Windows 7 .....	113
The instruction manual that came with your computer .....	113
Resources in this book .....	113
Resources in Windows Help .....	114
Online resources .....	114
Programs Won't Start .....	114

## **Part II: Batten Down the Security Hatches 115**

---

### **Chapter 7: Blocking Hackers with Windows Firewall . . . . . 117**

How Firewalls Work .....	117
What a firewall doesn't protect against .....	118
Introducing Action Center .....	119
Turning Windows Firewall on or off .....	119
Making Exceptions to Firewall Protection .....	121
Manually configuring firewall exceptions (allowed programs) .....	121
Adding a program exception .....	123
Disabling, changing, and deleting exceptions .....	124
Advanced Firewall Configuration .....	125
Open the Windows Firewall with Advanced Security icon .....	125
Changing Firewall Profile Properties .....	126
Firewall alerts, unicast responses, local administrator control .....	126
Security Logging .....	126
Customizing IPsec settings .....	127

---

Inbound and Outbound Rules .....	128
Wrap-Up .....	129
<b>Chapter 8: Conquering Malicious Software .....</b>	<b>131</b>
Types of Malware .....	131
Viruses and worms .....	131
Spyware and adware .....	132
Trojan horses and rootkits .....	132
Conquering Spyware with Windows Defender .....	132
Opening Windows Defender .....	133
Removing spyware from your computer .....	133
Doing a quick scan .....	135
Doing a custom scan .....	135
Automatic scanning .....	135
Preventing spyware .....	137
Excluding files and folders .....	138
Advanced and Administrator configuration options .....	138
Disallowing allowed programs .....	138
Joining the SpyNet community .....	139
Windows Defender Web site .....	139
Using Antivirus Software .....	140
Virus protection .....	141
Antivirus and Action Center .....	142
User Account Control and Malware .....	143
The Malicious Software Removal Tool .....	143
Wrap-Up .....	144
<b>Chapter 9: Automatic Updates as Security .....</b>	<b>145</b>
Understanding Automatic Updates .....	145
Updates versus upgrades .....	146
Why updates are important .....	146
Enabling Automatic Updates .....	146
Managing Updates .....	147
Managing optional updates .....	147
Change how updates work .....	149
Reviewing and removing updates .....	150
Thwarting Exploits with DEP .....	150
Wrap-Up .....	152
<b>Part III: Personalizing Windows 7 .....</b>	<b>153</b>
<b>Chapter 10: Personalizing Your Work Environment .....</b>	<b>155</b>
Using the Personalization Page .....	155
Choosing a theme .....	156
Personalizing your desktop background .....	159

## Contents

---

Personalizing your color scheme .....	161
Making text sharper with ClearType .....	163
Changing individual screen elements .....	164
Personalizing sound effects .....	164
Personalizing your screen saver .....	166
Personalizing desktop icons .....	169
Creating your own desktop icons .....	169
Sizing, arranging, showing, and hiding desktop icons .....	170
Customizing icons .....	171
Choosing a screen resolution .....	172
Understanding aspect ratio .....	172
Using multiple monitors .....	174
Reducing monitor flicker .....	176
Adjusting the font size (DPI) .....	176
Personalizing your mouse .....	178
Mice for lefties .....	179
Adjusting the double-click speed .....	179
Using ClickLock .....	180
Speed up or slow down the mouse pointer .....	181
Making the mouse pointer more visible .....	182
Changing mouse wheel behavior .....	182
Personalizing the Keyboard .....	182
Personalizing the Start Menu .....	183
Opening taskbar and Start menu properties .....	184
Personalize the right side of the Start menu .....	185
Start menu folders .....	185
Start menu places .....	187
Start menu searching .....	188
Start menu behavior .....	188
Customizing the left side of the Start menu .....	189
Reorganizing the All Programs menu .....	190
Creating Custom Shortcut Keys .....	191
Customizing the Taskbar .....	193
Locking and unlocking the taskbar .....	194
Moving and sizing the taskbar .....	195
Showing toolbars on the taskbar .....	196
Sizing and positioning taskbar toolbars .....	198
Using the Links toolbar (Favorites Bar) .....	198
Customizing the Notification Area .....	200
Getting rid of Notification Area icons .....	201
Tweaking the clock .....	203
Using Gadgets .....	205
Adding and removing gadgets .....	206

## Contents

Using and manipulating gadgets .....	206
Using Windows SideShow .....	206
Wrap-Up .....	207
<b>Chapter 11: Ease of Access, Speech, and Language . . . . .</b>	<b>209</b>
Introducing Ease of Access Center .....	209
Help for visual impairments .....	212
Using Magnifier .....	212
Using Microsoft Narrator .....	214
Using High Contrast .....	215
Using the computer without a display .....	215
Optimize visual display .....	216
Help for motor impairments .....	218
Using the On-Screen Keyboard .....	218
Using Mouse Keys .....	219
Using Sticky Keys .....	223
Using Toggle Keys .....	224
Using Filter Keys .....	224
Help for hearing impairments .....	226
Make it easier to focus on tasks .....	226
Ease of Access administrative settings .....	227
Accessibility keyboard shortcuts .....	227
Using Speech Recognition .....	228
Getting started with speech recognition .....	229
Control speech recognition by voice .....	231
Commanding Windows by voice .....	231
Work anywhere by voice .....	231
Dictating text .....	233
Making dictation better .....	235
Correct that .....	235
Improve voice recognition .....	237
Add words to the speech dictionary .....	237
Advanced speech recognition configuration .....	238
More speech recognition help .....	239
Regional and Language Settings .....	239
Change how numbers, dates, and times look .....	239
Let them know your correct location .....	240
Working with multiple languages .....	241
Using input languages .....	241
Switching languages and keyboards .....	244
Removing input languages .....	246
Installing user interface languages .....	246
Wrap-Up .....	247

## Contents

---

<b>Chapter 12: Transferring Files from Another Computer . . . . .</b>	<b>249</b>
What You Can Transfer .....	249
What you can't transfer .....	250
Getting programs onto the new computer .....	250
What not to install .....	251
Choosing a Transfer Method .....	251
Using a USB Easy Transfer cable .....	252
Using a home network .....	252
Using external drives or discs .....	252
Using a flash drive or external hard drive .....	252
Using CDs or DVDs .....	252
Doing the Transfer .....	253
When the Transfer Is Finished .....	255
Transferring without Windows Easy Transfer .....	256
Manually transfer Internet Explorer Favorites .....	257
Manually transfer contacts .....	257
Manually transfer Outlook Express e-mail messages .....	258
Transferring fonts .....	258
Wrap-Up .....	259
<b>Chapter 13: Customizing Startup Options . . . . .</b>	<b>261</b>
First Things First .....	261
Starting Application Programs Automatically .....	263
Bypassing all Startup folder programs .....	264
Stopping auto-start applications .....	265
Using the System Configuration Tool to Control Startup .....	266
Controlling Services with the Services Snap-In .....	268
Bypassing the Login Page .....	271
Troubleshooting Startup .....	272
Get rid of disabled devices .....	272
When Windows won't start at all .....	273
Wrap-Up .....	274
<b>Chapter 14: Using Windows 7 Programs and Accessories . . . . .</b>	<b>275</b>
Important Stuff About Programs .....	275
Using Windows Calculator .....	277
Typing with WordPad .....	278
Typing and navigating text .....	279
Basic text editing .....	280
Selecting text .....	281
Formatting text .....	283
Deleting and replacing chunks of text .....	284
Using copy and paste and cut and paste .....	284
Moving text within a document .....	286
Copy and paste a picture .....	287

## Contents

Saving a WordPad document .....	287
Opening a WordPad document .....	289
Typing Special Characters with Character Map .....	291
Working with Fonts .....	292
Using Notepad .....	293
Zipping and Unzipping Files .....	293
Zipping files .....	294
Unzipping files .....	295
Annotating Screenshots with Snipping Tool .....	297
Saving a snip .....	300
Copy and paste a snip .....	300
E-mail a snip .....	300
Change Snipping Tool options .....	300
Screenshots the old-fashioned way .....	301
Using Paint .....	301
Using Sound Recorder .....	303
Wrap-Up .....	305
<b>Chapter 15: Troubleshooting Customization Problems .....</b>	<b>307</b>
Desktop Problems .....	307
My screen is too large/small; my screen colors look awful .....	307
When I right-click the desktop, I don't get a Personalize option .....	308
Parts of my screen are cut off or blank .....	308
My desktop picture doesn't fit right .....	308
Everything is huge; I can't see all of dialog boxes .....	310
Icon names are too big or too small .....	310
I don't have any desktop icons (or don't like their size) .....	311
I can't put my desktop icons where I want them .....	311
My screen saver never kicks in .....	311
Missing Aero Flip 3D, or Switch between Windows button .....	311
Start Menu Problems .....	312
Some Start items can't be displayed .....	312
The right side of my Start menu is missing some options .....	312
Taskbar Problems .....	312
My taskbar is missing .....	313
My taskbar is too tall (or messed up) .....	313
I don't have a Quick Launch toolbar .....	313
Updating Your Display Driver .....	313
<b>Part IV: Using the Internet</b> .....	<b>315</b>
<b>Chapter 16: Using Internet Explorer .....</b>	<b>317</b>
Understanding How the Web Works .....	317
Using Internet Explorer .....	320

## Contents

---

Browsing to a Web site .....	321
Using AutoComplete .....	322
Using hyperlinks .....	323
Using Back, Forward, and History buttons .....	323
Magnifying a page .....	324
Panes and toolbars .....	325
Full-screen viewing .....	326
Change your default home page .....	326
Using Tabs .....	326
Using Quick Tabs .....	328
Creating multiple home page tabs .....	329
Rearranging and removing home page tabs .....	330
Personalizing tabbed browsing .....	330
Shortcut keys for tabs .....	333
Using Web Slices .....	333
Using Accelerators .....	334
Using Visual Search .....	334
Using RSS Feeds .....	334
Optional settings for RSS feeds .....	337
Using the RSS Feed Headlines gadget .....	338
Managing Favorite Sites .....	339
Adding tab groups to Favorites .....	339
Organizing Favorites .....	341
Importing and exporting Favorites .....	342
Blocking Pop-Ups .....	343
Using the Information bar .....	344
When pop-ups still get through .....	345
Using the SmartScreen Filter .....	345
How the SmartScreen Filter works .....	347
Getting the most from the SmartScreen Filter .....	347
How do I protect myself in the future? .....	348
Deleting the Browser History .....	348
Clearing AutoComplete entries .....	348
Configuring AutoComplete .....	349
Understanding cookies .....	349
Deleting cookies .....	350
Adjusting cookie privacy settings .....	350
Looking at cookies and privacy policies .....	351
Understanding temporary Internet files .....	352
Clearing temporary Internet files .....	353
Temporary Internet files settings .....	353
A note on certificates .....	355
Using Internet Security Zones .....	357

## Contents

Printing Web Pages .....	359
Using Print Preview .....	360
Important printing tip .....	362
Saving Web Pages .....	362
Copying content from Web pages .....	364
Downloading pictures and videos .....	365
Making Internet Explorer Your Default Browser .....	366
Searching the Web .....	366
Choosing search providers .....	366
Choosing a default provider .....	367
Searching from the Search box .....	368
Searching from the address bar .....	368
Searching the Current Page .....	368
Getting More with Add-ons .....	369
Shopping for add-ons .....	369
Managing add-ons .....	370
Internet Explorer Help and Troubleshooting .....	371
Wrap-Up .....	371
<b>Chapter 17: Blogging with Writer .....</b>	<b>373</b>
What Is Blogging? .....	373
Adding Windows Live Writer to Windows .....	374
Setting Up Your Blog Account .....	376
Adding a blog account .....	376
Setting your URL .....	377
Editing your profile .....	379
Creating and Publishing Blog Posts .....	380
Creating a blog post .....	381
Saving a draft .....	381
Opening an existing blog post .....	382
Preview your blog post .....	382
Viewing and editing source code .....	382
Publishing your blog post .....	384
Working with Photos .....	385
Adding a photo .....	385
Adding a photo album .....	387
Uploading Pictures with FTP .....	389
Working with Videos .....	390
Using Tables .....	391
Using Tags .....	393
Inserting Maps .....	395
Using Plug-Ins .....	396
Setting Writer Options .....	397
Wrap-Up .....	398

## Contents

---

<b>Chapter 18: Using Windows Live Mail</b> .....	<b>399</b>
How E-Mail Works .....	399
Introducing Windows Live Mail .....	400
What you need to know to get started .....	403
Setting up your e-mail account .....	404
Writing E-Mail with Windows Live Mail .....	407
Typing and editing tips .....	408
Check your spelling .....	409
Add a background color .....	410
Setting message priority .....	410
Requesting a read receipt .....	410
Getting Your E-Mail .....	411
Replying to a message .....	411
Forwarding a message .....	411
Other things you can do with a message .....	412
Magnifying e-mail text .....	413
Sorting messages by message headers .....	413
Sizing and positioning columns .....	414
Sizing the reading pane .....	415
Using E-Mail Attachments .....	415
Attaching a file to a message .....	415
E-mailing documents from folders .....	416
E-mailing pictures from Windows Live Photo Gallery .....	418
Opening received attachments .....	419
Saving attachments as files .....	421
Saving embedded pictures as files .....	423
Converting e-mail messages to files .....	423
Composing Rich-Text Messages with HTML .....	424
HTML, default font, and stationery .....	424
Using fonts, sizes, boldface, underline, italics, colors .....	425
Typing a list .....	426
Indenting and aligning text .....	427
Inserting inline pictures .....	427
Inserting a line .....	429
Adding hyperlinks to e-mail messages .....	429
Type a link .....	429
Copy and paste a link .....	430
Custom links .....	430
Adding a signature automatically .....	431
Creating Photo E-Mails .....	432
Dealing with Spam (Junk E-Mail) .....	434
Identifying safe senders .....	435
Blocking specific senders .....	436

## Contents

---

Blocking by country and language .....	437
Blocking phishing scams .....	437
Managing junk mail and good mail .....	438
Phishing scam e-mails .....	439
Managing Mail Folders and Messages .....	441
Choosing columns for the Message list .....	442
Flagging messages that need more attention .....	444
Grouping conversation messages .....	444
Filtering messages .....	444
Create your own mail folders .....	446
Moving, renaming, and deleting mail folders .....	447
Showing/hiding mail folders .....	448
Managing messages .....	449
Selecting multiple e-mail messages .....	449
Moving messages to a folder .....	450
Deleting messages .....	451
Permanently deleting messages .....	451
Auto-organizing messages through rules .....	451
Auto-responding to messages .....	453
Searching for Messages .....	455
Advanced Search .....	456
Searching from the Start menu .....	457
Personalizing Windows Live Mail .....	458
General options .....	458
Read options .....	459
Mark message read after displaying for x seconds .....	460
Automatically expand grouped messages .....	460
Automatically download message when viewing in the Preview Pane .....	460
Read all messages in plain text .....	461
Show ToolTips in the message list for clipped items .....	461
Highlight watched messages .....	461
News settings .....	461
Fonts settings .....	461
Receipt options .....	461
Send options .....	462
Compose options .....	463
Compose font .....	463
Stationery .....	464
Business cards .....	464
Signature options .....	466
Spelling options .....	466
Connection options .....	467
Advanced options .....	467

## Contents

---

Customizing the Toolbar .....	480
Securing E-Mail with Digital IDs .....	481
Getting a digital ID .....	481
Using your digital ID .....	483
Importing Messages from Other Programs .....	484
Exporting Messages to Other Programs .....	485
Where and How Messages Are Stored .....	485
More on Windows Live Mail .....	486
Wrap-Up .....	486

### **Chapter 19: Chatting and Texting with Windows Live Messenger . . . 489**

Overview .....	489
Adding Messenger to Windows .....	490
Setting Up Your Account .....	491
Adding contacts .....	493
Adding and using groups .....	494
Chatting Online .....	495
Changing the font .....	496
Using ink .....	496
Sending Text Messages .....	497
Sharing Photos .....	497
Audio, Video, and More .....	498
Wrap-Up .....	499

**Chapter 20: Beyond E-Mail and the Web . . . . . 501**

About Newsgroups ..... 501

- Creating a newsgroup account ..... 502
- Downloading newsgroup names ..... 504
- Subscribing to newsgroups ..... 505
- Viewing newsgroup messages ..... 506
- Posting a newsgroup message ..... 508
- Replying to newsgroup messages ..... 510
- Getting the latest messages ..... 510
- Searching newsgroup messages ..... 512
  - Quick Searches from the Search box ..... 512
  - Searching from the Start menu ..... 512
- Hiding irrelevant messages ..... 513
- Creating newsgroup message rules ..... 513
- Unscrambling messages ..... 514
- Unsubscribing from a group ..... 515
- Personalizing newsgroups ..... 515

Using FTP ..... 515

- Anonymous FTP versus FTP accounts ..... 515
- Using Internet Explorer as an FTP client ..... 516

Using Remote Assistance ..... 517

- Setting up Remote Assistance ..... 518
- Requesting Remote Assistance ..... 519

Using Remote Desktop ..... 520

- Display ..... 521
- Local resources ..... 522
- Programs ..... 522
- Experience ..... 523
- Advanced ..... 523
- Allowing remote connections on a home network ..... 524
- Connecting from a remote home network PC ..... 525
  - Access multiple computers behind a home firewall ..... 526

Wrap-Up ..... 529

**Chapter 21: Managing Names and Addresses . . . . . 531**

Opening Contacts ..... 531

- Changing how you view contacts ..... 532
- Making shortcuts to contacts ..... 532
- Creating a contact ..... 533
- Opening and editing contacts ..... 534
- Create a “me” contact ..... 535

Creating Contact Groups ..... 535

Printing Contacts ..... 537

Importing and Exporting Contacts ..... 538

- Importing people to your Contacts folder ..... 538

## Contents

---

Exporting contacts to vCards .....	539
Exporting to a CSV file .....	540
Searching for Contacts .....	540
Sharing Contacts on a Network .....	540
Wrap-Up .....	540

### **Chapter 22: Troubleshooting Internet Problems . . . . . 543**

Troubleshooting Internet Explorer .....	543
Clicking a hyperlink has no effect .....	543
Can't download program or ActiveX control .....	543
Security alert about leaving a secure Internet connection .....	544
Error message: "This page cannot be displayed" .....	545
Can't change the default home page .....	545
Saved pictures stored as bitmaps (.bmp files) .....	546
All other Internet Explorer problems/features .....	546
Troubleshooting Windows Live Mail .....	546
Error message: "The host <i>name</i> could not be found . . ." .....	547
Some of my mail is not showing up in my Inbox .....	548
Pictures are missing from e-mail messages .....	548
Can't open or save e-mail attachment .....	548
Error Message: "Your current security settings prohibit running ActiveX controls . . ." .....	549
All other Windows Live Mail problems/features .....	549
More Internet Troubleshooting .....	550

## **Part V: Pictures, Music, and Movies 551**

---

### **Chapter 23: Working with Pictures . . . . . 553**

Getting Pictures into Your Computer .....	553
Getting pictures from a digital camera .....	553
Getting pictures from a memory card .....	555
Getting pictures from a CD or DVD .....	556
Getting pictures from a scanner .....	557
Using pictures you get by e-mail .....	558
Copying pictures from Web sites .....	559
Copy-and-paste pictures .....	560
Taking screenshots .....	560
Using the Print Screen key .....	560
Using Your Pictures Folder .....	561
Pictures folder quick tips .....	564
Why some pictures show icons .....	567
Videos in your Pictures folder .....	568
Renaming pictures and videos .....	569
Using Windows Live Photo Gallery .....	570

## Contents

Choosing what to view and how .....	570
Photo Gallery quick tips .....	571
Selecting thumbnails in the gallery .....	572
Dating, rating, tagging, and captioning .....	572
Filtering pictures .....	574
Changing tags .....	575
Use a picture as your desktop background .....	575
Adding pictures to Photo Gallery .....	575
Use your Photo Gallery as a screen saver .....	576
Fixing photos .....	576
Auto Adjust .....	577
Adjust Exposure .....	578
Adjust Color .....	578
Straighten Photo .....	578
Crop Photo .....	578
Fix Red Eye .....	579
Black and White Effects .....	580
Saving Fix pane changes .....	580
Using people tags .....	581
Other new features .....	581
Choosing Photo Gallery options .....	582
Making movies from Photo Gallery .....	584
Printing Pictures .....	584
Printing from Windows Live Photo Gallery .....	585
Printing pictures from a folder .....	586
Using the Slide Show Gadget .....	586
Pixels and Megapixels .....	588
File extension, size, and dimensions .....	590
TIFF pictures .....	591
JPEG pictures .....	591
GIF pictures .....	591
PNG pictures .....	591
BMP pictures .....	591
Changing a picture type or size .....	591
Pictures, Tags, and Virtual Folders .....	594
Wrap-Up .....	595

### **Chapter 24: Making Music with Media Player . . . . . 597**

Controlling Sound Volume .....	597
Starting Windows Media Player .....	599
Media Player program window .....	599
The toolbar .....	600
Media Player menus .....	601
Play controls .....	601
Closing/minimizing Windows Media Player .....	603

## Contents

---

Listening to a CD .....	604
Now Playing, Visualizations, and Enhancements .....	605
Using the playlist in Now Playing view .....	606
Using Enhancements .....	607
Stopping a CD .....	607
Play CDs automatically with Media Player .....	607
Ripping (Copying) Music CDs .....	608
Options for ripping CDs .....	608
Choosing where to put songs .....	609
Choosing how to name files .....	610
Choosing a file format and quality .....	610
Copy protect music .....	612
Rip CD automatically .....	612
Eject CD after ripping .....	612
Still more rip options .....	612
Copying songs .....	613
Getting Music Online .....	614
Using the Media Player Library .....	614
Navigating the library .....	615
Choosing columns for Media Library .....	619
Sizing columns .....	619
Moving columns .....	620
Sorting songs .....	620
Getting missing media information automatically .....	620
Choosing what files to include in your library .....	621
Sharing (streaming) your media library .....	622
Allowing Internet streaming .....	623
Using a remote stream .....	624
Allow remote control .....	625
Pushing media to another computer .....	625
Automatically renaming songs .....	626
Selecting in Media Library .....	626
Changing a song title .....	628
Changing genre, artist, and such .....	628
Changing incorrect media information .....	628
Rating songs .....	628
Making Custom Playlists .....	629
Managing songs in a playlist .....	631
Saving a playlist .....	632
Viewing, playing, and changing playlists .....	632
Using and creating Auto Playlists .....	633
Creating Your Own Music CDs .....	634
Types of music CDs .....	634
Choosing music disk options .....	635

## Contents

Choosing songs to put on the CD .....	637
Creating the disk .....	638
Saving a Burn list .....	638
Copying Music to Portable Devices .....	638
Manual syncing .....	639
Managing songs on a device .....	640
Auto-syncing devices .....	640
Choose between manual and auto sync .....	642
Setting player options .....	642
Fun with Skins .....	642
Extending Media Player with Plug-ins .....	643
Converting File Types .....	643
Music, Metadata, and Searches .....	644
Wrap-Up .....	645
<b>Chapter 25: DVD, Video, and More .....</b>	<b>647</b>
Watching DVD, VCD, and Such .....	647
Setting defaults for DVDs .....	648
Playing a DVD or VCD .....	648
Choosing the screen size .....	650
Preventing screen savers during playback .....	651
Setting parental controls and language defaults .....	651
Playing Video Files .....	651
Using your Videos Library .....	651
Recorded TV .....	652
Making Media Player the default video player .....	653
Adding videos to your media library .....	653
Playing videos from your library .....	653
Managing Photos with Media Player .....	654
More on Playlists .....	654
Limiting playlist size .....	656
Limiting playlists to favorite items .....	657
Skipping playlist items .....	657
Prompt Me To Remove Upon Save .....	658
Wrap-Up .....	659
<b>Chapter 26: Fun with Media Center .....</b>	<b>661</b>
Starting Media Center .....	661
Working Media Center with a mouse .....	662
Working Media Center with a keyboard .....	663
Using a Media Center remote control .....	663
Moving and Sizing Media Center .....	663
Media Center Playback Controls .....	663
Things You Can Do without TV .....	663
Playing music in Media Center .....	665

## Contents

---

Viewing pictures and videos in Media Center .....	665
Movies and TV in Media Center .....	665
Extras .....	665
Sports .....	666
Watching and Recording TV .....	666
Recording TV .....	668
Watching recorded TV .....	669
Recorded TV files .....	669
Personalizing Media Center .....	670
General Settings .....	670
Startup and window behavior .....	671
Visual and sound effects .....	672

Start Menu and Extras .....	676
Extender settings .....	676
Media libraries .....	676
Burning CDs and DVDs from Media Center .....	676
Syncing, shutting down, and extenders .....	677
Wrap-Up .....	677

## Chapter 27: Troubleshooting Multimedia ..... 679

Troubleshooting Pictures and Photos .....	679
No Copy option when right-clicking a picture in a Web page .....	679
Cannot copy thumbnail from my Pictures folder to open document .....	679
Troubleshooting Windows Media Player .....	680
Error Message: “Invalid Function when trying to burn a CD” .....	680
Some other program opens when you open an icon or insert a CD .....	680
I’m unable to locate the menus within Media Player .....	681
Cannot see captions when playing a CD or DVD .....	681
Media Player can’t find my MP3 player .....	682
Song titles don’t appear after inserting a CD .....	682
Error message appears with 0xC00 or other number .....	682
All other Windows Media Player issues .....	682
Error Message: “Your system is currently set to 800 x 600 . . .” .....	682
More Troubleshooting Resources .....	682

**Part VI: Managing Files and Folders** **683**

**Chapter 28: Understanding Drives, Folders, and Files** . . . . . **685**

- Understanding Disks and Drives ..... 685
  - Your computer's hard disk ..... 685
  - Removable media ..... 686
    - Floppies and Zip disks ..... 686
    - CDs and DVDs ..... 686
    - Portable devices ..... 688
    - Flash cards and memory sticks ..... 688
    - Flash drives ..... 688
  - Viewing your computer's drives ..... 689
  - Sizes and capacities ..... 690
  - How much room is there? ..... 692
    - Viewing disk contents ..... 693
    - Formatting disks ..... 693
- About Folders ..... 693
  - Viewing the contents of a folder ..... 694
  - Folders in folders (subfolders) ..... 695
  - Parent folders ..... 695
- About Files ..... 696
  - Opening and closing files ..... 697
    - Showing/hiding filename extensions ..... 698
    - Choosing a program to open a file ..... 698
    - Changing the default program ..... 698
    - Windows cannot open this file ..... 700
  - File paths ..... 701
- Using Windows Explorer ..... 702
  - Opening Windows Explorer ..... 703
  - Windows Explorer components ..... 703
  - Show or hide optional panes ..... 704
  - Navigating with the Address bar ..... 705
  - Navigating with the Navigation pane ..... 706
    - Adding places to Favorites ..... 707
    - Managing Favorites ..... 708
  - Navigating from the contents pane ..... 708
  - Navigating to a disk drive ..... 709
  - Choosing an icon view ..... 709
  - Using columns in the Details view ..... 710
  - Sorting icons ..... 711
  - Filtering a folder ..... 712
  - Using the Preview pane ..... 714
  - Using the Details pane ..... 715
  - To Click or Double-Click? ..... 716

## Contents

---

Personalizing folder behavior .....	717
Options on the View tab .....	718
Always show icons, never thumbnails .....	719
Always show menus .....	719
Display file icon on thumbnails .....	719
Display file size information in folder tips .....	719
Display the full path in the title bar (Classic theme only) .....	719
Show hidden files and folders .....	720
Hide empty drives in the Computer folder .....	720
Hide extensions for known file types .....	720
Hide protected operating system files (recommended) .....	721
Launch folder windows in a separate process .....	722
Show drive letters .....	722
Show encrypted or compressed NTFS files in color .....	722
Show pop-up description for folder and desktop items .....	722
Show preview handlers in Preview pane .....	722
Use check boxes to select items .....	722
Use Sharing Wizard (recommended) .....	723
When typing into list view .....	723
Restore defaults .....	723
Saving Things in Folders .....	724
What folder should I use? .....	725
How to save in folders .....	725
Saving in Windows 7-style dialog boxes .....	725
Naming the file .....	728
Choosing a Save As type .....	728
Click Save .....	728
Opening the saved file .....	729
Creating Your Own Folders .....	729
Creating folders on the fly while saving .....	730
Personalizing your folder .....	731
Specify a folder type .....	731
Folder pictures .....	732
Changing a folder's icon .....	733
Read-Only, Hidden, and Advanced attributes .....	734
Compress contents to save disk space .....	735
Encrypt contents to secure data .....	736
Wrap-Up .....	737
<b>Chapter 29: Managing Files and Folders .....</b>	<b>739</b>
How to Select Icons .....	739
Select one icon .....	740
Selecting all icons .....	741
Select a range of icons .....	741
Selecting and unselecting one at a time .....	742

## Contents

Selecting with the keyboard .....	742
Select by filtering .....	743
Selecting by lassoing .....	744
Select most icons in a folder .....	745
Selecting from multiple folders .....	745
Unselecting all icons .....	745
Moving and Copying Files .....	745
Moving files to a subfolder .....	746
Copying to/from external disks .....	747
Moving and copying by dragging .....	747
Move or copy using two open folders .....	748
Using cut-and-paste to move or copy files .....	749
Making a copy in the same folder .....	750
Undoing a move or copy .....	751
This location already contains. . . ..	751
Renaming Files .....	753
Undoing a rename .....	753
Renaming multiple files .....	754
Deleting Files .....	755
Using the Recycle Bin .....	757
Recovering accidentally deleted files .....	757
Permanently deleting Recycle Bin files .....	757
Creating and Deleting Shortcuts .....	758
Managing Files with DOS Commands .....	760
Getting to a command prompt .....	760
Using the command prompt .....	761
Copy and paste in the command prompt window .....	762
Navigating from the command prompt .....	762
Using wildcards .....	763
Printing a list of filenames .....	763
Wrap-Up .....	764

## **Chapter 30: Searching for Files and Messages on Your Computer . . . . 767**

Basics of Searching .....	767
You're not asking it questions .....	767
Be specific .....	768
Spelling counts .....	769
Where you start the search matters .....	769
How Searching Works .....	769
Quickie Start Menu Searches .....	770
Customizing Start menu searches .....	771
Extending a Start menu search .....	772
Searching Folders and Views .....	773
Specifying search criteria .....	775
Search by Date .....	776

## Contents

---

Search by Size .....	777
Search by Filename or Subject .....	777
Search by Kind .....	778
Search by Tags, Authors, Title, and others .....	778
Saving a search .....	778
Using saved searches .....	779
Wrap-Up .....	780
<b>Chapter 31: Metadata and Power Searches .....</b>	<b>783</b>
Working with File Properties .....	783
Viewing properties sheets .....	784
Viewing properties in columns .....	785
Editing properties .....	786
Setting Properties When You Save .....	788
Personalizing Searches .....	789
Managing the Search Index .....	791
Adding and removing indexed locations .....	792
Remove a location from the index .....	794
Choosing file types to index .....	794
More advanced options .....	795
Rebuilding the index .....	796
Power Searches .....	797
Searching specific properties .....	798
Greater than and less than .....	798
AND, OR, and NOT searches .....	798
Date and number searches .....	800
Searching for phrases .....	802
Message searching .....	802
Natural language queries .....	802
Wrap-Up .....	804
<b>Chapter 32: Using CDs and DVDs .....</b>	<b>805</b>
Understanding CDs and DVDs .....	805
CD-ROM and DVD-ROM .....	806
CD-R, DVD-R, and DVD+R .....	806
CD-RW, DVD-RW, DVD+RW .....	806
Data CD versus audio CD .....	806
DVD- versus DVD+ .....	806
What Kind of Drive Do I Have? .....	807
Using Disks that Already Contain Data .....	808
What kind of disk is this? .....	809
Viewing a disk's contents .....	810
Copying files from a CD or DVD .....	810
Changing what happens when you insert a CD or DVD .....	811

## Contents

Copying Files to Blank CDs and DVDs .....	813
Burning a Mastered (ISO) disk .....	816
Closing a Live File System (UDF) .....	817
Adding more files later .....	817
Erasing Disks .....	817
Formatting CDs and DVDs .....	818
Burn as You Go in Explorer .....	820
Using Windows DVD Maker .....	821
Opening Windows DVD Maker .....	821
Adding photos and videos .....	821
Choosing DVD options .....	822
Designing the menus .....	824
Customize menu text .....	824
Customize the menus .....	825
Customize the slide show .....	826
Make the DVD .....	826
Opening a saved DVD project .....	827
DVD Maker help and troubleshooting .....	828
Wrap-Up .....	829
<b>Chapter 33: Protecting Your Files .....</b>	<b>831</b>
Simple File Backups .....	831
Using Backup and Restore .....	834
Starting Backup and Restore .....	834
Backing up files and settings .....	834
Restoring files from a backup .....	838
Backing up the entire PC with an image .....	838
Restoring from an image to a new hard drive .....	839
Restore an image to a partially damaged disk .....	840
Create a System Repair Disk .....	840
Using System Protection .....	840
Turning System Protection on or off .....	841
Creating a restore point .....	842
Returning to a previous restore point .....	843
Undoing a System Restore .....	843
Using previous versions (shadow copies) .....	844
Returning to a previous version of a file or folder .....	844
Restoring deleted files from previous versions .....	846
Using BitLocker Drive Encryption .....	846
BitLocker hardware requirements .....	847
Encrypting the volume .....	848
When the computer won't start .....	848
Turning off BitLocker .....	848
More info on BitLocker .....	848
Wrap-Up .....	849

## Contents

---

### **Chapter 34: Troubleshooting Files and Folders . . . . . 851**

Troubleshooting Folders, Files, and Shortcuts .....	851
The Menu bar is missing from Explorer .....	851
Where is the Up button to navigate to the parent folder? .....	851
What happened to the Folders list? .....	851
Slide Show is not available as an option in the Explorer toolbar .....	852
I don't see the file extensions on files .....	852
When I try to select by dragging, the icons move, and nothing is selected .....	852
Error message: "Application is using this file. You must close the file before proceeding" .....	852
Error message: "If you change a file name extension, the file may become unusable" .....	853
Error message: "This location already contains a file with the same name" .....	853
"Problem with Shortcut" dialog box opens .....	853
Deleting a shortcut from my desktop deletes it from all users' desktops .....	853
Troubleshooting Documents .....	854
You cannot save in the folder specified .....	854
Error message: "The file name is invalid" .....	854
My document isn't in the Open dialog box .....	854
Troubleshooting CDs and DVDs .....	854
Error message: "Invalid function when attempting to write files to a CD" .....	854
I'm unable to read recorded CDs and DVDs on other computers .....	855
Troubleshooting Searches .....	855
Search didn't find my file .....	855
More Troubleshooting Resources .....	855

### **Part VII: Printing, Faxing, and Scanning 857**

---

### **Chapter 35: Installing and Managing Printers . . . . . 859**

Printer Properties versus Printing Properties .....	859
Opening the Devices and Printers Folder .....	860
Setting the default printer .....	860
Testing a printer .....	860
Installing a New Printer .....	862
Installing printers with parallel and serial port connections .....	862
Installing printers with USB and infrared connections .....	862
Installing a network, wireless, or Bluetooth printer .....	863
Managing Printer Drivers .....	864
Setting Default Printing Properties .....	864
Making pages print in the right order .....	865
Portrait versus landscape printing .....	866
Saving time and money .....	866

## Contents

---

Setting Printer Properties .....	866
Configuring printer ports .....	867
Setting up printer pooling .....	868
Configuring printer availability .....	870
Setting other advanced options .....	871
Wrap-Up .....	871
<b>Chapter 36: Printing Documents and Screenshots .....</b>	<b>873</b>
Printing a Document .....	873
Common printing options .....	874
Choosing a print quality and other options .....	875
Still more print options .....	877
Printing the Screen .....	878
Using Print Preview .....	879
Wrap-Up .....	880
<b>Chapter 37: Managing Print Jobs .....</b>	<b>881</b>
How Printing Works .....	881
Managing Print Jobs .....	883
Managing a single document .....	883
Managing several documents .....	883
Managing all documents .....	884
Changing print queue order .....	884
Solving Common Printer Problems .....	885
Printing Offline .....	886
Creating XPS Documents .....	888
Wrap-Up .....	890
<b>Chapter 38: Faxing and Scanning .....</b>	<b>891</b>
What You Need for Fax .....	891
Opening Windows Fax and Scan .....	892
Creating a fax account .....	892
Configuring fax modem options .....	893
Defining Dialing Rules .....	894
Setting Up Your Cover Sheets .....	896
Sending Faxes .....	899
Faxing from Windows Fax and Scan .....	899
Sending faxes from programs .....	901
Receiving Faxes .....	901
Working with Faxes .....	903
Scanning Documents .....	903
Scanning with Windows Fax and Scan .....	904
Using scanned documents .....	906
Forwarding scanned documents automatically .....	907
Wrap-Up .....	907

## Contents

---

### **Chapter 39: Troubleshooting Printing and Faxing . . . . . 909**

Troubleshooting Printing .....	909
First aid for printing problems .....	909
Document appears to print, but nothing comes out of the printer .....	909
Problem with a network printer .....	910
Printer prints garbage .....	910
Advanced printing features are disabled .....	911
Printed colors don't match screen colors .....	911
Error message: "Problem communicating with printer" .....	912
Updating your printer driver .....	912
Troubleshooting Faxing .....	912
First aid for faxing problems .....	912
Printing and Faxing Troubleshooting Resources .....	913

### **Part VIII: Installing and Removing Programs 915**

---

### **Chapter 40: Installing and Upgrading Programs . . . . . 917**

Playing It Safe with Program Installations .....	917
Updates versus Upgrades .....	918
Installing and Upgrading from a Disk .....	918
Common Installation Prompts .....	919
The initial CD or DVD prompt .....	919
Enter an administrator password .....	919
The product key or serial number .....	920
Compliance check .....	920
User information prompt .....	921
The End User License Agreement (EULA) .....	921
Type of installation .....	922
Installation summary .....	923
Setup completed .....	923
Using the installed program .....	925
Wrap-Up .....	925

### **Chapter 41: Getting Older Programs to Run . . . . . 927**

Understanding Program Types .....	927
DOS programs .....	928
Old programs to avoid altogether .....	928
Installing Incompatible Programs .....	929
Using the Program Compatibility Wizard .....	930
Quick-and-Dirty Program Compatibility .....	932
Using Windows XP Mode .....	932
Using DOS Commands in Windows 7 .....	934
Wrap-Up .....	936

**Chapter 42: Repairing and Removing Programs . . . . . 937**

- Changing and Repairing Programs . . . . . 937
- Removing (Uninstalling) Programs . . . . . 939
  - Uninstalling from the All Programs menu . . . . . 940
  - Dealing with stuck programs . . . . . 941
- Returning to a Previous Version . . . . . 941
- Turning Windows Features On and Off . . . . . 942
- Wrap-Up . . . . . 943

**Chapter 43: Setting Default Programs . . . . . 945**

- Setting Default Programs for Files . . . . . 945
- Using the Default Programs Page . . . . . 948
  - Set your default programs . . . . . 949
  - Associate a file type or protocol with a specific program . . . . . 951
  - Change AutoPlay settings . . . . . 951
  - Set program access and computer defaults . . . . . 953
- Wrap-Up . . . . . 955

**Chapter 44: Managing Programs and Processes . . . . . 957**

- Getting to Know Task Manager . . . . . 957
- Choosing Task Manager Views . . . . . 959
- Not Responding? Task Manager to the Rescue . . . . . 960
  - Closing frozen programs . . . . . 960
  - Switching and starting tasks . . . . . 961
  - Restarting a hung computer . . . . . 962
- Peeking at Resource Usage . . . . . 963
- Managing Processes with Task Manager . . . . . 964
  - Hidden processes . . . . . 965
  - Common processes . . . . . 966
  - Choosing columns in processes . . . . . 966
- Monitoring Performance with Task Manager . . . . . 968
- Networking and Users Tabs . . . . . 969
- Wrap-Up . . . . . 970

**Chapter 45: Troubleshooting Software Problems . . . . . 971**

- Troubleshooting Installation . . . . . 971
- Troubleshooting Programs . . . . . 971
- Researching Application Errors . . . . . 972
- Editing the Registry . . . . . 973
  - How registry data is organized . . . . . 973
    - Hives, keys, and subkeys . . . . . 974
    - Key values . . . . . 975
  - Backing up the registry . . . . . 978
  - Making the registry change . . . . . 979

---

Troubleshooting Tips .....	980
Help with Troubleshooting Software .....	981

## **Part IX: Hardware and Performance Tuning** **983**

---

### **Chapter 46: Installing and Removing Hardware** ..... **985**

Hardware, Firmware, and Software Demystified .....	985
A Few Words about Device Drivers .....	986
Using Hot-Pluggable Devices .....	986
Connecting USB devices .....	986
Connecting IEEE 1394 devices .....	988
PC Cards .....	989
Using memory cards .....	989
Memory cards and USB mass storage .....	990
Disconnecting hot-pluggable devices .....	990
Not-So-Hot-Pluggable Devices .....	991
Installing expansion cards .....	992
Installing more memory (RAM) .....	994
Installing a second hard drive .....	996
Primary and extended partitions .....	997
Partitioning and formatting the disk .....	998
Other hard drive operations .....	1001
Converting a FAT disk to NTFS .....	1001
Shrinking and extending partitions .....	1003
Changing a volume label .....	1003
Changing a drive letter .....	1003
The exFAT file system .....	1004
Removing Hardware .....	1006
Updating Drivers .....	1007
Dealing with Devices that Prevent Windows 7 from Starting .....	1007
Wrap-Up .....	1008

### **Chapter 47: Using Wireless Bluetooth Devices** ..... **1009**

The World of Bluetooth .....	1009
Configuring Your Bluetooth Adapter .....	1011
Adding Bluetooth-Enabled Devices .....	1012
Installing a Bluetooth printer .....	1013
Install a Bluetooth keyboard or mouse .....	1013
Install a Bluetooth mobile phone .....	1014
Connect a Bluetooth BlackBerry .....	1015
Connect a Bluetooth Windows Mobile device .....	1015
Install a Bluetooth Palm PC .....	1015
Joining a Bluetooth personal area network .....	1016
Troubleshooting a Bluetooth network connection .....	1017

## Contents

Sharing an Internet connection .....	1017
Transferring files between Bluetooth devices .....	1018
Wrap-Up .....	1021
<b>Chapter 48: Syncing Devices .....</b>	<b>1023</b>
Syncing with Network Files .....	1023
Using Sync Center for offline files .....	1023
Using Sync Center .....	1024
Settings for offline files .....	1027
Dealing with conflict .....	1029
Synchronizing with Other Devices .....	1034
Wrap-Up .....	1034
<b>Chapter 49: Performance Tuning Your System .....</b>	<b>1037</b>
Getting to Know Your System .....	1037
Knowing your CPU and RAM .....	1038
Windows Experience Index .....	1038
Getting more detailed information about your PC .....	1040
Maximizing CPU and Memory Resources .....	1041
Conserving memory .....	1041
Managing virtual memory .....	1041
Priorities, foreground, and background .....	1044
Controlling CPU priorities .....	1044
Monitoring and Adjusting Performance .....	1045
Performance Monitor .....	1045
Data Collector Sets and Reports .....	1048
Creating Data Collector Sets .....	1050
Resource Monitor .....	1052
Reliability Monitor .....	1053
Using Windows ReadyBoost .....	1054
Trading pretty for performance .....	1058
Maintaining Your Hard Drive .....	1059
Recovering wasted hard drive space .....	1059
Deleting System Restore files and unwanted features .....	1060
Defragmenting your hard drive .....	1060
The Power Settings .....	1062
Create a power plan .....	1064
System settings .....	1064
Wrap-Up .....	1067
<b>Chapter 50: Troubleshooting Hardware and Performance .....</b>	<b>1069</b>
First Aid for Troubleshooting Hardware .....	1069
Dealing with Error Messages .....	1073
Performing a Clean Boot .....	1073
Using the System Recovery Options .....	1074

## Contents

---

Troubleshooting Performance Problems .....	1075
Wrap-Up .....	1076

## **Part X: Networking and Sharing** **1077**

---

### **Chapter 51: Creating a Home Network** . . . . . **1079**

What Is a LAN? .....	1079
Planning a LAN .....	1080
Creating a Wired LAN .....	1080
Traditional Ethernet speeds .....	1080
The slowest component rules .....	1081
Creating a Wireless LAN .....	1082
Wireless Broadband Router .....	1082
Other useful wireless goodies .....	1084
Acquiring and Installing Network Hardware .....	1084
After the Hardware Setup .....	1085
Setting Up a Wired Network with an ICS Host .....	1086
Setting up the ICS host .....	1086
Setting up other computers .....	1087
Setting Up a Wired Network with a Router .....	1089
Setting Up a Wireless Network .....	1091
The 802.11 standard .....	1091
Access point, SSID, WEP, and WPA .....	1092
About SSIDs .....	1093
About WEP and WPA .....	1093
Installing the wireless networking hardware .....	1093
Connecting to available networks .....	1094
The notification icon .....	1097
Wrap-Up .....	1098

### **Chapter 52: Sharing Resources on a Network** . . . . . **1099**

Some Networking Buzzwords .....	1099
Methods for Sharing in Windows 7 .....	1100
Homegroups .....	1100
Workgroup .....	1101
Domain .....	1101
How to choose? .....	1101
Turn on Sharing and Discovery .....	1103
Windows 7 Homegroups .....	1106
Finding or changing the homegroup password .....	1107
Joining a homegroup .....	1108
Sharing items with the homegroup .....	1108
Excluding items from sharing .....	1110
Sharing with individual users .....	1110

## Contents

---

Using Public Folders .....	1111
Advanced Sharing .....	1112
Identifying Shared Folders .....	1113
Sharing a Printer .....	1113
Wrap-Up .....	1115
<b>Chapter 53: Using Shared Resources .....</b>	<b>1117</b>
UNC Paths .....	1117
Accessing Remote Resources .....	1118
Opening Remote Documents .....	1119
Opening a Read-Only copy .....	1120
Creating Network Locations .....	1120
Saving to a Remote Computer .....	1122
Downloading Programs to a Network Share .....	1122
Transferring Files between Computers .....	1123
Mapping Drive Letters to Shared Folders .....	1124
Disconnecting from a network drive .....	1125
Using a Shared Printer .....	1126
Using Shared Media .....	1127
Wrap-Up .....	1128
<b>Chapter 54: Troubleshooting Networks .....</b>	<b>1131</b>
Letting Windows Troubleshoot the Network .....	1131
Manual Troubleshooting .....	1133
Troubleshooting a Specific Connection .....	1134
Testing from a Command Console .....	1134
ping .....	1135
tracert .....	1135
Ipconfig .....	1136
Troubleshooting Network Printer Connections .....	1138
Use All Available Resources .....	1139
<b>Part XI: Appendixes .....</b>	<b>1141</b>
<hr/>	
<b>Appendix A: Upgrading to Windows 7 .....</b>	<b>1143</b>
<b>Appendix B: Installing Windows 7 on a New System .....</b>	<b>1147</b>
<b>Appendix C: Universal Shortcut Keys .....</b>	<b>1151</b>
<b>Index .....</b>	<b>1161</b>
