## ***Introduction*..... 1**

About This Book.....	1
Conventions Used in This Book .....	2
What You're Not to Read.....	2
Foolish Assumptions .....	2
How This Book Is Organized.....	2
Part I: Putting a Computer in Your Lap.....	2
Part II: Explaining What Could Possibly Go Wrong.....	3
Part III: Laying Hands on the Major Parts .....	3
Part IV: Failing to Communicate.....	3
Part V: The Software Side of Life .....	3
Part VI: The Part of Tens .....	3
Icons Used in This Book.....	4
Where to Go from Here.....	4

## ***Part I: Putting a Computer in Your Lap* .....5**

### **Chapter 1: Fielding the Guide to the Common Laptop ..... 7**

Calling Them Anything but Late for Supper .....	8
Smaller but mighty .....	8
Lighter than a feather .....	9
Tougher than nails .....	9
Thinking like a Troubleshooter .....	10
Making a High-tech Power Play .....	11
Demanding less power.....	11
Packing battery power.....	12
Viewing with Clarity, Pointing with Precision.....	14

### **Chapter 2: How to Treat a Laptop .....15**

Don't Try This at Home — or on the Road .....	15
Getting Electrostatic Shock Anti-therapy.....	17
Committing Deliberate Acts of Kindness .....	18
Keeping it organized and safe.....	20
Keeping it clean .....	23

**Part II: Explaining What Could Possibly Go Wrong.....25****Chapter 3: Things That Go Bump in the Night (or Day) .....27**

Big Troubles in Little Places .....	27
Identifying power adapter problems .....	29
Assault and no battery .....	30
When all is dead and done .....	31
Recovering from a Spill .....	32
When a CD or DVD Won't Go Round and Round.....	35
Suffering slipped discs.....	35
Rescuing resourceless discs .....	37
Hard Times for a Hard Drive.....	37
Checking electrical connections .....	38
Hard luck stories .....	39
Closing the Operating Room .....	40
Feeling the Fury of No Sound .....	41
I Can't See You in This Light .....	43
Black, white, and striped screens .....	49

**Chapter 4: When to Repair and When to Recycle .....55**

Staying Put or Getting Gone.....	55
Asking an Expert .....	57
Experiencing a breakdown.....	58
Basic repair news from the shop.....	59
The Good, the Bad, and the Cheaply Made .....	60

**Chapter 5: Surviving Basic Training .....63**

Unbuttoning the Essential Windows Control Panel.....	63
Getting there .....	67
Donning your managerial hat .....	69
Coming Back from the Future: System Restore .....	73

**Chapter 6: Brain Matters: Memory, Microprocessors, and BIOS ...77**

Doing Some Computing.....	77
Improving Your Memory .....	79
Handling memory.....	81
Having too much of a good thing .....	83
Doing the very least you can do.....	84
Populating poorly.....	85
Checking memory level without removing the covers.....	86
Staying current with modern memory .....	88
Refreshing speeds .....	90
Feeling special with ECC memory .....	90
Laptop memory module design .....	92

Installing New Memory: Safety First .....94  
     When memories go bad .....95  
     Troubleshooting more memory .....99  
 Getting a Boost from BIOS .....100  
     Turning a BIOS inside out .....102  
     Passing on the word .....105  
     The case of the lost password .....105  
     Customizing alarms .....107  
     Flashing for fun and profit .....107  
 Upgrading Motherboards and CPU .....108

***Part III: Laying Hands on the Major Parts..... 111***

**Chapter 7: Easing In to Hard Disks .....113**

Diving in to a Hard Drive .....113  
     Desirable downsizing .....114  
     Having a flash of memory .....116  
     Hunkering down for a mobile life .....117  
 Going Under the Covers of a Hard Drive .....117  
     How big is that hard drive in the window? .....119  
     How fast is fast? .....120  
     Serial in the box .....122  
 When Good Disks Go Bad .....123  
 Getting with the Format .....124  
     Low-level formatting .....124  
     Partitioning .....124  
     High-level formatting .....126  
 Driving Toward Installation .....127  
     Putting a new hard drive in an old laptop .....127  
     Installing a hard drive into a holding case .....130  
     Jumping to conclusions .....131  
     Configuring the BIOS and the drive .....133  
 The Simplest Solution: External Add-ons .....134  
     USB external devices .....134  
     PC Card attached devices .....136  
     PC Card drives .....138  
     Flash memory keys .....138

**Chapter 8: Floppy Drives: Relics and Memories .....139**

1.4 Million Bits of History .....139  
 Getting In the Arena: Floppy Disk Mathematics .....141  
 Old-Style Physics in a Modern Machine .....142  
 Avoiding the Top Ten Stupid Floppy Disk Tricks .....144

**Chapter 9: Going Round and Around: CD and DVD Drives . . . . .145**

- The Music Came First .....145
- Seeing CD Devices .....147
  - How a CD works.....147
  - How a CD-R works .....148
  - How a CD-RW works.....149
- How Fast Is Fast and How Big Is Big?.....150
  - Capacity.....151
  - Speed.....152
- Doing DVDs and DVD-Rs.....153
  - How a DVD drive works .....154
  - Pick a standard, almost any standard .....155
- When a Good CD or DVD Goes Bad .....157
  - Arrested development .....157
  - Twisted logic .....157
  - Cloudy views .....157
  - A bad marriage .....158
  - Computer dementia .....159
- Keeping the Drive Alive.....160
  - Get thee to a repair shop.....160
  - Can it .....161

**Chapter 10: Tripping the Keyboard Fantastic . . . . .163**

- Working the Board .....164
- Keyboard Maintenance Department.....164
- Cleaning Up Your Act.....165
  - Running interference .....165
  - Getting tipsy.....166
  - Going deep .....167
- When the Keys Don't Stroke .....168
  - Poking your head in .....168
  - Going shopping.....169
  - Working around .....169
- Tapping In to Keyboard Replacement .....170

**Chapter 11: Putting Your Finger on Pointing Devices . . . . .173**

- Keeping the Ball Rolling .....173
  - Rounding the mouse .....174
  - Keeping your eye on the trackball .....174
  - Pointing the stick.....175
  - Getting in touch(pad) .....176
  - Breaking in to tablets .....176
- The Zen and Art of Mouse Maintenance .....177
  - Mouse skitters .....177
  - Cleaning a mouse or trackball .....178

Cleaning a touchpad .....180  
 Fixing the settings .....180  
 Attaching an External Unit .....183

**Chapter 12: Seeing the Light: LCDs and Video .....185**

Listing an LCD's Wonders (and One Downside).....185  
 Evolving from CRT to LCD.....186  
 Sizing Up the Screen .....187  
 Taking a Brief Aside into Technology .....188  
     Doing the math .....189  
     Dead pixels .....189  
 Holding a Bad Video Display Card .....190  
     Plugging it in .....190  
     Turning it up .....191  
     Bringing on the BIOS .....191  
     Letting your little light shine .....192  
     Watching the boob tube .....192

***Part IV: Failing to Communicate..... 195***

**Chapter 13: Networks, Gateways, and Routers .....197**

How Many Computers Do We Really Need?.....197  
 Working the Net.....198  
 The Basics of an Ethernet .....200  
 Building a Firewall.....201

**Chapter 14: Feeling Up in the Air .....203**

Look Ma, No Wires .....203  
     Minding your wireless Ps and Qs .....204  
     Determining whether wireless is worthwhile .....206  
 Knowing the Dos, Don'ts, and Won'ts .....208  
     Getting on the bus .....209  
     Powering up .....209  
     Fighting frequency.....210  
 Keeping Your PIN to Yourself.....211  
 Facilitating WiFi in a Laptop .....213  
     Sans current facilities .....213  
     Already got the goods.....215  
 Networking Other Ways .....220  
     Harald Bluetooth is in the room.....221  
     Adding Bluetooth to your laptop .....222  
     Interested in infrared .....223

<b>Chapter 15: Modems: The Essential Translators</b> .....	<b>225</b>
It All Started with Mr. Bell .....	225
Typing Your Modem.....	227
Telephone modems.....	227
Cable modems .....	228
DSL modems .....	231
Pitting Internal versus External Connections.....	232
Troubleshooting an external dial-up telephone modem.....	233
Troubleshooting an internal dial-up telephone modem.....	235
Troubleshooting the software for dial-up telephone modems.....	236
Troubleshooting a cable or DSL modem .....	237
<b>Chapter 16: Breaking Out of the Box: PC Cards, USB, and FireWire</b> .....	<b>239</b>
Taking a Detour on a Two-Lane Road .....	240
Picking a card, any PC Card .....	242
Newer and improved! USB 2.0.....	243
Using a USB port .....	245
Adding a USB 2.0 port to an older laptop.....	246
Upgrading a USB 1.0 port to 2.0.....	246
Going Parallel and Serial: Disappearing Acts .....	247
Listing to port .....	247
Testing a parallel port.....	249
Where's the FireWire (aka IEEE 1394)?.....	251
<b>Part V: The Software Side of Life</b> .....	<b>253</b>
<b>Chapter 17: Installing a New Operating System or Migrating Upwards</b> .....	<b>255</b>
Seeing a Windows XP Installation .....	256
Making a fresh start or a great migration.....	257
Starting fresh on an old drive .....	259
Installing Windows XP on a blank drive .....	260
Employing the great migration strategy.....	264
Opening a back door to recovery.....	267
Advanced recovery in Windows 2000 and Windows XP .....	268
Installing Windows 98.....	269
Skipping to 98 disks .....	270
Preparing for a fresh install.....	271
<b>Chapter 18: Adding or Removing Software, for Better or for Worse</b> .....	<b>275</b>
Installing an Application .....	277
Ditching an Application.....	279

Dealing with Background Applications .....280  
 Shutting down background tasks .....283  
 Which background programs should you close? .....284  
 Searching and Destroying Spyware and Adware.....285

**Chapter 19: Essential Utilities for Laptop Users .....289**

Starting at the Beginning.....289  
 Microsoft Steps In .....292  
 Denying the past with Undelete .....292  
 Nagging about defraggers .....293  
 Doing a full cavity search .....295  
 Can you see me now?.....297  
 Can you hear me now?.....297

***Part VI: The Part of Tens .....299***

**Chapter 20: Ten Quick Solutions .....301**

Your Computer Falls Off the Table.....301  
 You Spill a Cup of Coffee/Soda/Water on Your Keyboard .....303  
 You Smell Something Burning .....304  
 You Receive a Threatening Note from the Computer.....305  
 Your Ports Set Sail.....306  
 Your Machine Won't Start .....307  
 The battery isn't providing power .....307  
 The AC adapter isn't providing power .....308  
 Your Hard Drive Imitates a Pancake .....308  
 Your Wireless Network Has a Failure to Communicate.....311  
 The LCD Won't Display .....313  
 If you see nothing at all.....313  
 If you see the opening splash screen.....314  
 Something Wicked Comes Your Way .....314

**Chapter 21: Ten Essential Dos and Don'ts .....317**

Living Long and Prospering .....317  
 No smoking, please .....318  
 Taking care of the environment .....318  
 Keeping a steady hand.....318  
 Being careful out there .....318  
 Keeping the exits clear .....318  
 Maintaining your cool.....318  
 Being unattractive .....319  
 Don't be a receiver .....319  
 Staying light.....320  
 Caring for your LCD .....320  
 Special Tips for Road Warriors.....320

<b>Chapter 22: Ten of My Favorite Things</b> .....	<b>323</b>
Power, Power, Almost Anywhere .....	324
A Thingie to Hold My Laptop.....	325
Noise, Noise Go Away .....	326
A Tiny Ethernet Cable and a Phone Cord .....	327
A USB Memory Key .....	328
Need I Point out the Need for a Presentation Tool? .....	329
Surge Protector and Power Strip .....	330
Bluetooth Adapter .....	331
A Package of CD-Rs .....	331
A Set of Emergency Disks .....	332
 <b>Index</b> .....	 <b>335</b>
