<i>Introduction</i>	<i>xix</i>
<b>Phase 1</b>	<b>Installing and Configuring Microsoft SQL Server 2005</b>
	<b>1</b>
Task 1.1: Verifying Prerequisites and Installing the Default Instance	2
Scenario	2
Scope of Task	2
Procedure	3
Criteria for Completion	9
Task 1.2: Installing a Second Instance	10
Scenario	10
Scope of Task	11
Procedure	11
Criteria for Completion	13
Task 1.3: Designing and Creating a Database	13
Scenario	14
Scope of Task	14
Procedure	14
Criteria for Completion	17
Task 1.4: Designing and Creating a Table	17
Scenario	18
Scope of Task	18
Procedure	18
Criteria for Completion	23
Task 1.5: Designing and Creating a Constraint	23
Scenario	24
Scope of Task	24
Procedure	24
Criteria for Completion	25
Task 1.6: Designing and Creating a View	26
Scenario	26
Scope of Task	27
Procedure	27
Criteria for Completion	28
Task 1.7: Designing and Creating a Stored Procedure	29
Scenario	30
Scope of Task	30
Procedure	30
Criteria for Completion	31

Task 1.8: Designing and Creating an <i>INSERT</i> Trigger	32
Scenario	33
Scope of Task	33
Procedure	34
Criteria for Completion	35
Task 1.9: Designing and Creating a <i>DELETE</i> Trigger	36
Scenario	37
Scope of Task	37
Procedure	37
Criteria for Completion	38
Task 1.10: Designing and Creating an <i>UPDATE</i> Trigger	39
Scenario	40
Scope of Task	40
Procedure	40
Criteria for Completion	41
Task 1.11: Designing and Creating an <i>INSTEAD OF</i> Trigger	43
Scenario	43
Scope of Task	43
Procedure	44
Criteria for Completion	47
Task 1.12: Designing and Creating a User-Defined Function	47
Scenario	48
Scope of Task	48
Procedure	48
Criteria for Completion	50
Task 1.13: Designing and Creating a Clustered Index	50
Scenario	52
Scope of Task	52
Procedure	53
Criteria for Completion	54
Task 1.14: Designing and Creating a Nonclustered Index	54
Scenario	56
Scope of Task	56
Procedure	57
Criteria for Completion	58
Task 1.15: Designing and Creating a Full-Text Index	58
Scenario	60
Scope of Task	60
Procedure	60
Criteria for Completion	63
Task 1.16: Creating a Windows Login	64
Scenario	65

Scope of Task	65
Procedure	66
Criteria for Completion	68
Task 1.17: Creating a Standard Login	68
Scenario	69
Scope of Task	69
Procedure	69
Criteria for Completion	71
Task 1.18: Assigning Logins to Fixed Server Roles	71
Scenario	72
Scope of Task	73
Procedure	73
Criteria for Completion	74
Task 1.19: Creating a Database User Mapping	75
Scenario	75
Scope of Task	75
Procedure	76
Criteria for Completion	77
Task 1.20: Assigning User Mappings to Fixed Database Roles	77
Scenario	78
Scope of Task	78
Procedure	79
Criteria for Completion	80
Task 1.21: Creating a Custom Database Role	81
Scenario	82
Scope of Task	82
Procedure	82
Criteria for Completion	84
Task 1.22: Creating an Application Role	86
Scenario	86
Scope of Task	86
Procedure	87
Criteria for Completion	88
Task 1.23: Assigning Permissions	89
Scenario	92
Scope of Task	93
Procedure	93
Criteria for Completion	96
Task 1.24: Configuring Encrypted Connections	96
Scenario	97
Scope of Task	97
Procedure	98
Criteria for Completion	100

<b>Phase</b>	<b>2</b>	<b>Implementing High Availability and Disaster Recovery</b>	<b>101</b>
		Task 2.1: Selecting and Setting a Recovery Model	102
		Scenario	103
		Scope of Task	103
		Procedure	103
		Criteria for Completion	104
		Task 2.2: Creating a Backup Device	104
		Scenario	106
		Scope of Task	106
		Procedure	107
		Criteria for Completion	108
		Task 2.3: Performing a Full Backup	108
		Scenario	109
		Scope of Task	109
		Procedure	109
		Criteria for Completion	111
		Task 2.4: Performing a Differential Backup	112
		Scenario	113
		Scope of Task	113
		Procedure	113
		Criteria for Completion	114
		Task 2.5: Performing a Transaction Log Backup	115
		Scenario	116
		Scope of Task	116
		Procedure	116
		Criteria for Completion	118
		Task 2.6: Performing a Filegroup Backup	118
		Scenario	120
		Scope of Task	120
		Procedure	120
		Criteria for Completion	124
		Task 2.7: Restoring a Database	125
		Scenario	125
		Scope of Task	126
		Procedure	126
		Criteria for Completion	129
		Task 2.8: Performing a Point-in-Time Restore	130
		Scenario	130
		Scope of Task	130
		Procedure	131
		Criteria for Completion	134

Task 2.9: Implementing Database Mirroring	135
Scenario	137
Scope of Task	137
Procedure	137
Criteria for Completion	143
Task 2.10: Implementing Log Shipping	144
Scenario	146
Scope of Task	146
Procedure	146
Criteria for Completion	151
Task 2.11: Creating a Database Snapshot	153
Scenario	154
Scope of Task	154
Procedure	154
Criteria for Completion	156
Task 2.12: Reverting from a Database Snapshot	157
Scenario	158
Scope of Task	158
Procedure	159
Criteria for Completion	161
Task 2.13: Choosing a Replication Type	161
Using Distributed Transactions	164
Using Transactional Replication	164
Using Transactional Replication with Immediate Updating Subscribers	164
Using Snapshot Replication	165
Using Snapshot Replication with Immediate Updating Subscribers	165
Using Merge Replication	166
Using Queued Updating	166
Scenario	168
Scope of Task	168
Procedure	169
Criteria for Completion	170
Task 2.14: Designing a Replication Topology	171
Central Publisher/Central Distributor	171
Remote Distribution	172
Central Subscriber/Multiple Publishers	173
Multiple Publishers/Multiple Subscribers	174
Scenario	175
Scope of Task	175
Procedure	175
Criteria for Completion	176

Task 2.15: Configuring Replication	177
Scenario	178
Scope of Task	178
Procedure	178
Criteria for Completion	182
Task 2.16: Creating a Transactional Publication	182
Scenario	184
Scope of Task	185
Procedure	185
Criteria for Completion	191
Task 2.17: Subscribing to a Transactional Publication	192
Scenario	192
Scope of Task	192
Procedure	192
Criteria for Completion	196
Task 2.18: Creating a Snapshot Publication	197
Scenario	198
Scope of Task	199
Procedure	199
Criteria for Completion	205
Task 2.19: Subscribing to a Snapshot Publication	206
Scenario	206
Scope of Task	206
Procedure	206
Criteria for Completion	211
Task 2.20: Creating a Merge Publication	212
Scenario	214
Scope of Task	214
Procedure	215
Criteria for Completion	221
Task 2.21: Subscribing to a Merge Publication	222
Scenario	222
Scope of Task	223
Procedure	223
Criteria for Completion	228
Task 2.22: Resolving Merge Conflicts	229
Scenario	230
Scope of Task	231
Procedure	231
Criteria for Completion	233
Task 2.23: Monitoring Replication	233
Scenario	233
Scope of Task	233

	Procedure	234
	Criteria for Completion	237
<b>Phase 3</b>	<b>Maintaining and Automating SQL Server</b>	<b>239</b>
	Task 3.1: Configuring Database Mail	241
	Scenario	242
	Scope of Task	242
	Procedure	242
	Criteria for Completion	246
	Task 3.2: Creating an Operator	247
	Scenario	248
	Scope of Task	248
	Procedure	249
	Criteria for Completion	250
	Task 3.3: Creating a Job	251
	Scenario	253
	Scope of Task	253
	Procedure	253
	Criteria for Completion	258
	Task 3.4: Creating an Alert	258
	Scenario	260
	Scope of Task	260
	Procedure	261
	Criteria for Completion	262
	Task 3.5: Creating a Database Maintenance Plan	263
	Scenario	263
	Scope of Task	263
	Procedure	264
	Criteria for Completion	273
	Task 3.6: Using the Copy Database Wizard	274
	Scenario	274
	Scope of Task	274
	Procedure	275
	Criteria for Completion	280
<b>Phase 4</b>	<b>Monitoring and Troubleshooting SQL Server</b>	<b>283</b>
	Task 4.1: Using Windows System Monitor	285
	Scenario	288
	Scope of Task	288
	Procedure	288
	Criteria for Completion	290
	Task 4.2: Creating an Alert in Windows System Monitor	290
	Scenario	291

**xviii**    **Contents**

Scope of Task	291
Procedure	291
Criteria for Completion	292
Task 4.3: Creating a SQL Server Performance Alert	293
Scenario	293
Scope of Task	294
Procedure	294
Criteria for Completion	296
Task 4.4: Creating a WMI Alert	297
Scenario	297
Scope of Task	297
Procedure	297
Criteria for Completion	300
Task 4.5: Running a Trace in Profiler	300
Scenario	303
Scope of Task	303
Procedure	303
Criteria for Completion	306
Task 4.6: Creating a Workload in Profiler	307
Scenario	307
Scope of Task	307
Procedure	308
Criteria for Completion	309
Task 4.7: Using the Database Engine Tuning Advisor	310
Scenario	310
Scope of Task	310
Procedure	311
Criteria for Completion	314
Task 4.8: Identifying and Rectifying the Cause of a Block	315
Scenario	317
Scope of Task	317
Procedure	317
Criteria for Completion	318
Task 4.9: Using the Dedicated Administrator Connection	319
Scenario	320
Scope of Task	320
Procedure	321
Criteria for Completion	323
